EXPANDED LEARNING

COMMUNITY OF PRACTICE SERIES

PRESENTERS:
Michael Funk, Director, Expanded Learning Division, CDE
Ernesto Duran, Director of Expanded Learning, Region 8

EXPANDED LEARNING LEADERS are invited to join a Community of Practice focused on incorporating Compassionate Systems work into expanded learning programs to ensure equitable outcomes for students. Facilitators from CDE, the California After School Network and ASAP Connect are teaming to bring expanded learning practitioners together in a dynamic community as part of our regional and statewide system of support. We will answer questions such as, What is ELO-P meant to do? What aspects should be considered? What’s the difference between ASES, 21st Century, and ELO-P? What are best practices for expanding learning beyond the classroom?

The series will include zoom meetings to discuss how to leverage the tools and companion resources. The Community of Practice series will conclude with an in-person meeting on April 26 at the Santa Barbara County Education Office.

THURSDAY
AUGUST 17
8:30 a.m. - 3 p.m.
Palm Park Beach House
236 E Cabrillo Blvd,
