June 28, 2023

Dear Private Non-Profit School Provider:

This letter serves to announce that private non-profit school providers who serve eligible students who live within Lake Worth ISD attendance boundaries are invited to participate in Every Student Succeeds Act (ESSA) as well as the Individuals with Disabilities Education Act, Part B (IDEA).

We are required to consult together with private non-profit school providers who are interested in participating with us to determine equitable participation services for eligible private school students and, if applicable, their teachers and parents. LWISD is responsible for the administrative oversight of the ESSA and IDEA program(s) funds within the Private Nonprofit School(s).

We invite you to share this information with anyone who may benefit from Title I or IDEA services. We appreciate any assistance you can provide us in our quest to serve the children of LWISD. Please contact us by phone at 817-306-4200 or email strask@lwisd.org if you have any questions or want to understand how to access services for the upcoming school year.

Sincerely,

Sharon Trask
Director of Special Services

cc: Sherry Dickens (ESSA)
