Areas of growth include: 1) promotion of healthy/quality eating in our schools; 2) we want to make sure the nutrition content is regularly available for parents and reduce frequent changes to the menus; 3) we want to partner with students, teachers, nurses, grounds, and custodians for feedback on the assessment and improvement of our wellness programs; 4) we want to update/show the public how we are integrating the wellness policy; 5) we want to improve measuring the implementation of policy goals and report the findings to the public.
