Please remind your students that the OC is a closed campus. We want to make sure all students remain safe once they arrive at school. So, what does this mean? Once you drop your child at school they are not allowed to leave school grounds to go get a drink or treat from the surrounding businesses.

Students who need to leave school grounds must be checked out through the front office by a parent/guardian. Thank you for your help!

The city is currently working on replacing the curb and gutters surrounding the school. They are currently working on the corner of D Street and 2nd Avenue.

While they complete the project we ask that parents are extra cautious when picking up and dropping off students.

Right now, we are still planning for students to be dropped off and picked up on 2nd Avenue. The city is aware of our start date and said they are working hard to be finished by the 21st. We will continue to update you on the construction and any possible need to change drop-off and pick-up for the first few weeks of school. Thanks for your patience!
