Access to Buildings

The superintendent will control access to district buildings as appropriate and necessary to protect property, students and personnel.

Principals will control access to school buildings and will provide safeguards against unauthorized access to these buildings. Each principal, with the superintendent's approval, will develop regulations designed to control the use of building keys and to ensure that buildings are adequately closed and locked when no authorized personnel are present. Staff or students who fail to obey such regulations may be disciplined, suspended or dismissed.
