
August 18, 2023

Dear LycoCTC Student,

Welcome to a new school year! I hope that you've had a great summer and have been able to recharge during the break from school. The opening days of school will be here before we know it, and there are many exciting opportunities in front of you. Our first day of Lyco classes will be August 30th for those districts who have returned from summer break.

I would like to welcome our new students, and encourage you to check out our school website, Facebook, and Instagram to get an idea of what the learning experiences and environment is like here at LycoCTC. Our teachers and staff will be ready to welcome and assist with any questions you have or guidance you may need. Information will be provided from your teachers during the first week of school on the keys to success that include communication, preparation, and developing a strong work ethic.

Our returning students, especially seniors, I ask that you come prepared to take the knowledge and skills being developed in your program to the next level this year. We have a great faculty and staff that are ready to support your personal growth and achievement. In working collaboratively through these relationships, we will continue to prepare you for the future in your chosen career field.

There are a number of goals established for this school year that will lead to the development of students who have the skills necessary for a successful transition to a career or continuing education. One of these goals is to increase student achievement through industry recognized credentials and work-based learning experiences in our cooperative education program. These opportunities are available to you, and I encourage you to take full advantage of what will prepare you for successful career placement and advancement.

There will be first day forms sent home that need to be completed and returned to the school. Please be ready to take care of this obligation during your first week back to school. If you have any questions about the forms, or anything in general, please do not hesitate to ask your teacher or contact the school office.

I am truly excited to get this school year started and see what you will accomplish at LycoCTC!

Sincerely,

Nathan C. Minium
Executive Director
