TREES FOR SUFFIELD HAS TREES FOR FREE!

TREES FOR FREE*

A community project benefitting your environment

SUPPLY IS LIMITED • FIRST COME FIRST SERVED

ENTER YOUR YARD TODAY

**Made possible by a grant from the Suffield Greater Together Community Fund at Hartford Foundation*

ARE YOU ELIGIBLE FOR A FREE TREE ?

TREES FOR SUFFIELD still has sapling trees available FREE to Suffield residents. If you are a homeowner with a good location for a large roadside tree (mature size 25'-90'), then you are eligible. Register your property and make a pledge to water and care for your tree.

If your property is selected for **A TREE FOR FREE**, we will come to your house, help you site the tree and assist in planting it. We will provide soil amendment and mulch to give your tree an extra boost. We'll even provide instructions on pruning and maintenance.

Tree choices subject to availability.

TWO WAYS TO APPLY:

1. Use this quick link to our Google form.
2. OR, clip and return the form in the June issue of the *Suffield Observer* and return to the Conservation Department at Town Hall.

Trees add beauty to your yard and benefit the environment.
