

2023-24 STUDENT PARKING PERMITS

As always we are focusing on continued improvement of school safety by ensuring that only individuals with permission park on the property. Therefore, students will need parking **permits** in order to park on campus. **Parking is on a first-come, first-served basis.**

Beginning August 7th, permits can be picked up through the ASB Bookkeeper. There is no cost for the original parking permit, but the cost of a replacement permit is \$5. Please cut along the dotted line and fill the permit application out in its entirety.

Each student with a valid driver's license who plans to park on campus is authorized to receive one parking permit; however, at the ASB Bookkeeper Window, a second car may be linked to that permit if necessary. Your parking permit must be displayed at all times when parking on campus. The permits are only for student use.

Student parking on campus is a privilege. The school principal can revoke parking privileges on campus if necessary. Vehicles parking without a parking permit in the student lots may be cited. Thank you for your support and understanding in making our campus safe.

Please complete this form and bring with you to the ASB Bookkeeper Window

Name: _____ Student ID# _____

DOB: _____ Grade: _____

Driver's License #: _____

Make/Model of Vehicle: _____
