

Device Requirements by Year Group

Year Group	Requirements
Nursery to Year 2	Students will use Tanglin facilities in school. If the school moves to Remote Learning, access to a device with internet connection at home will be required.
Year 3 to Year 6	Students will use Tanglin facilities in school and will require access to a computer at home. If the school moves to Remote Learning, students will bring home a school-owned iPad and will need access to wi-fi at home.
Year 7 to 13	<p>The Senior School runs a BYOD (Bring Your Own Device) programme with the proviso that it is pen-enabled and as such, all Senior School students must have a pen-enabled device. In Years 7 and 8, students normally continue with using an iPad (not iPad mini), a device they are familiar with from Year 6, but with the addition of a keyboard and Apple pencil. At any point in the Senior School, students can switch from an iPad to a Windows pen-enabled device, for example, the Microsoft Surface Pro with keyboard and stylus. This most commonly happens in Year 9 or Year 10. This device will also take students through to the Sixth Form and to University. The recommendation for students studying or considering to study Science or Maths in the Sixth Form is a pen-enabled Windows device to enable them to use specific software in these subjects. In Maths, students are able to use an emulator for their graphical calculator that is currently not available on an iPad. In Science, the data logging and graphing software has limited functionality on an iPad.</p> <p>Please note:</p> <ul style="list-style-type: none">• Students should bring a pair of inexpensive earphones for use in lessons.• Regular laptops that do not have a touchscreen and pen input i.e. MacBooks and gaming laptops are not allowed.• New students should install Microsoft Teams, OneNote and Outlook onto their devices before attending the Student Orientation Day. The license for this is available through their school account.

A range of approved Apple and Windows devices and accessories are available at <https://edukinect.myshopify.com>. You will need the Tanglin School code “TTSEKSGDevice”

An education discount is also available from the Singapore Microsoft, Dell and Apple Stores, with the use of a students Tanglin email address. Refurbished iPad models with a 1-year warranty are also available from the Apple Store [here](#).
