Acceptable Use Policy (AUP)

State of Delaware

Students in State of Delaware public schools are considered state network users. Students are issued a login, password, and email in compliance with Department of Technology & Information (DTI) state network security standards. Students in the Milford School District are asked to sign the AUP once in elementary, middle, and high school. Should students refuse to sign, access to technology within the school may be denied. Students who do not adhere to the AUP are subject to disciplinary action as outlined in the student code of conduct.

Acknowledgment Statement

This is to certify that I have read and agree to abide by the guidelines set forth within the State Acceptable Use Policy. As an employee or student of the State of Delaware, I fully intend to comply with this policy realizing that I am personally liable for intentional misuse or abuse of the State's communications and computer systems. If I have any questions about the policy, I understand that I need to ask my teacher or administrator for clarification.

Introduction

Technology-based solutions and communication devices are woven into all aspects of our professional and personal lives. Often, business and individuals have struggled to determine the appropriate use of technology. This State policy defines the acceptable use of various technologies in our professional lives in service to the State of Delaware. There is an endless array of technology services and products for State organizations to consume, and the number and type of available options is ever-growing and expanding. It is not reasonable that this policy keeps pace with frequent technology changes in real time, or that it can specifically list and address every possible service, product, or use-case scenario. One goal of this policy is to provide guidance and information as a framework to consider when making technology-related decisions. Another goal is to provide explicit examples of choices or actions that are not acceptable. As individuals involved in the affairs of State government, our jobs must be conducted with integrity, respect, and prudent judgment.

Policy

A. COMPLIANCE WITH ALL LAWS AND REGULATIONS

All State of Delaware employees/students must comply with all applicable federal, state and local laws and government regulations. This includes compliance with agency requirements within the State organization.

B. POLICY STATEMENT

You are responsible for exercising good judgment regarding appropriate use of State data and resources (email, web sites, Internet services, etc) in accordance with State policies, standards, and guidelines. The State uses internet content management tools designed to restrict access to unauthorized internet sites. However, while these tools limit prohibited usage, sites that violate acceptable use remain accessible and users must therefore remain vigilant when using the Internet. Alternatively, agencies with business requirements to use filtered sites may request that access. Appendix C includes website categories typically blocked and the process for requesting changes.

State of Delaware data or resources may not be used for any unlawful or prohibited purpose. State resources may not be used for personal or inappropriate use, nor for pursuing activities not specifically identified as work required except as noted under Personal Use in Appendix A. Also, Appendix A has a non-exclusive list of specific activities that are prohibited.

You must ensure through practice or technical means that non-public information remains within the control of State at all times. Conducting State business that results in the inappropriate release of data or the storage of non-public State information on personal or non-State controlled environments, including devices maintained by a third party with whom the State of Delaware does not have a contractual agreement, is prohibited. This also specifically prohibits the use of an e-mail account that is not provided by the State of Delaware or its customer and partners, for government business. Appendix A has additional details.

You acknowledge and understand that all uses of the State's resources is subject to monitoring and there is no right to privacy when using State resources. Appendix B has more information related to monitoring.

Each network user is required to read and understand this policy and sign the appropriate acknowledgement statement. Each organization must have their staff review this policy annually. The signed acknowledgement statement must be maintained by each organization. Network users, who do not sign the Acceptable Use Policy Acknowledgement Statement, will be denied access to the State's Communications and Computer Systems.

State information and records could be subject to the Freedom of Information Act.

You are responsible for ensuring secure practices are utilized when conducting business with or on behalf of the State. Personally owned devices, when interacting with or for the State, are considered on temporary duty assignment to the State for the duration of the activity. The State retains the right to access any State records or materials developed for State use even on personally owned devices. In that regard, both personally owned devices (smart phones, tablets, home computers, etc.) and State owned devices are mandated to comply with State security policies and practices. Appendix A has more details.

C. IMPLEMENTATION RESPONSIBILITY

DTI and/or the organization's technical staff will implement this policy during the course of normal business activities, including business case review, architectural review, project execution and the design, development, or support of systems.

State communications and computer systems, including but not limited to, computer networks, data files, email, and voicemail, may be monitored and/or accessed by the State to ensure the integrity of the technology, protect against fraud and abuse, detect unauthorized access or use, and for other business purposes. Although the Department of Technology and Information (DTI) does not randomly monitor message or network transactions, DTI may without notification or approval, monitor, access and review any and all communications originating from the State of Delaware or delivered to the State of Delaware – employees should have no expectation of privacy in regard to use of these services. This is in accordance with 19 Del. C. chapter7.

When DTI learns of a possible inappropriate use, DTI will immediately notify the agency/school district or affiliate responsible, which must take immediate remedial action and inform DTI of its action. In instances where agencies/school districts or affiliates do not respond in a timely or reasonably appropriate manner, are “repeat offenders”, or if criminal activity is suspected, DTI will work directly with the proper authorities, and follow their guidance in determining appropriate action.

Any inappropriate use of State communications and computer systems may be grounds for discipline up to and including dismissal based on the just cause standard set forth by Merit Rules, Student Discipline Policy Code, or collective bargaining agreement, whichever is applicable to the subject employee/student. Exempt employees shall be subject to appropriate discipline without recourse, except as provided by law.

In an emergency, in order to prevent further possible unauthorized activity, DTI may temporarily disconnect that agency or affiliate. If this is deemed necessary by the DTI staff, every effort will be made to inform the agency or affiliate prior to disconnection, and every effort will be made to reestablish the connection as soon as it is mutually agreed upon.

Any determination of non-acceptable usage serious enough to require disconnection will be promptly communicated to the Senior Manager at the agency or affiliate by the DTI Executive Team.

Unauthorized activity or non-acceptable usage determined at the agency/school district or affiliate may be subject to remedial action being taken in accordance with the acceptable use policy of that agency/school district or affiliate as well as those actions outlines above. The remedial action outlined in agency/school district or affiliate policies may differ from the remedial action as outlined in this policy. DTI provides access to the state, national and international resources to its clients through connections with networks outside of Delaware. In general, it is the responsibility of those networks to enforce their own acceptable use policies. DTI will make every attempt to inform its clients of any restrictions on use of networks to which it is directly connected as such information is made available by the network provider.

DTI accepts no responsibility for traffic that violates the acceptable use policy of any directly or indirectly connected networks beyond informing the client that they are in violation if the connected network so informs DTI.

Appendix C - Internet Content Filtering

The State uses internet content management tools designed to restrict access to unauthorized internet sites. Internet sites may be restricted for several reasons such as the site is insecure, contaminated with virus or malware, places unconstrained demands on limited State resources or contains inappropriate content. This solution is not 100% effective.

Internet websites are categorized by web filters providers and the State limits access to certain categories deemed inappropriate.

Academics

Grading

For the purpose of calculating grades at Milford Central Academy, letter grades on report cards and transcripts shall be based on the following numeric range:

Grade Percentage:

A+	= 95-100
A	= 90-94
B+	= 85-89
B	= 80-84
C+	= 75-79
C	= 70-74
D	= 65-69
F	= below 65

Student Progress

Parents can access students' daily progress and attendance for all classes from home via Eschool Home Access, the school information database. To obtain access to Home Access, parents need to request a password and instructions for use from the school office.

Report Cards

Report cards will be released on Home Access Center and distributed to students about one week after each marking period ends. An all call and email will notify parents when they are available and coming home.

Progress Reports

Progress reports will be sent home with students at the 3 and 6 week mark of each marking period. These sheets will show all missing assignments and are a snapshot of your student's progress in each class. It is highly recommended that parents contact teachers with questions or concerns when progress reports are distributed. This allows time for corrective actions to be put in place prior to the end of the marking period. Waiting until the last week of the marking period may be too late for changes to make a difference prior to report cards.

Schedule Changes

Schedule changes are made at the discretion of the administration. Schedule changes will be made for administrative error or assignment of a course. Schedule changes are made during the first five (5) days of a new semester.

Parental Requests Concerning Schedules

The administration shall be responsible for scheduling students to those teachers required to provide for the educational needs of each student. While individual circumstances are considered, preferential requests from parents for assignment to specific teachers are not to be considered. See Board Policy #6302.

After the Bell (ATB)

Students who need extra time to complete work or who need tutoring assistance are encouraged to use the ATB program, which is available from 3:30–5:00 p.m., Tuesday (8th grade only), Wednesday (7th grade only), and Thursday (6th grade only). Students will meet in the cafeteria after school and then be directed to specific classrooms. More information about the program and transportation is available upon request.

Students are recognized at the end of each marking period if they make the honor roll. To make the high honor roll, students must earn an A or A+ in every class. To earn honor roll, students must earn A's, B's, and no more than one C. If a student receives a D, F, or I they are ineligible for recognition.

Homebound Instruction

Homebound instruction will be provided for students who, because of illness or injury, are unable to attend school for an extended period. Parents are responsible for submitting to a counselor a completed PPS-E2 Physician's Recommendation for Homebound Instruction form. For more information, parents should contact the student's counselor.

Summer School Policy

Students are eligible to attend summer school if they fail one core content class (English Language Arts, Math, Science, and Social Studies). Failing more than one core class results in retention, meaning the student will repeat the same grade.

HOSA is the only national student organization that exclusively serves secondary and post-secondary students in pursuit of a career in the health professions. HOSA is a student-led organization that is 100% health and offers opportunities for all students who have an interest in pursuing careers in health professions. HOSA activities prepare tomorrow's health professionals. HOSA provides an opportunity for students to expand upon the learning opportunities offered in the classroom. HOSA is not a club – it is an organization that promotes career opportunities in the health and biomedical settings. This chapter of HOSA is open to any student enrolled in Milford Central Academy Allied Health class or interested in pursuing a career in the health field. National Honor Society (NHS): The National Junior Honor Society is the nation's premier organization established to recognize outstanding middle level students. More than just an honor roll, NJHS serves to honor those students who have demonstrated excellence in the areas of scholarship, service, leadership, character, and citizenship. These characteristics have been associated with membership in the organization since its beginning in 1929. Today, it is estimated that more than one million students participate in official Honor Society activities. NHS and NJHS chapters are found in all 50 states, the District of Columbia, Puerto Rico, many U.S. territories, and Canada. Chapter membership not only recognizes students for their accomplishments, but challenges them to develop further through active involvement in school activities and community service. Five main purposes have guided chapters of NJHS from the beginning: to create enthusiasm for scholarship; to stimulate a desire to render service; to promote leadership; to encourage responsible citizenship; and to develop character in the students of secondary schools. These purposes also translate into the criteria used for membership selection in each local chapter.

Odyssey of the Mind (OoTM): Odyssey problems have challenged students to design mechanical dinosaurs, invent new factory machinery, build working vehicles, write a new chapter to Moby Dick, put a twist on classic artworks, turn Pandora's Box into a video game, and so much more. Since 1978, OotM problems have challenged students to go beyond conventional thinking and incorporate creative problem solving in learning. Creative Problem Solving is a skill that needs to be nurtured and developed. While a conventional education is important, learning to solve problems creatively and confidently gives them an important edge in their education and career goals. There is creativity inside each of us and OotM teaches how to tap into it so it can be applied to real-world problems. From the start, OotM recognized the importance of many of the skills now emphasized in education today such as Science, Technology, Engineering, and Math. The program combines that with history and art and has encouraged learning these subjects through the Classics and performance problems. All OotM solutions require students to perform, not just the sciences, but the arts as well – whether it be set-building, costume-making, creating props, acting, singing, or playing an instrument. These skills are important to create a balanced education. Because they are doing something fun, students are eager to perform and develop self-confidence and public speaking skills along the way. Many participants credit their success to Odyssey of the Mind. Because different elements are involved within each problem, OotM brings together kids with varying interests that often form life-long friendships.

Prism: Prism is a student-centered Gender and Sexuality Alliance (GSA). Prism's mission is to help create a school community where all students feel welcome and supported, regardless of their sexual orientation or gender identity. Prism promotes acceptance and strongly advocates against bullying or hatred of any kind. Every-one is welcome - LQTBQ+ students, as well as straight students (allies), students with LGBTQ+ families, and students who don't have or need a label for their sexual orientations or gender identities. Weekly meetings with a faculty advisor involve discussion of, and education about, issues related to sexual orientation or gender identity and expression. Students also celebrate events such as the National Day of Silence, Ally Week, and Pride month to create more visibility for LGBTQ+ people and issues.

Special Olympics: Special Olympics Unified Schools empowers youth and educators to be leaders of change. By playing and learning we will create a more inclusive world. Students of all abilities have the power to positively impact their school communities by promoting social inclusion. Learn how you can make a difference. Special Olympics is a global movement of people creating a new world of inclusion and community, where every single person is accepted and welcomed, regardless of ability or disability. We are helping to make the world a better, healthier and more joyful place— one athlete, one volunteer, one family member at a time. MCA students will participate in practices as well as competition events throughout the year to show off their skills.

Student Government: Milford Central Academy Student Council is a diverse and inclusive club dedicated to improving school climate for students and doing service learning to benefit our community. We are responsible for planning and putting on four

school dances; we coordinate with other clubs to collect food, toys and clothes for needy families over the winter holidays; we engage in activities to beautify Milford, such as decorating Christmas trees in the park; we make cards and gifts for veterans at Home of the Brave; we collect money for the Leukemia and Lymphoma Society to help find cures and support those who are undergoing treatments for blood cancer; we collect money to support those who have breast cancer; and we make gift baskets for kids at AI Dupont who are receiving long term medical care. This year, we want to expand our community service by becoming more involved with Parks and Recreation to help beautify Milford, to volunteer at more festivals, to help senior citizens and to help support the Boys and Girls club.

Technology Student Association (TSA): Technology Student Association or TSA is a national student organization created to develop skills in science, technology, engineering, and mathematics as well as business education. TSA competitions begin at the state level with possible advancements to nationals and include events such as digital photography, website design, designing and building solar powered cars and so much more!” Open to students enrolled in or who have completed technology education courses, TSA’s membership includes more than 250,000 middle and high school students across the United States. TSA is supported by educators, parents, and business leaders who believe in the need for a technologically literate society. Members learn through exciting competitive events, leadership opportunities, and much more. A wide range of activities makes TSA a positive experience for every student. TSA chapters take the study of STEM beyond the classroom friends with similar goals and interests. Together, TSA chapter members work on competitive events, attend conferences on the state and national levels, and learn and apply leadership skills. TSA chapters also are committed to a national service project and are among the most service-oriented groups in the community.

Yearbook: Yearly, MCA puts out a yearbook documenting memories from the year our students experienced at MCA. Members of the year- book organization take pictures, design the pages, and take time to make sure that their editing skills are on point!

All social events must be chaperoned by faculty members. All social events are to be held on a Friday or Saturday night or an evening prior to a day with no school. Request for Building Use forms are available in the Main Office.

MCA Attendance Regulations

Please refer to Milford School Board Policy #5403 for the most current attendance regulations.

Extracurricular Attendance Policy

Students must be in attendance at MCA for at least half a day to attend or participate in any extracurricular activities. This means that any student assigned to an alternative school cannot attend any activities after school on school grounds. Exceptions must be granted by administration

Tardiness

The term “tardy” will be defined as being late to school, class, or an activity, with or without permission of parents/guardian or school personnel. Consequences for violation of tardiness will be included in the district code of conduct. The teacher will counsel with those students who are developing a pattern of being tardy. The teacher will refer to the principal those students who in the teacher’s judgment are not making progress towards correcting the problem.

Early Dismissal

Students who need to leave school before the end of the school day should bring a note for early dismissal to their homeroom teacher upon arrival to school. Upon the return of the student to school, the student should submit written documentation in the form of a note or medical excuse. However, parents should make every attempt to schedule appointments at times that do not interfere with the school day.

Truancy

A student will be considered truant if the following occurs:

- He or she fails to arrive at school when directed to attend by the person in control of the students;
- He or she leaves school property without permission of a principal;
- He or she is present on school property but not present at place or class assigned;
- He or she has accumulated more than 3 unexcused/unverified absences per semester; or
- He or she has accumulated more than 12 tardies to school per semester.

A truant and the parent/guardian of a truant are subject to the administrative procedures, Truancy Court referral, and Court proceedings as established in 14 Del. Code, Chapter 27, Subchapter II. A parent who is determined to have violated Section 2702 of this title is guilty of an unclassified misdemeanor and the penalties are specified in Section 2729 of this title.

A student who is truant will be disciplined by the principal as appropriate to the circumstances associated with the truancy. A truancy conference will be held by the school principal as specified in Sections 2725 & 2726 of 14 Del. Code, Chapter 27. A student with more than 3 days of absence due to truancy in any given school year will be considered a chronic truant and may be referred to the truancy officer or be required to attend a meeting with middle school administration. A student who is a chronic truant may be referred to the visiting teacher for possible court action after parent notification and the student’s attendance record has been received by the parent and student. Students who reach the age of 16 may be recommended for expulsion from school. A student expelled for truancy may re-enter school the following year, but re-entry will be on a probationary basis. If such student again is classified as a chronic truant, per the description of the policy, the student shall be dropped from the attendance roll of the school. In combating truancy, school officials shall attempt to involve other state agencies as they work to eliminate truancy as a cause for a student being absent from school.

Special Attendance Circumstances

Absences from class associated with a religious holiday or caused by participation in a school-sponsored activity are considered excused and do not count against the student’s absence totals. Prior approval is necessary. Documentation to verify these types of special circumstances in advance may be requested. Absences for family vacations and family trips will be included in the student’s unexcused absence totals.

Strive for Five

We firmly believe that the more days a child is in attendance the more opportunities they have to be successful. We are challenging all of our MCA students to Strive for Five, and have five or less absences for the school year.

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Milford School District with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Milford School District may disclose appropriately designated "directory information" without written consent, unless you have advised the Milford School District to the contrary in accordance with Milford School District procedures. The primary purpose of directory information is to allow the Milford School District to include information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965, as amended (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

Note: These laws are Section 9528 of the ESEA (20 U.S.C. § 7908) and 10 U.S.C. § 503(c).

If you do not want Milford School District to disclose any or all of the types of information designated below as directory information from your child's education records without your prior written consent, you must notify the Milford School District.

Discipline

Detention

Detentions will be held after school in the cafeteria or other specified area. For refusal to attend detention, see Discipline Code. The only acceptable reason for missing a detention is a doctor excuse. In that case, the student must attend detention on the next available detention date upon his or her return to school. During detention, students may not sleep, lie on the desks/tables, or talk. If a student leaves the area without permission, he or she has cut detention, and the penalties for this offense are listed in the student discipline policy under refusal to attend detention.

Central Review

Students may be referred to the Central Review Committee for severe Code of Conduct infractions and Attorney General reports for off campus conduct. The referral may result in disciplinary action, alternative school placement, or recommendation for expulsion.

MILFORD SCHOOL DISTRICT - POLICY 5417

School Bus Code of Conduct

GENERAL INFORMATION

Student Safety – Student safety is a top priority for the Milford School District. School bus drivers are considered school officials and the bus is deemed an extension of the classroom. Students should observe classroom conduct when on the bus. Students who do not follow safe procedures on the bus will be subject to disciplinary action including suspension or denial of bus privileges as outlined in this policy.

Parent Contact – Drivers and/or contractors are to make a good faith attempt to contact parents prior to writing a bus referral. This effort should be documented on the referral form when necessary. A Principal/Designee must notify the parent/ guardian of any suspension or denial of riding privileges.

Contractor/Driver Meeting Request – Contractors and/or drivers may request a meeting with administration and parents of children in grades Pre-K-12 prior to writing a bus referral.

Implementation – School Bus Drivers should take steps to organize and promote a safe school bus environment. Drivers and Principal/Designee shall implement this policy in the manner specified. The implementation of this policy is in compliance with Delaware State 14 DE Reg. 1150 which requires the school district assume primary responsibility for student conduct.

The following items should be implemented when carrying out the Bus Code of Conduct:

- a. For any suspension from the bus, Principal/Designee must contact the parent/guardian prior to the suspension. If there is a loss of bus privilege, it will start no later than two (2) days after the school has notified the parents.

- b. An administrator can enact or prolong a bus suspension if the student presents a threat to the health, safety, or welfare of other students and staff.
- c. Infractions are cumulative regardless of offense type or category.
- d. If a student commits a series of related offenses on a bus trip, the offense with the highest penalty is to be chosen for action.

Bus Referrals – The Driver is responsible for maintaining discipline among all passengers. A discipline referral process is in place to support the Driver in this endeavor.

Should a student commit a disciplinary infraction the Driver should:

- a. talk to the student initially to resolve the problem and issue a verbal warning if necessary.
- b. Turn in a bus referral discipline form to the school's Principal/ Designee within a timely manner.
- c. The Principal/Designee may also initiate a bus referral based on his/her investigation of a student complaint and/or parental/ guardian concern regarding a bus discipline matter.
- d. Referrals will be returned to the driver/contractor within a timely manner.
- e. The school Principal/Designee reserves the right to increase the consequences based on the severity of the incident on the bus. Infractions are cumulative regardless of offense type or category.

Due Process

Students must be afforded the following due process procedures:

- a. Given notice of charges to student
- b. Given explanation of evidence against student
- c. Student given opportunity to tell his/her version of the incident

Transportation Review Committee – This committee consists of a building administrator, school district transportation supervisor, and disciplinarian. The Transportation Review Committee may take any disciplinary action deemed appropriate including but not limited to a long-term suspension from the school bus and/or complete denial of bus privileges. In addition, the Transportation Review Committee may recommend to the Alternative Placement Team of each school for alternative placement, long-term suspension, or expulsion in accordance with *Delaware State Regulation 616*.

Return to School (PreK and Kindergarten Only) – To provide safe transportation and ensure students of pre-kindergarten and kindergarten age are properly monitored, a parent/guardian or caregiver must be present when the student departs the bus.

For pre-kindergarten and kindergarten children to be released from the bus:

Parent/Guardian or caregiver must be at the bus stop, go to the bus door after the bus has stopped and opened the entrance door to receive his/her child. This way the bus driver can ensure that each pre-kindergarten and kindergarten student has a parent/guardian or caregiver present.

The bus driver may ask for the name of the child before releasing him/her. (At the start of school year or if there is a substitute driver) In the event a parent/guardian is not present at the bus stop, the driver is required to notify the school and return children to school at the end of his/her route. School administrators should follow the list of consequences below. The consequences only apply to the bus transportation from school to home and not morning transportation.

- 1st Offense: A letter will be sent to the parent notifying him/ her that the child was returned to school. The parent will be told that this is against district policy to not be present to receive his/her child. It will be explained to the parent that if this continues, transportation services can be discontinued.
- 2nd Offense: A letter will be sent to the parent notifying him/her that the child was returned to school for a second time. The parent will be told once again that this is against district policy to not be present to receive his/her child. It will be explained to the parent that if this infraction occurs again, a five school day bus suspension will occur.
- 3rd Offense: A letter will be sent stating that transportation services will be suspended for a period of 2 school days from school to home.

- 4th Offense: A letter will be sent notifying the parent/ guardian that transportation services will be suspended for 5 school days from school to home.
- 5th Offense: Bus privileges suspended until Transportation Review Committee meeting. Services may be terminated for the remainder of the school year.

Student Records – All student offenses reported to the school shall be made a part of the student’s discipline record. The bus referral process will start over at the beginning of each school year with exception to days suspended off the bus, which extend past the end of the school year and may be applied to the following school year.

MILFORD SCHOOL DISTRICT - POLICY 5418

SUICIDE PREVENTION

The Milford School District is aware that suicide among adolescents is a growing national concern. Because of this fact, the Milford School District requires that a plan for suicide prevention be documented and implemented.

The Milford School District recognizes that adolescent students undergo stresses of development and personal growth. Adolescence is a time of discovery and of profound searching and identity formation. Some adolescents find this struggle harder than others. Some feel unequal to the challenge. Some students contemplate suicide as an alternative to the loss of control over their lives. To use suicide as a solution is a tragedy.

Implementation:

1. **Prevention:** The Milford School District will:
 - a. Promote faculty awareness of depression and the warning signs of suicidal behavior.
 - b. Provide information about youth suicide to parents.
 - c. Promote the Suicide Prevention Program for students as an integral part of the curriculum.
 - d. Examine strategies and alternatives to alleviate school-related stress for students.
2. **Intervention:** The establishment of a uniform protocol by the District to respond to a potentially suicidal student.
3. **Postvention:** The establishment of a uniform plan of response to disseminate facts and to allow for structured expression of grieving within the daily activity of the school. (This uniform plan will also be implemented in the event of any sudden death of a student or staff person.)

D. Resources

PREVENTION:

District Policy Implementation - A district level suicide prevention coordinator shall be designated by the Superintendent. The suicide prevention coordinator will be responsible for planning and coordinating implementation of this policy. Each school principal shall designate a school suicide prevention coordinator to act as a point of contact in each school for issues relating to suicide prevention and policy implementation. All staff members shall report students they believe to be at elevated risk for suicide to the school suicide prevention coordinator.

Staff Professional Development - All staff will receive annual professional development on risk factors, warning signs, protective factors, response procedures, referrals, postvention, and resources regarding youth suicide prevention.

INTERVENTION:

SUICIDE, ABUSE, AND NEGLECT PROCEDURES

SUICIDE THREAT PROCEDURE

When a student is identified by a staff person as potentially suicidal, i.e., verbalizes about suicide, presents overt risk factors such as agitation or intoxication, the act of self-harm occurs, or a student self-refers, the student will be seen by a school employed mental health professional within the school day to assess risk and facilitate referral. If there is no mental health professional available, a school nurse, or administrator will fill this role until a mental health professional can be brought in.

For youth at risk:

1. School staff will continuously supervise the student to ensure their safety.
2. The principal and school suicide prevention coordinator will be made aware of the situation as soon as reasonably possible.
3. The school employed mental health professional or principal will contact the student's parent or guardian.
4. Child Mental Health will be called as appropriate 1-800-969-4357
5. Staff will ask the student's parent or guardian for written permission to discuss the student's health with outside care, if appropriate.

In-School Suicide Attempts

In the case of an in-school suicide attempt, the health and safety of the student is paramount. In these situations:

1. First aid will be rendered until professional medical treatment and/or transportation can be received, following district emergency medical procedures as per the school nurse.
2. School staff will supervise the student to ensure his/her safety.
3. Staff will move all other students out of the immediate area as soon as possible.

4. If appropriate, staff will immediately request a mental health assessment for the youth.
5. The school employed mental health professional or principal will contact the student's parent or guardian.
6. Staff will immediately notify the principal or school suicide prevention coordinator regarding in-school suicide attempts.
7. The school will engage as necessary the crisis team to assess whether additional steps should be taken to ensure student safety and well-being.

Re-Entry Procedure

For students returning to school after a mental health crisis (e.g. suicide attempt or psychiatric hospitalization), a school employed mental health professional, the principal, or designee will meet with the student's parent or guardian, and if appropriate, meet with the student to discuss re-entry and appropriate next steps to ensure the student's readiness for return to school.

1. A school employed mental health professional or other designee will be identified to coordinate with the student, his/her parent or guardian, and any outside mental health care providers.
2. The parent or guardian will provide documentation from a mental health care provider that the student has undergone examination and that he/she is no longer a danger to themselves or others.
3. The designated staff person will periodically check in with student to help the student readjust to the school community and address any ongoing concerns.

Searches may include the student and his/her locker, desk, automobile, MSD owned computing resources including all data stored on the MSD network, personal belongings, book bags, purses, or any bags or containers used to carry personal property.

RIGHTS AND RESPONSIBILITIES OF POSSESSIONS

Students have the right: To privacy in their personal possessions unless the administrator/designee/staff member has reasonable suspicion of a student's use, possession or distribution of alcohol, a drug, a drug-like substance, a look-alike substance, drug paraphernalia or of a student's unauthorized possession of items which include but are not limited to: electronic device, weapon, stolen property, unsafe item, or dangerous instruments in the School Environment.

Students have the responsibility: Not to carry, conceal, or possess any materials which are illegal, disruptive, dangerous, or offensive to others. Cell phones and other electronic devices must have the power turned off and be out of sight during the school day from the time the student arrives on school grounds until the end of the school day and on the bus. Cell phone use during the school day within the school building, school grounds and/or school buses is prohibited. The District is not responsible for a cell phone or electronic device which may be lost or stolen.

Lockers: The District presumes a student possesses, and is responsible for, all items found in the student's locker. Students should regularly check the contents of lockers. If students fail to lock lockers, or provide others access to personal lockers, students remain responsible for items found in personal lockers. Student lockers are the property of the school and may be subject to search by an administrator at any time with or without reasonable suspicion to protect the health, safety, and welfare of others.

Bookbag/Purse: The District presumes a student possesses, and is therefore responsible for, all items found in the student's bookbag, purse, or similar bag or container used to carry books or personal property (referred to as "bookbag").

Students should regularly check the contents of their bookbags. If a student fails to secure his/her bookbag, or provide others access to his/her bookbag, the student remains responsible for items found in his/her bookbag.

Motor Vehicles: The District presumes a student possesses, and is therefore responsible for, all items in the student's motor vehicle. This presumption applies to any motor vehicle driven to school without regard to who owns or rides in the motor vehicle. Before bringing a motor vehicle to school, or a school activity, students should carefully inspect the motor vehicle. If a student fails to lock his/her motor vehicle, or permit others access to his/her motor vehicle, the student remains responsible for items found in his/her motor vehicle.

DEBTS

Refusal to pay for lost, damaged, stolen school property or services rendered by a school program such as, but not limited to, field trip fees, food, transportation, or other services related to classes, student activities, and athletics. Students may petition to the school administrator/designee to set up a payment plan or other compensation plan.

Students who have a debt with the school will be barred from attending school activities including field trips, Homecoming, Prom, and Commencement Ceremonies. In addition, the school shall file a claim in Justice of the Peace for restitution of all debts over \$25.

MOTOR VEHICLE POLICY

Driving to school is a privilege granted by school administration. The District presumes a student possesses, and is therefore responsible for, all items in the student's motor vehicle or other conveyance. This presumption applies to any vehicle a student drives to school without regard to who owns the vehicle. Before a student brings a vehicle to school, or a school activity, he/she should carefully inspect the vehicle. If the vehicle is left unlocked or others are allowed to access to your vehicle, the student who drove the vehicle to school remains responsible for items found in the vehicle. Students should follow the rules for driving/parking cars on school grounds as follows:

1. Register all vehicles with the office.
2. Park in designated spots only.
3. Obey the 15 M.P.H. speed limit.
4. Operate the vehicle in a safe manner.
5. Upon arrival to school, student shall go directly into the building.
6. Once on school grounds, students are not to drive off the property without administrative approval.
7. Administrative approval is required for students to be in the parking lot area when school is in session.
8. This is an unauthorized area for students during the school day.
9. No smoking on school grounds.
10. Students shall be on time for school.
11. Students must properly park in the designated student parking spaces.
12. Only junior or senior students who are legally permitted to drive without supervision may purchase registration to legally park/drive on school grounds.

Students who disobey these rules may have their school driving/parking privileges suspended or revoked. Students who have unregistered vehicles, suspended or revoked driving privileges, or who park in unauthorized or other assigned spaces will be given disciplinary action in accordance with the Student Code of Conduct, and/or have their vehicle towed at the owner's expense. In addition, illegal conduct in a vehicle will be reported to law enforcement.

SKATEBOARDS/ROLLERBLADES/WHEELED SHOES

Students are not permitted to bring or use skateboards, rollerblades, or wheeled shoes in or directly around the school.

ELECTRONIC DEVICES AND CELL PHONES

Milford School District discourages students from bringing cell phones and other communication devices to school. Such devices include but are not limited to: cell phones, tablets, lasers, cameras, electronic games, etc. Students are prohibited from using cell phones and other electronic communication devices during the school day without permission from a school official. All devices must be turned off and kept out of sight during the entire school day when it is absolutely necessary to bring the phone to school. Violators will receive disciplinary action in accordance with the Student Code of Conduct. Students who do not turn in an electronic device when requested may be considered in Defiance of School Authority.

DELAWARE INTERSCHOLASTIC ATHLETIC ASSOCIATION

A student may not participate in a practice, scrimmage, or contest during the time of a suspension, either in school or out of school, is in effect or during the time the student is assigned to an alternative school for disciplinary reasons.

OMBUDSPERSON

CHAPTER III DISCIPLINARY PROCEDURES FOR VIOLATIONS OF STUDENT CODE OF CONDUCT

DUE PROCESS PROCEDURES & APPEAL PROCESS

All students must be informed of the violation(s) and the range of disciplinary actions. These items should be:

1. Included in the Student Code of Conduct.
2. Explained to students in person on a yearly basis.
3. Disseminated in print and electronic copy.

Each student involved in a situation which may result in a disciplinary action must be given the following due process by the administrator or designee:

1. Informed of the allegations against him/her, the conduct which forms the basis of the allegation(s), and explained the policy, rule, or regulation violated.
2. Given an explanation of the evidence supporting the allegation(s) and an opportunity to present his/her side of the story including any evidence, witnesses, or questions.

A student whose presence in the School Environment poses a threat to the health, safety, or welfare to persons or property within the School Environment, as determined by the administrator/designee, may be immediately removed from the school provided that, as soon as practicable thereafter, the due process procedures are followed.

Parent Notification

Parents are to be informed of incidents as soon as possible either by phone or written notice. When obtaining written statements from witnesses, reasonable efforts may be made to notify the parent/guardian or each witness. Reasonable efforts shall be made to include the allegedly offending student or parent/guardian in an investigation.

Student Appeal Process to Disciplinary Responses for short- and long-term suspensions and alternative placement decisions. The essential rights involved in disciplinary procedures stem from the concept of due process as outlined above.

1. Upon initiation of appeal process, penalties shall not be implemented until the student ceases or exhausts his/her appeal, except in cases where a student presents a threat to the health, safety, or welfare of other students and staff.
2. Students, parents and guardians may all engage in the appeal process.
3. Disciplinary action may only be appealed to the next administrative level.

Appeal Process

1. Student shall have an option to meet/discuss with an administrator or designee their proposed disciplinary actions within one (1) school day after the charge was issued to them in writing. This informal/private process should be followed in order to resolve differences/problems in friendly and cooperative manner.
2. Students or parents shall have the right to informally appeal staff disciplinary action to the administrator/designee within two (2) school days after the charge. The objective is to resolve the matter informally.
3. If the matter is not resolved satisfactorily in the above manner, a written appeal to the superintendent or superintendent's designee shall be made within two (2) school days of the previous disciplinary level. A parent/student conference shall be conducted within five (5) school days of appeal and shall give a written decision within two (2) school days of conference.
4. A final written appeal may be made to the Superintendent within two (2) school days of the previous disciplinary level. The unresolved problem will be discussed in a conference with the parents/student and the superintendent/designee. The decision of the Superintendent shall be final.

Should an appeal be requested after the consequence has been served, the appellant may request that a student's discipline record be erased or corrected for the infraction. Such an appeal must be requested within 30 calendar days of the incident.

As required by Regulation 616, the following also applies to appeals of Long-Term Suspensions, only. A hearing shall be granted by the Board upon receipt of a written request signed by the student stating he/she desires a hearing, received by the Board within 5 days of the student's receipt of the decision of the Superintendent. The Board shall hold a hearing with the parents/student within thirty (30) days after receipt of the appeal. The Board shall submit its written decision within ten (10) school days following the hearing. The decision of the Board shall be final.

SUSPENSION FROM SCHOOL

Short-Term Suspension

1. The administrator/designee, in accordance with the rules of the District, shall have the right to impose a Short-Term Suspension on any student in the school who has violated the school's Student Code of Conduct. The duration of the

2. The Superintendent, in accordance with the rules of the district/charter school, shall have the right to temporarily extend a student's Short-Term Suspension beyond the ten-school day limit pending a District Central Review Committee/Alternative Placement Meeting decision or the District Board of Education decision regarding an Expulsion hearing or other formalized Disciplinary Action hearing for the student.
3. Due Process will be followed as outline in Chapter III.
4. Students suspended out of school are expected to make up their work. It is the responsibility of the student/parent/guardian to contact the teacher for makeup work. Students assigned in-school suspensions are required to complete their work.
5. A student assigned to an excessive total of in-school suspensions (more than 3) may be assigned out-of-school suspensions (OSS) instead of the ISS consequences prescribed in these guidelines.
6. In all events, parents will be notified to have the student picked up from school. Students whose parents/guardians/emergency contacts cannot be reached by telephone will be retained at school until the end of the school day. However, if this is not feasible or if the immediate removal of the student from school is necessary to protect the safety of individuals, property, or the integrity of the educational process, the necessary notice and hearing will follow as soon as possible.

Long-Term Suspension

1. The Superintendent, in accordance with the rules of the District, shall have the right to impose a Long-term Suspension on any student in the school who has violated the school's Student Code of Conduct's listed acts of misconduct as defined in *14 DE Admin. Code 614.3*. The duration of the Long-term Suspension shall not exceed the number of school days in a school year for any single conduct violation or combination of violations which occurred during a single disciplinary incident.
2. Prior to any Suspension from school, the initial due process procedures outlined in Chapter III shall be followed.
3. Written notification of the Suspension and information regarding the districts/charters appeal or Grievance process shall be given or sent to the parent as soon as practicable, but no later than three business days. The notification shall state the cause and duration of the Suspension.
4. The parent or student may appeal the Suspension to the next administrative level in accordance with the District's appeal or Grievance process.
5. Prior to the student's return from an out-of-school Suspension of three (3) school days or more, the administrator/designee shall hold an in-person or phone conference with the parent and student. The conference shall be designated by the administrator/designee, who may waive the conference.

ASSIGNMENT TO ALTERNATIVE PROGRAM

A student may be assigned to an Alternative Program because of serious or repeated violations of the Code. Assignment to an Alternative Program is the removal of a student from the regular school program, with placement in special alternatives designed to meet the student's particular needs. An administrator/designee may refer a student for Alternative Placement:

1. For any severe disciplinary violation for which Alternative Placement may be a consequence as specified in the district school Student Code of Conduct and the student's behavior is within the defined conduct under Regulation 616.

2. A district Central Review Committee/Alternative Placement Meeting shall take place to determine if an alternative setting is appropriate for a referred student.
3. Parent and student shall receive verbal and written notification of the district/charter school's Central Review Committee/Alternative Placement Meeting within one day of the meeting. Parents and student may, but are not required to, attend the meeting.
4. The parent and student shall be informed of the district/charter school Central Review Committee/Alternative Placement Team's decision for placement within one (1) business day of the meeting.
5. If the decision is to assign to an Alternative Placement, the Superintendent or designee shall send follow-up written notice within three (3) business days to the parent describing the circumstances which led to the placement, identifying the Alternative Program to which the student is being assigned, and the conditions which must be met in order for the student to return to the Regular School Program.

Student Assignment to Alternative Placement

1. Milford School District contacts the Alternative Program to set up a date and time for an Intake Meeting.
2. The Intake Meeting shall not occur unless all required participants are present, unless excused by the Superintendent, and documentation from the Alternative Placement Packet is provided.
3. Participants required to be present at the Intake Meeting include, but are not limited to, the student, the parent, a district representative, the Alternative Program administrator, and other appropriate Alternative Program staff.
4. A student assigned to a Consortium Discipline Alternative Program must be registered in Milford School District before the Intake Meeting is held.
5. The Intake Meeting will include the completion of necessary forms, including the Intake Form, which requires student and parent signatures.
6. During the Intake Meeting, Milford School District representative shall communicate to all in attendance, the district/charter school's individualized goals and expectations for the alternatively placed student, including the Individualized Service Plan (ISP) under 14 DE Admin. Code 611, if applicable. The individualized goals and expectations shall be recorded on the Intake Form.

8. Milford School District shall maintain all alternatively placed students' enrollment status in Delaware Student Identification System (DELSIS) and eSchool PLUS database systems or successor Delaware Department of Education approved student database management system. A student placed in a Consortium Discipline Alternative Program shall have both an "active" and "service" status designation in DELSIS.
9. Students suspended, placed at alternative school, or expelled from school are also excluded from school-related activities and are not permitted on any Milford School District property or at any off-campus events.

EXPULSION

Only the Board of Education may expel a student from school for violation of District Policy. In general, the act of expulsion shall be taken in accordance with due process rights and on the documented evidence presented by the administration. A student will be expelled up to 180 school days and credit will not be given for courses in which a student is currently enrolled.

Expulsion Process

When a student commits a violation which may result in a recommendation for expulsion, the following procedure shall be followed.

STEP I – Investigation and Recommendation for Expulsion

1. The administrator/designee investigates the violation and follows due process from Chapter III of this policy.

2. After the student has been afforded initial due process procedures, if the administrator/designee decides that disciplinary action in the form of a recommendation for Expulsion will be made, the following procedures shall be afforded:
 - a. The student shall be given a short-term suspension.
3. The administrator/designee shall hold a Building Level Conference with the parent and the student. The administrator/designee shall explain to the parent and the student the purpose of the meeting is to inform them: 1) Of the recommendation for Expulsion; 2) That the student will be serving short-term suspension pending the outcome of the Expulsion hearing and; 3) Of the procedures that will take place as follow-up to the recommendation for Expulsion. The conference is held by phone or in person and notes are recorded by a second person.
4. All documentation related to the recommendation for Expulsion shall be delivered to the Superintendent within two (2) business days of the Building Level Conference or seven (7) business days of the incident, whichever is sooner.

STEP II – Expulsion Hearing Determination

1. Upon receipt of a recommendation following the Building Level Conference, the Superintendent shall review documentation to affirm that appropriate discipline procedures were followed. The Superintendent shall, within ten (10) business days of the date of the incident, notify the student and the parent by letter that a district-level Expulsion hearing will be held to consider the recommendation. The Superintendent shall not have been a participant in the disciplinary investigation or Building Level Conference resulting in the recommendation for Expulsion.
2. In lieu of a formal Expulsion hearing, a student may elect to waive the hearing and admit to the student’s violation charge(s). The student and parent shall submit a signed written hearing waiver which indicates that the student is knowingly and voluntarily waiving their right to the hearing. Such election may be exercised until the commencement of the hearing. This waiver does not absolve the student from required consequences under Federal or State Law or the Student Code of Conduct. (Appendix I)
 - a. Within five (5) business days following the waiving of hearing rights and admission of violation charges, the Superintendent shall prepare a report for the Board of Education's action at its next public board meeting or an additional scheduled public board meeting for the sole purpose of deciding on the student disciplinary matter in question.

STEP III – Expulsion Hearing

1. Written notice shall, at a minimum, be sent by regular U.S. and certified mail to the parent describing the circumstances which led to the recommendation for Expulsion and shall give the date, time, and location of the hearing.
2. The hearing shall be held not less than seven (7) business days or more than twenty (20) business days after receipt of written notice. The written notice shall be deemed to be received on the fourth business day following the day of mailing. This time period may be waived by agreement of the parties. A copy of the documentation shall be made available, upon request, to the student and parent at the district/charter school office prior to the mailing.
3. The student and parent may also be given copies of the following: (reason for the recommendation, names of witnesses who may appear, and copies of information that may be submitted as evidence).
4. The Expulsion Hearing shall be conducted by a district Board of Education or Hearing Officer.
5. The Board of Education or Hearing Officer:
 - a. Shall have full authority to admit or exclude evidence.
 - b. Is not bound by common law or statutory rules of evidence or by technical or formal rules of procedure except as herein stated.
 - c. May exclude plainly irrelevant, immaterial, insubstantial, cumulative, and privileged evidence.
 - d. May limit unduly repetitive proof, rebuttal, and cross examination.
6. In conducting the hearing, the District shall:
 - a. Submit evidence first followed by the response of the student, if any.
 - b. Allow further evidence by either party to be presented at the hearing if the Board of Education or Hearing Officer determines such evidence is necessary.
 - c. Be recorded in a manner that will permit transcription.
 - d. Not allow the Superintendent presenting the case on the part of the District to testify.
7. The student shall have the following rights:
 - a. To be represented by legal counsel at the student's expense.
 - b. To cross-examine witnesses.
 - c. To testify and produce witnesses on his/her behalf; and
 - d. To obtain, at the student’s expense, a copy of the transcript of the hearing.

In lieu of a formal Expulsion hearing, a student may elect to waive the hearing and admit to the student’s violation charge(s). The student and parent shall submit a signed written hearing waiver which indicates that the student is knowingly and voluntarily waiving their right to the hearing. Such election may be exercised until the commencement of the hearing. This

waiver does not absolve the student from required consequences under Federal or State Law or the Student Code of Conduct. (See Appendix II)

STEP IV – Expulsion Decision by Board of Education

1. Within five (5) business days following the conclusion of an Expulsion hearing conducted by a Hearing Officer, a written report shall be prepared by the Hearing Officer for the Superintendent. The report shall frame the issues, summarize the evidence, state conclusions of fact, and make a recommendation as to whether the student should be expelled.
2. The Board of Education shall:
 - a. Conduct a review of the Hearing Officer's recommendation, the transcript, and all evidence, and then may accept, reject, or modify the recommendation of the Hearing Officer.
 - b. Report to the Delaware Department of Education within five (5) business days of the Board's decision to expel.
 - c. Grant a decision in writing, within ten (10) business days of the decision by the Board of Education, to the Superintendent, parent and student. The written decision shall include notice of the right to appeal to the State Board of Education. When a Board of Education expels a student but determines the student shall not be placed at a Consortium Discipline Alternative Program, the written decision shall address with specificity the reason for non-placement and the evidence in support thereof. Such decisions shall be submitted to the Delaware Department of Education's Office of School Climate and Discipline within five business days of such decision, with a copy to the student's parent.

STUDENTS WITH DISABILITIES

1. In the case of a known or suspected disabled student, as defined in federal and state regulations, being considered for expulsion, or change in placement, in Individual Education Placement (IEP), Manifestation Determination (MD) or Section 504 (as appropriate) team meeting will be convened before change in placement or expulsion.
2. The IEP/504 Team will determine whether 1) the alleged conduct is a manifestation of the student's disability, or 2) the student's programming and placement was appropriate at the time of the offense. A disabled student's conduct is a manifestation of the disability if the IEP/MD/Section 504 Team so determines. If the IEP/504 Team determines that the offense is a manifestation of the student's disability, the student's program and/or placement may be changed by the team, but not as a disciplinary consequence, and only to provide appropriate services and placement.
3. If the IEP/504 Team determines that the offense is not a manifestation of the student's disability, the administrator/designee will follow the Student Code of Conduct, and continues services and placement shall be determined by the IEP/504 Team.
4. In instances where the student presents a danger to himself or others as afforded by law, Interim Alternative Educational Settings may be invoked by the District, including homebound instruction.

CORPORAL PUNISHMENT

The use of corporal punishment is not permitted in the Milford School District. This does not prohibit an employee of the Milford School District from:

1. Using reasonable and necessary physical contact to quell a disturbance or physical altercation or prevent an act that threatens imminent bodily harm to any other person.
2. Using reasonable and necessary physical contact to obtain possession of a weapon, or other dangerous object within a pupil's control.
3. Using reasonable and necessary physical contact for the purpose of self-defense or the defense of others.
4. Using reasonable and necessary physical contact for the purpose of protecting public school property.
5. Using reasonable and necessary physical contact to prevent a pupil from imminently inflicting harm on himself or herself.
6. Using reasonable and necessary physical contact to protect the bodily safety of others.
7. Using incidental, minor, or reasonable physical contact to maintain order and control.

In determining whether or not an employee of the Milford School District was acting within the above exceptions, deference shall be given to reasonable, good faith judgment made by an official or employee of the school board.

UNSAFE SCHOOL STUDENT TRANSFER OPTION PROGRAM

Milford Central Academy and Milford High School have been declared safe schools. The Milford School District complies with legislation by providing transfer options to those students enrolled in a district school that has been identified as "persistently dangerous" pursuant to the provisions of DDOE Regulation 608, Unsafe School Choice Option for Students in Persistently Dangerous Schools and for Students Who Have Been Victims of a Violent Felony. Students who have been victims of a violent felony under these provisions may also elect the transfer option program.

Option A: Schools Identified as Persistently Dangerous

1. Within ten (10) school days of receiving a persistently dangerous designation from the Department of Education, the District will notify parents of eligible Unsafe School Transfer Option Program students by mail. A Transfer Option Application will be attached to the notification letter. Parents of students moving to a persistently dangerous school at the end of their grade level cluster will also be notified by mail. All parents registering students at a designated school will receive a notice and Transfer Option Application at the time of registration.
2. The District will accept Unsafe School Student Transfer Option Applications for fifteen school days following date of the notification mailing. Applications for in-coming kindergarten students will be accepted through first day of new school year.
3. Parents will have the option to transfer to another district school that is making adequate yearly progress and has not been identified as being in school improvement, corrective action, or restructuring. School options available will be listed on the application form.
4. Transfers of students will occur within 30 school days of Department of Education notification to the District. Transferring students will be assigned to bus stops currently servicing their option school by the District Transportation Department. Parents will be responsible for providing transportation to and from their assigned bus stop.
5. A corrective action plan will be developed and filed with the Department of Education within twenty (20) school days from the date that the District learns that a school has been identified as persistently dangerous.

Option B: Victim of a Violent Felony at a School

1. Within five (5) school days from the date of the acknowledgement of a violent felony charge that occurred in or on the grounds of a district school, the District will notify the victim's parents by certified mail of the Unsafe School Student Transfer Option. A Transfer Option Application will be attached to the notification letter.
2. Parents have ten (10) school days from the date of the certified mailing to exercise their option to transfer to a safe district school that is making adequate yearly progress and has not been identified as being in school improvement, corrective action, or restructuring. School options available will be listed on the application form.
3. The student will be transferred within thirty (30) school days of the District's notification of violent felony charges being filed. Transferring students will be assigned to bus stops currently servicing their option school by the District Transportation Department. Parents will be responsible for providing transportation to and from their assigned bus stop.

The Milford School District Student Transfer Option Program components are subject to amendments as may be required by law.

WEAPONS – GUN FREE SCHOOLS ACT OF 1994

The Milford Board of Education recognizes that students and staff must be provided with a safe and secure environment for learning, free from fear, harassment or injury caused by the possession of firearms in school. In compliance with the Federal Gun-Free Schools Act of 1994, the District adopts the following policy:

1. Possession of a firearm, as defined by Delaware Code, on school property, in a school bus, at any school- sponsored co-curricular activity, shall result in expulsion for a period of not less than 180 school days. The Superintendent shall modify the expulsion requirement to the extent a modification is required by Federal or state law in respect to students who have been determined to have disabilities. The procedures and definitions by which this policy will be implemented are contained in the Student Code of Conduct and Delaware Code.

COMBINATION OF OFFENSES

In single instances where more than one violation of the Code occurs prior to disciplinary action given, the student may be dealt with at the highest level and may be given the most severe action allowed for any of the offenses committed. In separate incidents of violations of the Code, offenses cannot be combined prior to disciplinary action in order to determine the appropriate level and action for the latest offense. Offenses are to be considered separate, except as may be provided elsewhere in this policy. If several separate instances of the same offense occur prior to disciplinary action, all of the offenses should be processed at the appropriate level of action specified for each violation.

REMOVAL OF STUDENTS FROM CLASS OR OTHER SCHOOL ACTIVITY

Faculty and administration have authority over student conduct at all times during school and school related activities outside the school day, including riding buses. Students will be removed from class or school activity based upon the judgment of teachers and administrators. Criteria for removal of students include the safety of student and others, any form of violence, persistent disruption that interferes with learning, prevention of such situations and compelling need to speak to student privately. In using their judgment to remove a student, staff will use the Student Code of Conduct as the guide for their decisions. When a punishment or penalty is given to a student, it will be at the discretion of school

authorities and based upon the Code of Conduct. If a student needs to be removed, the teacher will contact the office/follow procedures established in that school to summon assistance to remove a student.

STUDENT RECORD

All discipline offenses are made a part of the student's discipline record. The discipline referral process will start over at the beginning of each school year.

CHAPTER IV VIOLATIONS OF THE STUDENT CODE OF CONDUCT

HARASSMENT

Sexual harassment by district students or harassment or misconduct by students based upon race, color, creed, religion, gender (including pregnancy, childbirth, and related medical conditions), national origin, citizenship or ancestry, age, disability, marital status, veteran status, genetic information, sexual orientation, gender identity, or upon any other categories protected by federal, state, or local law.

Sexual harassment is a form of sex discrimination and illegal under Title VII of Civil Rights Act of 1964, which protects persons in workplace, and Title IX of Education Amendments of 1972, which protects persons from sex discrimination at school. Sexual harassment can be defined as any unwelcome attention of a sexual nature that interferes with a person's work (school) performance or creates a hostile, intimidating work (school) environment. It may include but is not limited to: demeaning remarks about one's clothing, body, or sexual activity based on gender; unnecessary touching, patting, or pinching; leering at another person; demanding sexual favors accompanied by threats relating to job or school performance and evaluation; and physical assault. It is important to remember that no person deserves to have his/her individual freedoms violated and that persons who have experienced sexual harassment often feel guilty, angry, powerless, and fearful. Such sexual harassment or misconduct, whether the harasser is another student or adult: shall include, but is not limited to the following:

1. **Written contact**--suggestive or obscene letters, notes, invitations, graffiti, and electronic messages of a sexual nature.
2. **Visual contact**--sexually suggestive looks or gestures, displaying sexually suggestive or explicit objects or pictures, cartoons, photographs, electronic images, posters, magazines, or other materials.
3. **Verbal contact**--sexually suggestive gestures or obscene comments including, but not limited to, those about a person's body, body parts, or sexual characteristics that are used in a negative or embarrassing way; verbal advances or sexually explicit statements which may take the form of threats, jokes, teasing, phone calls, or pressure for sexual contact or favors.

All complaints made to district staff must be reported by such staff to the Milford School District Title IX Coordinator. Upon receiving notice of a complaint of harassment, sexual harassment or misconduct based upon race, national origin, disability, religion, sexual orientation, or similar characteristic, an investigation will be conducted as soon as possible. The type of disciplinary action taken will depend upon the seriousness of the offense committed and may include placing the offending student on probation, suspension, expulsion, or imposing other disciplinary alternatives. Follow-up inquiries may be made to ensure that harassment, including sexual harassment, has not resumed and that the complainant and witnesses have not suffered retaliation for their actions.

DRUGS AND ALCOHOL

The Milford School District strives to:

1. Promote student awareness/education concerning the dangers of substance abuse in the schools.
2. Make known the availability of drug and alcohol counseling, rehabilitation, and student assistance programs.
3. Provide a fair and equitable framework for administering consequences to students who violate the policy.
4. Provide prior notice to all students of the District's position that the use of drugs, alcohol or steroids in the School Environment is destructive of the educational process and will not be tolerated.

The misuse of drugs and alcohol is a serious problem with legal, physical, and social implications for the school community. In cases of drug use, possession and/or distribution of drugs and/or alcohol and/or paraphernalia and/or inhalants and/or medications, the Milford School District will:

1. Follow the Code of Conduct to administer consequences to students.
2. Alert law enforcement of possible criminal violations.
3. Turn over all substances and paraphernalia to law enforcement officials.

Both are to be brought in the original labeled container to the School Environment in the dosage or amounts prescribed, or for which written permission has been obtained. In all cases, they are to be delivered to the school nurse and administered as per the physician's/parent's/guardian's written order. Violations of the policy could result in disciplinary action. All medications not reported to the nurse will be considered unauthorized.
6. Offer help and assistance to any student who feels that she/he has a problem with drugs or alcohol. School personnel will offer assistance, assessment and/or identify appropriate outside resources without penalty, unless a violation of this policy has occurred. In cases involving student assistance, cost for such treatment is the responsibility of the parent, but the school administration will be an active partner at the parent's request in securing help of a limited cost nature.
7. Be committed to developing preventative strategies for dealing with this issue through counseling efforts, instructional programs, and many other related activities. The Milford School District has also designated the school nurse, school psychologist and/or school counselors as the professionals to which staff can refer students to receive initial counseling and to obtain information or counseling/treatment services available to the student in need.

NON-CONTROLLED SUBSTANCES

The act of possessing or transferring a drug-like or look-alike substance (includes all substances which fall under the definition set forth in the Uniform Controlled Substance Act 16 Del. D. 4701 et seq.) shall constitute intent to use, possess, or distribute if any of the following conditions is present:

2. The express representation that the substance is of such nature or appearance that the recipient of said delivery will be able to distribute said substance as a controlled substance; or

School administration shall document attempts made to reach the parent/guardian.

AGGRESSIVE GROUPS AND GANG POLICY

The Milford School District recognizes that the harm done by the presence and activities of gangs and aggressive groups in public schools exceeds the immediate consequences of such activities such as violence and destruction of property. Gang and aggressive group activities also create an atmosphere of intimidation in the entire school community. Both the immediate consequences of this activity and the secondary effects are disruptive and obstructive of the process of education and school activities.

It is therefore the policy of the Milford School District that gangs and aggressive groups are prohibited in the Milford School District Schools, according to the following:

SCHOOL BULLYING & CYBER BULLYING PREVENTION

The Milford School District (the "District") recognizes that safe learning environments are necessary for students to learn and achieve high academic standards. The District strives to provide safe learning environments for all students and all employees.

Prohibition of Bullying Which Includes Cyberbullying

The District prohibits the bullying of any person on school property, at school functions, by use of data or computer software accessed through a computer, computer system, computer network or other electronic technology of the District from grades kindergarten through grade twelve. In addition, cyberbullying (as defined herein) is prohibited by students directed at other students. Incidents of cyberbullying shall be treated by each school district and charter school in the same manner as incidents of bullying. The District further prohibits reprisal, retaliation or false accusation against a target, witness or one with reliable information about an act of bullying.

Definition of Bullying & Cyberbullying

As used in this policy, bullying means any intentional written, electronic, verbal, or physical act or actions against a student, school volunteer or school employee that a reasonable person under the circumstances should know will have the effect of:

1. Placing a student, school volunteer or school employee in reasonable fear of substantial harm to his or her emotional or physical well-being, or substantial damage to his or her property; or
2. Creating a hostile, threatening, humiliating or abusive educational environment due to the pervasiveness or persistence of actions, or due to a power differential between the bully and the target; or
3. Interfering with a student having a safe School Environment necessary to facilitate educational performance, opportunities, or benefits; or
4. Perpetuating bullying by inciting, soliciting, or coercing an individual or group to demean, dehumanize, embarrass, or cause emotional, psychological, or physical harm to another student, school volunteer or school employee.

5. As used in this policy, cyberbullying means the use of uninvited and unwelcome electronic communication directed at an identifiable student or group of students, through means other than face-to-face interaction which 1) interferes with a student's physical well-being; or 2) is threatening or intimidating; or 3) is so severe, persistent, or pervasive that it is reasonably likely to limit a student's ability to participate in or benefit from the educational programs of the school district or charter school. Communication shall be considered to be directed at an identifiable student or group of students if it is sent directly to that student or group or posted in a medium that the speaker knows is likely to be available to a broad audience within the school community.
 - a. Whether speech constitutes cyberbullying will be determined from the standpoint of a reasonable student of the same grade and other circumstances as the victim.
 - b. The place of origin of speech otherwise constituting cyberbullying is not material to whether it is considered cyberbullying under this policy, nor is the use of school or district materials.

Explanation

Bullying is usually defined as involving repeated acts of aggression that aim to dominate another person by causing pain, fear, or embarrassment. However, one act alone may constitute bullying if the requisite intent and effect set forth in the definition are met. Bullying may be perpetuated by an individual or a group. It may be direct or indirect. Although a person may be repeatedly bullied, a different person might be doing the bullying each time, which may make it difficult to recognize that bullying is occurring. An act is intentional if it is the person's conscious objective to engage in conduct of that nature. The actions listed below are some examples of intentional actions which may become bullying depending on their reasonably foreseeable effect.

Physical bullying

Pushing, shoving, kicking, destroying of property, tripping, punching, tearing clothes, pushing books from someone's hands, shooting/throwing objects at someone, gesturing, etc.

Verbal bullying

Name calling, insulting, making offensive comments, using offensive language, mimicking, imitating, teasing, laughing at someone's mistakes, using unwelcome nicknames, threatening.

Relational Bullying

Isolation of an individual from his or her peer group, spreading rumors.

Cyber-bullying

Bullying by using information and communication technologies. Cyber-bullying may include but is not limited to:

1. Denigration: spreading information or pictures to embarrass.
2. Flaming: heated unequal argument online that includes making rude, insulting, or vulgar remarks.
3. Exclusion: isolating an individual from his or her peer group.
4. Impersonation: Using someone else's screen name and pretending to be them.
5. Outing or Trickery: forwarding information or pictures meant to be private.

Sexual Bullying

With the exception of physical contact which is deemed criminal and/or meets the definition of Unlawful Sexual Contact as defined in DE Code §4112, unwanted touching of a sexual nature, unwanted talking about private parts, and unwanted comments about target's sexuality or sexual activities.

This list should be used by way of example only and is not exhaustive. Such actions become bullying if they meet the definition with regard to intent and reasonably foreseeable effect. This policy is not intended to prohibit expression of religious, philosophical, or political views, provided that the expression does not substantially disrupt the education environment. Similar behaviors that do not rise to the level of bullying may still be prohibited by other district policies or building, classroom, or program rules.

School-Wide Bully Prevention Program

The District is committed to support each school in their adoption of a school-wide bully prevention Program. Each school is directed to develop or adopt a school-wide, research-based bully prevention program. A Coordinating Committee will be created, as described in Section IV of this policy.

Coordinating Committee

Each school shall establish a site-based committee that is responsible for coordinating the school's bully prevention program including the design, approval and monitoring of the program.

Reporting Requirements

Bullying is unacceptable and a culture of openness is the best way to counter such behavior. It is the responsibility of each member of the school community: pupils, staff, and parents to report instances of bullying or suspicions of bullying, with the understanding that all such reports will be listened to and taken seriously. Any school employee with reliable information that would lead a reasonable person to suspect a person is a target of bullying shall immediately report it to the administration.

Investigative Procedures

1. Each school is required to have a procedure for the administration to promptly investigate in a timely manner and determine whether bullying has occurred and that such procedure include investigation of such instances, including a determination of whether the target of the bullying was targeted or reports being targeted wholly or in part due to the target's race, age, marital status, creed, religion, color, sex, disability, sexual orientation, gender identity or expression, or national origin. This does not preclude schools from identifying other reasons or criteria why a person is a target of bullying.
2. All reported incidents of bullying, regardless of whether the school could substantiate the incident, must be reported to the Department of Education by the administrator/designee within five (5) working days.
3. Some acts of bullying may also be crimes which must be reported to the police and/or the department of education pursuant to the school crime reporting law (14 Del. C. § 4112).

Non-Classroom Supervision

To the extent funding is available; each school must develop a plan for a system of supervision in non-classroom areas. The plan shall provide for the review and exchange of information regarding non-classroom areas.

Consequences for Bullying

Consequences for bullying are outlined in the disciplinary matrix in the School Code of Conduct. A written notice to parents/guardians will be provided in both alleged and substantiated cases to both victims and bullying perpetrators. Repeated and/or serious bullying violations will be reported to law enforcement.

Retaliation

Retaliation for reporting bullying is prohibited. The consequences and appropriate remedial action for a person who engages in retaliation shall be determined by the administrator after consideration of the nature, severity, and circumstances of the act. The potential consequences for retaliation are as set forth in the preceding section.

Reporting Procedures

The procedures for a student and parent, guardian, or relative caregiver pursuant to 14 Del. C. § 202(f) of this Title or legal guardian to provide information on bullying activity will be as follows:

1. If a child complains of bullying while it is happening, the staff member will respond quickly and firmly to intervene, if safety permits. The staff member will report the complaint to the administration or designee.
2. If a child expresses a desire to discuss a personal incidence of bullying with a staff member, the staff-member will assist to provide the child with a practical, safe, private, and age-appropriate method of doing so. The staff member will report the concern to the administration or designee.
3. Written complaints shall be reasonably specific as to actions giving rise to the complaint and should include information as to:
 - a. Conduct involved.
 - b. Persons involved, designated bully, target, and bystanders' roles.
 - c. Time and place of the conduct alleged number of incidents.
 - d. Names of potential student or staff witnesses.
 - e. Any actions taken in response.
4. Short, easy to use complaint forms can be obtained from the school administration or district office. (Appendix II – MSD Bullying Reporting Form)
5. The MSD Bullying Reporting Form may be completed on the school website and automatically sent to school administration.
6. Anyone may report bullying. A report may be made to any staff member.
7. Each administrator/designee will designate a person or persons responsible for responding to bullying complaint bullying.
8. Every confirmed bullying incident will be recorded in the school register of Bullying incidents (Milford School District RAP), which will be a central record for designated staff to read. This will give an indication of patterns which may emerge of both bullies and victims.

Anonymous Reports

Formal disciplinary action solely based on an anonymous report is not permitted. Independent verification of the anonymous report is necessary in order for any disciplinary action to be applied.

Notification of Parents, Guardian, or Relative Caregiver

A parent, guardian, or relative caregiver pursuant to 14 Del. C § 202(f) or legal guardian of any target of bullying or person who bullies another must be notified.

Procedure to Communicate with Medical and Mental Health Professionals.

The following procedures for communication between school staff members and medical professionals who are involved in treating students for bullying issues must be followed:

1. Pediatricians/Primary Care Physicians and Mental Health Professionals are important links in the overall wellness of the whole child. The ability to communicate appropriately to identify the optimal health care needs of the child is necessary when issues at school impact the physical and emotional health of the child. This is especially true in bullying due to the social nature of the problem. Release of information forms must be signed by the parent, guardian, or relative caregiver pursuant to 14 Del. C. § 202(f) or legal guardian in order for the primary care physician or mental health professional to communicate with school personnel regarding any treatment of a child. Releases should be signed both at school and at the physician or mental health professional's office before communication may take place according to HIPPA and FERPA guidelines.
2. If a parent refuses to sign a release form at school the school will review this policy with them, explaining the reasons the release would be advantageous to the parent's child.
3. After confirmation that a child has been involved in a bullying incident, if the administrator/designee recommends a mental health evaluation be completed, the school may:
 - a. Require that return to school will be contingent upon the clinical evaluation providing recommendations and treatment plan if identified as appropriate.
 - b. Require that the student remain in in-school suspension and that return to regular class schedule will be contingent upon the clinical evaluation providing recommendations and treatment plan if identified as appropriate.
4. A summary of the evaluation shall be shared at a meeting with student, parent/guardian and school administrator/designee prior to return to school or the general population.

Emergency evaluations can be obtained through Christiana Care Health Services Emergency Center at Christiana or Wilmington Hospital (302)-733-1000, the Rockford Center (866)-847-4357. Crisis services are also available through Prevention and Behavioral Health Services, State of Delaware 24-hour hot line (302)-633-5128. Each school shall verify for the District the method and date the policy has been distributed to all students, parents, faculty, and staff.

Informing Students of Electronic Mediums

Upon implementation of this policy, and again at the beginning of each academic year, each school district and charter school shall inform students in writing of mediums where posting of speech will be presumed to be available to a broad audience within the school community, regardless of privacy settings or other limitations on those postings. From implementation of this policy, postings on Facebook, Twitter, YouTube, SnapChat, Instagram, TikTok, and Pinterest shall, at minimum, be included in each district and charter's school list of mediums where posting of speech will be presumed to be available to a broad audience within the school community, regardless of privacy settings or other limitations on those postings. This list is not considered exclusive and any social media outlet which allows for communications that may be viewed by the intended victim or refers to the victim shall be considered an electronic medium for the purposes of enforcing the electronic bullying aspects of this policy. Internet sites such as "blogs" which may be used by individuals for the specific purpose of bullying as defined above shall also be treated in the same manner as other publicly accessible internet portals.

Policy Notification

The policy shall appear in the student and staff handbook and if no handbook is available, or it is not practical to reprint new handbooks, a copy of the policy will be distributed annually to all students, parents, faculty, and staff.

Rules and Regulations

Implementation of this policy shall comply with all rules and regulations the Delaware Department of Education may promulgate to implement Title 14 Section 4112D of the Delaware Code.

Other Defenses

1. The physical location or time of access of a technology-related incident is not a valid defense in any disciplinary action initiated under this policy provided there is sufficient school nexus.
2. This section does not apply to any person who uses data or computer software accessed through a computer, computer system, computer network or other electronic technology when acting within the scope of his or her lawful employment or investigation of a violation of this policy in accordance with school district policy and with the approval of the Superintendent.

Relationship to Other Laws

An incident may meet the definition of bullying and also the definition of a particular crime under State or Federal law. Nothing in this policy shall prevent school officials from fulfilling all of the reporting requirements of § 4112, Title 14 of the Delaware Code, or from reporting probable crimes that occur on school property or at a school function which are not required to be reported under that section. Nothing in this section shall abrogate the reporting requirements for child abuse or sexual abuse set forth in Chapter 9 of Title 16 of the Delaware Code, or any other reporting requirement under State or Federal law.

Nothing in this policy shall supersede or be construed in such a manner as to conflict any State or Federal laws concerning special education or individuals with disabilities.

Reporting School Crime

Delaware Code requires mandatory reporting of the offenses listed in 14 Del.C. §4112. Each school district employee has a duty to report school crimes and may incur a penalty for failure to report.

Milford School District maintains a Memorandum of Agreement (MOA) with the Milford Police Department which is approved by the Department of Education.

Superintendent or his/her designee shall report to the Department of Education all school crimes pursuant to 14 Del.C. §4112 and any incidents of misconduct pursuant to 14 Del.C. §601.
