Career Opportunities

Therapeutic Services is designed to prepare students to pursue careers in fields of dentistry, pharmacology, nutrition, or rehabilitation. Upon completion of this program, a proficient student will be able to identify careers in therapeutic clinical services; assess, monitor, evaluate, and report patient/client health status; and identify the purpose and components of treatments. Students have the option to take part in a clinical internship at the end of this program of study. Some careers in this field are Dietetic Technician, Pharmacy Technician, Medical Assistant, and Dental hygienist. Salaries per year range from \$25,000 - \$73,000 depending on your career path.
