Dear Student,

My name is Mrs. Mizimakoski and I will be one of your teachers this year! This will be my fourteenth year teaching at Maugham School! I love being a teacher because of all the exploring, learning, and fun we get to have together!

I grew up and went to school in Bergen County, just like you! I went to The College of New Jersey where I earned a master's degree in Elementary and Special Education. I love to teach and I can't wait to share all the exciting things you will learn this year.

You will get to know me well throughout the year, so I want to introduce myself formally. I am married and have two amazing sons. In my free time, I love spending quality time with my family and friends, going to the beach, cycling, doing home projects, and reading.

I hope you have been making lots of memories this summer with your family and friends, I cannot wait to hear all about them! I have been spending a lot of time at the park and at the swimming pool with my sons. I look forward to meeting you and learning about your favorite things this year, but to start, here are a few facts about me. I look forward to seeing you on the first day of school!
