

SCC Notes for May 25, 2023

Attendees: Frances Battle, Jen Johnson, Nancy Wilson, Alexander Hyles, Liz Beebe, Crystal Rudds, Lamar Spotted Elk, Rielly Butler, Hope Jenkinson, Willow Amendola-Francis, and Kelli Neuteboom

Discussion:

- Last meeting of the year, we will confirm next year's SCC in the fall- if anyone is aware of persons who might want to join, let Mrs. Battle know, we need more diversity on the team to reflect the diversity of our student body
- New Superintendent has been hired- can read about her on the district website
- School boundary meetings are being held with every school's SCC as well as meeting with each school's principal. Mrs. Battle and Ms. Jenkinson meet with Brian Connelly on May 19th, and he reiterated that they are only looking at elementary schools currently.
- Ms. Beebe asked if for a discussion of whether to remain a K-8 of not. There were many comments and questions, mostly from the parents. Mr. Butler questioned why we would discuss this right now since only elementaries are being studied and having the middle school offers Nibley more students and another "special" program.
- School Improvement Plan and Land Trust Plan have been approved
- Field day was on May 26th and the talent show and BBQ were on June 1st
- We will be having summer school at Nibley for K-6, 7-8 is being held at Bryant
- Some of the budget money this year went to paying teachers for covering specials time

- Ms. Beebe is the ST Math teacher of the year
- Ms. Gardner won an award for her work with our essential elements students
- Ms. Willow discussed that we passed our CCE which brings money into the school- only possible due to having a middle school
- Acadience scores are looking good
- Hope week was the week of May 30 – June 2
