

Staff Report

TO: Board of Trustees

PRESENTED BY: Dr. Deborah Salgado, Assistant Superintendent-Human Resources

BOARD AGENDA ITEM: COVID Protocols

BOARD MEETING DATE: September 15, 2021

BACKGROUND

Due to the global pandemic, schools and school Districts have been given guidance on protocols to help ensure the safety of students and staff on school campuses. While these protocols are fluid, it is prudent to inform the school community as to the processes we are currently required to follow regarding positive Covid cases, and how to respond to them.

ADMINISTRATIVE DISCUSSION

The District administration stays informed from VCOE, VCPHD, and the CDPH as to the current standards and processes that we must follow. In an effort to elevate the understanding all in our school community as to these protocols, we have prepared a staff report for your information.

FISCAL IMPLICATION

No fiscal implication.

RECOMMENDATION

Information and discussion only.
