

Birthday parties are a special time for children but can also be a difficult time for children with food allergies. If you would like to send a treat to celebrate your child's special day we strongly encourage pencils, stickers, or other non-food party favors. If you chose to bring a food treat, we request that it be store bought cupcakes packaged as **individual servings** (no cakes – we do not have the time or supplies to serve cake). This will allow us to carefully check ingredients for students that have food allergies. Peanuts, tree nuts, and red dye 40 are common triggers for allergic reactions. Please make sure your snacks are **NUT FREE**. If you bring homemade snacks, which we do not recommend, you must provide a list of ingredients. Our school nurse must approve your snack in the office before permitting your snack into other areas of our school. Parents must notify teachers at least 48 hours before bringing snacks.

Please feel free to call our nurse at 817-807-2810 with any questions.

We are a latex sensitive campus. Please do not bring latex balloons.

Thank you in advance for your cooperation.
