Janee' Carter Superintendent • (903) 634-5270 • [jcarter@loisd.net](mailto:jcarter@loisd.net)

In the development of our ESSER III plan Lone Oak ISD engaged in meaningful consultation with stakeholders. As a district, we met with multiple committees that included stakeholder groups as outlined by ESSER III guidelines and school board policies. A district-based Committee met on 5-28-21 and their recommendations were submitted to the school board for approval on 6-21-21.

During these committees the academic needs of students were discussed and the social, emotional and mental health of students were considered. Multiple cost objectives in our planned expenditures address these considerations. Additionally, the district is committed to address these needs through the district's general fund as needed.

Sincerely,

Janee' Carter
