Plan Summary [2021-22]

General Information

A description of the LEA, its schools, and its students.

The Oxnard School District is located in Oxnard, California, the largest city in Ventura County. Established in 1873, the Oxnard School District has 21 schools serving approximately 15,500 students in grades Preschool through Eighth. The district demographics are as follows; 92% Hispanic/Latino, 3.2% White, followed by 1.2 % Filipino, .9% African American, .8 % Asian, .7% are students who identify as having two or more races, .1% American Indian, and .1% Pacific Islander. One of the characteristics that makes Oxnard unique is the growing number of Latinx students who have Mixteco as a native language rather than Spanish. This unique characteristic provides opportunities for the district to better serve the diversity of its students.

The district mission statement, “Ensure a culturally diverse education for each student in a safe, healthy and supportive environment that prepares them for college and career opportunities” guides the development of this LCAP and the focus of our LEA and schools. In order for the district to achieve this mission, the district has developed a Student Profile to guide the work of the district and its strategic plan. The Student Profile aims at providing students with an education that prepares them to create, communicate, collaborate, design and apply new knowledge in real life and a variety of different contexts. We aim for our students to be confident, solution oriented, digitally, artistically and linguistically prepared for future opportunities. In order to achieve these goals the Oxnard School District is committed in providing students the learning opportunities to become readers, writers and mathematical thinkers so that they can use this knowledge to advocate for themselves and select courses that will prepare them for the future.

District teachers, staff and administrators are committed to providing students an enriched educational experience by ensuring students have access to a broad course of study, including STEM and the Arts. Recognizing that our students’ home languages represent a powerful asset for themselves and our community, our district is committed to building strong, research-based and standards driven biliteracy programs across ten schools in the district. In addition, to providing varied opportunities for our children, the district celebrates the linguistic and cultural backgrounds of the community. OSD is committed to increasing the academic achievement of all students through effective instruction, a challenging and engaging curriculum, and aligned assessments while ensuring that all systems are culturally and linguistically responsive to the needs of our students and their families.

In order to ensure that all students, including English Learners and students receiving special education services, are receiving a rigorous academic educational program that prepares them for college and career the district commits many resources to the continued development of the teaching staff. The professional learning is focused on deepening understanding of the state standards, implementation of high leverage instructional practices and the effective use of scaffolding and differentiated instruction. As a district we believe that the most effective instruction happens in inclusive settings where students receive grade level standards that are scaffolded to meet their needs.

Though there are many assets within our community and district, we are also intensely aware that the community is impacted by high rates of poverty, crime and trauma. These factors are significant, as they require OSD to ensure that all students are ready to learn. In order to do this effectively, we must address the physical, mental, and social-emotional needs of our students and families. Consequently, the district has resources in place including but not limited to a community-based Wellness Collaborative; a robust afterschool program, a multi-faceted parent engagement program, extensive wrap-around services to address the needs of the whole child and additional school level support to provide improved services to families and staff. These wrap around services are a corner stone of our district and we believe providing children with best educational opportunities demands attention to the whole child. Additionally, every school site is staffed with at least one full-time school counselor, an Outreach Consultant who acts as a school-community liaison, in addition to many other support services.

Given the demographics of the Oxnard School District, it is imperative that district teachers, staff and administrators be committed to providing programs that support the challenges that greatly impact the community such as the effects of poverty and related trauma. 88.5% of the students are categorized as Socioeconomically disadvantaged, 46.3 % English Learners, 14% of students receive Special Education Services, approximately 4% of students classified as homeless and .4% as Foster Youth. Oxnard SD prides itself in creating an asset-based approach that values the many different characteristics our students bring. Of the 21 schools in Oxnard, 10 of them are dedicated to creating school wide biliteracy programs. As a city, it is evident that language is an important and integral part of the fabric of Oxnard, consequently, the district has dedicated many resources to building comprehensive evidence based biliteracy program that focus on developing student who are bilinguals, biliterate with multi-cultural understanding and respect for diversity around us.

In order to ensure that students are ready to learn, the district provides 1:1 iPads for all students, schools have been rebuilt and remodeled to provide 21st Century learning environments. The district has a robust afterschool program to support students and families by extending and enriching learning opportunities. Over the last 5 years, the district has worked to develop strong family and community engagement. In doing so, the district has focused on building and supporting parent leaders as partners in education. Because of this focus, the district was selected to be part of the Professional Learning Network on Family and Community Engagement with the California Department of Education. The district values the collaborative relationship established between staff and the community. Parents/Family support and engagement are at the forefront of district goals. As a district, we believe that the education of our students is a collaborative effort and therefore we work to strengthen relationships regularly by empowering parents to be change agents and partners in education

Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

There are several areas of success of which we are very proud that are represented in the 2019 California Dashboard. During that year, Oxnard School District experienced growth in all academic areas on the California Dashboard and in 19 of its 20 schools. In the area of Language Arts, the district grew by 11.9 points as measured in distance from met. In Mathematics the district increased by 8.8 points. Though the district has not yet reached the level green or blue overall on the California dashboard, it is moving in the right direction. In Language Arts, on the equity report, OSD no longer has any student groups in the red level. This is improvement when compared to the previous year, where the district had 4 student groups in level red. In the area of Mathematics, on the equity report, students identified as homeless continue to be in the red level, nevertheless, this is growth when compared to the 2018 Dashboard where 7 student groups were in the red. Though we acknowledge the level of work that remains to be done, we believe that the structures, professional learning, and systems that have been established are based on strong foundations and evidence-based practices.

The district has established a system of professional learning that over time, we are confident, will continue to yield positive results. These professional learning systems include a multi-year plan and partnership with the Teaching for Biliteracy Institute that includes multi-layer approach to professional development. This approach includes leadership development, reinforcement of strong pedagogical practices and intensive teacher professional learning. This learning is focused on standards, assessments, implementation, and monitoring. In addition, this professional development plan, has been created to ensure all teachers entering the district receive the same high quality professional training. This coming year the district aims to replicate this approach with English instruction schools.

The work in biliteracy earned the district a place in the new publication by the California Department of Education - Improving Education for Multi-lingual and English Learner students: Oxnard School District's District-Level Planning and Investment in Building and Sustaining Dual Language Education- Principle Three of the Ca EL Roadmap. The alignment of district practices to the English Learner Roadmap has proved helpful in ensuring high quality inclusive opportunities. The majority of our biliteracy programs are in school with high linguistic need and with high poverty. The district has eliminated all barriers to entry into the program to ensure all students have access regardless of native language. On local assessments, benchmark data follows the trends of the Thomas and Collier study. Students in biliteracy programs are surpassing their peers in monolingual English programs in 4th grade. The district will continue to monitor data closely and adjust as necessary to ensure all students are achieving.

Another area of success is the growth of our African American Students. In 2018, this student group was in the red level in English Language Arts, and in 2019, students moved to Yellow and grew 30.7 points from distance from met. In Mathematics, this student group also moved from red to yellow with an increase of 22.9 points in distance from met. Though there is still much work to be done, the district will continue to support and monitor the achievement of African American students. The district has convened its first African American Parent Advisory Group. The focus of this group is to establish a partnership, that allow for district staff and community members to establish the necessary connections and bridges to further the academic and social emotional growth of our African American students.

The information from the California Dashboard is consistent with the local benchmark assessment ; Renaissance STAR. Due to COVID-19, end of the year data for the 2019-2020 school year was inconsistent. Our current data on STAR in both Language Arts and Math, shows the

strength of our program is Spanish Language Arts. STAR data shows that 55.1% of students are at grade level. Nevertheless, this is still 7.2% lower than the previous winter before school closures.

Based on the LEA Local Indicator Self reflection process Parent Engagement is an area of strength. Over the last several years, building relationships with parents has been a priority for the Oxnard School District. The Oxnard School district has had tremendous success building collaborative relationships with parents, particularly parents of English Learners. In addition to regular participation in committees and councils, the district has also spend a great deal of effort in providing parents with training such as Project 2Inspire. This opportunity has empowered parents and create strong leaders who now work collaboratively with district and school staff. This has also created a great space for open and honest communication between families and the school district. The district employs a District Community Liaison to work with families of students most at risk. This person is housed in the enrollment center and ensures that our students identified as homeless or foster youth receive additional supports and services. Every school has an outreach consultant whose position is to work with parents in support of any school or community service that is needed. Additionally, the district also has a parent liaison who acts as the direct link between district and parents to help build positive relationships and positive leaders.

Each of the local indicator self-reflections tools were administered and narratives are complete. The 2021 Dashboard will indicate 'met', in the fall. The Oxnard School District continues efforts to meet the criteria for each of the local indicators

Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Despite the growth previously identified on the 2019 Dashboard, as a district we acknowledge that there is much work to be done across the district for all student groups. Benchmark data demonstrates the impact that COVID-19 and school closures have had on our students. Based on Renaissance STAR data, students' achievement levels have declined because of the school closures. On the STAR reading proficiency assessments 25.8% of students are meeting grade level standards. This number is 2.5% lower than in the Winter of 2019-2020 school year. In Mathematics, on Renaissance STAR, 20.8% of students are currently achieving at grade level, this is 6.5% lower than in the Winter of 2019-2020 school year. Given our continued need, OSD has been reevaluating the MTSS process and will be implementing a new process with greater focus on Tier I instruction. This focus will include a systematic data review, with goal setting on closing achievement gaps between different student groups, primarily English Learners and Foster Youth.

Though all student groups have tremendous needs there are some groups that require more detailed attention. The first of these group are students receiving special education services. This will be addressed this by providing training for all staff on Universal Design for Learning. Training on UDL will begin during the Summer for district and site leadership and will be rolled out to other staff during the 2021-2022 school year.

English Learners continue to be an area of focus for the Oxnard School District, though English Learners have made growth, Long-term EIs continue to need additional supports. In order to address this need, OSD will continue to implement Designated and Integrated ELD at all

schools. At Middle Schools Designated ELD will be differentiated based on student need and typology. Newcomer students will continue to receive specialized program, in small class sizes to allow for differentiation. Additionally, OSD will provide ELD classes with the English 3D curriculum as well as AVID Excel for students close to reclassification.

The next focus area is Mathematics, across the district mathematics is our academic area of greatest need. Though we had started to see results with most student groups prior to the school closures, on our most current local assessment data we see an overall decline of 7.2%. Knowing that prior to the pandemic, students experiencing homelessness were still in the red level on the California dashboard and the students identified as EL, foster youth, two or more races were still in the orange level, we believe this is still an area of greatest need. Given that these groups make up more than half of our overall student population this is a main goal for our district. In order to address this, the district is investing in high quality professional learning for all teachers. OSD is working with Jo Boaler and Cathy Williams of Stanford to facilitate the tenets of Growth Mindset Mathematics and the pedagogical changes required for visual and conceptual math instruction, all based upon current research on how the brain learns math. Additional Professional Learning involves OSD teachers practicing this newly founded learning with their students, followed up with the teachers' collaboratively debriefing their experiences. Currently, we have teachers in various stages of understanding and implementation of facilitating Growth Mindset Mathematics. Those who have made the pedagogical shifts in math instruction are now emerging and have already become vital in the distributed leadership needed to shift math instruction in OSD. Until now, the requirement for attending Math Professional Learning opportunities has been voluntary. In the coming year, all teachers will be required active participants in learning and implementing the pedagogical changes for growth mindset mathematics. Aligned to this work, students in these student groups are prioritized to participate in Summer School Program that will be using the abovementioned pedagogy and training. Through this summer school opportunity, Students will receive an additional 4 weeks of in-person math camp.

Our next area of identified need is in Language Arts for students in homeless and SWD student groups. On the 2019 Dashboard, these student groups remained in the Orange level. This year the district hired intervention support teachers that were training on an evidenced based literacy program, Leveled Literacy Intervention (LLI). Students in the above-mentioned groups were prioritized for receiving services.

Chronic absenteeism and suspension rates remain on the orange level district wide on the California Dashboard. On the 2019- 2020 Dashboard, the district increased by 0.7% in Chronic Absenteeism and maintained suspension at 3.2%. In order to address these indicators, the district is in the process of implementing Panorama as a tool to measure student engagement and conditions and climate. During the 2019-2020 school year, Panorama began to be implemented school wide, the process began by training school counselors and outreach specialist. During closure OSD staff continued the use of the Panorama surveys but were unable to train teachers on the instructional tools available. OSD will reinstate the implementation of the Panorama tools during the Spring of 2021 and into the 2021-2022 school year. Additionally, the district is developing its MTSS structure for both academic as well as social emotional to ensure that student needs are addressed on both sides at the Tier 1 level.

While each of the local indicator self-reflections tools were implemented with stakeholders and the 2021 Dashboard will indicate 'met', in the fall, we have also identified an area of need is our outreach to our African American families. In order to address this identified need, the district has establishing an African American Parent Advisory Committee and has hired an Administrator of Equity, Family and Community Engragement to ensure continued focus of families and communities of traditionally underserved student groups.

LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

Oxnard School District has a district Strategic Plan focused on the development of a student profile that articulates what the district wants to see in students as they promote to high school. The profile calls for students to

- Be able to create, communicate, collaborate, design, apply new knowledge in real life and different contexts.
- Be confident, solution oriented as evidenced by growth mindset.
- Be provided with learning opportunities to become readers, writers, and mathematical thinkers.
- Be digitally, artistically and linguistically prepared to lead.
- Be prepared for high school, college and career.
- Become self-advocates and select opportunities to prepare them for the future.

This profile guides the development of the LCAP. There are 3 areas that are highlights that OSD believes will move towards accomplishing this vision.

1. The District commitment to building human capital. Body of research supports that greatest student achievement is directly connected to the teachers in the classroom and the adults who interact with students. This LCAP represents the commitment to invest in developing strong educators, leaders, and families through professional development opportunities and parent engagement opportunities. Providing these experiences will ensure that as the Oxnard School District community all stakeholders are working towards the same goal.

2. Equity and access for all students, coupled with the mindset that the ethnic and linguistic diversity in Oxnard are an asset to be celebrated, encouraged and reinforced is another highlight of this LCAP. This is accomplished in this LCAP by expanding learning opportunities, providing differentiation in instruction, and focusing on the needs of all community members, including African American, Mixteco, and students with special needs. In addition, the expansion of the biliteracy program provides access to many families and students. Aside from the academic component, the social and emotional well-being of students and families is a highlight of this LCAP. This is evidenced by the investment in counselors, Outreach Consultants, Health Aids and LVNs. The District is committed in ensuring students and family's needs are met, this is also evidenced by investment in child nutrition, transportation, translation services and many other actions.

3. The third highlight of this LCAP is the Tiered approach to meeting student academic needs. Starting with a focus on first instruction, both in English instruction programs, as well as in the biliteracy programs across content areas. Followed by evidenced based Tier II interventions in both literacy and mathematics. Tier III, provides students more individualized opportunities in learning through tutoring opportunities and interventions before and after school. In addition, the continued development of programs, systems and supports within the Special Education department ensure that students most in need are identified early and are provided high quality educational programs. Oxnard School District's current enrollment shows that 91% of students are part of the unduplicated student group and the actions in the LCAP will improve student outcomes and enhance the development of the student profile.

In developing the LCAP annually, Oxnard School District measures its progress in meeting the specific requirements. LCFF priorities also include the review of Local Indicators measured through self-reflection. The 2021-2022 LCAP Goals include metrics that will show 'met' when the CA Dashboard opens to the public in the fall of 2021. "Met" indicates that the district completed a reflection for each state's priorities aligned to the local indicators. The CA Dashboard will indicate each reflection in its entirety on the public website. Failure to complete the reflection will result in a 'not met' on the dashboard. The district dashboard will show 'met' and will use the information to support the actions

& services addressing the conditions of learning, pupil outcomes, and engagement. Local Indicators address the following state priorities- Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1), Implementation of State Academic Standards (LCFF Priority 2), Parent and Family Engagement (LCFF Priority 3), School Climate (LCFF Priority 6), and Access to a Broad Course of Study (LCFF Priority 7) For more information on Local Indicators <https://www.caschooldashboard.org/about/faq>, To view our district local indicators, please visit <https://www.caschooldashboard.org/>

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Stakeholder Engagement

A summary of the stakeholder process and how the stakeholder engagement was considered before finalizing the LCAP.

The Oxnard School District believes that educating our children is a shared responsibility, therefore stakeholder input and engagement is critical to the LCAP development process. LCAP committee for the 2021-2022 consist of 38 participants: School Board President, 12 District administrators representing all district departments, 3 middle school administrators, 3 K-5 Administrators, 5 members of the Oxnard Educators Association, 4 members of the Oxnard Supportive Services Organization, 5 members of the California School Employees Association and 5 parents. To engage this committee 3 LCAP meetings were held; February 26, April 15, and May 13, 2021. The purpose of the meetings was to share the LCAP process with stakeholders, followed by sharing the LCP and gathering input from parents on all the actions and services in the LCP and areas that need to be addressed. The following meeting focused on introducing the Board and Superintendent goals, establishing some metrics, sharing current data, and providing opportunity for stakeholders to recommend actions and services for the new LCAP.

In addition, An LCAP Panorama survey was created for both community and staff in both English and Spanish. The surveys were posted on district website, emailed to staff and families, and sent through Blackboard connect. Student voice an input was gathered through regularly scheduled meetings with the Superintendent Fellows. This group is comprised of a student representative from every school site. They meet regularly with the Superintendent to provide input on their experience at the school site, to make recommendations on what students need to be more successful, and to provide feedback on district programs.

The LCAP process and draft was also shared with different parent and community groups, including DELAC, the Parent Advisory Committee As a result of feedback on communication, the Education Services Department hosts a weekly Coffee Chat, a virtual space where staff members can join to ask questions, share concerns and provide input on any topic related to schools. These Coffee Chats are well attended and a great source of two way information.

The Public Hearing for the LCAP was held on June 2, 2021, during this time, the Superintendent will provide written responses to all of the received comments as well as to the necessary committees. The LCAP will be taken to the School Board for approval on June 23, 2021. NO written responses were asked by committee members in between public hearing and approval process.

- The SELPA will be participating and available to consult on several activities that align with a district's LCAP discussions and development. This would include the following: Targeted Monitoring & Intensive Monitoring Reviews: Special Education Plan Operations Cabinet Meetings Superintendents' Policy Council Inquiry and Implementation Network Meetings 1-1 meetings as requested and may align to your Draft LCAP review meetings with the VCOE's Accountability and Continuous Improvement team.

A summary of the feedback provided by specific stakeholder groups.

As a result of the outreach to the different stakeholders, there were several trends that surfaced aligned to LCFF State Priorities, Student Outcomes, Engagement and Conditions of Learning. The first trend was the need to provide students with additional resources to address the impact of COVID 19 on the learning process. The main ways to address this need is to provide students more time to engage in the learning process. Some of the suggestions were summer school, additional before or after school opportunities, and opportunities to work with intervention teachers. The second area that was a trend among all of the different stakeholders was communication and the need to improve the frequency and the way the district communicates with all stakeholders. These suggestions included the use of a webmaster to improve the district website and regularly scheduled messages to families and staff to keep them informed and updated on any district decisions. The third significant area that was discussed, mostly by staff, was the need to invest in more teacher training on evidence based practices to support the literacy gaps that students will likely have as a result of school closures. There was a theme around all teachers needing to become more literacy focused regardless of content area. Another area of professional development that was identified was around meeting the social emotional needs of students.

A description of the aspects of the LCAP that were influenced by specific stakeholder input.

Stakeholder input greatly influenced many sections of this LCAP. The focus of the 2021-2022 LCAP is addressing the learning needs of all students, while ensuring that students are safe and they have their social and emotional needs met. This focus was evident in all stakeholder meetings and many of the recommendations have been included in this LCAP. Some of these include, literacy instruction for all teachers, the need for additional time for teachers to have professional development on how to address the learning loss triggered by school closures and COVID-19. In addition, the need for Intervention teachers was also a theme across all different stakeholders. Another significant area influenced by stakeholders was the desire to have expanded learning opportunities through the summer. Consequently, the district is planning an extensive summer school program for 4 weeks to serve approximately 1500 students in grades K-8. This program will focus on addressing learning gaps, while also providing students with enrichment opportunities.

Stakeholder input was prioritized by how much direct contact and impact the action or services recommended had on students, particularly students with greatest needs and who have been most significantly impacted by Covid-19. This includes students experiencing homelessness and foster youth.

Goals and Actions

Goal

Goal #	Description
1	This Broad Goal Addresses Student Outcomes, Engagement and the Conditions of Learning.. Oxnard School District will ensure all students will achieve high academic standards in a nurturing, creative environment that prepares students for college and career opportunities.

An explanation of why the LEA has developed this goal.

This goal was developed because student data show that Oxnard School District needs to increase academic achievement of all students, including unduplicated students and student groups with a performance gap. The metrics were chosen for this goal because these metrics provide both statewide and local assessment metrics that are able to be disaggregated by student group to ensure that all student groups are being addressed and held to high standards. The 2121 Local Indicator Self-Reflection tools were administered to learn more about OSD efforts to address each area: Basic Services, State Priority 1, Implementation of Standards, State Priority 2, Access to Broad Course of Study, State Priority 7. All of these metrics will allow the district to measure and monitor year to year growth of all students and students with performance gaps. The actions and metrics were selected because the district feels strongly that though evidenced based first instruction teachers will provide students the rigorous instruction necessary for students to be successful. Additionally, OSD is committed to ensuring this success by providing students research based biliteracy instruction. OSD believes the instructional practices are fundamentally important for students continue to improve academically and prepared for college and career.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24

Actions

Action #	Title	Description	Total Funds	Contributing
1	3 professional learning days	Oxnard School District's unduplicated student groups are among the lowest performing student groups on state and local assessments. These groups account for 91 percent of the students in the district. Given this percentage creating a program that addresses interventions alone will not suffice. The Oxnard School District strongly believes that	\$2,700,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>best first instruction will have the greatest impact on improving the outcomes for these students. In order to do this; the district will be providing staff 3 additional professional development days to staff before the start of the school year. These days will focus on:</p> <ul style="list-style-type: none"> • Social and Emotional programs and strategies • Mathematics and Balanced Literacy • Evidenced based instructional strategies • District programs and resources aligned to instruction <p>These actions will increase services for unduplicated students by improving teaching and learning focused on rigorous grade level standards.</p> <p>Teacher Extra Time: Resources: Contracts:</p>		
2	Student Literacy Interventions	<p>Oxnard School District's unduplicated students are some of the lowest performing student groups on state and local assessments. In order to address these learning gaps the district will implement a comprehensive intervention program in Literacy.</p> <p>Literacy Intervention teachers will be provided for all K-8 and elementary schools in order to provide evidence based literacy intervention.</p> <p>Middle School's will receive Literacy Intervention Extra Period, Grades 6-8</p> <p>Intervention teachers will utilize Leveled Literacy Intervention (LLI) Program. This program will require training staff and purchasing the necessary material and resources to support a successful implementation . LLI is a research- based supplementary intervention system designed to help teachers design powerful daily small group instruction for the lower achieving students in the early grades.</p>	\$2,716,800.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>LLI Professional Learning will provide Literacy Intervention teacher training on LLI, specifically on the overview of the lesson framework, assessing and grouping students, teaching within the LLI lessons, using the prompting guide, understanding the demand of texts and documenting progress.</p> <p>In addition, this will include all interventions for students receiving Special Education services outside of the core curriculum.</p>		
3	Development in Literacy	<p>Oxnard School District's unduplicated student populations are some of the lowest performing student groups on state and local assessments. These funds will be principally directed towards and effective in meeting the needs of unduplicated students.</p> <ul style="list-style-type: none"> • This action is designed to build the collective capacity to improve first instruction in literacy through continued funding of subject-expert leaders, teacher supports through collaboration, and professional development • Implement 1st -8th Grade interim assessments. • Supports the implementation of state standards in every classroom ensuring unduplicated students access to the core curriculum and grade level standards • The additional professional development increases the effectiveness of teaching state standards. • All professional development includes components designed to improve teaching of English language learners. • Professional Development focused on Balanced Literacy provided by consultants to help teacher leaders. • Teachers and site administrators will be provided the guidance and support to design and implement effective lessons that yield high-impact literacy instruction for all students. • Lexia Core 5 and Power Up Subscriptions 3 Year License Subscription will support students' literacy development in combination with first instruction. 	\$737,526.00	Yes

Action #	Title	Description	Total Funds	Contributing
4	Continue expansion and refinement of District Dual Language Programs	<p>English Learners have greater challenges in accessing the core curriculum and perform lower on state and local assessments. Dual Language Immersion Programs remove barriers while providing access to the core curriculum in the primary language.</p> <ul style="list-style-type: none"> • An expansion of a well established English learner program • The program increases English literacy while maintaining the primary language • The expectation is that students are prepared to receive the pathway to the Seal of Biliteracy Award. <p>Currently the Oxnard school District has 10 Dual Language schools, ranging in grades Kinder -8th grade. Nine of the programs follow the 50-50 model and one program follows an 80-20 model.</p> <p>The District has embarked on a redesign of the Dual language Programs by converting the programs to school wide programs rather than strands within the school. The district is currently entering the 4th year of redesign and anticipates full implementation by the year 2024-2025. In order to effectively carry out this vision, the district has developed a comprehensive staff development and support plan that includes district and site leaders, teachers, parents and support staff. These combined actions will increase access to the core curriculum and increase English Learner performance on state and local assessments</p>	\$586,286.00	Yes
5	Development in Mathematics	<p>Oxnard School District's unduplicated student populations are some of the lowest performing student groups on state and local assessments. These funds will be principally directed towards and effective in meeting the needs of unduplicated students.</p>	\$820,001.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> • This action is designed to build the collective capacity to improve mathematics instruction through continued funding of subject-expert staff leaders, teacher supports through collaboration, and professional development • Implement 1st -8th Grade interim assessments Supports the implementation of state standards in every classroom ensuring unduplicated students access to the core curriculum and grade level standards • The additional professional development increases the effectiveness of teaching state standards. • All professional development includes components designed to improve teaching of English language learners • Subject-expert staff leaders assist with professional learning, understanding new curriculum, and support teachers in the classroom adopted math curriculum and training on the implementation of ELD and state standards through the curriculum will effectively meet the needs of unduplicated students by providing access to the standards. Effective first teaching is essential to learning state standards and will improve student scores on state assessments <p>In addition to first instruction, the district will provide students support with a Tier two math intervention program that will be targetd for students who are performing below grade level as part of the districts Rtl process.</p>		
6	Expansion of Learning Opportunities	Oxnard School District’s unduplicated student populations are some of the lowest performing student groups on state and local assessments. These funds will be principally directed towards and effective in meeting the needs of unduplicated students. Expanded Learning Opportunities for out of school time are an effective way to supplement students instructional program rather than supplant. This action will	\$650,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>provide unduplicated students more time in school, with adults providing academic support.</p> <p>Additional space in the afterschool program to expand academic, enrichment and SEL support for students. Students who attend these programs have higher achievement, attendance and student engagement rates. This action will provide this opportunity to more students than are currently served. This funding will shorten the waiting list at each school site and add space in the program for Kindergarten.</p> <p>We have three zones in our district. Each zone has a different school start time. Zone 3 has the latest start time which creates a need for a before school program. This program will support the academic, enrichment and SEL needs of students before school. Students will have the opportunity to have breakfast an activity and a positive start to their day.</p>		
7	Student Technology Access and Annual Refresh	<p>Experience has shown that low income students do not have reliable access to technology; and to fully prepare students for college and career it is critical to include consistent use of technology in the classroom. In order to do this, the district must maintain a district level department to support the 1:1 device program implemented in all Pre-school-8th grade classrooms. The Technology Services Technicians provide educational technology support to students, staff, and families at all 21 school sites in support of the Districts 1:1 Device Program.</p> <p>This action includes replacing lost, damaged, and obsolete classroom and student technology. This includes the cost of student wifi hotspots and refreshing aging devices to support the Districts 1:1 device program as needed for student centered and project-based instruction to increase student achievement in Math and ELA.</p>	\$7,843,426.00	Yes

Action #	Title	Description	Total Funds	Contributing
8	Further Develop Early Childhood Education	<p>Research has shown that starting school early assists English learners, foster youth, and students living in poverty to be more prepared to read by third grade. Currently the Oxnard School District has 8 pre-school general education programs to support the community.</p> <p>In order to maximize the effectiveness of these programs, the District Pre-school teachers utilize a pre-school curriculum and assessment that supports Early Childhood Standards.</p> <p>The Oxnard School District is committed to ensuring pre-school education is aligned to elementary education. To support this the District will provide opportunities of on-going collaboration between pre-school teachers and elementary teachers.</p> <p>To facilitate the transition for students, the District provides a summer learning program called Ready, Set, Go! Pre-school kinder transition/ readiness. This is a 4-week opportunity for in-coming Kindergarteners targeting students without prior preschool/TK experience. Focusing on Language Arts, Mathematics, and STEAM. Pairing Kindergarten and Preschool Teachers to facilitate summer sessions. Includes salaries, benefits, instructional materials and supplies.</p> <p>Articulation between TK and K teachers provides an opportunity to share grade level goals and expectations in order to effectively design and deliver lessons appropriate to the academic needs of their students.</p> <p>In order to effectively deliver instruction, all Kinder and TK classes will be provided with a paraprofessional to support differentiation of instruction to meet the needs of diverse learners.</p> <p>Combined actions will increase access to research-based curriculum for unduplicated students. The professional development structure above will better prepare staff to meet the needs of unduplicated students. In combination, these efforts will lead to increased student performance on state and local assessments and early redesignation of English learners.</p>	\$1,114,057.00	Yes

Action #	Title	Description	Total Funds	Contributing
9	Implementation of State Standards	<p>The District's professional learning is anchored in the California English Language Arts (ELA)/English Language Development (ELD) and Mathematics Frameworks and targets the implementation of integrated and designated ELD instruction.</p> <p>Oxnard School District's low income and English learner student populations are some of the lowest performing student groups on state and local assessments. These funds will be principally directed towards and effective in meeting the needs of English learners and low-income students.</p> <p>To support the goals and objectives of the District, There is a need to have Central Office Staff in the Educational Services Department . This includes:</p> <p>Department of Curriculum, Instruction, Assessment and Accountability Manager Mathematics & Physical Education Science Instructional Specialist 2 Instructional Technology Teachers on Special Assignment 2 English Learner Teachers on Special Assignment 1 Consulting Teacher</p> <p>The overarching goal of the consulting teacher is to provide support for teachers and to help them develop their capacity, as defined by the California Standards of the Teaching Profession. The consulting teacher will support and assist teachers with improving instructional performance.</p> <p>Teachers on Special Assignment will develop their knowledge on best instructional practices (Planning/Balanced Literacy) Teacher Collaboration and planning for Middle School teachers 50,000</p> <p>Implementation of state standards includes teaching and learning around Human Growth and Development and Physical Education</p>	\$1,711,562.00	Yes

Goals and Actions

Goal

Goal #	Description
2	This Broad Goal Addresses Engagement and the Conditions of Learning and Climate. The Oxnard School District will ensure all students will continue to be provided with programs and services that contribute to their well-being, safety and connectedness.

An explanation of why the LEA has developed this goal.

This goal was developed because the Oxnard School District is committed to addressing the needs of the whole child. Approximately 91% of the students enrolled are considered socio-economically disadvantage, many of these students are impacted by trauma and poverty. In order for our students to be prepared and able to learn, the district must ensure that students have the necessary resources to be successful. To better serve our students and community and to ensure that every student has equitable access district resources will be used to support the social emotional needs of students, the wrap around services necessary for both students and their families so that achievement opportunities can be addressed. Though this goal has always been important, the impact of COVID-19 has been life changing for many families and in particular for families living in poverty. More than ever there is an urgency to address the social emotional needs of all students and in particular students experiencing homelessness, foster youth, English Learners and students receiving special education services. The 2121 Local Indicator Self-Reflection tools were administered to learn more about OSD efforts to address each area: Student Engagement, State Priority 5, Conditions and Climate, State Priority 6.

		Nutrition programs with contributions from the General Fund as necessary. This action is principally directed towards meeting the needs of unduplicated student groups.		
2	Improve opportunities for student connectedness	<ul style="list-style-type: none"> Foster Youth Transportation. Provide transportation for students who are in foster placements so that they can remain at their home school. Offer expanded opportunities for students to participate in club and sports programs after school at all K-8 schools. Provide a late bus for the K-8 and middle schools to support student access to additional teacher support, clubs, and sports. <p>Cost of Transportation services is included in Goal 4.</p>	\$186,000.00	Yes
3	Student Attendance	<p>Some low income students, students experiencing homelessness and foster youth exhibit irregular attendance which affects academic performance. In order to assist with absenteeism outreach and truancy prevention with full-time Attendance Technicians at all schools.</p> <p>Thrive (SARB/ Truancy Reduction) County of Ventura. The County of Ventura provides support to the district SARB team on a monthly basis. An Assistant District Attorney meets with the SARB team to review truancy cases and provide support to families to reduce absences.</p>	\$1,496,072.00	Yes
4	Social and Emotional Supports	Oxnard School District's low-income student populations are some of the lowest performing student groups on state and local assessment. Multi-tiered System of Support (MTSS) is a systemic, continuous-	\$5,535,132.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>improvement framework in which data-based problem solving and decision making is practiced across all levels of the educational system for supporting students with the academic and social emotional interventions, designed to support their specific needs.</p> <p>Tier I: Universal interventions provided for all students.</p> <p>Tier II: Targeted short-term interventions provided to some students in a small group setting.</p> <p>Tier III: Intensive longer-term interventions provided to a few students usually in an individual, one-on-one basis.</p> <p>MTSS leverages the principles of RTI and PBIS and further integrates a continuum of tiered system-wide resources, strategies, structures, and practices to offer a comprehensive and responsive framework for systemically addressing barriers to student learning. A well implemented MTSS structure will more accurately identify students in need of special education services by monitoring how well an individual student responds to interventions. If it is determined that a student does have a disability which presents a learning barrier, an IEP will more accurately reflect present levels and services necessary to meet student goals based on prior interventions.</p> <ul style="list-style-type: none"> • 23 school Counselor positions to service school sites districtwide and provide site based behavioral analysis and support for students TK-8th grade. • Director of Pupil Services and support staff • Community Liaison to support students experiencing homeless and foster youth <ul style="list-style-type: none"> • 20 Outreach Specialist assigned to each school site <ul style="list-style-type: none"> • Therapeutic Counselor (outside contract) to provide Licensed Marriage and Family Therapist (LMFT) counseling services to support intensive student needs. • County of Ventura, HSA Social Workers. The district contracts with the County to provide a social worker at two school sites to support students and families. Social workers collaborate with administrators, counselors, ORCs, and Family Liaisons to support families at their home school and schools in the area.

Goals and Actions

Goal

Goal #	Description
3	This Broad Goal addresses State Priority three, Parent and Family Engagement. The Oxnard School District will continue to work to improve communication with parents, community and staff.

An explanation of why the LEA has developed this goal.

This goal was developed because the Oxnard School District believes that students will do better academically and socially when schools build positive relationships with families. Parent involvement is crucial, regardless of income or background, it is critical for the district to have a comprehensive and well-planned partnership between school and home. To do this, a comprehensive communication system must be implemented, this comprehensive communication includes two-way communication that flows between and among the school, the families and the community. This goal includes establishing a more effective way to disseminate information and gather feedback from all stakeholders. The Local Indicator Self-Reflection tools were administered to learn more about OSD efforts to address each area: Parent and Family Engagement, State Priority 3.

Actions

Action #	Title	Description	Total Funds	Contributing
1	Implement Coordination of Family Engagement and Parent Support Services based on a Family Engagement Framework	<p>Oxnard School District's unduplicated student groups are some of the lowest performing student groups on state and local assessments, and also demonstrate some of the lowest rates of parental engagement. To build parent capacity, empowerment and advocacy that impacts student academic and social-emotional development through ongoing collaboration with different parent and Community Groups: District English Learner Advisory Committee, Parent Advisory Committee, Parent-Teacher Association, African American Steering Committee & African American Parent Group, School Site Councils, Mixteco Steering Committee and Mixteco parent group.</p> <p>Actions listed above will lead to increased student performance on state and local assessments by educating, engaging and involving parents in the continued development of the district's strategic plan and the student profile.</p>	\$139,500.00	Yes
2	Ensure and enhance our communication with families through the use of a variety a platforms	<p>Oxnard School District's unduplicated student groups are some of the lowest performing student groups on state and local assessments, and also demonstrate some of the lowest rates of parental engagement. IN order to improve this condition, the district will maintain effective communication with parents via website, email, text, and phone calls. This action includes professional development for Principals, Assistant Principals and Office staff for updating the school website and utilizing ParentConnect to send email,text, phone calls, and digital newsletter to families.</p> <p>Blackboard and Blackboard Professional Development</p>	\$125,000.00	Yes
3	Revamp and maximize the accessibility to the district's website as a conduit of information	<p>Oxnard School District's unduplicated student groups are some of the lowest performing student groups on state and local assessments, and also demonstrate some of the lowest rates of parental engagement. In order to improve engagement of these student groups, the district will contract or hire a person as a webmaster to support the update of the</p>	\$150,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
	for all families and community members	Oxnard School District Web page and School sites. This person will need to know the technical and content side of the information and will establish protocols to create consistency among all OSD pages and sites.		
4	Equitable access for participation	Oxnard School District's unduplicated student groups are some of the lowest performing student groups on state and local assessments, and also demonstrate some of the lowest rates of parental engagement. In order to improve engagement of these student groups, the district will purchase Zoom to improve communication, offer webinars, support instruction. This action will also facilitate access for families that are unable to come to school sites or leave work for meeting.	\$150,800.00	Yes
5	Systems of Communication to Include the voices of our different parent groups in the design of learning experiences for student and families.	Build systems of communication to provide information to students, families, staff and administration. Videos will highlight projects and information about the student profile within the district and will be shared with the community. The district webpage will be updated to include accurate information to relevant departments. Blackboard, Facebook and Twitter will be for messaging to families. Communication will be shared in English and Spanish with Mixteco and ASL translation when needed.	\$45,000.00	Yes
6	Ensure participation, involvement and support of our African American, Mixteco, English Learners parents in the different aspects of their children's education.	Oxnard School District's unduplicated student groups are some of the lowest performing student groups on state and local assessments, and also demonstrate some of the lowest rates of parental engagement. The district is committed to ensuring access to information and engagement for all families. This requires the district to provide information in many different languages. <ul style="list-style-type: none"> • Maintain two Mixteco Interpreters/translators to support native language interpretation and translation services • Contract for interpreting Services. This service is provided in order to ensure that all parents and community members have access to all of the district information necessary to fully engage as educational partners. 	\$526,229.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> • Translation Services for Parents. Provide equity and access to community by providing translation services. Translation services are provided by hiring district translators/interpreters. This includes 2 Mixteco interpreters, 5 Spanish translators • Parent Support Liaison. Maintain a Parent Support Liaison to increase family and community engagement at both school and district levels, establish effective communication between home and school, increase community support for schools and the district, and offer training opportunities for parents 		
7	Revamp and maximize the accessibility to the district's website as a conduit of information for all families and community members.	Upgrade and maintain District Office Board room and recording studio/equipment to facilitate various communication modalities of board meetings including Zoom webinars, liive cable broadcast, internet live stream, re-broadcasts and archiving in both English and Spanish	\$260,000.00	No
8	District Enrollment Center	Oxnard School District's unduplicated student groups are some of the lowest performing student groups on state and local assessments, and also demonstrate some of the lowest rates of parental engagement. Providing access to information for unduplicated student groups is critical for future success. This action principally addresses these needs. The district Enrollment Center Manager plans, organizes, and directs the ongoing operations of the district's enrollment center including training and evaluating staff; analysis and reporting of enrollment; developing systems to support enrollment at all district school sites.	\$605,798.00	Yes
9	Transition to High School- Parent workshops	Oxnard School District's unduplicated student groups are some of the lowest performing student groups on state and local assessments, and also demonstrate some of the lowest rates of parental engagement. To assist parents in supporting their student's transition to high school	\$45,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		the district provides student and parent workshops on Going to High School and Beyond. ORCs and Counselors will provide workshops to parents of students in Grades 5 and up to review what they need to think about before arriving to high school. This action would include preparing students and families with information and support around A-G opportunities and requirements in High School.		
10	Students Voice	Superintendent Fellows A student representative from each school site who collaborates with the superintendent about the student experience in Oxnard School District. Students are a conduit between the superintendent and other students from their schools. This group provides an opportunity for the student voice and choice to be shared with district leadership.	\$28,000.00	Yes
11	Special Education Parent Supports	<ul style="list-style-type: none"> • Special Education Community Council. Monthly community council with selected committee • Parent Trainings for specific groups; Autism, ED, AAC. 	\$60,000.00	Yes

Goals and Actions

Goal

Goal #	Description
4	This Broad Goal Addresses all of the state priorities and district mission. Oxnard School District will ensure all students will achieve high academic standards in a nurturing, creative environment that prepares students for college and career opportunities. In addition this goal supports and contributes to all previous district goals by ensuring that the operations of the district are aligned to the district's strategic plan.

An explanation of why the LEA has developed this goal.

This broad goal was developed to support the districts mission and vision and all of the previous goals. There are many operational layers necessary to be able to provide all of the resources schools and students need that contribute to teaching and learning in the district. This goal addresses all of the state priorities and will be measured using the metrics identified in the previous 3 goals.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2021-22]

Percentage to Increase or Improve Services	Increased Apportionment based on the Enrollment of Foster Youth, English Learners, and Low-Income students
35.96%	\$47,040,291

The Budgeted Expenditures for Actions identified as Contributing may be found in the Increased or Improved Services Expenditures Table.

Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

Goal 1 - Actions 1-32 are designed to work in tandem to improve the academic achievement of students in support of Goal 1 which is to improve academic performance at challenging levels. The district has achieved improvement in several areas on the 2019 California Dashboard, including English learners' literacy and math scores. In literacy this group increased by 11.2 points distance from met and 8.9 points in math. Additionally, foster youth increased by 19.1 point distance from met in math and 53 points in literacy. Our socio-economically disadvantaged students increased by 8.9 points in math and 11.6 points in literacy. Though growth has been made with these student groups, there is still much work to be done to improve first instruction across content areas. Only 50.4% of English Learners are making progress towards English Proficiency and according to the 2019 data, they were 66.6 points below standard met in Language Arts and 97.9 points below standard met in math. Foster Youth were 119.3 points away from standard met in math and 59.1 points in Language Arts. Students in the socioeconomically disadvantaged student group were 57.9 points below a standard met in Language Arts and 93.8 points in math. The current STAR benchmark data shows that on average less than 20% of students in these student groups are performing at grade level in Language Arts and less than 12% in math. In order to address this condition of our EL, SES and Foster Youth, we will focus on improving our academic program starting with Tier 1 instruction and supporting specialized programs for Tier II and III interventions. These actions are being provided on an LEA-wide basis and we expect that all of our student groups will increase by at least 10 points on distance from met in both Language Arts and math. The percent of English Learners demonstrating English Proficiency will increase by a minimum of 5% a year. Below is a detail of each of the actions.

1.1 - 3 Professional Learning Days - The Oxnard School District through collection of data identified that first instruction needed to be improved and we believe that professional learning will increase access to effective first teaching for low income, English learner, and foster youth students . These PD days will include Culturally Responsive teaching practices, literacy, mathematics, social and emotional practices and PBIS.

1.2 Student Literacy Interventions - After assessing the conditions, needs and circumstances of low-income students, English Learners and Foster Youth we learned that based on state and local assessments, these student groups had identified learning gaps that require intensive intervention supports. The effectiveness of this action is measured by local data in the form of district diagnostic assessments and statewide assessment data. Staff reviews student data regularly and based on data results interventions are planned. Given this process and focus of interventions we have seen growth with all student groups mentioned above.

1.3 Development in Literacy - Oxnard School District's unduplicated student populations are some of the lowest performing student groups on state and local assessments. These funds will be principally directed towards effectively meeting the needs of unduplicated students.

- This action is designed to build the collective capacity to improve first instruction in literacy through continued funding of subject-expert leaders, teacher supports through collaboration, and professional development
- Implement 1st -8th Grade interim assessments.
- Supports the implementation of state standards in every classroom ensuring unduplicated students access to the core curriculum and grade level standards
- The additional professional development increases the effectiveness of teaching state standards.
- All professional development includes components designed to improve teaching of English language learners.
- Professional Development focused on Balanced Literacy provided by consultants to help teacher leaders.
- Teachers and site administrators will be provided the guidance and support to design and implement effective lessons that yield high-impact literacy instruction for all students.
- Lexia Core 5 and Power Up Subscriptions 3 Year License Subscription will support students' literacy development in combination with first instruction.

1.4 Continued Expansion of District Dual Language Programs - English Learners have greater challenges in accessing the core curriculum and perform lower on state and local assessments. Dual Language Immersion Programs remove barriers while providing access to the core curriculum in the primary language.

- An expansion of a well-established English learner program
- The program increases English literacy while maintaining the primary language
- The expectation is that students are prepared to receive the pathway to the Seal of Biliteracy Award.

1.5 Development in Mathematics - This action is designed to build the collective capacity to improve mathematics instruction through continued funding of subject-expert staff leaders, teacher supports through collaboration, and professional development. Districtwide, Foster youth, English Learners and students in poverty are among the lowest performing student groups in mathematics. These student groups need access to culturally relevant first instruction that incorporates a comprehensive instructional cycle. This includes assessment, standards-based instruction, professional development and a well-designed MTSS process. Through this goal the above-mentioned student groups will be monitored and provided additional support.

In addition to first instruction, the district will provide students support with a Tier II math intervention program that will be targeted for students who are performing below grade level as part of the districts Rtl process.

1.6 Expansion of Learning Opportunities -Oxnard School District's unduplicated student populations are some of the lowest performing student groups on state and local assessments. These funds will be principally directed towards and effective in meeting the needs of unduplicated students. Expanded Learning Opportunities for out of school time are an effective way to supplement students' instructional program rather than supplant. This action will provide unduplicated students more time in school, with adults providing academic support. Additional space in the afterschool program to expand academic, enrichment and SEL support for students will be provided . English

Learners, Foster Youth and students experiencing poverty will be prioritized in the enrollment process to ensure access. Students who attend these programs have higher achievement, attendance, and student engagement rates. This action will provide an opportunity to more students than are currently served. This funding will shorten the waiting list at each school site and add space in the program for Kindergarten.

1.7 Student Technology - Experience has shown that low-income students do not have reliable access to technology; and to fully prepare students for college and career it is critical to include consistent use of technology in the classroom. In order to do this, the district must maintain a district level department to support the 1:1 device program implemented in all Pre-school-8th grade classrooms. The Technology Services Technicians provide educational technology support to students, staff, and families at all 21 school sites in support of the Districts 1:1 Device Program.

1.8 Further Develop Early Childhood Education - Research has shown that starting school at an early age assists English learners, foster youth, and students living in poverty to be more prepared to read by third grade. Currently the Oxnard School District has 8 pre-school general education programs to support the community.

In order to maximize the effectiveness of these programs, the District Pre-school teachers utilize a pre-school curriculum and assessment that supports Early Childhood Standards.

1.9 Implementation of State Standards - The District's professional learning is anchored in the California English Language Arts (ELA)/English Language Development (ELD) and Mathematics Frameworks and targets the implementation of integrated and designated ELD instruction.

Oxnard School District's low income and English learner student populations are some of the lowest performing student groups on state and local assessments. These funds will be principally directed towards meeting the needs of English learners and low-income students.

1.10 Data Management System - Oxnard School District's unduplicated population are some of the lowest performing student groups on state and local assessments. These funds will be principally directed towards meeting the needs of unduplicated students. This action allows for the continuous monitoring of student achievement to inform instructional practices:

- The district will continue to use Ellevation for reclassifications, monitoring and tracking interventions for English language learners, and training for teachers and administrators.
- The district will purchase and maintain a student data management system (such as Illuminate) to manage assessment data to create disaggregated reports in order to accurately monitor student progress in inform instructional actions, including intervention and enrichment.
- The district will provide professional development to district and site administrators and teachers on use of SDMS.

1.11 Expansion of District GATE program - Historically, unduplicated students have been underrepresented in these accelerated programs. The following services are principally directed toward unduplicated students and provide support to be successful in the programs.

- Universal screening at the end of Second grade for all students
- Professional learning focused on strategies for accelerated learners and culturally responsive teaching
- Summer professional institute for AP teachers in Dual Language Programs

Additionally, for unduplicated students it is important to provide access to classes that prepare them for college opportunities. The District will accomplish this by supporting AVID classes at all middle schools and AVID Excel for English Learners.

1.12 Expanded Summer Learning - Unduplicated students benefit from additional time school with a variety of learning opportunities. OSD is planning a robust Summer School program. The Summer Writing, Science and Math Camp is a full day program and is offered to students in Grades K-8. The program is run with the support and planning of credentialed teachers to run an enrichment based academic program in the morning with the afternoons operated in partnership with our Afterschool program. The program will operate for one month of

the summer. Transportation will be provided district wide to ensure access for all students.

These actions will increase access to the core curriculum and provide specific interventions identified for each low income and English learner student. These efforts will lead to increased student performance on state and local assessments

1.13 Special Education Services - Oxnard School District's unduplicated student groups are among the lowest performing student groups on state and local assessments. These groups account for 91 percent of the students in the district. Special Education Department serves grades Pre-School through 8th many who are part of the unduplicated student group.

1.14 Equity and Access - All Middle Schools provide a broad course of study for students by ensuring that all unduplicated student groups have access to electives, core classes and intervention by adding an intervention period at the end of the day.

Each comprehensive middle school will have 3 additional periods per grade level in order to provide intervention support for students. The teachers teaching these periods will work closely with each English language arts and math professional learning community using the cycle of continuous improvement to address the needs of each student and provide any additional academic support a student may need to achieve mastery.

Additional supports include:

- Schools offer students a variety of electives including, but not limited to music teachers, art elective teachers.
- Professional Development on Universal Design for Learning will be provided to staff to ensure students have access to grade level rigorous standards.
- Coaching for Equity Professional Learning for TOSAs in line with the district's mission and vision, all teachers on special assignments will develop their knowledge of equitable practices and how to transfer such knowledge to their day-to-day practice.
- District-wide Equity and Family and Community Engagement Task Force composed by representatives from all schools that will center around issues of equity, social justice, culturally responsive teaching and culturally responsive family and community engagement practices.

1.15 Recruitment and Retention of Human capital - The Oxnard School District believes that it will accomplish the district mission "Ensure a culturally diverse education for each student in a safe, healthy and supportive environment that prepares students for college and career opportunities" by

- Recruiting and retaining exceptional people
- Establishing strategic Work: Recruitment, Selection, Retention and Operations
- Maintaining labor relations with three associations.

As mentioned above, in order to increase the achievement of unduplicated student groups, first instruction must be culturally relevant and rigorous and in order to provide such instruction is imperative that high quality teachers be recruited and supported.

1.16 Instructional Supports - As mentioned above, unduplicated student groups' literacy scores are lower than the scores of all students. In order to improve scores, the district will implement District-wide Assessments and Reading Programs (Renaissance: Star/AR/MyON). To measure student growth the district will use the Renaissance Star 360 Program district wide as an assessment tool to identify students for intervention placement and leveled instruction. An important function of the program will be its use as a local assessment tool to meet reclassification metrics for English Learners in Reading and Mathematics. Administration occurs at least 3 times a year. Use of the Accelerated Reader Program will support reading comprehension and fluency. Use of the MyON program will support reading comprehension through access on 1:1 devices at home, with or without internet access.

Additionally, for students needing additional support, the district will use Tutorific to provide tutoring services for students that struggle with educational continuity and academic growth due to the impermanence of their housing, English Language skills and impact of poverty.

Tutoring will improve English Language skills, including reading, phonics, vocabulary, conversational English, and Math.

1.17 Support of School Libraries - School libraries have the ability to bridge the gap between privileged and at-risk students by providing equal access and resources for learning. In order to improve access for unduplicated student groups, the district will :

- Hire Library Technicians at elementary schools.
- Provide access to diverse titles for students including titles in multiple languages.
- Provide access to technology through the library for students who may not have access to technology at home
- Provide E-books and E-readers that allow students to listen to books, this will support readers for whom English is not the primary language spoken at home

As a result, unduplicated students will have the resources to improve scores on state and local assessments.

1.18 Support of Local and State Assessments - Based on the data above, the need for instruction and professional development to be aligned to State testing is critical to improve the outcomes of English Learners, Foster Youth, and socioeconomically disadvantaged students. By providing a coherent testing system that supports schools' implementation, English Learners, Foster Youth, and socioeconomically disadvantaged students' outcomes will improve.

1.19 Professional Learning - After assessing the conditions, needs and circumstances of low-income students, English Learners and Foster Youth we learned that staff development and professional learning was a vital part of improving first instruction. In order to address these conditions, the district will offer a variety of training opportunities. These trainings will include District Administrators, teachers, and staff the opportunity to attend the yearly CAFE and other conferences conference which focuses on the most current research and best practices to meet the needs of second language learners. Best practices will be shared with teachers and administrators through meetings, collaboration opportunities, model lessons, and support with lesson design and delivery. These opportunities are being offered district wide and will lead to the desired academic growth of unduplicated student groups.

1.20 Developing Human Capital - After assessing the conditions, needs and circumstances of low-income students, English Learners and Foster Youth we learned that many of the new teachers hired into the district are not fully prepared to provide the differentiation of instruction necessary to meet the needs of these student groups. In order to address this condition, the district implements a new teacher training and ongoing yearly support. this action provides necessary information and resources to teachers who are new to the district to support them in instruction and as employees. Additionally, specialized training is provided to Special Education teachers. The Orientation is coordinated between Educational Services and Human Resources and is provided before the start of the school year and throughout the year through curriculum council.

1.21 Maintain District Management System - After assessing the conditions, needs and circumstances of low-income students, English Learners and Foster Youth we learned that parental involvement in student learning is a critical component for student success. Unduplicated student groups and families have less access to technology platforms to support their learning. In order to address this condition, the district adopted Canvas. Canvas provides avenues to support UDL and collaboration of students and staff. This goal supports the district's student profile by providing a platform that creates 21st Century ready students. This action is provided district-wide, we expect that all students and parents will benefit and consequently improve academic outcomes as indicated above.

1.22 English Language Development Support -After assessing the conditions, needs and circumstances of English Learners we learned that English Learners have greater challenges in accessing the core curriculum and perform lower on state and local assessments. In order to support their academic growth, the following are necessary:

- Implementation of English Learner curriculum and resources

- Newcomer Academies, to maintain Newcomer teachers and paraeducators, provide professional development and teacher collaboration related to the program and to purchase support materials and/or technology as well as other resources to support student acquisition and development of English and math skills.
- Interventions opportunities supporting Long Term English Learners

These combined actions will increase access to the core curriculum, provide specific interventions, and increase English Learner performance on state and local assessments.

1.23 Additional Teachers Above Staffing Ratio - After assessing the conditions, needs and circumstances of low-income students, English Learners and Foster Youth we learned that based on state and local assessments, these student groups require additional individualized support. In order to address this condition, the district is providing additional staff to school sites to allow for differentiation. This staff will include teachers and support staff. These actions are being provided LEA wide to support these student groups. Participation in intervention opportunities will be targeted for these student groups. We hope this will lead to improved academic achievement of EL, Foster Youth and Socioeconomically disadvantaged students.

1.24 School Site Allocations- After assessing the conditions, needs and circumstances of low-income students, English Learners and Foster Youth we learned that schools must provide additional support targeted for these student groups. In order to address this condition:

- Each school site receives an allocation based on the school's enrollment of low income, English learner, and foster youth
- Each school is required to evaluate LCAP data points as related to low income, English learner, and foster youth student populations, to assure plans focus on addressing the needs of unduplicated students
- Site personnel work with School Site Councils to inform stakeholders of goals and targets, and incorporate data and leadership feedback to appropriately revise plans, with the focus on LCAP goals and expected outcomes for unduplicated students
- Each School Site Plan (Single Plan for Student Achievement-SPSA) specifies how LCFF funding addresses identified needs and meets LCAP district and site goals for unduplicated students
- Products and services provided specifically for unduplicated students through the site plans include:

- o Supplemental materials and technology
- o Academic interventions and supports
- o Supplemental counseling and psychological services
- o Staff for attendance support
- o Parent involvement support
- o Bilingual office staff

These actions are being provided district-wide, the annual LCAP review and revision process corresponds with the site planning process and allows district leaders to review data with site leaders to verify how the actions at the sites are effective in meeting the goals and targets for unduplicated students as measured by the California Dashboard, required LCAP metrics and local LEA metrics. Each site has specific deficits as measured by this variety of metrics.

1.25 Maintain 24:1 TK-3rd Grade - After assessing the conditions, needs and circumstances of Low-income students, English Learners and Foster Youth we learned that these student groups require more differentiated instruction than all students. In order to address this condition, class sizes in the district will continue to be maintained at a 24 to 1 ratio. These actions are being provided LEA-wide and we expect that this will allow teachers to provide instruction targeted towards these student groups which will result in academic growth as indicated above.

1.26 Additional Services for Students at Risk of Being Expelled - After assessing the conditions, needs and circumstances of Low-income students, and Foster Youth we learned that Foster Youth suspension rates in 2019 were 14%, Low-income students were 3.4% , as

compared to all students at 3.2%. In order to address this condition, the district implements the following programs for students at risk of expulsion:

The three comprehensive middle schools will maintain Opportunity classes for grades 6-8.

- Students in 6th – 8th grade with significant behavioral issues are provided in-depth academic and social-emotional support.
- Cross disciplinary professionals work together to address chronic absenteeism
- Maintain individual counseling program to reduce peer conflict and emotional outbursts
- Anger management
- Grief counseling
- Close monitoring of grades and academic interventions

As a result, low income and Foster Youth students will improve attendance, decrease suspension rates and chronic absenteeism

1.27 After School Tutoring - After assessing the conditions, needs and circumstances of Low-income students, English Learners and Foster Youth we learned that these student groups require additional time in learning than all students. In order to address this condition, this action:

- Provides extended learning opportunities through teacher and tutor supports principally directed to low-income students in elementary and middle schools to increase academic achievement
- Provides after school tutoring programs to impact student achievement, especially for at-risk students

The benefits of an afterschool tutoring program include increased student achievement, a higher self-esteem, more participation in class, and an increase in homework completion (Baker, Reig, & Clendaniel, 2006)

This action will provide personalized learning identified for low income, English Learners and Foster Youth students. These efforts will lead to increased student performance on state and local assessments.

1.30 - Tier 3 and Special Education Intervention - After assessing the conditions, needs and circumstances of low-income students, English Learners and Foster Youth receiving special education services, we learned that these student groups require more time on tasks. To address these conditions the following evidenced based programs will be implemented:

- Reading Intervention Supplemental Curriculum Reading Horizons
- ST math Intervention for Sped
- Teacher Leader trainings for implementation of professional development across subject
- Placement for high need and at-risk identified student in special education
- Unique – Moderate Secere Curriculum
- Instructional and behavioral support

1.31 - Cultural Proficiency and Focus on Equitable Practices - After assessing the conditions, needs and circumstances of low-income students, English Learners and Foster Youth we learned that culturally responsive practices needed to be implemented district wide. To address this condition, the district will build teacher capacity in cultural proficiency and effective school-family engagement by providing professional development opportunities, such as webinars, workshops, literature review/book study, and/or summer P.D. This action is principally directed towards preparing staff to better meet the needs of unduplicated student groups.

1.32 - Developing Educational Leaders -After assessing the conditions, needs and circumstances of low-income students, English Learners and Foster Youth we learned that Oxnard School District's unduplicated student groups are among the lowest performing student groups on state and local assessments. These groups account for 91 percent of the students in the district. To address the needs of students, school leaders are responsible for establishing equitable practices in our schools to ensure high leverage instructional practices are being used. For a school leader to be successful in their role, they need to lead the way in driving teaching and learning outcomes. This involves setting

expectations about the school's learning practices and ensuring the organization's values and behaviors focus on improving student success. School leaders require the professional development in the following areas:

- Developing instructional equity for student success
- Data driven decision making
- Creating school cultures through equity lens
- Universal Design for Learning practices
- Implementation of MTSS

This action is principally directed towards meeting the needs of unduplicated student groups.

Goal 2 - After assessing the conditions, needs and circumstances of Low-income students, English Learners and Foster Youth we learned that Approximately 91% of the students enrolled are considered socio-economically disadvantaged, many of these students are impacted by trauma and poverty. In order for our students to be prepared and able to learn, the district must ensure that students have the necessary resources to be successful. To better serve our students and community and to ensure that every student has equitable access, district resources will be used to support the social emotional needs of students, the wrap around services necessary for both students and their families so that achievement gaps can be addressed. Though this goal has always been important, the impact of COVID-19 has been life changing for many families and in particular for families living in poverty. More than ever there is an urgency to address the social emotional needs of all students and in particular students experiencing homelessness, foster youth, English Learners and students receiving special education services. A particular area of concern for these services are Foster Youth students . On the 2019 California Dashboard, Foster Youth students had an absenteeism rate of 12.9% compared to 7.7% for all students. Foster Youth students had a suspension rate of 14% compared to 3.2% for all students. Actions 2.1- 2.9 work in tandem to provide this additional support for all unduplicated students. We believe that together these actions will improve the absenteeism and suspension rates of Foster Youth primarily.

2.1 Child Nutrition - Oxnard School District's low-income student populations are some of the lowest performing student groups on state and local assessment, as well as having some of the lowest attendance rates. When students are in school it is important that they have all conditions necessary to help them learn. Knowing the importance of this OSD provides healthy breakfast, lunch, snack, and supper meals to students to enhance their ability to learn. Supplement the Child Nutrition programs with contributions from the General Fund as necessary. This action is principally directed towards meeting the needs of unduplicated student groups.

2.2 Improve opportunities for student connectedness - After assessing the conditions, needs and circumstances of Foster Youth we learned that transportation for students who are in foster placements so that they can remain at their home school is a critical component of their education.

Additionally, offering expanded opportunities for students to participate in club and sports programs after school at all K-8 schools allow for connectedness. In order for these student groups to have access the district provide a late bus for the K-8 and middle schools to support student access to additional teacher support, clubs, and sports.

2.3 Improve student attendance - Some low income students, students experiencing homelessness and foster youth exhibit irregular attendance which affects academic performance. In order to assist with absenteeism outreach and truancy prevention with full-time Attendance Technicians at all schools. As well as provide Thrive (SARB/ Truancy Reduction) program through the County of Ventura. The County of Ventura provides support to the district SARB team on a monthly basis. An Assistant District Attorney meets with the SARB team to review truancy cases and provide support to families to reduce absences. We believe this will improve attendance for unduplicated

students.

2.4 Social and Emotional Supports -Oxnard District's School low-income student populations are some of the lowest performing student groups on state and local assessment. To address this condition, the district will implement a Multi-tiered System of Support (MTSS). MTSS is a systemic, continuous- improvement framework in which data-based problem solving and decision making is practiced across all levels of the educational system for supporting students with the academic and social emotional interventions, designed to support their specific needs.

2.5 Health and Welfare for students - Some low-income students, students experiencing homelessness and foster youth lack resources and often miss school due to health and welfare factors. This action principally supports these groups of students and provides resources to address health and welfare needs. This action supports the following:

- Supplemental Health Care Technician/LVN services
- Contracted staffing services to ensure that health offices are staffed at each school site.
- Provide Health Assistants and/or Health Care Technicians (LVNs) at each school site with oversight from district nurses ensuring student safety and health across the district.
- Palmer Drug and Alcohol Prevention. PDAP provides individual and group substance abuse counseling sessions for students based on requests from school staff. Sessions focus on awareness of personal strengths, importance of health choices, the dangers of drug and alcohol use and social skills for seeking positive peers.
- Practi-Cal provides the district support with Medi-Cal billing. Employees providing direct services to students enter medi-cal billing reports which are sent to Practi-Cal for review. Costs are recovered through this program.
- Social Emotional Services Specialist (SESS) through VCOE contract. Social emotional service specialists provide support to students who require intensive counseling due to social- emotional/behavior issues. SESS providers work with students one-one at the school
- Hearing Conservation screening services. Hearing Conservation provides comprehensive hearing screening for students who need more intensive hearing evaluation.

2.6 Create a safe environment conducive to learning - - After assessing the conditions, needs and circumstances of low-income students, English Learners and Foster Youth, we learned that many students have experienced trauma and consequently families are seeking safety in school settings. IN order to meet this need the district :

- ProvideS Campus Assistants to keep students safe at lunch and recess and provide for before and after school campus supervision.
- ensures School safety plans are updated annually in accordance with Ed Code. School teams work with stakeholders to identify resources and elements that are important to school safety and climate.
- Reviews Annual Parent Rights Notification, Envision Consulting services. The Annual Parent Rights Notification is updated annually to reflect new district policy and Ed Code. Envision Consulting reviews the document to ensure that all updates to Ed Code are accurate.
- Provides Action Preparedness Training. School office staff and health care staff are provided CPR training annually.

2.7 Restorative Practices - Oxnard School District has identified the need to reduce suspension and expulsions for unduplicated student groups. Professional development will be provided for staff to address the unique needs of unduplicated student groups. Resources to support restorative practices across the district will be provided. These opportunities will be provided using existing personnel and school

time. Additionally, this will be monitored through the use of Panorama Survey.

2.8 Professional Learning and wellness of staff - Oxnard School District's unduplicated student groups are among the lowest performing student groups on state and local assessments. These groups account for 91 percent of the students in the district. They are also groups with higher rates of absenteeism and lack school connectedness. Consequently, staff require continuous development using strategies and tools to address student needs. Professional Growth for OSSA members which include nurses, counselors, Speech pathologist, program specialist, behaviorist and psychologists.

2.9 Tier III Specialized social and emotional supports - After assessing the needs and circumstances of Foster Youth, English Learner, and socioeconomically disadvantaged students we found that students require additional social and emotional support. In order to address this need, the district will provide:

- Social emotional specialist through VCOE
- Counselling services for IEPs
- 1:1 behavioral aides
- Special Education staff to assist with additional duties and assessments

Goal 3 - After assessing the conditions, needs and circumstances of Low-income students, English Learners and Foster Youth we learned that historically families of unduplicated student groups tend to be more disengaged from school-home partnerships. The Oxnard School District believes that students will do better academically and socially when schools build positive relationships with families. Parent involvement is crucial, regardless of income or background, and therefore it is critical for the district to have a comprehensive and well-planned partnership between school and home. To do this, a comprehensive communication system must be implemented, this comprehensive communication includes two-way communication that flows between and among the school, the families, and the community. This goal includes establishing a more effective way to disseminate information and gather feedback from all stakeholders. Actions 3.1- 3.6 , 3.8 -3.11 work in tandem to strengthen communication and family engagement district-wide with a focus on traditionally under-represented student groups. We believe as a result of these actions, unduplicated student groups will improve on state and local assessment and have greater opportunities to enter an A-G program in high school.

3.1 Implement Coordination of Family Engagement and Parent Support Services based on a Family Engagement Framework- Oxnard School District's unduplicated student groups are some of the lowest performing student groups on state and local assessments, and also demonstrate some of the lowest rates of parental engagement. To build parent capacity, empowerment and advocacy that impacts student academic and social-emotional development through ongoing collaboration with different parent and community groups: District English Learner Advisory Committee, Parent Advisory Committee, Parent-Teacher Association, African American Steering Committee & African American Parent Group, School Site Councils, Mixteco Steering Committee and Mixteco parent group.

Actions listed above will lead to increased student performance on state and local assessments by educating, engaging, and involving parents in the continued development of the district's strategic plan and the student profile.

3.2 Ensure and enhance our communication with families through the use of a variety a platform - Oxnard School District's unduplicated student groups are some of the lowest performing student groups on state and local assessments, and also demonstrate some of the lowest rates of parental engagement. In order to improve this condition, the district will maintain effective communication with parents via website, email, text, and phone calls. This action includes professional development for Principals, Assistant Principals and Office staff for updating the school website and utilizing ParentConnect to send email, text, phone calls, and digital newsletter to families.

3.3 Revamp and maximize the accessibility to the district's website as a conduit of information for all families and community members - Oxnard School District's unduplicated student groups are some of the lowest performing student groups on state and local assessments,

and also demonstrate some of the lowest rates of parental engagement. In order to improve engagement of these student groups, the district will contract or hire a person as a webmaster to support the update of the Oxnard School District Web page and School sites. This person will need to know the technical and content side of the information and will establish protocols to create consistency among all OSD pages and sites.

3.4 Equitable access for participation - Oxnard School District's unduplicated student groups are some of the lowest performing student groups on state and local assessments, and also demonstrate some of the lowest rates of parental engagement. In order to improve engagement of these student groups, the district will purchase Zoom to improve communication, offer webinars, support instruction. This action will also facilitate access for families that are unable to come to school sites or leave work for meeting.

3.5 Systems of Communication to Include the voices of our different parent groups in the design of learning experiences for student and families - Build systems of communication to provide information to students, families, staff and administration. Videos will highlight projects and information about the student profile within the district and will be shared with the community. The district webpage will be updated to include accurate information to relevant departments. Blackboard, Facebook and Twitter will be for messaging to families. Communication will be shared in English and Spanish with Mixteco and ASL translation when needed.

3.6 Ensure participation, involvement and support of our African American, Mixteco, English Learners parents in the different aspects of their children's education - Oxnard School District's unduplicated student groups are some of the lowest performing student groups on state and local assessments, and also demonstrate some of the lowest rates of parental engagement. The district is committed to ensuring access to information and engagement for all families. This requires the district to provide information in many different languages.

- Maintain two Mixteco Interpreters/translators to support native language interpretation and translation services
- Contract for interpreting Services. This service is provided in order to ensure that all parents and community members have access to all of the district information necessary to fully engage as educational partners.
- Translation Services for Parents. Provide equity and access to community by providing translation services. Translation services are provided by hiring district translators/interpreters. This includes 2 Mixteco interpreters, 5 Spanish translators
- Parent Support Liaison. Maintain a Parent Support Liaison to increase family and community engagement at both school and district levels, establish effective communication between home and school, increase community support for schools and the district, and offer training opportunities for parents

3.8 District Enrolment Center - Oxnard School District's unduplicated student groups are some of the lowest performing student groups on state and local assessments, and also demonstrate some of the lowest rates of parental engagement. Providing access to information for unduplicated student groups is critical for future success. This action principally addresses these needs.

The district Enrollment Center Manager plans, organizes, and directs the ongoing operations of the district's enrollment center including training and evaluating staff; analysis and reporting of enrollment; developing systems to support enrollment at all district school sites. Additionally, the family liaison is housed at the enrollment center and is the first point of contact for families of unduplicated student groups who need support connecting with local organizations. This support includes basic needs such as housing, food and clothing.

3.9 Transition to High School Parent/Student Workshops - Oxnard School District's unduplicated student groups are some of the lowest performing student groups on state and local assessments, and also demonstrate some of the lowest rates of parental engagement. To assist parents in supporting their student's transition to high school the district provides student and parent workshops on Going to High School and Beyond. ORCs and Counselors will provide workshops to parents of students in Grades 5 and up to review what they need to think about before arriving to high school. This action would include preparing students and families with information and support around A-G opportunities and requirements in High School.

3.10 Student voice: Superintendent Fellows - A student representative from each school site who collaborates with the superintendent about the student experience in Oxnard School District. Students are a conduit between the superintendent and other students from their schools. This group provides an opportunity for the student voice and choice to be shared with district leadership.

3.11 Special Education Parent Supports - Special Education Community Council. Monthly community council with selected committee to address and meet the needs of families as they learn to navigate the special education system. These meetings are provided in English and Spanish and include unduplicated student groups.

Goal 4 - Implement a facilities program with the goal of improving student performance - After assessing the conditions, needs and circumstances of Low-income students, English Learners and Foster Youth we learned that there is a growing body of research that indicates that school facilities have a measurable impact on student achievement and connectedness. The spaces where our children spend the majority of their waking hours can impact student learning therefore, OSD is committed to maintaining 21st Century schools that are conducive for teaching and learning the skills necessary for success in the 21st Century.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

The Oxnard Schools District's unduplicated students make up 91% of student enrollment and consequently are at the forefront of all decisions made as a district. These groups are some of the lowest performing student groups on state and local assessments, and also demonstrate some of the lowest levels of parent engagement therefore this LCAP was written with all actions principally directed to supporting these students. As a result of all stakeholder meetings and student achievement data, it was determined that students would greatly need more time engaged with learning, more smaller group differentiation of instruction and greater social and emotional supports. In order to best meet the needs of English Learners, low income students, foster youth and students experiencing homelessness, it is critical that staff are provided high quality training to develop skills necessary to ensure culturally responsive teaching strategies are embedded throughout all content and all grades. According to John Hattie, the teacher is the greatest variance that can make a difference in student achievement. Given the great body of research in the area and in order to meet the needs and accelerate the learning of unduplicated student groups, this LCAP focuses heavily on professional learning, and on developing and retaining human capital. Additionally, students benefit most when parents and families are a significant part of the learning journey, therefore this LCAP also has a strong focus on parent and family engagement, opportunities for parents to develop as advocates for their children, and partners in the learning process.

In order to support further the academic success for English learners, foster youth and low income students, LCFF supplemental and concentration grant funds were distributed to sites and a portion left at the central office. The way funds were distributed to sites was based on enrollment of unduplicated count. These targeted funds will be used to support school based interventions for these student groups, this includes Literacy intervention teachers, tutoring, counselors, outreach specialist and other support staff. In addition to Tier I instructional programs previously identified, these funds will provide extensive Tier II and Tier III Academic and Social and Emotional support for students.

This includes the implementation of a comprehensive MTSS plan to ensure all students with identified gaps in learning are supported both academically and with wrap around social services.

Total Expenditures Table

LCFF Funds	Other State Funds	Local Funds	Federal Funds	Total Funds
\$169,031,969.00	\$17,933,432.00		\$14,681,264.00	\$201,646,665.00

Totals:	Total Personnel	Total Non-personnel
Totals:	\$161,640,666.00	\$40,005,999.00

Goal	Action #	Student Group(s)	Title	LCFF Funds	Other State Funds	Local Funds	Federal Funds	Total Funds
1	1	English Learners Foster Youth Low Income	3 professional learning days		\$2,700,000.00			\$2,700,000.00
1	2	English Learners Foster Youth Low Income	Student Literacy Interventions	\$100,000.00	\$2,616,800.00			\$2,716,800.00

[Plan Summary](#)

[Stakeholder Engagement](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the LCAP template, please contact the local COE, or the California Department of Education's (CDE's) Local Agency Systems Support Office by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires LEAs to engage their local stakeholders in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have ten state priorities). LEAs document the results of this planning process in the Local Control and Accountability Plan (LCAP) using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [EC] 52064(e)(1)). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. Local educational agencies (LEAs) should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Stakeholder Engagement:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful stakeholder engagement (EC 52064(e)(1)). Local stakeholders possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC 52064(b)(4-6)).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC 52064(b)(1) & (2)).

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC 52064(b)(7)*).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with stakeholders that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a stakeholder engagement tool.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for stakeholders and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing, but also allow stakeholders to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse stakeholders and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and stakeholder engagement functions:

Given present performance across the state priorities and on indicators in the California School Dashboard, how is the LEA using its budgetary resources to respond to student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics or a set of actions that the LEA believes, based on input gathered from stakeholders, research, and experience, will have the biggest impact on behalf of its students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

Requirements and Instructions

General Information – Briefly describe the students and community. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

Reflections: Successes – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category or any local indicator where the LEA received a “Not Met” or “Not Met for Two or More Years” rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights – Identify and briefly summarize the key features of this year's LCAP.

Comprehensive Support and Improvement – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Stakeholder Engagement

Purpose

Significant and purposeful engagement of parents, students, educators, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such stakeholder engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (EC 52064(e)(1)). Stakeholder engagement is an ongoing, annual process.

This section is designed to reflect how stakeholder engagement influenced the decisions reflected in the adopted LCAP. The goal is to allow stakeholders that participated in the LCAP development process and the broader public understand how the LEA engaged stakeholders and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the stakeholder groups that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP. Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective stakeholder engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: <https://www.cde.ca.gov/re/lc/>.

Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for stakeholder engagement in the LCAP development process:

Local Control and Accountability Plan:

For county offices of education and school districts only, verify the LEA:

- a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.
- b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.

- c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.
- d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.
- e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: “A summary of the stakeholder process and how the stakeholder engagement was considered before finalizing the LCAP.”

Describe the stakeholder engagement process used by the LEA to involve stakeholders in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required stakeholder groups as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with stakeholders. A response may also include information about an LEA’s philosophical approach to stakeholder engagement.

Prompt 2: “A summary of the feedback provided by specific stakeholder groups.”

Describe and summarize the stakeholder feedback provided by specific stakeholders. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from stakeholders.

Prompt 3: “A description of the aspects of the LCAP that were influenced by specific stakeholder input.”

A sufficient response to this prompt will provide stakeholders and the public clear, specific information about how the stakeholder engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the stakeholder feedback described in response to Prompt 2. This may include a description of how the LEA prioritized stakeholder requests within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by stakeholder input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions
- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures

- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to stakeholders what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to stakeholders and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

Focus Goal(s)

Goal Description: The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with stakeholders. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal

Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with stakeholders, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g. high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–2021 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g. graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric:** Indicate how progress is being measured using a metric.
- **Baseline:** Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome:** When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome:** When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome:** When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023-24:** When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023-24)
Enter information in this box when completing the LCAP for 2021–22 .	Enter information in this box when completing the LCAP for 2021–22 .	Enter information in this box when completing the LCAP for 2022–23 . Leave blank until then.	Enter information in this box when completing the LCAP for 2023–24 . Leave blank until then.	Enter information in this box when completing the LCAP for 2024–25 . Leave blank until then.	Enter information in this box when completing the LCAP for 2021–22 .

The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

Actions: Enter the action number. Provide a short title for the action. This title will also appear in the expenditure tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary expenditure tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No. (Note: for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations, Title 5 [5 CCR] Section 15496(b)* in the Increased or Improved Services Section of the LCAP).

Actions for English Learners: School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC Section 306*, provided to students and professional development activities specific to English learners.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

Goal Analysis:

Enter the LCAP Year

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures do not need to be addressed, and a dollar-for-dollar accounting is not required.
- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for stakeholders. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides stakeholders with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improved services for its unduplicated students as compared to all students and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of stakeholders to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Requirements and Instructions

This section must be completed for each LCAP year.

When developing the LCAP in year 2 or year 3, copy the "Increased or Improved Services" section and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the relevant LCAP year. Retain all prior year sections for each of the three years within the LCAP.

Percentage to Increase or Improve Services: Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

Increased Apportionment based on the enrollment of Foster Youth, English Learners, and Low-Income Students: Specify the estimate of the amount of funds apportioned on the basis of the number and concentration of unduplicated pupils for the LCAP year.

Required Descriptions:

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective: An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA’s goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7% lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school

climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action(s))

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100% attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

COEs and Charter Schools: Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

For School Districts Only:

Actions Provided on an LEA-Wide Basis:

Unduplicated Percentage > 55%: For school districts with an unduplicated pupil percentage of 55% or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

Unduplicated Percentage < 55%: For school districts with an unduplicated pupil percentage of less than 55%, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

For schools with 40% or more enrollment of unduplicated pupils: Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

“A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.”

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

Expenditure Tables

Complete the Data Entry table for each action in the LCAP. The information entered into this table will automatically populate the other Expenditure Tables. All information is entered into the Data Entry table. Do not enter data into the other tables.

The following expenditure tables are required to be included in the LCAP as adopted by the local governing board or governing body:

- Table 1: Actions
- Table 2: Total Expenditures
- Table 3: Contributing Expenditures
- Table 4: Annual Update Expenditures

The Data Entry table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included.

In the Data Entry table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All", or by entering a specific student group or groups.
- **Increased / Improved:** Type "Yes" if the action is included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.
- If "Yes" is entered into the Contributing column, then complete the following columns:

- **Scope:** The scope of an action may be LEA-wide (i.e. districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools”. If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.
- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year”, or “2 Years”, or “6 Months”.
- **Personnel Expense:** This column will be automatically calculated based on information provided in the following columns:
 - **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
 - **Total Non-Personnel:** This amount will be automatically calculated.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e. base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
