

July 21, 2023
News Release:

***Tenafly Board of Education Offers
Easy Access to Board of Education Meeting Agendas***

Tenafly Public Schools is pleased to announce that it will be leveraging a Cloud-based technology solution – BoardDocs – to help provide for open board meeting communication with the Tenafly community and general public.

For July 24th and all future Tenafly Board of Education Meetings, BoardDocs may be accessed **the Friday prior to each Board Meeting (after 4 pm)** via the district's website (www.tenaflyschools.org – click on “Board of Education” then Agenda/Minutes/Meeting Dates) or by visiting: <https://go.boarddocs.com/nj/tenafly/Board.nsf/Public>

BoardDocs will provide easy public access via the Tenafly Public Schools' website to monthly Board of Education meeting agenda items and other board-related information. Through BoardDocs, interested parties will be able to review information prior to meetings. Then after the meeting, individuals can review the agenda items and see what action the Board took, complete with voting results (via Board Meeting Minutes). All documents associated with the meeting are automatically archived and can be accessed by date or by using the system's comprehensive Search feature.

For Board-related questions, please contact Dr. Victor Anaya, Board Administrator/Board Secretary at vanaya@tenafly.k12.nj.us .
