

Code: **EFC**
Adopted: June 24, 2006

Vending Machines and School Stores

The superintendent may authorize the use of vending machines or the establishment of school stores for food sales when appropriate. Nevada Department of Education nutrition and wellness policy will be followed.

Food items will be commercially prepared and prepackaged. Funds received from sale of food items will be used for student activities or other uses authorized by the Board.

Building principals will be responsible for the regulation and supervision of vending machines or school stores within the buildings.
