CERTIFICATE OF BOARD

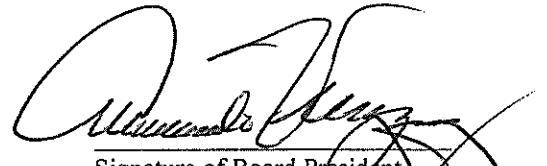

Lake Worth Independent School District
Name of School District

Lake Worth
County

220-910
Co. - Dist. Number

We, the undersigned, certify that the attached annual financial reports of the above-named school district were reviewed and (check one) X approved _____ disapproved for the year ended August 31, 2022, at a meeting of the Board of Trustees of such school district on the _____ day of January, 2023.

Signature of Board Secretary

Signature of Board President

This page left blank intentionally.

Independent Auditor's Report

Lake Worth Independent School District
Lake Worth, Texas

Opinion

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Lake Worth Independent School District as of and for the year ended August 31, 2022 and the related notes to the financial statements, which collectively comprise Lake Worth Independent School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of Lake Worth Independent School District as of August 31, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financials section of our report. We are required to be independent of Lake Worth Independent School District and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lake Worth Independent School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with general accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lake Worth Independent School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Denton Independent School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 7 through 14 and the Teacher Retirement System schedules on pages 62 through 70 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Lake Worth Independent School District's basic financial statements. The combining and individual nonmajor fund financial statements, the required TEA schedules listed in the table of contents, and the schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, the required TEA schedules, and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 14, 2022 on our consideration of Lake Worth Independent School District's internal control over financial reporting and on our tests of the compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Lake Worth Independent School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Lake Worth Independent School District's internal control over financial reporting and compliance.

**LAKE WORTH INDEPENDENT SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED AUGUST 31, 2022
(UNAUDITED)**

As management of Lake Worth Independent School District, we offer readers of the District's financial statement this narrative overview and analysis of the financial activities of the District for the year ended August 31, 2022. Please read this narrative in conjunction with the independent auditors' report on page 5, and the District's Basic Financial Statements that begin on page 17.

FINANCIAL HIGHLIGHTS

- The liabilities and deferred inflows of resources of Lake Worth Independent School District exceeded its assets and deferred outflows at the close of the most recent fiscal year resulting in a deficit net position of \$9,948,382.
- The District's total net position increased by \$2,758,588 during the current fiscal year from the result of current year operations.
- As of the close of the current fiscal period, the District's governmental funds reported combined ending fund balances of \$38,088,425. Over 30% of this total amount (\$11,805,816) is unassigned and available for use within the District's commitments and assignment policies.
- At the end of the current fiscal period, the unassigned fund balance of the general fund of \$11,805,816 was 28.08% of the total general fund expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves. The government-wide financial statements include the Statement of Net Position and the Statement of Activities (on pages 17 and 18). These provide information about the activities of the District as a whole and present a longer-term view of the District's property and debt obligations and other financial matters. They reflect the flow of total economic resources in a manner similar to the financial reports of a business enterprise.

Fund financial statements (starting on page 20) report the District's operations in more detail than the government-wide statements by providing information about the District's most significant funds. For governmental activities, these statements tell how services were financed in the short term as well as what resources remain for future spending. They reflect the flow of current financial resources, and supply the basis for tax levies and the appropriations budget. For proprietary activities, fund financial statements tell how goods or services of the District were sold to departments within the District or to external customers and how the sales revenues covered the expenses of the goods or services. The remaining statements, fiduciary statements, provide financial information about activities for which the District acts solely as a trustee or agent for the benefit of those outside of the District. The District has no component units for which it is financially accountable.

The notes to the financial statements (starting on page 31) provide narrative explanations or additional data needed for full disclosure in the government-wide statements or the fund financial statements.

The combining statements for nonmajor funds contain even more information about the District's individual funds. The section labeled Single Audit Section contains data used by monitoring or regulatory agencies for assurance that the District is using funds supplied in compliance with the terms of grants.

Reporting the District as a Whole

The Statement of Net Position and the Statement of Activities

The analysis of the District's overall financial condition and operations begins on page 17. Its primary purpose is to show whether the financial position of the District is improving or deteriorating as a result of the year's activities. The Statement of Net Position includes all the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources at the end of the year while the Statement of Activities includes all revenues and expenses generated by the District's operations during the year. These apply the accrual basis of accounting (the basis used by private sector companies).

All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. The District's revenues are divided into those provided by outside parties who share the costs of some programs, such as tuition received from students from outside the district and grants provided by the U.S. Department of Education to assist children with disabilities or from disadvantaged backgrounds (program revenues), and revenues provided by the taxpayers or by TEA in equalization funding processes (general revenues). All the District's assets are reported whether they serve the current year or future years. Liabilities are considered regardless of whether they must be paid in the current or future years.

These two statements report the District's net position and changes in them. The District's net position provides one measure of the District's financial health, or financial position. Over time, increases or decreases in the District's net position are one indicator of whether its financial health is improving or deteriorating. To fully assess the overall health of the District, however, you should consider nonfinancial factors as well, such as changes in the District's average daily attendance or its property tax base and the condition of the District's facilities.

In the Statement of Net Position and the Statement of Activities, we divide the District into two kinds of activities:

- **Governmental activities**—Most of the District's basic services are reported here, including the instruction, counseling, co-curricular activities, food services, transportation, maintenance, community services, and general administration. Property taxes, tuition, fees, and state and federal grants finance most of these activities.
- **Business-type activities**—Activities in which the District charges a fee to “customers” to help it cover all or most of the cost of services it provides are reported here. The District had no business-type activities during the fiscal year.

Reporting the District's Most Significant Funds

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives.

The fund financial statements begin on page 20 and provide detailed information about the most significant funds—not the District as a whole. Laws and contracts require the District to establish some funds, such as grants received under the No Child Left Behind Act from the U.S. Department of Education. The District's administration establishes many other funds to help it control and manage money for particular purposes (like campus activities).

All of the funds of the District can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

- Governmental funds.** *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*. The District maintains twenty-four governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, debt service fund and capital projects fund, all of which are considered to be major funds. Data from the other twenty-one governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report. The District adopts an annual appropriated budget for its general fund, debt service fund and food service fund. A budgetary comparison schedule has been provided to demonstrate compliance with these budgets. The basic governmental fund financial statements can be found on pages 20 through 24 of this report.
- Proprietary funds.** The District reports the activities for which it charges users (whether outside customers or other units of the District) in proprietary funds using the same accounting methods employed in the Statement of Net Position and the Statement of Activities. In fact, the District's enterprise funds (one category of proprietary funds) are the business-type activities reported in the government-wide statements but containing more detail and additional information, such as cash flows. The internal service funds (the other category of proprietary funds) report activities that provide supplies and services for the District's other programs and activities. The District had no proprietary funds.
- Fiduciary funds.** *Fiduciary funds* are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the District's own programs. The District is the custodian, or *fiduciary*, for these funds and is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the District's fiduciary activities are reported in a separate statement of custodial net position and a separate statement of changes in custodial fund net position that can be found on pages 29 and 30. These activities are excluded from the District's government-wide financial statements because the District cannot use these assets to finance its operations.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The following analysis presents both current and prior year data and discuss significant changes in the accounts. Our analysis focuses on the net position (Table I) and changes in net position (Table II) of the District's governmental and business-type activities.

Net position of the District's governmental activities increased from a \$12,706,970 deficit at August 31, 2021 to a \$9,948,382 deficit balance at August 31, 2022. Unrestricted net position – the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements – was a deficit of \$16,855,460 at August 31, 2022. The current year operating increase was the result of several factors. First, the District's revenues exceeded expenditures by \$2,751,240 (as adjusted for the effects of capital outlay and debt service principal payments.) However, the District recorded depreciation expense, which is a non-cash expense that reduces the carrying value of District assets, in the amount of \$3,567,515. Also, various adjustments totaling \$3,574,863 were posted to revenues and expenses to account for prepaid expenses, interest accruals and tax revenues earned during the period under the full accrual method of accounting.

Table I
NET POSITION

	Governmental Activities		
	2021	2022	Change
Current and other assets	\$ 21,013,487	\$ 41,184,818	\$ 20,171,331

Community services	435,165	465,359	30,194
Debt services	2,139,932	2,740,864	600,932
Intergovernmental charges	85,358	225,976	140,618
Total Expenses	<u>49,556,198</u>	<u>53,587,479</u>	<u>4,031,281</u>
Increase (Decrease) in Net Position	5,005,689	2,758,588	(2,247,101)
Net Position - beginning of year	<u>(17,712,659)</u>	<u>(12,706,970)</u>	<u>5,005,689</u>
Net Position - end of year	<u>\$ (12,706,970)</u>	<u>\$ (9,948,382)</u>	<u>\$ 2,758,588</u>

The cost of all governmental activities for the current fiscal period was \$53,587,479. However, as shown in the Statement of Activities on page 18, the amount that our taxpayers ultimately financed for these activities through District taxes was only \$18,193,119 because some of the costs were paid by those who directly benefited from the programs (\$2,027,739) or by State equalization funding (\$23,416,538).

THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements, bond covenants, and segregation for particular purposes.

As of the end of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$38,088,425 an increase of \$20,139,457 from the prior year. Approximately 33% of this total amount (\$12,675,351) constitutes *committed, assigned and unassigned fund balance*, which is available for spending at the District's discretion. The remainder of fund balance is *nonspendable or restricted* to indicate that it is not available for new spending because it is already restricted to pay debt service (\$2,209,638), or for food service operations (\$1,186,867), or for capital projects (\$21,977,977), or already spent on prepaid items (\$586), inventories (\$38,006).

The general fund is the primary operating fund of the District. At the end of the current fiscal year, unassigned fund balance of the general fund was \$11,805,816, while the total fund balance was \$12,580,348. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to the total fund expenditures. Unassigned fund balance represents 28.08% of the total general fund expenditures, while the total fund balance represents 29.92% of that same amount.

The fund balance of the District's general fund decreased by \$2,627,807 during the current fiscal year, compared to a \$2,375,815 increase in the previous year. Key factors related to this change are as follows:

- A \$119,884 increase in property tax revenues combined with a \$462,366 increase in state per capita and foundation revenue contributed to a \$1,478,582 overall increase in total revenues. Expenditures increased \$3,561,580 due to increases in instructional costs but also increases in several other functions as well.

The debt service fund has a total fund balance of \$2,209,638, all of which is reserved for the payment of debt service. The net increase in fund balance during the period in the debt service fund was \$322,722, compared to a \$957,433 increase in the previous year. Tax revenues were \$568,525 higher but State EDA funding was \$608,274 lower than the previous year, while debt service expenditures were \$849,190 higher.

Other changes in fund balances should also be noted. The fund balance in the capital projects fund increased by \$21,977,977 due primarily to \$24,970,000 in bond sale proceeds offset by \$4,435,305 spent on construction-related costs. Although these and other capital expenditures reduce available fund balances, they create new assets for the District as reported in the Statement of Net Position and discussed in Note 5 to the financial statements.

Over the course of the year, the Board of Trustees revised the District's budget several times. These budget amendments fall into three categories. The first category includes amendments and supplemental appropriations that were approved shortly after the beginning of the year and reflect the actual beginning balances (versus the amounts we estimated in August, 2021). The second category includes changes that the Board made during the year to reflect new information regarding revenue sources and expenditure needs. The principal amendment in this case was an increase in the anticipated amount of State funding to be received. The third category involves amendments moving funds from programs that did not need all the resources originally appropriated to them to programs with resource needs.

The District's General Fund balance of \$12,580,348 reported on page 20 differs from the General Fund's budgetary fund balance of \$9,339,505 reported in the budgetary comparison schedule on page 28. This is principally due to additional State funding revenue and cost savings in all functional expenditure categories.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At August 31, 2022, the District had \$67,013,609 (net of accumulated depreciation) invested in a broad range of capital assets, including facilities and equipment for instruction, transportation, athletics, administration, and maintenance. This amount represents a net increase of \$2,882,592, or 4.49%, above last year.

This fiscal year's major additions included:

Continuing costs on a middle school addition	\$4,428,149
11 school buses	1,247,173
School playgrounds	193,420
Kitchen equipment	139,256
Totaling	<u>\$6,007,998</u>

More detailed information about the District's capital assets is presented in Note 4 to the financial statements.

Debt Administration

At year-end, the District had \$96,892,094 in bonds, capital leases, maintenance tax notes and bond premiums outstanding (including accreted interest on bonds) versus \$74,735,898 last year—an increase of 29.65%. New debt incurred during the fiscal period consisted of the issuance of a building bond and a refunding bond series. The District's underlying rating for unlimited tax bonds is "AA" by S&P, and "AA-" by Fitch but is considered AAA as a result of guarantees of the Texas Permanent School Fund.

More detailed information about the District's long-term liabilities is presented in Note 5 to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The District's elected officials and appointed officials considered many factors when setting the fiscal year 2022-2023 budget and tax rates. This included the financial changes as a result of HB3, ESSER funding and the continued effects of COVID-19. The demographer report indicating a 1% increase in student growth for 2022-2023 along with an increase in property values was used to estimate the increase in revenue for 2022-2023.

In order to retain teachers and staff, the District budgeted to increase the salary of teachers and staff across the board with a 3% increase along with targeted market salary adjustments. The 2022-2023 budget continues to include a one-time employee stipend. The District will continue to provide a free breakfast and lunch to all students in fiscal year 2022-2023.

Due to legislative changes the maintenance and operations tax rate was reduced to \$0.9429 per \$100 valuation for the general fund. In calculating the interest and sinking rate through Truth In Taxation the rate remained at \$0.50. These changes resulted in a total tax rate of \$1.4429 for the 2022-2023 school year.

The District is continuing to work with its financial advisors and bond advisors to refinance bonded indebtedness and explore the possibility of sale of bonds for future projects. With an additional multi-family unit being built in the LWISD the board approved the expansion of Collins Middle School resulting in an additional 19 classrooms, competition gym and auditorium, as well as additional renovation throughout the building. The District has also replaced the full bus fleet.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for funds the District receives. If you have questions about this report or need additional financial information, contact the District's business office, at Lake Worth Independent School District, 6805 Telephone Rd., Lake Worth, Texas 76135, (817) 306-4200.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
 RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES,
 AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
 FOR THE YEAR ENDED AUGUST 31, 2022

EXHIBIT C-4

Total Net Change in Fund Balances - Governmental Funds	\$	20,139,457
Current year capital asset additions are expenditures in the fund financial statements, but they are shown as increases in capital assets in the government-wide financial statements. The net effect of reclassifying the current year capital asset additions is to increase net position.		6,360,107
Depreciation is not recognized as an expense in governmental funds since it does not require the use of current financial resources. The net effect of the current year's depreciation is to decrease net position in the government-wide financial statements.		(3,567,515)
Interest is accrued on outstanding debt in the government-wide financial statements, whereas in the fund financial statements interest expenditures are reported when due.		(77,446)
Revenues from property taxes are deferred in the fund financial statements until they are considered available to finance current expenditures, but such revenues are recognized when assessed, net of an allowance for uncollectable amounts, in the government-wide financial statements.		17,165
Current year amortization of the premium/discount on bonds payable is not recorded in the fund financial statements, but is shown as a reduction in long-term debt in the government-wide financial statements.		718,703
Current year interest accretion on capital appreciation bonds is not recognized in the fund financial statements, but is shown as an increase in long-term debt in the government-wide financial statements.		525,915
Current year principal payments on bonds payable are expenditures in the fund financial statements, but are shown as reductions in long-term debt in the government-wide financial statements.		3,227,177
Current year principal payments on maintenance tax notes payable are expenditures in the fund financial statements, but are shown as reductions in long-term debt in the government-wide financial statements.		115,000
Current year principal payments on capital leases payable are expenditures in the fund financial statements, but are shown as reductions in long-term debt in the government-wide financial statements.		415,667
The implementation of GASB 68 required that certain expenditures be de-expended and recorded as deferred resource outflows. These contributions made after the measurement date of 8/31/2021 caused the ending net position to increase in the amount of \$1,219,523. These contributions were replaced with the District's pension expense for the year of \$755,344, which caused a decrease in the change in net position. The impact of all of these is to increase net position by \$464,179.		464,179
The implementation of GASB 75 required that certain expenditures be de-expended and recorded as deferred resource outflows. TRS OPEB contributions made during the current fiscal year caused the ending net position to increase in the amount of \$270,532. These contributions were replaced with the District's OPEB expense for the year, which was \$(185,089) and also caused an increase in net position. The impact of both of these is to increase net position by \$455,621.		455,621

The notes to the financial statements are an integral part of this statement.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Lake Worth Independent School District (the "District") is a public educational agency operating under the applicable rules and regulations of the State of Texas. The District's combined financial statements have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units in conjunction with the Texas Education Agency's Financial Accountability System Resource Guide (FAR). The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the District are described below.

A. REPORTING ENTITY

The Board of Trustees, a seven member group elected by registered voters of the District, has fiscal accountability over all activities related to public elementary and secondary education within the jurisdiction of the District. The board of trustees are elected by the public. The trustees as a body corporate have the exclusive power and duty to govern and oversee the management of the public schools of the district. All powers and duties not specifically delegated by statute to the Texas Education Agency (Agency) or to the State Board of Education are reserved for the trustees, and the Agency may not substitute its judgment for the lawful exercise of those powers and duties by the trustees. The District is not included in any other governmental "reporting entity" as defined in Section 2100, Codification of Governmental Accounting and Financial Reporting Standards.

The District's basis financial statements include the accounts of all District operations. The criteria for including organizations as component units within the District's reporting entity, as set forth in Section 2100 of GASB's Codification of Governmental Accounting and Financial Reporting Standards, include whether:

- the organization is legally separate (can sue and be sued in their own name)
- the District holds the corporate powers of the organization
- the District appoints a voting majority of the organization's board
- the District is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the District
- there is fiscal dependency by the organization on the District

Based on the aforementioned criteria, Lake Worth Independent School District has no component units.

B. BASIS OF PRESENTATION

The government-wide financial statements (the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District. The effect of interfund activity, within the governmental and business-type activities columns, has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given program and 2) operating or capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2022

Fund Financial Statements:

The District segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Separate statements are presented for governmental and proprietary activities. These statements present each major fund as a separate column on the fund financial statements; all non-major funds are aggregated and presented in a single column.

Governmental funds are those funds through which most governmental functions typically are financed. The measurement focus of governmental funds is on the sources, uses and balance of current financial resources. The District has presented the following major governmental funds:

1. **General Fund** - This fund is established to account for resources financing the fundamental operations of the District, in partnership with the community, in enabling and motivating students to reach their full potential. All revenues and expenditures not required to be accounted for in other funds are included here. This is a budgeted fund and any fund balances are considered resources available for current operations. Fund balances may be appropriated by the Board of Trustees to implement its responsibilities.
2. **Debt Service Fund** - This fund is established to account for payment of principal and interest on long-term general obligation debt and other long-term debts for which a tax has been dedicated. This is a budgeted fund. Any unused sinking fund balances are transferred to the General Fund after all of the related debt obligations have been met.
3. **Capital Projects Fund** - This fund is established to account for proceeds, from the sale of bonds and other resources to be used for Board authorized acquisition, construction, or renovation, as well as, furnishings and equipping of major capital facilities. Upon completion of a project, any unused bond proceeds are transferred to the Debt Service Fund and are used to retire related bond principal.

Additionally, the District reports the following fund types:

1. **Special Revenue Funds** - These funds are established to account for federally financed or expenditures legally restricted for specified purposes. In many special revenue funds, any unused balances are returned to the grantor at the close of specified project periods. For funds in this fund type, project accounting is employed to maintain integrity for the various sources of funds.
2. **Fiduciary Funds** - The District reports Custodial Funds as Fiduciary Funds. Custodial Funds are custodial in nature and account for activities of student groups. Custodial Funds use the accrual basis of accounting to recognize assets and liabilities. The Custodial Funds exist with the explicit approval of, and are subject to revocation by, the Board.

C. MEASUREMENT FOCUS/BASIS OF ACCOUNTING

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2022

The government-wide statements and fund financial statements for proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities (whether current or non-current) are included on the statement of net position and the operating statements present increases (revenues) and decreases (expenses) in net total position. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the time the liability is incurred.

Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual; i.e., when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The District considers property taxes as available if they are collected within 60 days after year-end. A 90 day availability period is used for recognition of all other Governmental Fund revenues. Expenditures are recorded when the related fund liability is incurred. However, debt service expenditures, as well as expenditures related to compensated absences are recorded only when payment is due.

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The fiduciary net position of the Teacher Retirement System of Texas (TRS) TRS-Care Plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities and additions to/deductions from TRS-Care's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as-you-go plan and all cash is held in a cash account.

The revenue susceptible to accrual are property taxes, charges for services, interest income and intergovernmental revenues. All other Governmental Fund Type revenues are recognized when received.

Revenues from state and federal grants are recognized as earned when the related program expenditures are incurred. Funds received but unearned are reflected as unearned revenues, and funds expended but not yet received are shown as receivables.

Revenue from investments, including governmental external investment pool, is based upon fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. Most investments are reported at amortized cost when the investments have remaining maturities of one year or less at time of purchase. External investment pools are permitted to report short-term debt investments at amortized cost, provided that the fair value of those investments is not significantly affected by the impairment of the credit standing of the issuer, or other factors. For that purpose, a pool's short-term investments are those with remaining maturities of up to ninety days.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED AUGUST 31, 2022

In accordance with the FAR, the District has adopted and installed an accounting system which exceeds the minimum requirements prescribed by the State Board of Education and approved by the State Auditor. Specifically, the District's accounting system uses codes and the code structure presented in the Accounting Code Section of the FAR.

D. BUDGETARY CONTROL

Formal budgetary accounting is employed for all required Governmental Fund Types, as outlined in TEA's FAR module, and is presented on the modified accrual basis of accounting consistent with generally accepted accounting principles. The budget is prepared and controlled at the function level within each organization to which responsibility for controlling operations is assigned.

The official school budget is prepared for adoption for required Governmental Fund Types prior to August 20 of the preceding fiscal year for the subsequent fiscal year beginning September 1. The budget is formally adopted by the Board of Trustees at a public meeting held at least ten days after public notice has been given. The budget is prepared by fund, function, object, and organization. The budget is controlled at the organizational level by the appropriate department head or campus principal within Board allocations. Therefore, organizations may transfer appropriations as necessary without the approval of the board unless the intent is to cross fund, function or increase the overall budget allocations. Control of appropriations by the Board of Trustees is maintained within Fund Groups at the function code level and revenue object code level.

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the General Fund, the Debt Service Fund and the Child Nutrition Fund. The special revenue funds and the Capital Projects Fund adopt project-length budgets which do not correspond to the District's fiscal year. Each annual budget is presented on the modified accrual basis of accounting which is consistent with generally accepted accounting principles. The budget is amended throughout the year by the Board of Trustees. Such amendments are reflected in the official minutes of the Board.

A reconciliation of fund balances for both appropriated budget and nonappropriated budget special revenue funds is as follows:

	August 31, 2022 <u>Fund Balance</u>
Appropriated Budget Funds	\$1,186,867
Nonappropriated Budget Funds	<u>133,595</u>
All Special Revenue Funds	<u>\$1,320,462</u>

E. ENCUMBRANCE ACCOUNTING

The District employs encumbrance accounting, whereby encumbrances for goods or purchased services are documented by purchase orders and contracts. An encumbrance represents a commitment of Board appropriation related to unperformed contracts for goods and services. The issuance of a purchase order or the signing of a contract creates an encumbrance but does not represent an expenditure for the period, only a commitment to expend resources. Appropriations lapse at August 31 and encumbrances outstanding at that time are either canceled or appropriately provided for in the subsequent year's budget.

F. PREPAID ITEMS

Prepaid balances are for payments made by the District in the current fiscal year to provide services occurring in the subsequent fiscal year, and the amount of prepayments has been recognized as nonspendable fund balance to signify that a portion of fund balance is not available for other subsequent expenditures.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2022

G. INVENTORIES

The consumption method is used to account for inventories of food products, school supplies and athletic equipment. Under this method, these items are carried in an inventory account of the respective fund at cost, using the first-in, first-out method of accounting and are subsequently charged to expenditures when consumed. In the General Fund, reported inventories are offset by a fund balance reserve indicating that they are unavailable as current expendable financial resources.

H. INTERFUND RECEIVABLES AND PAYABLES

Short-term amounts owed between funds are classified as "Due to/from other funds". Interfund loans are classified as "Advances to/from other funds" and are offset by a fund balance reserve account. Any residual balances outstanding between the governmental activities and business-type activities are reported in the governmental-wide financial statements as "internal balances" and "internal advances".

I. CAPITAL ASSETS

Capital assets, which includes property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the fund financial statements for proprietary funds. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at acquisition value on the date donated. Repairs and maintenance are recorded as expenses. Renewals and betterments are capitalized. Interest has not been capitalized during the construction period on property, plant and equipment.

Assets capitalized have an original cost of \$5,000 or more and over one-year of useful life. Depreciation has been calculated on each class of depreciable property using the straight-line method. Estimated useful lives are as follows:

Buildings	15-30 Years
Furniture and Equipment	5-10 Years

Land and construction in progress are not depreciated.

J. COMPENSATED ABSENCES

Vacations are to be taken within the same year they are earned, and any unused days at the end of the year are forfeited. Therefore, no liability has been accrued in the accompanying government-wide financial statements or the governmental fund financial statements. Employees of the District are entitled to sick leave based on category/class of employment. Sick leave accumulates but does not vest. Therefore, a liability for unused sick leave has not been recorded in either the government-wide financial statements or the governmental fund financial statements.

K. CASH EQUIVALENTS

For purposes of the statement of cash flows, investments are considered to be cash equivalents if they are highly liquid with maturity within one year or less.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2022

L. NET POSITION

Net position represents the difference between assets, deferred inflows, deferred outflows and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciations, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislations adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

M. LONG-TERM OBLIGATIONS

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed in the year incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

N. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

Deferred outflows and inflows of resources are reported in the statement of financial position as described below:

A deferred outflow of resources is a consumption of a government's net assets (a decrease in assets in excess of any related decrease in liabilities or an increase in liabilities in excess of any related increase in assets) by the government that is applicable to a future reporting period. The District has three items that qualify for reporting in this category:

Deferred outflows of resources for refunding - Reported in the government-wide statement of net position, the deferred charge on bond refundings results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The amount of deferred outflows reported in the governmental activities for the deferred charge on bond refundings at August 31, 2022 was \$6,814,137.

Deferred outflows of resources for pension - Reported in the government-wide financial statement of net position, this deferred outflow results from pension plan contributions made after the measurement date of the net pension liability and the results of differences between expected and actual actuarial experiences. The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the next fiscal year. The other pension related deferred outflows will be amortized over the expected remaining service lives of all employees (active and inactive employees) that are provided with pensions through the pension plan which is currently approximately 6.3 years.

A deferred outflow for pension expense results from payments made to the TRS pension plan by the District after the plan's measurement date. The amount of deferred outflows reported in the statement of net position for deferred pension expenses at August 31, 2022 was \$4,967,378.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2022

Deferred outflows of resources for OPEB- Reported in the government-wide financial statement of net position, this deferred outflow results from OPEB plan contributions made after the measurement date of the net OPEB liability and the results of differences between expected and actual investment earnings and changes in proportionate share. The deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the next fiscal year. The other OPEB related deferred outflows will be amortized over the expected remaining service lives of all employees (active and inactive employees) that are provided with OPEB through the OPEB plan which is currently approximately 9.2 years. The amount of deferred outflows reported in the statement of net position for deferred OPEB expense at August 31, 2022 was \$4,013,433.

A deferred inflow of resources is an acquisition of a government's net assets (an increase in assets in excess of any related increase in liabilities or a decrease in liabilities in excess of any related decrease in assets) by the government that is applicable to a future reporting period. The District has three items that qualify for reporting in this category:

Deferred inflows of resources for unavailable revenues - Reported only in the governmental funds balance sheet, unavailable revenues from property taxes arise under the modified accrual basis of accounting. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The District reported property taxes that are unavailable as deferred inflows of resources in the fund financial statements. The amount of deferred inflows of resources reported in the governmental funds at August 31, 2022 was \$221,503.

Deferred inflows of resources for pension - Reported in the government-wide financial statement of net position, these deferred inflows result primarily from differences between projected and actual earnings on pension plan investments. These amounts will be amortized over a closed five-year period. In fiscal year 2022, the District reported deferred inflows of resources for pensions in the statement of net position in the amount of \$7,179,819.

Deferred inflows of resources for OPEB - Reported in the government-wide financial statement of net position, these deferred inflows result primarily from differences between expected and actual experience and from changes in assumptions. These amounts will be amortized over the average expected remaining service life (AERSL) of all members (9.2 years for the 2021 measurement year). In fiscal year 2022, the District reported deferred inflows of resources for OPEB in the statement of net position in the amount of \$8,769,957.

O. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal 2022, the district purchased commercial insurance to cover general liabilities. There were no significant reductions in coverage in the past fiscal year, and there were no settlements exceeding insurance coverage for each of the past three fiscal years.

P. ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

The amount of state foundation revenue and the related receivables and liabilities a District earns for a year can and does vary until the time when final values for each of the factors in the formula become available. Availability can be as late as midway into the next fiscal year.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2022

Q. DATA CONTROL CODES

The data control codes refer to the account code structure prescribed by the Texas Education Agency (the "Agency") in the *Financial Accountability System Resource Guide*. The Agency requires school districts to display these codes in the financial statements filed with the Agency in order to ensure accuracy in building a statewide database for policy development and funding plans.

NOTE 2. FUND BALANCE AND NET POSITION

Net position on the government-wide *Statement of Net Position* includes the following:

Net Investment in Capital Assets reports the difference between capital assets, net of accumulated depreciation, and the outstanding balance of debt, excluding unspent bond proceeds that is directly attributable to the acquisition, construction or improvement of those capital assets.

Restricted for Federal and State Grant Programs is the component of net position restricted to be spent for specific purposes prescribed by federal and state granting agencies.

Restricted for Debt Service is the component of net position that is restricted for payment of debt service by constraints established by the bond covenants.

Unrestricted Net Position is the residual difference between assets, deferred outflows, liabilities and deferred inflows that is not invested in capital assets or restricted for specific purposes.

The District has implemented GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions" which provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balances more transparent.

Fund Balance Classification: The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. The District has classified prepaid items and inventories as being nonspendable as these items are not expected to be converted to cash.
- Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. Debt service resources are to be used for future servicing of the District's bonded debt and are restricted through debt covenants. Capital projects fund resources are to be used for future construction and renovation projects and are restricted through bond orders and constitutional law.
- Committed: This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the District's Board of Trustees. The Board of Trustees establishes (and modifies or rescinds) fund balance commitments by passage of a resolution. This can also be done through adoption and amendment of the budget. These amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The Board of Trustees have committed resources as of August 31, 2022 for campus activities, District store and Scholarship fund activities.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2022

- Assigned: This classification includes amounts that are constrained by the District's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board of Trustees or through the Board of Trustees delegating this responsibility to other individuals in the District. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund. The District has assigned fund balance as of August 31, 2022 for a projected 2022-23 budget deficit.
- Unassigned: This classification includes all amounts not included in other spendable classifications, including the residual fund balance for the General Fund.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board of Trustees has provided otherwise in its commitment or assignment actions.

The District does not have a minimum fund balance policy.

The details of the fund balances are included in the Governmental Funds Balance Sheet (page 18) and are described below:

General Fund

The General Fund has unassigned fund balance of \$11,805,816 at August 31, 2022. Deferred expenditures (prepaid items) of \$586 and inventories of \$38,006 are considered nonspendable fund balance. \$735,940 of fund balance has been assigned for a projected 2022-23 budget deficit.

Other Major Funds

The Debt Service Fund has restricted funds of \$2,209,638 at August 31, 2022 consisting primarily of property tax collections that are restricted for debt service payments on bonded debt. The Capital Projects Fund has restricted funds of \$21,977,977 at August 31, 2022 consisting of unspent bond funds.

Other Funds

The fund balance of \$119,762 of the Campus Activity Fund (a special revenue fund) is shown as committed due to Board policy committing those funds to campus activities. The fund balance of \$3,250 of the Scholarship Fund is shown as committed as it consists of funds donated for that specific purpose. The fund balance of \$10,583 of the District Store is shown as committed for use in that activity. The fund balance of \$1,186,867 of the Child Nutrition Fund is shown as restricted for food service operations.

NOTE 3. DEPOSITS AND INVESTMENTS

The District's funds are required to be deposited and invested under the terms of a depository contract. The depository bank deposits for safekeeping and trust with the District's agent bank approved pledged securities in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2022

1. Cash Deposits:

At August 31, 2022, the carrying amount of the District's deposits checking accounts and interest-bearing savings accounts was \$1,788,068, excluding petty cash of \$2,250, and the bank balance was \$3,757,026. The District's cash deposits at August 31, 2022 were entirely covered by FDIC insurance or by pledged collateral held by the District's agent bank in the District's name, but were not sufficiently covered on multiple one-day occasions during the first two months of the fiscal year. The District took steps with its depository bank to obtain a letter of credit in those instances, which normally occurred when funds were transferred into the depository bank for payment of payroll.

2. Investments:

The Public Funds Investment Act (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the District to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, (9) and bid solicitation preferences for certificates of deposit. Statutes authorize the District to invest in (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas; (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) Mutual Funds, (8) Investment pools, (9) guaranteed investment contracts, (10) and common trust funds. The Act also requires the District to have independent auditors perform test procedures related to investment practices as provided by the Act. The District is in substantial compliance with the requirements of the Act and with local policies.

In compliance with the Public Funds Investment Act, the District has adopted a deposit and investment policy. That policy addresses the following risks:

- a. Custodial Credit Risk – Deposits: In the case of deposits, this is the risk that, in the event of a bank failure, the District's deposits may not be returned to it. As of August 31, 2022, the District's cash balances totaled \$3,757,026. This entire amount was either secured by a letter of credit held by the District's financial institution's agent in the District's name or covered by FDIC insurance. Thus, the District's deposits are not exposed to custodial credit risk.
- b. Custodial Credit Risk - Investments: For an investment, this is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At August 31, 2022, the District held all of its investments in two public funds investment pools (Lone Star and Texas Class). Investments in external investment pools are considered unclassified as to custodial credit risk because they are not evidenced by securities that exist in physical or book entry form.
- c. Credit Risk - This is the risk that an issuer or other counterparty to an investment will be unable to fulfill its obligations. The rating of securities by nationally recognized rating agencies is designed to give an indication of credit risk. The credit quality rating for Texas Class at year-end was AAAM (Standard & Poor's), and the credit quality rating for Lone Star was AAAf (Standard & Poor's).
- d. Interest Rate Risk - This is the risk that changes in interest rates will adversely affect the fair value of an investment. The District manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio to less than one year from the time of purchase. The weighted average maturity for the Texas Class and Lone Star investments is less than 60 days.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2022

- e. Foreign Currency Risk - This is the risk that exchange rates will adversely affect the fair value of an investment. At August 31, 2022, the District was not exposed to foreign currency risk.
- f. Concentration of Credit Risk - This is the risk of loss attributed to the magnitude of the District's investment in a single issuer (i.e., lack of diversification). Concentration risk is defined as positions of 5 percent or more in the securities of a single issuer. Investment pools are excluded from the 5 percent disclosure requirement.

Public funds investment pools in Texas ("Pools") are established under the authority of the Interlocal Cooperation Act, Chapter 79 of the Texas Government Code, and are subject to the provisions of the Public Funds Investment Act (the "Act"), Chapter 2256 of the Texas Government Code. In addition to other provisions of the Act designed to promote liquidity and safety of principal, the Act requires Pools to: 1) have an advisory board composed of participants in the pool and other persons who do not have a business relationship with the pool and are qualified to advise the pool; 2) maintain a continuous rating of no lower than AAA or AAA-m or an equivalent rating by at least one nationally recognized rating service; and 3) maintain the market value of its underlying investment portfolio within one half of one percent of the value of its shares.

The District's investments in Pools are reported at an amount determined by the fair value per share of the pool's underlying portfolio, unless the pool is 2a7-like, in which case they are reported at share value. A 2a7-like pool is one which is not registered with the Securities and Exchange Commission ("SEC") as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940.

The District's investments at August 31, 2022, are shown below:

Name	Carrying Amount	Fair Value
Lone Star	\$26,456,914	\$26,456,914
Texas Class	8,780,904	8,780,904
Total	\$35,237,818	\$35,237,818

Fair Value Measurements

The District categorizes its fair value measurements with the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy below.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The District's assessment of the significance of particular inputs to these fair value measurements requires judgement and considers factors specific to each asset or liability.

The District's investment in Texas Class and Lone Star (statewide 2a7-like external investment pools) are not required to be measured at fair value but are measured at amortized cost.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT

Plant Maintenance and Operations	432,242
Data Processing Services	156,974
Total depreciation expense-Governmental activities	<u>\$3,567,515</u>

NOTE 5. LONG-TERM DEBT

Long-term debt includes par bonds, capital appreciation (deep discount) serial bonds, a maintenance tax note, capital leases, accreted interest and bond premiums. Debt service requirements for general obligation bonds are payable from the fund balance and future revenues of the Debt Service Fund which consists principally of property taxes collected by the District and interest earnings. Debt service requirements for capital leases and the maintenance tax note are payable from General Fund revenues.

The District has entered into a continuing disclosure undertaking to provide Annual Reports and Material Event Notices to the State Information Depository of Texas (SID), which is the Municipal Advisory Council. This information is required under SEC Rule 15c2-12 to enable investors to analyze the financial condition and operations of the District.

**LAKE WORTH INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2022**

The following is a summary of the changes in the District's Long-term Debt for the year ended August 31, 2022:

<u>Description</u>	<u>Interest Rate Payable</u>	<u>Amount Original Issue</u>	<u>Amounts Outstanding 9/1/2021</u>	<u>Additions</u>	<u>Refunded/ Retired</u>	<u>Amounts Outstanding 8/31/2022</u>	<u>Due Within One Year</u>
Bonded Indebtness:							
1995 Refunding	5.55-8.16%	\$ 550,448	\$ 220,000	\$ -	\$ 95,000	\$ 125,000	\$ 90,000

2022 Building	4.00-5.00%	24,130,000	-	24,130,000	-	24,130,000	-
Total Bonds Payable			<u>58,425,460</u>	<u>40,150,000</u>	<u>19,512,177</u>	<u>79,063,283</u>	<u>2,376,438</u>
Accreted Interest			5,122,859	-	525,915	4,596,944	583,923
Premiums on Bond			6,795,454	3,293,658	718,703	9,370,409	765,871
Maintenance Tax Note			3,055,000	-	115,000	2,940,000	120,000
Capital Leases			1,337,125	-	415,667	921,458	325,385
Total Other Obligations			<u>16,310,438</u>	<u>3,293,658</u>	<u>1,775,285</u>	<u>17,828,811</u>	<u>1,795,179</u>
Total Long-Term Debt			<u>\$ 74,735,898</u>	<u>\$ 43,443,658</u>	<u>\$21,287,462</u>	<u>\$ 96,892,094</u>	<u>\$ 4,171,617</u>

The District has no authorized but unissued unlimited tax bonds.

There are a number of limitations and restrictions contained in the various general obligation bonds indentures. The District is in compliance with all significant limitations and restrictions at August 31, 2022.

NOTE 6. DEBT SERVICE REQUIREMENTS - BONDS

Debt service requirements to maturity on the District's outstanding bonds are as follows:

<u>Year Ended August 31</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Requirements</u>
2023	\$ 2,376,438	\$ 3,874,734	\$ 6,251,172
2024	3,334,902	3,348,231	6,683,133
2025	4,085,000	2,674,571	6,759,571
2026	4,265,000	2,543,445	6,808,445
2027	4,490,000	2,398,036	6,888,036
2028-2032	23,991,447	9,709,563	33,701,010
2033-2037	17,205,496	12,424,436	29,629,932
2038-2042	9,770,000	3,164,581	12,934,581
2043-2046	9,545,000	807,778	10,352,778
	<u>\$79,063,283</u>	<u>\$40,945,375</u>	<u>\$120,008,658</u>

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2022

NOTE 7. DEFEASED BONDS OUTSTANDING

On September 15, 2021, the District issued \$16,020,000 (par value) in unlimited tax refunding bonds (current interest bonds) with interest rates ranging from 0.24% to 1.78% to advance refund \$16,285,000 of unlimited building and refunding bonds. The unlimited tax refunding bonds were issued at a net premium of \$2,161,625, and, after paying issuance costs of \$239,363, the net proceeds were \$17,942,262. The net proceeds from the issuance of the unlimited tax refunding bonds were used to purchase U.S. government securities and those securities were deposited in an irrevocable trust with an escrow agent to provide debt service payments until the tax bonds mature. The advance refunding met the requirements of an in-substance debt defeasance and the unlimited tax bonds were removed from the District’s long-term liabilities.

As a result of the advance refunding, the District decreased its total debt service requirements by \$1,732,310 and resulted in an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$1,561,635.

In prior years, the District has defeased various bond issues in a similar manner to that described above.

Accordingly, the trust account assets and liabilities for the defeased bonds are not included in the District’s financial statements. Although defeased, the refunded debt from those earlier issues will not be actually retired until the call dates have come due or until maturity if they are not callable issues. On August 31, 2022, \$75,492,035 of bonds outstanding are considered defeased.

NOTE 8. MAINTENANCE TAX NOTES

In June, 2020 the District issued \$3,165,000 in Maintenance Tax Notes, Series 2020 for energy savings and replacement of HVAC units.

Issue/ Maturity Date	Interest Rate Payable	Amounts Original Issue	Beginning Balance	Issued	Retired	Ending Balance	Amounts Due Within One Year
2020/2040	2.50-4.00%	\$ 3,165,000	\$ 3,055,000	\$ -	\$115,000	\$ 2,940,000	\$ 120,000

The following is a summary of the District’s future annual debt service requirements to maturity for maintenance tax notes:

Year Ended <u>August 31</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Requirements</u>
2023	\$ 120,000	\$ 87,725	\$ 207,725
2024	125,000	82,925	207,925
2025	130,000	77,925	207,925
2026	135,000	72,725	207,725
2027	140,000	67,325	207,325
2028-2032	785,000	250,075	1,035,075
2033-2037	905,000	124,125	1,029,125
2038-2040	<u>600,000</u>	<u>24,200</u>	<u>624,200</u>
	<u>\$2,940,000</u>	<u>\$787,025</u>	<u>\$3,727,025</u>

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED AUGUST 31, 2022

NOTE 9. CAPITAL LEASES

Current year and prior year capital lease indebtedness of the District is reflected in the statement of net position. Current requirements for principal and interest expenditures are accounted for in the General Fund.

	Interest Rate Payable	Amounts Original Issue	Beginning Balance	Issued	Retired	Ending Balance	Amounts Due Within One Year
Server/firewall upgrade	4.80%	\$ 336,929	\$ 70,467	\$ -	\$ 70,467	\$ -	\$ -
Laptop computers	5.11%	361,908	27,544	-	27,544	-	-
10 school buses	1.95%	1,040,365	881,725	-	141,446	740,279	144,206
Surveillance cameras	2.82%	542,067	357,389	-	176,210	181,179	181,179
Total			<u>\$ 1,337,125</u>	<u>\$ -</u>	<u>\$ 415,667</u>	<u>\$ 921,458</u>	<u>\$ 325,385</u>

The District incurred \$32,069 in interest expenditures during the year.

The following is a summary of the District's future annual debt service requirements to maturity for capital leases:

Year Ended <u>August 31</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Requirements</u>
2023	\$325,385	\$19,546	\$344,931
2024	147,017	11,623	158,640
2025	149,883	8,757	158,640
2026	<u>299,173</u>	<u>5,834</u>	<u>305,007</u>
	<u>\$921,458</u>	<u>\$45,760</u>	<u>\$967,218</u>

NOTE 10. PROPERTY TAXES

The Texas Legislature in 1979 adopted a comprehensive Property Tax Code which established an appraisal district and an appraisal review board in each county in the State of Texas. Tarrant Appraisal District (TAD) is responsible for the appraisal of property for all taxing units in Tarrant County, including the District. Under the terms of a contract for appraisal services, the District paid TAD \$87,226 in fiscal year 2022 for appraising property.

Property taxes are considered available when collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. The District levies its taxes on October 1 on the assessed (appraised) value listed as of the prior January 1 for all real and business personal property located in the District in conformity with Subtitle E, Texas Property Tax Code. Taxes are due upon receipt of the tax bill and are past due and subject to interest if not paid by February 1 of the year following the October 1 levy date. The assessed value of the property tax roll upon which the levy for the 2021-22 fiscal year was based was \$1,195,587,453. Taxes are delinquent if not paid by August 31. Delinquent taxes are subject to both penalty and interest charges plus 15 % delinquent collection fees for attorney costs.

The tax rates assessed for the year ended August 31, 2022, to finance General Fund operations and the payment of principal and interest on general obligation long-term debt were \$1.0191 and \$0.5000 per \$100 valuation, respectively, for a total of \$1.5191 per \$ 100 valuation.

Current tax collections for the year ended August 31, 2022 were 99.29% of the year-end adjusted tax levy. Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy. Allowances for uncollectible taxes within the General and Debt Service Funds are based on historical experience in collecting taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature. As of August 31, 2022, property taxes receivable, net of estimated uncollectible taxes, totaled \$150,807 and \$70,696 for the General and Debt Service Funds, respectively.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2022

Property taxes are recorded as receivables and deferred inflows of resources at the time the taxes are assessed. Revenues are recognized as the related ad valorem taxes are collected. Additional amounts estimated to be collectible in time to be a resource for payment of obligations incurred during the fiscal year and therefore susceptible to accrual in accordance with Generally Accepted Accounting Principles have been recognized as revenue.

The District has not entered into any tax abatement agreements in compliance with Tax Code Chapter 312.

The District has an agreement with Tarrant County Tax Office ("County") whereby the County bills and collects the District's property taxes.

NOTE 11. DEFINED BENEFIT PENSION PLAN

Plan Description. Lake Worth Independent School District participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). TRS's defined benefit pension plan is established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position. Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately-issued Annual Comprehensive Financial Report (ACFR) that includes financial statements and required supplementary information. That report may be obtained on the Internet at <https://trs.texas.gov/pages/aboutpublications.aspx>, by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698, or by calling (512)542-6592.

Benefits Provided. TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above.

Texas Government Code section 821.006 prohibits benefit improvements, if, as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. Actuarial implications of the funding provided in this manner are determined by the System's actuary.

Contributions. Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED AUGUST 31, 2022

Employee contribution rates are set in state statute, Texas Government Code 825.402. The TRS Pension Reform Bill (Senate Bill 12) of the 86th Texas Legislature amended Texas Government Code 825.402 for member contributions and increased employee and employer contribution rates for fiscal years 2020 thru 2025.

	<u>2021</u>	<u>2022</u>
Member	7.7%	8.0%
Non-Employer Contributing Entity (State)	7.5%	7.75%
Employers	7.5%	7.75%
Lake Worth ISD FY2022 Employer Contributions		\$1,219,523
Lake Worth ISD FY2022 Member Contributions		\$2,377,213
Lake Worth ISD FY2022 NECE On-Behalf Contributions		\$1,444,368

Contributors to the plan include members, employers and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges, medical schools and state agencies including the TRS. In each respective role, the State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers including public schools are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding source or a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public school, the employer shall contribute 1.5% of covered payroll to the pension fund beginning in fiscal year 2020. The contribution rate called the Public Education Employer Contribution replaced the Non (OASDI) surcharge that was in effect in fiscal year 2019.

In addition to the employer contributions listed above, there are additional surcharges an employer is subject to.

- All public schools must contribute 1.6 percent of the member's salary beginning in fiscal year 2021, gradually increasing to 2 percent in fiscal year 2025.
- When employing a retiree of the Teacher Retirement System the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED AUGUST 31, 2022

Actuarial Assumptions. The total pension liability in the August 31, 2021 actuarial valuation was determined using the following actuarial assumptions:

Valuation Date	August 31, 2020 rolled forward to August 31, 2021
Actuarial Cost Method	Individual Entry Age Normal
Asset Valuation Method	Market Value
Single Discount Rate	7.25%
Long-term expected Investment Rate of Return	7.25%
Municipal Bond Rate as of August 2020	1.95%
Inflation	2.30%
Salary Increases Including Inflation	3.05% to 9.05%
Benefit Changes During the Year	None
Ad hoc Post Employment Benefit Changes	None

The actuarial methods and assumptions are used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2020. For a full description of these assumptions please see the actuarial valuation report dated November 9, 2020.

Discount Rate. A single discount rate of 7.25 percent was used to measure the total pension liability. The single discount rate was based on the expected rate of return on plan investments of 7.25 percent. The projection of cash flows used to determine this single discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by the legislature during the 2019 session. It is assumed that future employer and state contributions will be 8.50 percent of payroll in fiscal year 2020 gradually increasing to 9.55 percent of payroll over the next several years. This includes all employer and state contributions for active and rehired retirees.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term rate of return on pension plan investments is 7.25%.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the Systems target asset allocation as of August 31, 2021 are summarized below:

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2022

Asset Class	Target Allocation ¹	Long-Term Expected Arithmetic Real Rate of Return ²	Expected Contribution To Long-Term Portfolio Returns

Total	<u>100%</u>		<u>6.90%</u>

Discount Rate Sensitivity Analysis. The following table presents the Net Pension Liability of the plan using the discount rate of 7.25 percent, and what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.25 percent) or one percentage point higher (8.25 percent) than the current rate.

	1% Decrease in Discount Rate (6.25%)	Discount Rate (7.25%)	1% Increase in Discount Rate (8.25%)
Lake Worth ISD's proportionate share of the net pension liability:	\$13,400,940	\$6,132,708	\$235,967

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At August 31, 2022, Lake Worth Independent School District reported a liability of \$6,132,708 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to Lake Worth Independent School District. The amount recognized by Lake Worth Independent School District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with Lake Worth Independent School District were as follows:

District's Proportionate share of the collective net pension liability	\$ 6,132,708
State's proportionate share that is associated with the District	<u>8,619,368</u>
Total	<u>\$14,752,076</u>

The net pension liability was measured as of August 31, 2020 and rolled forward to August 31, 2021 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2020 thru August 31, 2021.

¹ Target allocations are based on the FY21 policy model.

² Capital Market Assumptions come from Aon Hewitt (as of 08/31/2021).

³ The volatility drag results from the conversion between arithmetic and geometric mean returns.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2022

At August 31, 2022 the employer's proportion of the collective net pension liability was 0.0240815067%, an increase of 10.23% from its proportionate share of 0.0218463168% at August 31, 2021.

Changes Since the Prior Actuarial Valuation – There were no changes in assumptions since the prior measurement date.

For the year ended August 31, 2022, Lake Worth Independent School District recognized pension expense of \$34,459 and revenue of \$34,459 for support provided by the State.

At August 31, 2022, Lake Worth Independent School District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources (The amounts shown below will be the cumulative layers from the current and prior years combined.):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 10,263	\$ 431,747
Changes in actuarial assumptions	2,167,792	944,972
Difference between projected and actual investment earnings	380,919	5,523,115
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions	1,188,881	279,985
Contributions paid to TRS subsequent to the measurement date	1,219,523	-
Total	\$ 4,967,378	\$ 7,179,819

The net amounts of the District's balances of deferred outflows and inflows of resources (not including the deferred contribution paid subsequent to the measurement date) related to pensions will be recognized in pension expense as follows:

Year ended August 31:	Pension Expense Amount
2023	\$ (507,846)
2024	(575,161)
2025	(1,058,609)
2026	(1,434,593)
2027	105,003
Thereafter	39,242

NOTE 12. DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS

Plan Description. The District participates in the Texas Public School Retired Employees Group Insurance Program (TRS- Care). It is a multiple-employer, cost-sharing defined Other Post-Employment Benefit (OPEB) plan with a special funding situation. The TRS-Care program was established in 1986 by the Texas Legislature.

The TRS Board of Trustees administers the TRS-Care program and the related fund in accordance with Texas Insurance Code Chapter 1575. The Board of Trustees is granted the authority to establish basic and optional group insurance coverage for participants as well as to amend benefit terms as needed under Chapter 1575.052. The Board may adopt rules, plans, procedures, and orders reasonably necessary to administer the program, including minimum benefits and financing standards.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED AUGUST 31, 2022

OPEB Plan Fiduciary Net Position. Detail information about the TRS-Care’s fiduciary net position is available in the separately-issued TRS Annual Comprehensive Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at <http://www.trs.texas.gov/pages/aboutpublications.aspx>; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

Benefits Provided. TRS-Care provides health insurance coverage to retirees from public schools, charter schools, regional education service centers and other educational districts who are members of the TRS pension plan. Optional dependent coverage is available for an additional fee.

Eligible non-Medicare retirees and their dependents may enroll in TRS-Care Standard, a high-deductible health plan. Eligible Medicare retirees and their dependents may enroll in the TRS-Care Medicare Advantage medical plan and the TRS-Care Medicare Rx prescription drug plan. To qualify for TRS-Care coverage, a retiree must have at least 10 years of service credit in the TRS pension system. There are no automatic post-employment benefit changes; including automatic COLAs.

The premium rates for retirees are reflected in the following table:

TRS-Care Monthly for Retirees		
	<u>Medicare</u>	<u>Non-Medicare</u>
Retiree*	\$ 135	\$ 200
Retiree and Spouse	529	689
Retiree* and Children	468	408
Retiree and Family	1,020	999

* or surviving spouse

Contributions. Contribution rates for the TRS-Care plan are established in state statute by the Texas Legislature, and there is no continuing obligation to provide benefits beyond each fiscal year. The TRS-Care plan is currently funded on a pay-as-you-go basis and is subject to change based on available funding. Funding for TRS-Care is provided by retiree premium contributions and contributions from the state, active employees, and school districts based upon public school district payroll. The TRS Board of trustees does not have the authority to set or amend contribution rates.

Texas Insurance Code, section 1575.202 establishes the state’s contribution rate which is 1.25% of the employee’s salary. Section 1575.203 establishes the active employee’s rate which is .65% of pay. Section 1575.204 establishes an employer contribution rate of not less than 0.25 percent or not more than 0.75 percent of the salary of each active employee of the public. The actual employer contribution rate is prescribed by the Legislature in the General Appropriations Act. The following table shows contributions to the TRS-Care plan by type of contributor.

	<u>Contribution Rates</u>	
	<u>2021</u>	<u>2022</u>
Active Employee	0.65%	0.65%
Non-Employer Contributing Entity (State)	1.25%	1.25%
Employers	0.75%	0.75%
Federal/private Funding remitted by Employers	1.25%	1.25%
Lake Worth ISD FY22 Employer Contributions		\$270,532
Lake Worth ISD FY22 Member Contributions		\$193,148
Lake Worth ISD FY22 NECE On-behalf Contributions		\$323,081

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED AUGUST 31, 2022

In addition to the employer contributions listed above, there is an additional surcharge all TRS employers are subject to, regardless of whether or not they participate in the TRS Care OPEB program. When hiring a TRS retiree, employers are required to pay to TRS Care, a monthly surcharge of \$535 per retiree.

TRS-Care received supplemental appropriations from the State of Texas as the Non-Employer Contributing Entity in the amount of \$5,520,343 in fiscal year 2021 for consumer protection against medical and health care billing by certain out-of-network providers.

Actuarial Assumptions. The actuarial valuation was performed as of August 31, 2020. Update procedures were used to roll forward the Total OPEB Liability to August 31, 2021.

The actuarial valuation of the OPEB plan offered through TRS-Care is similar to the actuarial valuation performed for the pension plan, except that the OPEB valuation is more complex. All the demographic assumptions, including rates of retirement, termination, and disability, and most of the economic assumptions, including general inflation and salary increases, used in the OPEB valuation were identical to those used in the respective TRS pension valuation. The demographic assumptions were developed in the experience study performed for TRS for the period ending August 31, 2017.

The following assumptions and other inputs used for members of TRS-Care are based on an established pattern of practice and are identical to the assumptions used in the August 31, 2020 TRS pension actuarial valuation that was rolled forward to August 31, 2021:

Rates of Mortality	General Inflation
Rates of Retirement	Wage Inflation
Rates of Termination	Expected Payroll Growth
Rates of Disability	

The active mortality rates were based on 90 percent of the RP-2014 Employee Mortality Tables for males and females, with full generational mortality using Scale BB. The post-retirement mortality rates for healthy lives were based on the 2018 TRS of Texas Healthy Pensioner Mortality Tables, with full generational projection using the ultimate improvement rates from the mortality projection scale MP-2018.

Additional Actuarial Methods and Assumptions:

Valuation Date	August 31, 2020 rolled forward to August 31, 2021
Actuarial Cost Method	Individual Entry Age Normal
Inflation	2.30%
Single Discount Rate	1.95%
Aging Factors	Based on specific plan experience
Expenses	Third-party administrative expenses related to the delivery of health care benefits are included in the age-adjusted claim costs
Projected Salary Increases	3.05% to 9.05%, including inflation
Election Rates	Normal Retirement: 65% participation prior to age 65 and 40% participation after age 65
Ad hoc post-employment benefit changes	None

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED AUGUST 31, 2022

Discount Rate. A single discount rate of 1.95% was used to measure the total OPEB liability. There was a decrease of 0.38 percent in the discount rate since the previous year. Because the plan is essentially a “pay-as-you-go” plan, the single discount rate is equal to the prevailing municipal bond rate. The projection of cash flows used to determine the discount rate assumed that contributions from active members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the OPEB plan’s fiduciary net position was projected to not be able to make all future benefit payments of current plan members. Therefore, the municipal bond rate was used for the long-term rate of return and was applied to all periods of projected benefit payments to determine the total OPEB liability.

The source of the municipal bond rate is the Fidelity “20-year Municipal GO AA Index” as of August 31, 2021 using the fixed-income market data/yield curve/data municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds.

Discount Rate Sensitivity Analysis. The following schedule shows the impact of the Net OPEB Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (1.95%) in measuring the Net OPEB Liability.

	1% Decrease in Discount Rate (0.95%)	Current Single Discount Rate (1.95%)	1% Increase in Discount Rate (2.95%)
District’s proportionate share of the Net OPEB Liability:	\$14,362,538	\$11,906,960	\$9,974,340

Healthcare Cost Trend Rates Sensitivity Analysis - The following schedule shows the impact of the net OPEB liability if a healthcare trend rate that is one-percentage less than or one-percentage point greater than the health trend rates is assumed.

	1% Decrease in Healthcare Trend Rate	Current Single Healthcare Trend Rate	1% Increase in Healthcare Trend Rate
District’s proportionate share of the Net OPEB Liability:	\$9,644,244	\$11,906,960	\$14,942,963

OPEB Liabilities, OPEB Expenses, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs. At August 31, 2022, the District reported a liability of \$11,906,960 for its proportionate share of the TRS’s Net OPEB Liability. This liability reflects a reduction for State OPEB support provided to the District.

The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District’s Proportionate share of the collective Net OPEB Liability	\$11,906,960
State’s proportionate share that is associated with the District	<u>\$15,952,673</u>
Total	<u>\$27,859,633</u>

The Net OPEB Liability was measured as of August 31, 2020 and rolled forward to August 31, 2021 and the Total OPEB Liability used to calculate the Net OPEB Liability was determined by an actuarial valuation as of that date. The employer’s proportion of the Net OPEB Liability was based on the employer’s contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2020 thru August 31, 2021.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2022

At August 31, 2022 the employer’s proportion of the collective Net OPEB Liability was 0.0308674642%, an increase of 6.58% compared to the August 31, 2021 proportionate share of 0.0289620742%.

Changes Since the Prior Actuarial Valuation – The following were changes to the actuarial assumptions or other inputs that affected measurement of the Total OPEB liability since the prior measurement period:

- The discount rate changed from 2.33 percent as of August 31, 2020 to 1.95 percent as of August 31, 2021. This change increased the Total OPEB Liability.

Changes of Benefit Terms Since the Prior Measurement Date – There were no changes in benefit terms since the prior measurement date.

The amount of OPEB expense recognized by the District in the reporting period was \$(588,775).

At August 31, 2022, the District reported its proportionate share of the TRS’s deferred outflows of resources and deferred inflows of resources related to other post-employment benefits from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 512,651	\$ 5,763,802
Changes in actuarial assumptions	1,318,836	2,518,102
Difference between projected and actual investment earnings	13,087	160
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions	1,898,327	487,893
Contributions paid to TRS subsequent to the measurement date	270,532	-
Total	\$ 4,013,433	\$ 8,769,957

The net amounts of the employer’s balances of deferred outflows and inflows of resources (not including the deferred contribution paid subsequent to the measurement date) related to OPEB will be recognized in OPEB expense as follows:

Year ended August 31:	OPEB Expense Amount
2023	\$ (1,042,062)
2024	(1,042,354)
2025	(1,042,274)
2026	(728,855)
2027	(304,531)
Thereafter	(866,980)

NOTE 13. MEDICARE PART D

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003, which was effective January 1, 2006, established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. One of the provisions of Medicare D allows for the Texas Public School Retired Employee Group Insurance Program (TRS-Care) to receive retiree drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. These on-behalf payments are recognized as equal revenues and expenditures/expenses by the District. For the year ended August 31, 2022, the contribution made on behalf of the District was \$124,459.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED AUGUST 31, 2022

NOTE 14. DEFERRED CHARGE ON BOND REFUNDINGS

The District's deferred charge on bond refundings is as follows:

Balance – August 31, 2021	\$5,690,921
Current year additions	1,657,262
Current year amortization	<u>(534,046)</u>
Balance – August 31, 2022	<u>\$6,814,137</u>

NOTE 15. INTERFUND BALANCES AND TRANSFERS

Interfund balances at August 31, 2022, were as follows:

<u>Fund</u>	<u>Advances to Other Funds</u>	<u>Advances from Other Funds</u>
General Fund:		
Special Revenue Fund	\$ 394,918	\$ 14,529
Debt Service Fund	57,506	975,472
Capital Projects Fund	-	3,173,545
Custodial Fund	16,308	2,635
Special Revenue Fund:		
General Fund	14,529	394,918
Debt Service Fund:		
General Fund	975,472	57,506
Capital Projects Fund:		
General Fund	3,173,545	-
Custodial Fund:		
General Fund	<u>2,635</u>	<u>16,308</u>
TOTAL	<u>\$4,634,913</u>	<u>\$4,634,913</u>

Interfund receivables and payables generally arise from interfund loans between different funds with balances being repaid generally within one year.

Interfunds transfers for the year ended August 31, 2022 consisted of the following individual amounts:

<u>Fund</u>	<u>Transfers to Other Funds</u>	<u>Transfers from Other Funds</u>
General Fund:		
Capital Projects Fund	\$1,598,848	\$ -
Special Revenue Fund	34,098	-
Capital Projects Fund:		
General Fund	-	1,598,848
Special Revenue Fund:		
General Fund	<u>-</u>	<u>34,098</u>
TOTAL	<u>\$1,632,946</u>	<u>\$1,632,946</u>

The purpose of a \$207,325 transfer is to transfer from the general fund to the capital projects fund to cover the annual maintenance tax note debt service payment made out of that fund. The purpose of a \$34,098 transfer is to transfer funds from the general fund to the child nutrition fund to cover the cost of non-reimbursable snacks. The purpose of a \$1,391,523 transfer is to transfer from the general fund to the capital projects fund to reimburse for an account transfer made earlier in error.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED AUGUST 31, 2022

NOTE 16. HEALTH CARE

The District participates in TRS ActiveCare sponsored by the Teacher Retirement System of Texas and administered through Aetna and Caremark (pharmacy). TRS ActiveCare provides health care coverage to employees (and their dependents) of participating public education entities. Optional life and long-term care insurance are also provided to active members and retirees. The plan is authorized by the Texas Insurance Code, Title 8, Subtitle H, Chapter 1579, and by the Texas Administrative Code, Title 34, Part 3, Chapter 41. The District contributed approximately \$225 per month per participant to the plan, and employees, at their option, authorized payroll withholdings to pay employee contributions and additional premiums for dependents. The TRS issues a publicly available financial report that includes financial statements and required supplementary information for TRS ActiveCare. That report may be obtained by visiting the TRS Website at www.trs.state.tx.us, by writing the Communications Department of the Texas Retirement System of Texas at 1000 Red River Street, Austin, Texas 78701, or by calling (800) 223-8778.

NOTE 17. WORKERS' COMPENSATION PROGRAM

During the year, the District met its statutory workers' compensation obligations through participation in the Texas Association of School Boards ("TASB") Risk Management Fund (the "Fund"). The Fund was created and its operated under the provisions of the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code. The Fund's worker's compensation program is authorized by Chapter 504, Texas Labor Code. All districts participating in the Fund execute Interlocal Agreements that define the responsibilities of the parties. The Fund provides statutory workers' compensation benefits to its members and their injured employees.

NOTE 18. DISAGGREGATION OF RECEIVABLES AND PAYABLES

Receivables at August 31, 2022, were as follows:

	Property Taxes	Other Governments	Due From Other Funds	Other	Total Receivables
Governmental Activities:					
General Fund	\$ 328,986	\$ 3,306,060	\$ 468,732	\$ 149	\$ 4,103,927
Debt Service Fund	125,538	-	975,472	-	1,101,010

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2022

Payables at August 31, 2022, were as follows:

	Accounts	Salaries and Benefits	Due to Other Funds	Other	Total Payables
Governmental Activities:					
General Fund	\$ 587,647	\$ 1,816,750	\$ 4,166,181	\$ -	\$ 6,570,578
Debt Service Fund	-	-	57,506	40,455	97,961
Capital Projects Fund	151,314	-	-	-	151,314
Special Revenue Funds	249,603	105	394,918	-	644,626
Total - Governmental Activities	<u>\$ 988,564</u>	<u>\$ 1,816,855</u>	<u>\$ 4,618,605</u>	<u>\$ 40,455</u>	<u>\$ 7,464,479</u>
Amounts not scheduled for payment during the subsequent year	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE 19. DUE FROM OTHER GOVERNMENTS

The District participates in a variety of federal and state programs from which it receives grants to partially or fully finance certain activities. In addition, the District receives entitlements from the State through the School Foundation and Per Capita Programs. Amounts due from federal and state governments as of August 31, 2022, are summarized below. All federal grants shown below are passed through the TEA and are reported on the combined financial statements as Due from Other Governments.

Fund	State Grant & Entitlements	Federal Grants	Local Governments	Total
General	\$ 3,295,134	\$ 10,926	\$ -	\$ 3,306,060
Debt Service Fund	-	-	-	-
Special Revenue	16,409	677,129	-	693,538
Total	<u>\$ 3,311,543</u>	<u>\$ 688,055</u>	<u>\$ -</u>	<u>\$ 3,999,598</u>

NOTE 20. CONTINGENT LIABILITIES

The Tax Reform Act of 1986 imposed regulations on tax-exempt bond issues. Governmental bonds issued after August 31, 1986 are subject to the rebate provisions of the Tax Reform Act of 1986. The rebate applies to earnings from bond issue proceeds investments which exceed bond issue stated interest rates. The exact amount of liability, if any, is not known until as long as five years from the bond issuance date. At August 31, 2022, the estimated rebate liability on outstanding bond series was \$-0-.

NOTE 21. LITIGATION AND CONTINGENCIES

The District is a party to various legal actions none of which is believed by administration to have a material effect on the financial condition of the District. Accordingly, no provision for losses has been recorded in the accompanying combined financial statements for such contingencies.

Minimum foundation funding received from the Texas Education Agency is based primarily upon information concerning average daily attendance at the District's schools which is compiled by the District and supplied to the Agency. Federal funding for Food Services under child nutrition programs is based primarily upon the number and type of meals served and on user charges as reported to the USDA. Federal and state funding received related to various grant programs are based upon periodic reports detailing reimbursable expenditures made in compliance with program guidelines to the grantor agencies.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2022

The programs are governed by various statutory rules and regulations of the grantors. Amounts received and receivable under these various funding programs are subject to periodic audit and adjustment by the funding agencies. To the extent, if any, that the District has not complied with all the rules and regulations with respect to performance, financial or otherwise, adjustment to or return of funding monies may be required. In the opinion of the District's administration, there are no significant contingent liabilities relating to matters of compliance and, accordingly, no provision has been made in the accompanying financial statements for such contingencies.

Tarrant Appraisal District is a defendant in various lawsuits involving the property values assigned to property located within the District's boundaries on which the District assesses property taxes. The District could be required to refund property taxes paid on values which were greater than the ultimate final assessed valuation assigned by the court. Such lawsuits could continue several years into the future.

NOTE 22. REVENUES FROM LOCAL AND INTERMEDIATE SOURCES

During the current year, revenues from local and intermediate sources consisted of the following:

	General Fund	Special Revenue Fund	Debt Service Fund	Capital Projects Fund	Total
Property taxes	\$ 12,092,728	\$ -	\$ 5,933,382	\$ -	\$ 18,026,110
Investment income	73,818	115	9,034	48,053	131,020
Food sales	-	108,065	-	-	108,065
Penalties, interest and other tax related income	117,032	-	32,812	-	149,844
Co-curricular student activities	46,107	182,163	-	-	228,270
Tuition and fees	181,552	-	-	-	181,552
Gifts and bequests	250	16,575	-	-	16,825
Facilities rentals	11,192	-	-	-	11,192
Insurance recovery	422,216	-	-	-	422,216
Gas royalties	92,839	-	-	-	92,839
Erate revenue	53,312	-	-	-	53,312
Other	121,180	-	6,391	4,206	131,777
Total	<u>\$ 13,212,226</u>	<u>\$ 306,918</u>	<u>\$ 5,981,619</u>	<u>\$ 52,259</u>	<u>\$ 19,553,022</u>

NOTE 23. UNEARNED REVENUE

Unearned revenue at year-end consisted of the following:

	Special Revenue Fund	Total
Food Commodities	\$ 25,627	\$ 25,627
Advanced Placement Incentives	754	754
Total	<u>\$ 26,381</u>	<u>\$ 26,381</u>

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED AUGUST 31, 2022

NOTE 24. GENERAL FUND FEDERAL SOURCE REVENUES

<u>Program or Source</u>	<u>FALN Number</u>	<u>Amount</u>
General Fund:		
Emergency Connectivity Fund Grant	32.009	\$ 151,500
Medicaid Reimbursement	N/A	801,777
Indirect Costs	N/A	<u>456,830</u>
Total for General Fund		<u>\$1,410,107</u>

NOTE 25. EXCESS OF EXPENDITURES OVER APPROPRIATIONS BY FUNCTION

The Texas Education Agency requires the budgets for the Governmental fund types to be filed with the Texas Education Agency. The budget should not be exceeded in any functional category under TEA requirements. Expenditures exceeded appropriations in no functional categories for the year ended August 31, 2022.

NOTE 26. SUBSEQUENT EVENT

Management has reviewed events subsequent to August 31, 2022 through December 14, 2022, which is the date the financial statements were available to be issued. No subsequent events were identified that were required to be recorded or disclosed in the financial statements.

NOTE 27. RISKS AND UNCERTAINTIES

The outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus, has been characterized as a pandemic (the “Pandemic”) by the World Health Organization and is currently affecting many parts of the world, including the United States and the State of Texas. On January 31, 2020, the Secretary of the United States Health and Human Services Department declared a public health emergency for the United States and on March 13, 2020, the President of the United States declared the outbreak of COVID-19 in the United States a national emergency. Subsequently, the President’s Coronavirus Guidelines for America and the United States Centers for Disease Control and Prevention called upon Americans to take actions to slow the spread of COVID-19 in the United States.

On March 13, 2020, the Governor of Texas (the “Governor”) declared a state of disaster for all counties in the State in response to the Pandemic, which disaster declaration he has subsequently extended. Pursuant to Chapter 418 of the Texas Government Code, the Governor has broad authority to respond to disasters, including suspending any regulatory statute prescribing the procedures for conducting State business or any order or rule of a State agency that would in any way prevent, hinder, or delay necessary action in coping with the disaster, and issuing executive orders that have the force and effect of law. The Governor has issued a series of executive orders relating to COVID-19 preparedness, mitigation and reopening.

On June 3, 2021, TEA issued updated public planning health guidance to address on-campus instruction, administrative activities by teachers, staff or students that occur on school campuses, non-UIL extracurricular sports and activities, and any other activities that teachers, staff, or students must complete. Within the guidance, TEA instructs schools that school systems cannot require students or staff to wear a mask; however, school systems must allow individuals to wear a mask if they choose to do so.

Within the guidance, TEA instructs schools to notify their local health department, in accordance with applicable federal, state, and local laws and regulations, including any applicable confidentiality requirements, of individuals who have been in a school and test-confirmed to have COVID-19. Additionally, upon receipt of information that any teacher, staff member, student, or visitor at a school is test-confirmed to have COVID-19, the school must submit a report to the Texas Department of Health Services via its online portal.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2022

During the 87th Legislative Session, the Texas Legislature failed to pass legislation that would include virtual learning in ADA calculations. As a result, the 2021-2022 school year began with funding based on in-person attendance. During the second called special session, the Texas Legislature adopted Senate Bill 15, which allows virtual instruction attendance to be used for ADA funding purposes under certain circumstances. The District does not currently expect that all virtual instruction attendance will qualify for ADA funding. A return to funding based on actual attendance during the Pandemic may have a negative impact on revenues available to the District for operations and maintenance if the District does not qualify for the additional hold harmless periods or if students do not take part in the instruction options made available by the District. TEA announced on August 5, 2021 that a school district has the authority to provide remote instruction to a student if the school district meets certain state and federal requirements. Students receiving remote instruction are considered enrolled, but do not meet the requirements for ADA funding. Further, on March 29, 2022, TEA issued guidance on the calculation of the ADA hold harmless for the 2021-2022 school year, providing that each district will receive an adjustment to ADA such that the total percentage attendance rate for the first four six weeks of the 2021-2022 school year that is equal to the attendance rate for the first four six weeks of the 2019-2020 school year.

The full extent of the ongoing impact of COVID-19 on the District's longer-term operational and financial performance will depend on future developments, many of which are outside of its control, including the effectiveness of the mitigation strategies discussed above, the duration and spread of COVID-19, and future governmental actions, all of which are highly uncertain and cannot be predicted. The District continues to monitor the spread of COVID-19 and is working with local, State and national agencies to address the potential impact of the Pandemic upon the District. While the potential impact of the Pandemic on the District cannot be quantified at this time, the continued outbreak of COVID-19 could have an adverse effect on the District's operations and financial condition.

The Pandemic has negatively affected travel, commerce, and financial markets globally, and is widely expected to continue negatively affecting economic growth and financial markets worldwide. These negative impacts may reduce or negatively affect property values within the District. The District's bonded debt is secured by an unlimited ad valorem tax, and a reduction in property values may require an increase in the ad valorem tax rate required to pay the bonds as well as the District's share of operations and maintenance expenses payable from ad valorem taxes.

Additionally, State funding of District operations and maintenance in future fiscal years could be adversely impacted by the negative effects on economic growth and financial markets resulting from the Pandemic as well as ongoing disruptions in the global oil markets.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED AUGUST 31, 2022

PENSION LIABILITY:

Changes of benefit terms:

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

Changes of assumptions:

There were no changes to the actuarial assumptions or other inputs that affected measurement of the total pension liability since the prior measurement period.

OPEB LIABILITY:

Changes of benefit terms:

There were no changes in benefit terms since the prior measurement date.

Changes of assumptions:

The following were changes to the actuarial assumptions or other inputs that affected measurement of the Total OPEB liability since the prior measurement period:

- The discount rate changed from 2.33 percent as of August 31, 2020 to 1.95 percent as of August 31, 2021. This change increased the Total OPEB Liability.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Trustees
Lake Worth Independent School District
Lake Worth, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Lake Worth Independent School District, as of and for the year ended August 31, 2022, and the related notes to the financial statements, which collectively comprise Lake Worth Independent School District's basic financial statements, and have issued our report dated December 14, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of the audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

December 14, 2022

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON
INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Trustees
Lake Worth Independent School District
Lake Worth, Texas

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Lake Worth Independent School District's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Lake Worth Independent School District's major federal programs for the year ended August 31, 2022. Lake Worth Independent School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Lake Worth Independent School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Lake Worth Independent School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Lake Worth Independent School District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Lake Worth Independent School District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Lake Worth Independent School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Lake Worth Independent School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Lake Worth Independent School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Lake Worth Independent School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Lake Worth Independent School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED AUGUST 31, 2022

I. Summary of Auditor's Results

1. Type of auditor's report issued on the financial statements: Unmodified.
2. Internal control over financial reporting:
Material weakness(es) identified: None
Significant deficiency(ies) identified that are not considered to be material weaknesses: None reported
3. Noncompliance which is material to the financial statements: None
4. Internal controls over major federal programs:
Material weakness(es) identified: None
Significant deficiency(ies) identified that are not considered to be material weaknesses: None reported
5. Type of auditor's report on compliance for major federal programs: Unmodified.
6. Did the audit disclose findings which are required to be reported in accordance with 2 CFR 200.516(a)?: No
7. Major programs include:

ALN 84.010 ESEA, Title I, Part A
ALN 84.010A ESEA, Title I, 1003 ESF Focus

IDEA-B Cluster:
ALN 84.027 IDEA-Part B, Formula
ALN 84.027X IDEA-Part B, Formula ARP
ALN 84.173 IDEA-Part B, Preschool
ALN 84.173X IDEA-Part B, Preschool ARP

ALN 84.425D ESSER Relief Fund III
ALN 84.425U ESSER III TCLAS ARP
ALN 84.425W ARP Homeless II

ALN 16.839 STOP School Violence
8. Dollar threshold used to distinguish between Type A and Type B programs: \$750,000.
9. Low risk auditee: No

II. Findings Related to the Financial Statements

None

III. Other Findings

None

See Accompanying Notes to the Schedule of Expenditures of Federal Awards

LAKE WORTH INDEPENDENT SCHOOL DISTRICT
 NOTES ON ACCOUNTING POLICIES FOR FEDERAL AWARDS
 YEAR ENDED AUGUST 31, 2022

- For all Federal programs, the District uses the fund types specified in Texas Education Agency's *Financial Accountability System Resource Guide*.
- **General Fund** - is used to account for among other things, resources related to the United States Department of Defense ROTC program and the United States Department of Education's Impact Aid.
- **Special Revenue Funds** - are used to account for resources restricted to, or designated for, specific purposes by a grantor. Federal and state financial assistance generally is accounted for in a Special Revenue Fund. Generally, unused balances are returned to the grantor at the close of specified project periods.
- The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The Governmental Fund types are accounted for using a current financial resources measurement focus. All Federal grant funds were accounted for in a Special Revenue Fund or, in some instances, in the General Fund which are Governmental Fund type funds.

With this measurement focus, only current assets and current liabilities and the fund balance are included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets. The modified accrual basis of accounting is used in the Governmental Fund types. This basis of accounting recognizes revenues in the accounting period in which they become susceptible to accrual, i.e., both measurable and available, and expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on General Long-Term Debt, which is recognized when due, and certain compensated absences and claims and judgments, which are recognized when the obligations are expected to be liquidated with expendable available financial resources. Federal grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant, and, accordingly, when such funds are received, they are recorded as unearned revenues until earned.

- The period of performance for federal grant funds for the purpose of liquidation of outstanding obligations made on or before the ending date of the federal project period extended 90 days beyond the federal project period ending date, in accordance with provisions in Section H, Period of Performance of Federal Funds, 3 CFR Section 200.343 (b).
- Assistance listing numbers for commodity assistance are the assistance listing numbers of the programs under which USDA donated the commodities.
- Indirect cost reimbursement for federal programs for this fiscal year was received in the amount of \$456,830.
- Reconciliation Information:

Amount reported on the Schedule of Expenditures of Federal awards	\$8,209,923
SHARS Revenue reported in the General Fund	801,777
Tax Credit Revenue reported in the Debt Service Fund	-
Plus Revenue Received for Coronavirus Relief Fund for FY21 Expenditures	_____
Total Federal Program Revenue	<u>\$9,011,700</u>
