

The Millville Area School Board held their regular meeting on Wednesday, December 7, 2022, at the Columbia Montour Area Vocational Technical School beginning 7:11 pm, immediately following the re-organizational meeting.

GUEST RECOGNITION AND COMMENTS

No guests were present for the meeting.

ADMINISTRATIVE REPORTS

Technology – Mr. Noah Adams

Mr. Adams had previously submitted his report for the board's consideration. Board member Brynn Clark asked for clarification on who pays for repairs to a student's device when the student damages it.

- In response, Mr. Adams stated that the school district would pay. In addition, Mr. Rasmus stated that there is a price differential for certain types of devices.
- Mr. Adams countered that he has been trying to cut down on those costs by repairing the devices in district, as opposed to sending the device out for repair, but sometimes it is not possible or feasible to do so.
- Mr. Adams said that the district used to require deposits from families, but the process was not a viable option. Mrs. Holloway added that the district is still currently holding deposits from families who previously had given them, but we are no longer asking for new deposits. She added that when the technology department informs us of the need, the district has returned some deposits as necessary.
- Mrs. Myers asked if the students destroy or vandalize another student's device, does the district hold them accountable.
 - In accordance with this question, Mr. Hemsarth asked if the process was in policy.
 - Mr. Rasmus answered that the board would be considering the policy for cell phone usage at this meeting. The district can look back into the policy for this. He believed that we were still working under procedures put in place during Co-Vid, for the most part.
 - Mr. Hemsarth mentioned his belief that the technology director Mr. Jim Hess made a presentation about the devices being under federal warranty in the past.
 - Mr. Adams countered that the technology department had looked into the warranties when the district purchased the devices, and the price to fix them did not seem worth it.
 - Mr. Rasmus mentioned that last school year (21-22), there was a student who was given multiple devices, which was addressed with the student.
 - Mr. Adams added that for the most part, the district is not having wide spread issues with student misuse.
 - To this, Mrs. Clark added that her concern was more with the cost of the repairs than the discipline aspect. Mr. Adams added to the discussion that there are some additional caveats to the system if the students are receiving free and reduced lunch or have an Individualized Education Plan.
 - Mr. Rasmus stated that he sees the expense as a necessary expense and that the district can look into the insurance on the devices in the future. Mrs. Myers added that the board could ask Mr. Adams to run a report of the total repair cost at the end of the school year. To close the discussion, she added that this would at least give the board a ballpark idea to see if there is need or not to look into insurance in the future.

Elementary School – Mr. Sanders

Mr. Sanders had previously submitted his report but wanted to share an email he received with the board. The email praised the Santa's Workshop workers who recently helped out at the Elementary school. This email solidified the good things happening at the Elementary school. The board members thanked him for sharing

Buildings & Grounds – Mr. McWilliams

Mr. McWilliams had previously submitted his report for the board, and no additional questions were asked.

- Mr. Rasmus added clarification on this motion for the board that the Grant application the district had submitted was returned because no board action was taken on the grant. Therefore, that is why these items are being brought for consideration to the board for approval.
- Mrs. Mausteller asked about the speakers for outside of the buildings. Some feedback that had been presented to her from staff members from the All-Hazards Drill was that they could not hear announcements outside. In response to this, Mr. Rasmus added that the district was aware of this concern, and the amounts presented to the board from the grant application were only proposed costs and that the board will be able to see actual quotes when these items are actually purchased and after the district looks further into the actual speaker needs. Mrs. Mausteller answered that she wanted to make sure of that fact.

After the brief discussion, the motion carried by roll call vote. 5 Yes; 0 No; 3 Absent

2022-2023 STUDENT HANDBOOK UPDATES (PERSONAL TECHNOLOGY DEVICE PROCEDURES)

A motion by Brynn Clark and seconded by William Berger that the Millville Area School Board approve updates to the 2022-2023 Student Handbook, specifically related to expectations and procedures related to personal technology devices within the school setting.

- Mr. Rasmus explained the updated sections of the handbook, including the revisions to the Personal Technology Device Procedures. In summary of the updates, Mr. Rasmus explained for the board that the students will be asked to not bring their devices to school. However, if they do, they will ask all students to put their devices in a pocket organizer, to be located in each classroom. He went on to say that these changes in procedure will take effect when students return from holiday break. Finally, he reminded the board that the expectation with this change is not to eliminate the use of personal devices, but rather reduce the issues they can create. The general rule was that students would not be able to use them in classrooms but allowed within reason during study halls. In conclusion, Mr. Rasmus shared with the board his intent to post this on Sapphire, share it with families in writing, and post to the school district website.
- As an addition to this, Mrs. Bonnie Gregory shared with the board a recent issue at the high school wherein students were calling their parents during the school day to tell them about their sickness without being seen by the nurse. So, in essence, the students are bypassing the nurse and procedure for illness. Mrs. Gregory shared that the Attendance Secretary has been communicating to the parents the concern with this and has been marking those students as unexcused. Mrs. Gregory believes this issue will decrease in tendency if the students do not have their phones.
- Mr. Greg Hemsarh added to this that he would like to see the policy clarified for if a student takes a picture of someone else on their phone, how they would be disciplined. He also asked if this change to procedure would also apply to athletics and extracurricular activities like musicals and plays.
 - Mr. Rasmus answered that the students taking pictures of other students could open up the district to potential liabilities if the students do not have releases or permission. Mrs. Gregory

added that this practice has happened at the high school sometimes during lunch and now, with her increased presence during lunch, other students have been coming to her to inform her of this happening.

- Mr. Hemsarth asked the question then about whether or not this policy applies to public athletic events. Mr. Rasmus answered that some language could be added to clarify that. He stated that the issue with this becomes what the student does with the picture because rules of the district are followed under school hours. Going further, Mr. Rasmus said that if the incident happens at a sporting event where someone is acting inappropriately, that would be in the jurisdiction of the school district. Mrs. Gregory added that it would also depend on what the person is doing with the picture.
- Mrs. Clark then mentioned her belief that the “Other Provisions” section of the policy is not clear and may need to be clarified or altered. Mr. Rasmus answered that in updating this policy, he was focusing on the situations that have arisen in the past to decide on the severity of the language used.
- Mr. Hemsarth then asked the remainder of the board if they should consider voting to approve the updates as written with the expectation that alterations would need to be made in the future. To this question, the consensus of the board was that they should move forward with the motion.

After the discussion outlined above, the motion carried by roll call vote. 5 Yes; 0 No; 3 Absent

MEMORANDUM OF AGREEMENT – AFTER SCHOOL ATHLETIC STUDY HALL

MILLVILLE AREA SCHOOL DISTRICT

Millville Area School Board Meeting Minutes

December 7, 2022

A motion by William Berger and seconded by Brynn Clark that the Millville Area School Board consider and approve the Memorandum of Agreement between the Millville Area School District and the Millville Area Education Association whereby staff may serve as After-School Athletic Study Hall monitors at a compensated rate of \$25.00 per hour from 3:05 pm until the scheduled athletic activity or event starts.

- Mr. Rasmus shared that there were concerns about this agenda item prior to the meeting.
- Mrs. Mausteller asked if the students would be staying on school property when attending the proposed athletic study hall. She shared her belief that the students could instead go home or to a friend's home in between school and the athletic activity.
- In response, Mr. Rasmus explained that the board can certainly vote this agreement down, but this was proposed for families who needed this due to work schedules and due to the fact that some of our coaches cannot make their practices directly after school.
- Mrs. Mausteller shared that when coaches are hired, that also includes the supervision of students. She believed that this agreement would open the district up to a myriad of problems. Then, she asked if this type of athletic study hall was done in the past, were staff paid. To this, Mr. Rasmus answered that staff members, predominantly paraprofessionals, were paid in the past. Mrs. Mausteller then asked how often would this be and how much would be paid out overall. Mr. Rasmus answered that the study hall would be in place as needed based on the athletic schedules.
 - Mrs. Clark added that last year it was only utilized a few times in the season to her recollection.
- Mrs. Gregory then asked if students could be allowed, with parental permission, to go home with someone else's parents or on a different bus other than their normal transportation.
- Mrs. Clark then offered a scenario where this would be needed. If the bus would leave for the "away" athletic event at 3:45 pm, there would not be enough time for the students to go home and come back to school in time for the bus departure.
- Mrs. Mausteller noted again her belief that this practice opens up the district to liability issues and expense.
- Mr. Rasmus added that this was proposed by a teacher and coach who saw two students unsupervised in the school building. The proposed agreement was to hopefully prevent this from happening again.
- Mrs. Gregory mentioned that if it was an emergency, she would stay as needed.
- Mr. Hemsarth then asked if it would be possible to use the after school detention monitors in this capacity.
 - Some concerns were raised to this suggestion about privacy.
- Mrs. Mausteller added that if this is put forward, it would need to be open to any type of after school activity.
- In conclusion to the discussion, Mrs. Clark added that there would certainly need to be some guidelines placed on the use of the athletic study hall, but she saw the need for it.

After the discussion outlined above, the motion failed by roll call vote. 2 Yes; 3 No (Hemsarth, Mausteller, Myers); 3 Absent

MEMORANDUM OF AGREEMENT – AFTER SCHOOL DETENTION MONITORS

A motion by William Berger and seconded by Greg Hemsarth that the Millville Area School Board consider and approve the Memorandum of Agreement between the Millville Area School District and the Millville Area Educational Association whereby staff may serve as After-School Detention monitors at a compensated rate of \$25.00 per hour from 3:10 – 4:10 pm to supervise students assigned to detention.

- Mrs. Mausteller asked for clarification on this motion as to why it was being brought to the board for approval again. Mr. Rasmus answered that we voted on the premise but wanted to approve the agreement in writing to follow through.

After the brief discussion, the motion carried by roll call vote. 5 Yes; 0 No; 3 Absent

BLUE STRIKES SOCCER USE

A motion by Greg Hemsarh and seconded by William Berger that the Millville Area School Board consider and approve the use of gym facilities by Blue Strikes Club Soccer Team, every Sunday afternoon from January 8th through March 26th, fee to be determined by the Board of Education.

- Mrs. Myers stated that she is not comfortable with the use happening on Sundays.
 - In response, Mr. Hemsarh mentioned that after speaking to the requester, Sunday was the club's preferred day but would be open to working with the school for alternate days.
- Mr. McWilliams, Supervisor of Buildings and Grounds, added that the district does have a maintenance worker on site on Saturdays but at different times of the day, based on the event schedule for the day.
- Mr. Rasmus added for the board's consideration that the motion could be approved in coordination with the building, around the district athletic schedule, which would take precedence.
 - Mrs. Clark asked to Mr. McWilliams if it would be feasible to have the requester work with maintenance to coordinate a time when staff is already present in the building. To which, Mr. McWilliams answered that it would be feasible.
- Mrs. Gregory asked in response to the financial concern if the cost of maintenance staff could be worked into the fee charged by the district.

After this discussion, an amended motion was proposed stating the following:
