Bonds and Boundary Changes

- If both bond Question 1 and 2 pass in the Nov. 7, 2023 election, there will not be elementary school boundary changes for the 2024-25 school year.
- If Bond Question 1 fails, or if Bond Question 1 passes and Bond Question 2 fails:
 - Attendance boundary changes at elementary schools will be implemented for the 2024-25 school year.
 - Middle school boundaries will be adjusted to follow elementary school changes.
 - No changes to high school boundaries

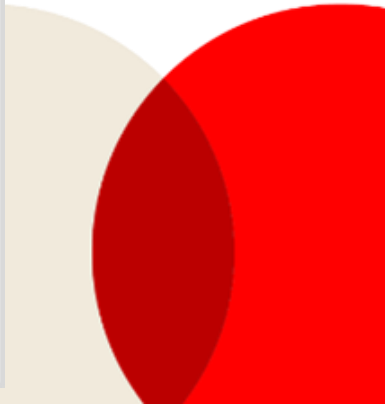

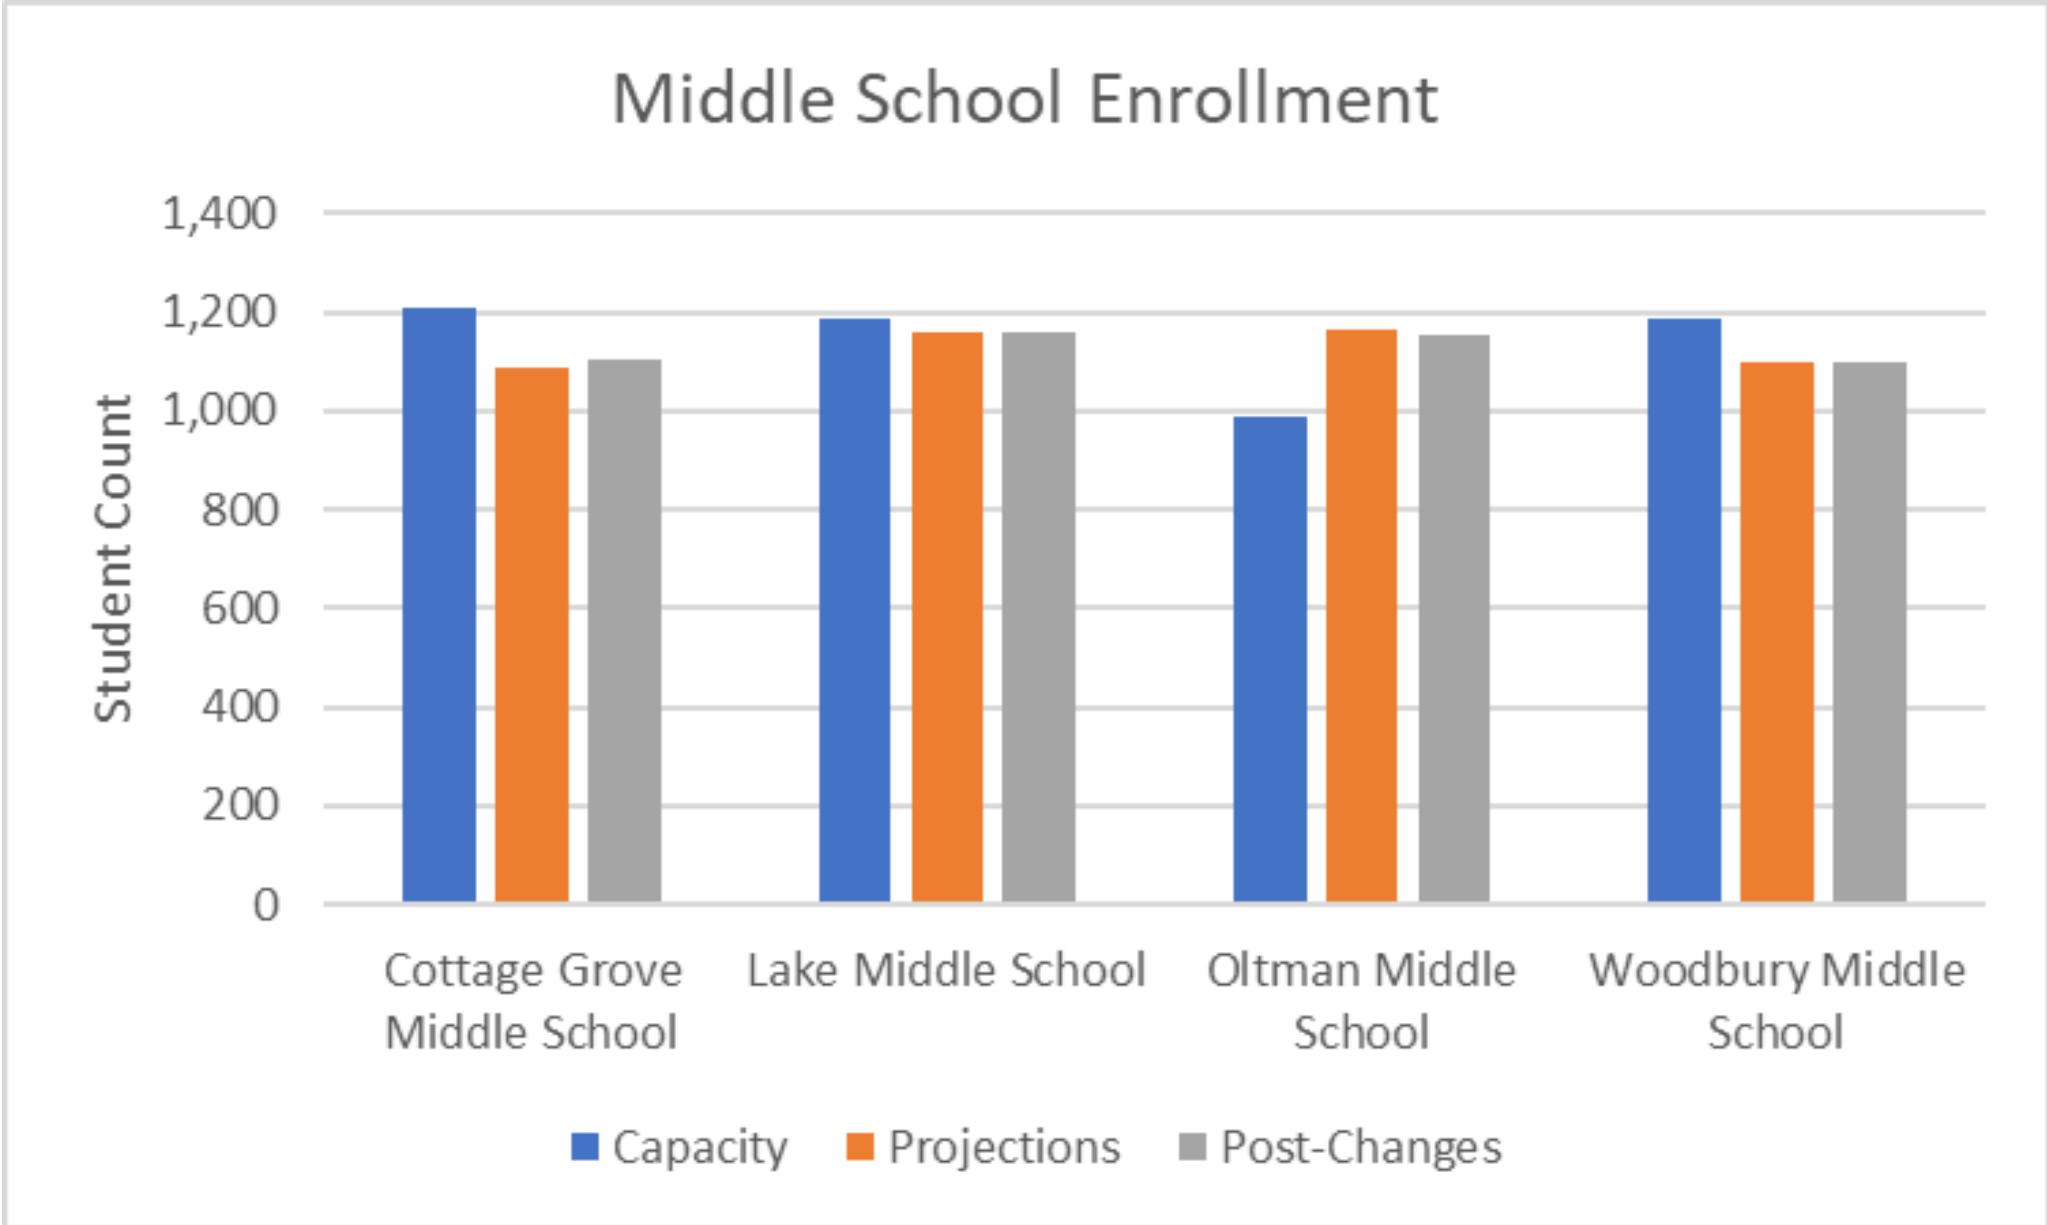

Boundary Change Guiding Principles

- Boundary adjustments will accommodate space needs for up to 8 years
- Minimally impact families currently enrolled in South Washington County Schools
- Lower overall enrollment at elementary schools that are currently over capacity, or projected to be over capacity in the next five years.
- Increase enrollment at elementary schools that are significantly under capacity
- Where possible, reduce transportation costs

Elementary Boundary Adjustments – Proposed Enrollment

Middle School Adjustments

Boundary Change Next Steps

- **Sept. 7 School Board Workshop:** Boundary Change presentation and discussion.
- Boundary Change information will be shared with staff, families and community on Facility Planning website and in newsletters starting in mid-September.
