\$1,000–\$53,646

Ranges of tuition for families receiving financial assistance

29%

of student body receiving financial assistance

\$18,893

Average tuition payment by family receiving financial assistance

Urban is committed to creating a diverse, dynamic and inclusive community of students and families. We believe the best education occurs in a school made up of students, teachers and families drawn from different backgrounds and perspectives. Urban maintains a strong financial assistance program to ensure an Urban education remains accessible to students regardless of their economic circumstances.

We want to ensure that students receive a fully immersive experience in all that Urban offers, thus we also assist students with the following: outdoor or global education trips, transportation, books, meals/snacks/drinks in our on-site cafe, school social events, tutoring, athletic practice gear, and many college-related expenses such as standardized tests, college visits and specialized tutoring.

We love getting to know every prospective student and their family, just like we loved getting to know our current Urban families. If you are applying for financial assistance, we want to answer your questions and work with you to understand your unique family circumstances. We encourage you to explore the process and begin a confidential conversation by reaching out to the Urban Admissions team at 415 593 9555 or email admissions@urbanschool.org. If a fee waiver would be helpful for your family when completing the Urban Parent/Guardian Application, please use the code BLUES28. Visit urbanschool.org/admission/affordingurban for more information. We look forward to connecting and working together with you!

Financial Assistance Details

- + Admissions decisions are made separately from financial assistance decisions. Details about financial assistance packages will accompany letters of acceptance to Urban.
- + Urban offers financial assistance based on both a family's need and the availability of budgeted funds. To determine a family's financial assistance package, we rely on our financial assistance partner platform Clarity Tuition (app.clarityapp.com) to evaluate total income, expenses, assets and liabilities as a starting point for our own calculations.
- + Financial assistance applications for the 2024-25 school year are due on January 9, 2024. More dates and details can be found on our website.
- + Urban families reapply for financial assistance **each year** through Clarity Tuition so that any major changes to a family's financial situation can be reflected in the student's financial assistance package, though most students receive a similar award each year if the need remains the same.
