Special Education - Private Schools/Home School

The district shall ensure that a student with a disability who is placed in or referred to a private school/home school or facility by the district is provided special education and related services at no cost to the parents, is provided an education that meets the standards that apply to education provided by the district and has all of the rights of a student with a disability who is served by the district.

If a student with a disability has a free appropriate public education available to him/her and the parents choose to place the student in a private school/home school, the district is not required to pay the cost of the student's education, including special education and related services, at the private school/home school. However, a service plan will be provided as funds are available.

Parentally-placed private school/home school students will be included in the district's special education private school/home school student count and the private school/home school students for whom the district may provide services.
