

Alternative Education Programs

The Board is dedicated to providing educational options for all students. It is recognized there will be students in the district whose needs and interests are best served by participation in an alternative education program.

Students may be placed in an alternative education program if the district determines that the placement serves the student's educational needs and interests and assists the student in achieving district and state academic content standards. The district will also consider and propose alternative education programs for students prior to expulsion or leaving school as required by law.
