School Information

Delays from our Supply and Food Service

Due to the recent disruptions and delays from our supply and food service vendors across the district, there will be times when our school may not receive expected food/drink items. In addition, there may be last -minute changes to the menu, substitutions for some items, or the absence of some items like bread or milk. Our district and school food service teams are working hard to use the food items available each day to create healthy meals for our students.

As we navigate these uncertain times, it is important to work together to put temporary solutions in place. In the meantime, if your student typically gets milk at lunch, please be sure

Car Visor Signs

For the safety of our students, please remember to have your visor sign that you received earlier this year visible when you pick up your children in the car line at the end of the day. It ensures that they are getting picked up by the correct person. It also helps keep the flow of traffic moving smoothly. Thank you for your help with this!

Volunteering at Deer Creek!

We will begin welcoming volunteers to Deer Creek on November 15th! All volunteers must complete the following steps to volunteer:

1. Complete a background check at: www.helpcounter.net/ttsd. (This is done every three years.)
2. Provide COVID-19 vaccination documentation using the following link: [TTSD Volunteer Vaccination Documentation](#)

When volunteering at the school, you'll need to do the following:

- Wear a mask at all times
- Maintain 3-6 feet of social distancing with students and staff
- Sign in and out at the front office
- Wear a school volunteer badge
- Frequently wash your hands or use hand sanitizer
- Maintain the confidentiality of all students

Your child's teacher will begin sending more information next week about signing up to volunteer in the classroom.

Middle School Success Over Stress

The Middle School Success Over Stress project is a research study conducted at the University of Oregon designed to support children and families across the state to reduce mental health problems. Participants will have access to a parenting App as well as individual, telehealth support from a family consultant. Services are offered in both Spanish and English. The goal of this project is to provide parents and caregivers with tools to help their middle school student manage the social stress of returning to in-person learning, get good grades, and improve behavior at home and at school. Families can earn up to \$350 for participating in this research study.

See the attached flyers (in English and Spanish) for more information and feel free to share with those who may be interested or could benefit from the support. You can also visit the website to learn more: www.middleschoolstudy.org or call our recruitment line at: 971-219-2025
