2020-2021 Budget Edition

## A Message from the Superintendent

Dear Clinton School District Resident:

I write to you during an unprecedented time in our history that is challenging every aspect of our lives, the COVID-19 Pandemic. By the end of this school year, students and teachers will have spent nearly one-third of the school year online and away from each other, missing out on not only a robust academic experience, but all of the other things that make school special - mostly each other and what we do together. I will say that what we did together during the first portion of the school year was filled with wonderful experiences, outstanding accomplishments, and many bright spots to which we are normally familiar.

This year we again received national recognition as one of the Best Communities for Music Education 2020 for our outstanding commitment to music education, and our high school was recently recognized as a New York State Recognition School for the third consecutive year, the first having resulted in our National Blue Ribbon School of Excellence Award in 2017. We are again so proud of our students and staff for achieving this recognition and consider it a result of the collective effort and support of our community, staff, families, and students at all levels in our school system. In addition, our students continue to perform well in the Arts, academics and athletics both regionally and nationally in many areas, and we are proud of our schools and students being an integral part of our community through our many service projects and collaborations.

This is the time of year for the community's thoughtful consideration of our spending plan for the 2020-2021 school year, and I am proud of the work we have accomplished together during the development of this budget upon which you will vote: this year by absentee ballot through the US Mail. You will not be able to physically vote on the budget, but will need to vote on a paper ballot that will be sent to you in the mail. We will also be including a self-addressed postage paid envelope for you to mail your vote back to us. We will be mailing your voting letters to you at the end of May, and will be counting the votes on June 9, so make sure you mail your ballots so we have them in time.

Again, this year we have developed a plan that I believe is educationally responsible to our students and fiscally responsible to our community. We also engaged in an internal process that required us to analyze all areas of our expenditures in order to find efficiencies, which allowed us to decrease costs, and reclaim those funds to preserve our vital programs and improve in areas identified as district-level and building-level strategic priorities. This was especially challenging given the decrease in Foundation Aid from New York State this year and the now permanent tax cap formula that limits us to a maximum 2.74% increase in our tax levy. You will also notice the overall 0.69% decrease in our budget expenditures compared to last year. *(Continued on page 3)*

### What happens if this budget proposal is defeated?

The Board of Education has three options under the law.

- Submit the same budget to the voters for a second vote on a date to be determined.
- Revise and submit the budget for a second vote on a date to be determined.
- Reduce the budget by eliminating the purchase of equipment and any amounts tied to the community's use of the school facilities, and declare a contingency budget without a second vote.

*If the Board of Education adopts a contingency budget, equipment expenditures of \$ 431,036 will be removed and other items as required by New York State Education Department regulations.*

### Working Together

Custodians continue to keep buildings clean and in repair, move classrooms, and assist construction crews throughout the time of closure and through the summer months.

## Santoli Award for Kindness Fall Winners Chosen

The Frank Santoli Award for Kindness was initiated by Mr. Santoli's wife, Genevieve Santoli during the 2015-2016 school year. Mr. Frank A. Santoli was a beloved and inspirational science teacher at Clinton Middle School from 1968 -1986 who believed in celebrating his students' passions and changing his community and world through small, genuine acts of kindness. This award validates Mr. Santoli's legacy and is evidence of the Positivity Project's mission of character development among all Clinton students.

Due to strength of character, good citizenship, and kindness exhibited on a daily basis, the following students were chosen based on faculty nominations. In the Elementary School, Emily Roy was selected. Arianna Febus was the recipient in the Middle School and Megan Gromo was chosen in the High School. Each student will receive a \$50 award to use towards a service project of their choice. # Working Apart

## *"Just in Case..."*

Well in advance of the looming shutdown, teachers were charged with the task of preparing two weeks worth of instruction to be delivered either on paper or online to students. A tremendous amount of communication and coordination on the part of staff members was required to make this happen including teachers, administrators, IT staff, BOCES support staff, bus drivers, food service, secretaries, and the list goes on and on. Detailed assignment schedules have been provided to households regularly by teachers, as well as positive and encouraging messages and videos. Teachers, administrators, guidance counselors, and social workers continually communicate with each other and with students to help families navigate these uncharted waters. Faculty, Board of Education, and Cabinet meetings continue to happen regularly online. We are all working hard with your help and will continue to do so because we care about our students and our families. **We miss you!**

CCS bus drivers were at the ready to deliver instructional materials, food, Chromebooks and smiles to District families.

With the possibility of school closing looming, High School Principal Dr. Matt Lee, teachers, and office staff pitched in to assemble instructional packets for delivery to ensure continuity of learning.

## *Food Service Workers* .....

Food Service workers have been on duty every day to prepare and distribute Grab'n'Go bags that each include a lunch and a breakfast. Between March 17 and April 14, 8,400 meals had been served to local children for which the District will be reimbursed. Food is distributed daily from the high school cafeteria garage door, and from a school bus parked in the lot of Annunciation Church in Clark Mills, where the Country Pantry is located from 10 a.m. to noon. Thank you to Diane McNamara, Pat Wampfler, Debbie Roberts, Bob Maxam, Candy Doyle and Mary Schick for their hard work and dedication.
