

# Viewing Grades and Assignments

## Family Access

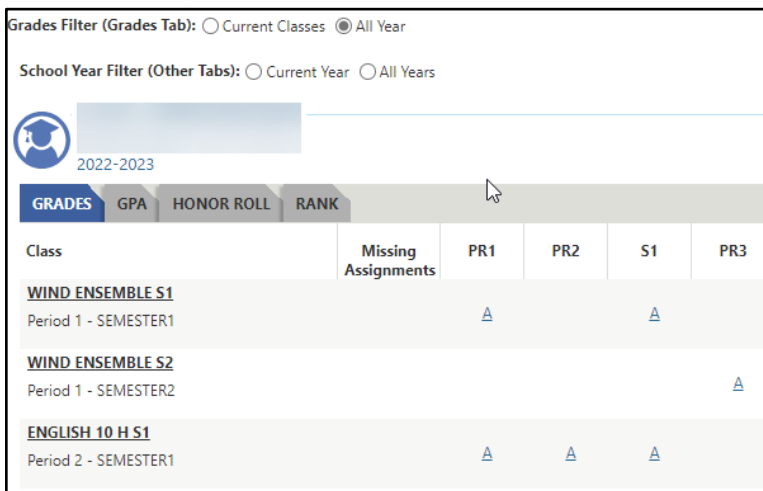

If your student is in the Seventh Grade or higher, you'll be able to review their class grades and assignment progress in Family Access. Assignment information is also updated daily with the latest details from Canvas.

To view current grades and assignments,

1. From the homescreen, click on the Grading tile.

2. Select the tab, **Grades**.

A screenshot of the Family Access interface. At the top, there are filters for 'Grades Filter (Grades Tab):' with radio buttons for 'Current Classes' and 'All Year' (selected), and 'School Year Filter (Other Tabs):' with radio buttons for 'Current Year' and 'All Years'. Below the filters is a student profile icon and the school year '2022-2023'. A navigation bar has tabs for 'GRADES', 'GPA', 'HONOR ROLL', and 'RANK', with 'GRADES' selected. Below the navigation bar is a table of class grades.

A panel opens on the right, and you can view a list of assignments.

- To view more details about the status of an assignment, such as if it is missing or late, click on the assignment in the Description column.
