

Potential Weather Impact of Tropical Storm Hilary August 18, 2023

Hello SVUSD Community,

We are closely monitoring the weather and any possible impact Tropical Storm Hilary may have on our area. We anticipate that we will experience significant rainfall and wind beginning Sunday through early next week.

The safety of our students and staff remains our top priority. At this time, there is no indication that potential weather will impact the safety of students and staff at our schools. **School will be in session on Monday, August 21, 2023.** We will continue to closely monitor the weather throughout the weekend and stay in contact with local and state agencies.

On a final note, we encourage you to leave for school a little earlier than usual on Monday in anticipation of longer drop-off lines.

We look forward to a wonderful second week of school!

Sincerely,

Wendie Hauschild
Director of Communications and Administrative Services
Saddleback Valley Unified School District
