K-12 COVID Screening Program

With the omicron variant surging, we are seeing more students testing positive for COVID. **Those students who test positive should not participate in our program for 90 days after receiving their results**, as they will continue to test positive during this time period. These repeat positive tests consume testing supplies and staff time, and distract us from helping students who are healthy or are just being diagnosed with COVID for the first time. Students with a positive result **do not** need to opt-out of the program, but they **do** need to pause their participation until the 90-day period has ended.

Attendance

To report your student's absence please call our attendance line, 503-431-4470, or send an email to deercreekparent@ttsd.k12.or.us.
