Lake Worth ISD Middle School Awarded at Walmart's New Fuel Station & Mini-Mart Opening

Lucyle Collins Middle awarded \$500 donation

Lake Worth, TX – Walmart held its grand opening and ribbon-cutting ceremony for its newest mini mart location in Lake Worth this past Wednesday morning, April 3rd. After a moving chorus of the National Anthem and an invocation by Dustin Jones, from Vantage Point Church, the event MC shared the importance and significance of Walmart's new mini-mart opening.

"It is a privilege for us to be a part of the growth in Lake Worth," said the spokesperson for the event. "It is our goal to provide a new type of convenience for shopping to our customers...an experience where you can count on clean fuel pumps, clean restrooms and friendly service, excellent hot food and, of course, Walmart's everyday low price."

Lake Worth's Mayor, Walter Bowen, shared a few words regarding the grand opening of the new Fuel Station & Mini-Mart as well. "We're very happy about this new fuel station here at Walmart," he shared. "Walmart is a very community-oriented company, and we are very blessed to have folks like you and Walmart in this area."

Walmart later recognized several individuals whom they felt were heroes within the Lake Worth community, one of which was Lake Worth ISD's very own Kathy Harmon, Lucyle Collins Middle School principal. Kathy was awarded a \$500 donation to the school and thanked for her impact within the community and education system.

"I was excited when I received the phone call yesterday from Edie to let me know that they chose Lucyle Collins to receive the \$500.00 donation," Harmon said. "It will definitely be used. Administration and the leadership team will decide how we can best use the donation to help students. Wal-Mart is truly a community store...the addition of the mini-mart, located right off of Jacksboro Highway, will help make Wal-Mart a one-stop shopping experience for our community."

About Lucyle Collins Middle School

Lucyle Collins Middle School is one of six campuses within LWISD who serves a community of twelve square miles in northwest Tarrant County. The area includes the City of Lake Worth, a small portion of the City of Sansom Park, and a small area on the north side of the City of Fort Worth.

LWISD registration for the upcoming school year will open May 2019. Students can be registered online at <https://www.lwisd.org/registration> or contact Student & Operational Services at 817-306-4209 for more information. For daily updates on school events, testing and registration, follow us on Facebook @LakeWorthISD.
