The Budget Committee consists of the members of the Board of Directors and an equal number of citizens at large appointed by the Board. Officers, agents, or employees of the Tigard-Tualatin School District are ineligible to serve on its Budget Committee.

Committee members serve terms of three years that are staggered so that about one-third of the appointed terms end each year. The Board fills any unexpired terms through the appointment process. At its first meeting, the Budget Committee elects a Chair and Vice-Chair.

Local Budget Law says that budget committees must hold one or more meetings for the purpose of (1) receiving the budget message and the budget document and, (2) providing members of the public with an opportunity to ask questions about and comment on the budget document. All Budget Committee meetings are open to the public.

The Budget Committee may request any information required during consideration of the proposed budget from any District officer or employee. The Committee may also require staff members to attend Budget Committee meetings.

When the Budget Committee is satisfied with the proposed budget, the budget is approved as well as ad valorem tax amount(s) or rate(s) to be certified by the assessor.

Strategic Plan

Tigard-Tualatin School District • 2016 - 2021

Student **Achievement**

We prepare students for success in a rapidly changing world.

You will see:

Every student, in every classroom actively engaged in learning, challenged by rigorous and relevant instruction and supported by teachers committed to building strong relationships.

- Teachers will use rigorous instructional strategies in every classroom, every day.
- Technology instruction will emphasize critical thinking, communication, collaboration and creativity.
- Students will develop a "growth mindset" that reinforces the value of effort and continuous improvement.
- Students will have opportunities to develop the highest priority 21st Century skills for college and career-readiness.
- Emphasis will be placed on eliminating the decline in achievement that occurs during the transitions to middle and
- Specific resources will be developed to support the mental and emotional health needs of students and families.

Talent

We hire, support and retain catalysts for learning.

You will see:

The very best educators guiding instruction in every classroom, every day, supported by high quality training activities, appropriate mentoring and wellness programs and satisfying professional relationships.

- The district's core values will be reflected in our hiring and selection process.
- A staff wellness program will support staff health, wellness and retention.
- New teachers will receive direct support, coaching and encouragement to improve job satisfaction and retention.
- Staff supervision and evaluation systems will be rigorous and will focus on district core values and priorities.

Equity

We believe that success is the reflection of high expectations and a belief in all students.

- The district will actively engage underserved families to learn how to best meet the academic, social and emotional needs of their students.
- Existing programs focused on equitable outcomes for all students will be evaluated and improved to strengthen support for students and families.
- Teachers will demonstrate high expectations for every student and maintain a classroom environment that supports each student in achieving those high expectations.

You will see:

All students believing that teachers have high expectations for them and working hard to achieve those expectations.

We create and nurture a school community where every individual feels safe, valued and connected.

- The district will continuously refine and update its behavior support programs at every school.
- The district will proactively communicate relevant information to families to prepare students for college and careers.
- The district will actively pursue a pre-K vision and implementation plan to prepare our most underserved students for school success.
- The district will identify community needs and build a communication plan focused on those needs.

You will see:

All students and families welcomed in our schools, experiencing positive relationships with school staff and clearly understanding the expectations and opportunities for student success.

BUDGET MESSAGE

İ

To the Budget Committee Members and Communities of Tigard-Tualatin School District 23J, Tigard, Oregon

INTRODUCTION

In accordance with Local Budget Law under State of Oregon statute, the Tigard-Tualatin School District submits for your consideration a total proposed budget of \$453,487,819, including a General Fund budget of \$161,172,996.

Tigard-Tualatin School District's 2018-19 budget reflects sufficient operating revenues and one-time 2017-18 resources to meet program at the current service level, based on the assumptions described in this budget message. As in recent years, the District will also apply one-time resources to make additional strategic investments in program, but not near the level of investments made the last three years. These one-time resources include the closeout of prior year State School Fund revenue and high cost disability grant funds. Additionally, the District continues to realize savings in health insurance costs which help offset the ongoing costs of prior investments made with one-time resources. The proposed General Fund investments using one-time resources and savings to support the District's Strategic Plan total \$1.1 million. The 2018-19 budget reflects a fully funded reserve as required by Board policy for the third consecutive year. The budget also includes additional unappropriated ending fund balance to supplement the sustainability reserves for operational costs of the future Art Rutkin Elementary School.

The proposed budget again includes resources outside of the General Fund. The State, County and Private Grants Fund includes \$4.65 million for high school success funds under Ballot Measure 98 in addition to seismic rehabilitation grants. The Capital Projects Fund still includes resources from bond proceeds to expend over upcoming years for scheduled projects.

STATE FUNDING

The State Legislature has allocated \$8.2 billion for the State School Fund budget during the 2017-2019 biennium. The State School Fund budget includes the following key assumptions by the State:

- A 50%/50% distribution over the biennium vs. the historical 49%/51% distribution. The District set aside \$2.8 million in 2017-18 to align with the 49%/51% model and account for increased costs between the current year and 2018-19
- A modest drop for the District in Average Daily Membership weighted (ADMw) between 2017-18, 14,960.02, and 2018-19, 14,937.09

- Total formula revenue for the District of \$121,381,331 including transportation or \$8,114 per ADMw
- \$400 per high school ADMw to be allocated outside of the State School Fund for High School Success programs under Ballot Measure 98

The primary reason for the drop in ADMw is a decrease in ELL students from 563.77 to 525.00. The District is held harmless and the 2017-18 ADMw number of 14,960.02 is used to calculate the 2018-19 total formula revenue.

ADDITIONAL RESOURCES AND BUDGET SAVINGS

As in the three prior years, there are financial outcomes that will have a positive impact on the ending fund balance in the current year. The 2018-19 budget plans for strategic use of these resources to fund new investments and provide sustainability going forward. The additional resources of \$1.3 million in revenues during 2017-18 include:

- Closeout of 2016-17 State School Fund for \$1.1 million
- Closeout of 2016-17 High Cost Disability Fund for \$2,000,000

The District has also identified \$200,000 in savings and efficiencies to make available for other priorities.

Additionally, the district continues to realize savings of close to \$3 million in current-year health insurance costs due to employees' utilization of higher deductible, lower cost plans and related incentives. The 2018-19 budget accounts for this differential as follows:

- \$1 million decrease in budget for health insurance
- \$1 million remains in budget to reflect increase in insurance premium cost
- \$1 million remains in budget to factor in any reversal in employee plan selection and opt out trends

FUTURE CHALLENGES

The following are other actions or outcomes that will affect the District's 2018-19 and/or future budgets:

- PERS has issued advisory employer contribution rate increases effective July 1, 2019 based on actuarial valuation as of 2016; this will have a \$4 million estimated impact beginning with the 2019-20 budget
- New operational costs for Art Rutkin Elementary school will approximate \$3 million; the District currently has \$500,000 set aside in a sustainability reserve for this need and this budget adds \$380,000 to that reserve

OTHER FUNDS

The 2018-19 budget also includes the following resources outside of the General Fund:

- The Capital Projects Fund includes \$156 million for scheduled 2017 bond projects during 2018-19; includes expenditures for capital construction, technology and curriculum
- The State, County and Private Grants Fund includes the following:
 - \$1.9 million for High School Success based on \$400 per high school ADMw from Ballot Measure 98 funds
 - o \$2.75 million for seismic rehabilitation grants

STRATEGIC FINANICAL PLAN

The District's Board of Directors and Superintendent implemented a new five-year Strategic Plan at the beginning of 2016-17. The Strategic Plan maintains a student focus and includes as themes the following four cornerstones:

- Student Achievement: We prepare student for success in a rapidly changing world
- Equity: We believe that success is the reflection of high expectations and a belief in all students
- Talent: We hire, support, and retain the catalysts for learning
- Climate and Culture: We create and nurture a school community where every student fells safe, valued, and connected

The Strategic Plan includes strategies to attain targeted learning outcomes for students. The Plan continues the emphasis on the following core values:

- Communication
- Fiscal transparency
- Maintaining the public's trust
- Effective and efficient operational and support services

To support these core values, a long term goal embedded in the Strategic Plan is to develop a Strategic Financial Plan to ensure District resources are prioritized to achieve the student learning outcomes indentified in the Strategic Plan. The Strategic Financial Plan also includes a long-term financial plan designed to maintain sustainability in the District's programs. Other key components of the Strategic Financial Plan include long-term investment reports tracking the amounts expended and estimated for strategic investments and the analysis of Academic Report on Investment comparing dollars invested with student outcomes.

To help develop the District's first Strategic Financial Plan over 40 stakeholders including community members, staff, administrators and Board representatives convened to form the Strategic Financial Plan Workgroup. The Workgroup met over a series of eight meetings between February and April 2017 and identified budget recommendations that are included in the initial Strategic Financial Plan adopted by the Board in June 2017 and directly support the key components of the Strategic Plan. The recommended strategic investments are:

- Early Learning
- College and Career Readiness
- Academic Transitions and On-Track toward Graduation (Pre-K-K, 5th 6th, 8th 9th)

The 2017 Workgroup process led to strategic investments in the 2017-18 budget within these areas.

In the spring of 2018 the Strategic Financial Plan Workgroup with similar makeup reconvened and met over three meetings. The work of the 2018 Workgroup includes the following:

- Received updates on the progress of each of the strategic initiatives mentioned above
- Received introduction to the redefining learning program related to 1:1 technology implementation
- Provided suggestions to improve Strategic Financial Plan document
- Provided feedback on strategic investments

BUDGET INVESTMENTS

2018-19

By applying the other resources discussed earlier, the District proposes General Fund investments of \$1.5 million in 2018-19 in the following categories:

- Strategic Investment Recommendations of \$310,000
 - o Early Learning Classroom in Tualatin; 1 FTE, \$120,000
 - o Instructional Coach for 1:1 Technology; 1 FTE, \$110,000
 - o Technology Support; 1 FTE, \$80,000
- One-Time Investment Recommendations of \$100,000
 - o Diverse Educator Pathway, \$10,000
 - o Early College, \$20,000
 - o Transitional Administrator Support, \$70,000
- Recurring Investment Recommendations of \$710,000
 - o Business Office Software Licensure, \$25,000
 - o AVID Support at Fowler Middle School, \$45,000
 - o Community Relations, \$120,000
 - o Licensed Reserve, Elementary; 2 FTE, \$220,000
 - o Lease for WISE Special Education Program, \$20,000
 - o Operations Discretionary, \$200,000
 - o Durham Center Custodian, 1 FTE, \$80,000

The above investments total \$1,120,000 and the remainder of the one-time resources and savings, \$380,000, is addressed under Reserves below.

In addition to the above investments, \$50,000 has been repurposed from professional development budgeted at the building level for interim curriculum renewal necessary until new adoptions are completed.

RESERVES

The District continues to recognize the need to maintain fully funded reserves to offset the effects of future economic downturns in order to maintain sustainable education programs.

During the recession, the District maintained a full school year and much of its program with the use of reserves, although drawing them down significantly.

The District's Board Policy sets minimum levels for reserves in the General Fund. The proposed budget plan includes the full funding of reserves under Board Policy for the third consecutive year. For the purpose of calculating minimum reserves under the Board Policy as addressed below, budgeted General Fund operating revenue which provides the basis for reserves is \$136.2 million. The 2018-19 proposed budget plans for the following level of reserves by category:

- Operating Contingency is budgeted at \$2.72 million or 2% of current operating revenue which meets the Board Policy
- Unappropriated Ending Fund Balance is budgeted at \$6.81 million or 5% of current operating revenue which meets the Board Policy
- Sustainability Reserve is budgeted at \$6.81 million or 5% of current operating revenue which meets the Board Policy

Reserves also include the following:

- A \$1.2 million PERS reserve set aside in the 2017-18 budget under sustainability contingency
- \$880,000 for the opening of Art Rutkin Elementary School under Unappropriated Ending Fund Balance; \$380,000 has been added in the 2018-19 budget to the \$500,000 initiated in the prior year

IN CLOSING

Tigard-Tualatin School District is proud to again be adding strategic investments to our education program while maintaining fully funded reserves so the District can prepare for future economic downturns and other factors that may impact the District's financial position.

The District is also proud of the community engagement leading to the enhancements in the updated version of the Strategic Financial Plan document. The document will continue as a communication tool as the District aligns current and future spending decisions with student outcome priorities in the Strategic Plan and provide for sustainability and long-term financial planning.

As we submit this proposed budget, we thank each member of the Board and Budget Committee for your commitment to the children of the Tigard-Tualatin School District. We also want to thank the community members, staff, administrators and board representatives who have comprised the Strategic Financial Plan Workgroup leading to the strategic investment recommendations in this budget document. Additionally, thank you to administrators for your leadership role during the prioritization and budget development process.

The effort of putting this proposed budget together is a team effort. We would like to recognize the efforts of a few individuals in developing the proposed budget: Ernie Brown for his leadership and direction of the budget development process; members of the internal Strategic Financial Plan Working Group and Steering Committee for planning agendas and framework for the Strategic Financial Plan community process; Elizabeth Michels for continued dedication and

her management of the budget system, her vast knowledge of District budget history and her innovation with the Forecast 5 data analytics software; and Amber Summers for her attention to detail compiling the proposed budget document.

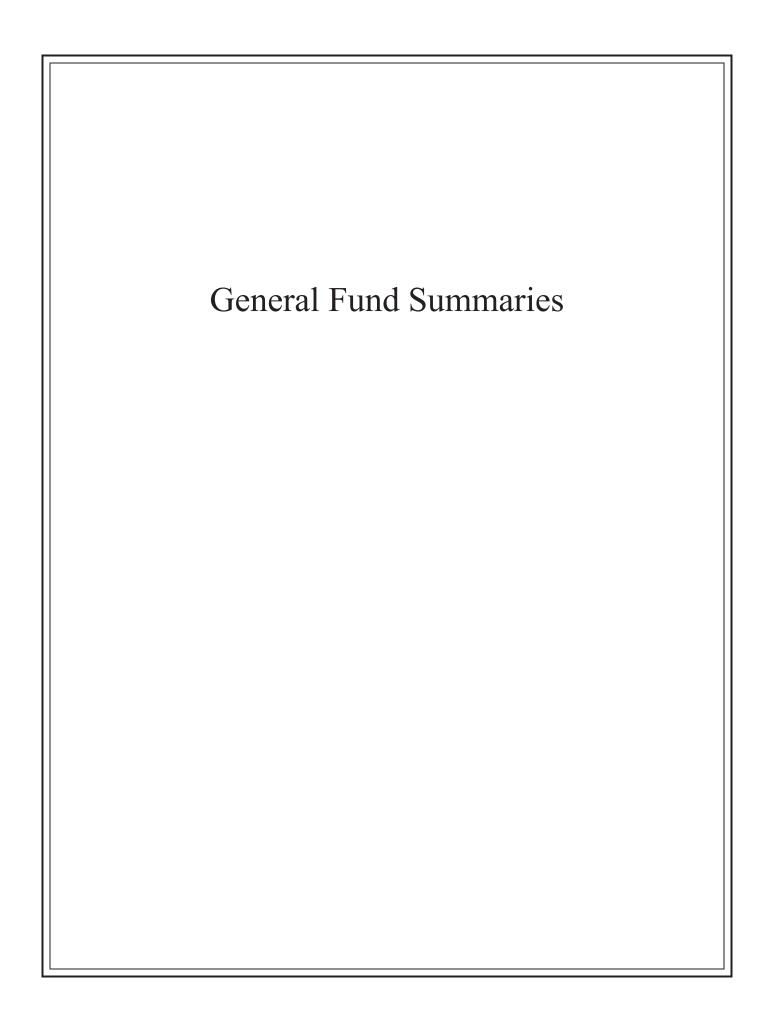

Respectfully submitted,

David Moore

FY 2018-19 Budget Assumptions Working Draft Number 3 February 26, 2018

1. Statewide Issues

Fiscal year 2018-19 is the second year of the biennium. The February 16, 2018 State economic forecast reports "the outlook remains bright as the economy continues to hit the sweet spot." The revenue forecast for 2019 has two significant factors. The first factor is the new federal tax law and the second factor is a potential equity market correction. Bills reconciling Oregon law to the new federal tax law will be presented during the short session. Without reconciliation, Oregon could experience a downturn in both corporate and personal tax income in second half of the current biennium and in the next biennium. The state General Fund revenue forecast is down \$40.1 million from the December 2017 forecast.

A primary risk facing future revenue forecasts is the impact of tax legislation at the federal level. Once the legislative session is over and tax reconciliation bills are final the May 23, 2018 forecast will be a better predictor. One item that will be a risk in the next forecast is that the forecast is unable to predict changes in the behavior of indivuals and corporations in light of the new tax laws.

Oregon voters passed Ballot Measure 101 on January 23, 2018, Ballot Measure 101 was a referendum on House Bill 2391 by the 2017 Legislature which placed a temporary assessment on health insurance premiums and hospital profits. The yes vote retained the law, which will raise an estimated \$673 million in the 2017-2019 biennium. Additionally, the law helps generate \$1.87 million in federal matching funds during the 2017-2019 biennium.

2. Funding Level Assumptions

The Oregon Department of Education State School Fund ("SSF") estimate for 2018-19 will be based on 50% of the 2017-2019 K-12 budget of \$8.2 billion. The Oregon Department of Education will release SSF estimates by District on March 1. Additionally, the District currently plans to reserve approximately \$1.7 million of the 2017-18 SSF allocation as a budgeted resource for 2018-19 to account for the differential between a 50/50 and 49/51 SSF distribution over the biennium.

3. Student Enrollment Growth

The growth in student enrollment used in the model is based on the December 2017 Enrollment Projection Update, as prepared by the Population Research Center at Portland State University. Total K-12 enrollment is expected to increase by 73 students in FY 2018-19 compared to an increase of 53 students in FY 2017-18. The projection estimates an 8 percent increase in enrollment over the next ten-year period with 4% in the first five-year period and 4% in the second five-year period.

4. Estimated PERS Rate

The Tier I and II rate effective for the 2017-19 biennium are 22.69 percent for Tier I and II and 17.36 percent for OPSRP. Advisory rates for the 19-21 biennium were published by PERS in December 2017. The rate for Tier I and II could increase to 29.41 percent and the rate for OPSRP could increase to 23.17%. The actual payroll rate increase effective July 1, 2019 is dependent on the actuarial valuation completed after the 2017 calendar year. The debt service for the Series 2007 PERS UAL bonds effective rate will be determined based on budgeted gross salary. The principal and interest on the debt will increase by 3.65 percent or \$128,668 in 2017-18 to \$3,652,062.

5. Impact of Negotiated Contracts

Financial packages for licensed, administrators and confidential/managers are effective through June 30, 2020. The financial package for classified staff is effective through June 30, 2019.

6. Contractual Days

Currently the contractual days for various groups are:

Administrators 255 days

Managers and Confidential Employees 261 days

Licensed Staff 190 days (5 additional days for new teachers new to the profession)

Classified 175-261 days

7. Benefit Costs

In Fiscal Year 2018-19 the maximum paid monthly contribution towards health insurance is:

| Employee groups | Monthly contribution |
|-----------------------------|----------------------|
| Licensed and Administrators | \$1,728.61 |
| Classified | \$1,771.95 |
| Confidential and Managers | \$1,728.61 |

8. Enrollment Impacts

Staff reviewed the demographer's draft enrollment estimates and evaluated ELL and IEP ADM. ADM estimates were due to ODE by December 11. For the October 1, 2017 actual enrollment the student count was down 84 students from the December 2016 demographer's estimate. The current estimate for ADMr is a 0.58% increase over the current year's revised estimate. ELL ADMr estimate is a 189 ADM decrease from the current year estimate. The estimate for students with IEPs increases by 26 students. Overall, the ADMw is projected to be flat.

9. Other Contractual Services Increase

The Portland CPI index change currently estimated for 2017 is 3.6%. The District's insurance agent of record, Brown and Brown, will provide estimates for property, liability and workers compensation insurance premium increases in early 2018.

10. Transportation

Net transportation costs, including bus/garage depreciation and net of transportation receipts and non-reimbursable mileage, are estimated at \$6.98 million. Of this amount is 70 percent reimbursable under the State School Fund formula. The contract for the transportation services provider calls for cost escalation in 2018-19 based on the Consumer Price Index for Urban Consumers, U.S. City Average for the prior November to November period, which is currently estimated at 2.2%

The local option tax levy increased again for the 2017-18 fiscal year and the estimated amount for collections approximates the amount budgeted in the current year. The Assessor cannot estimate 2018-19 tax values.

12. Discretionary School Budgets

The amount per student by level is shown below. School discretionary budgets include targeted allocations for staff development, and at high schools additional support for AVID and IB programs. The Arts allocation was moved to a District level budget. \$20 per student or \$56,940 was added to middle school budgets due to the elimination of the ASB fee. \$30 per student was added to the high school budgets or \$119,460 due to the elimination of course fees. The additions for high schools fees are being monitored over the course of the year to determine future funding. No decision has been made on rates for 2018-19.

13. Estimated Ending Fund Balances

Staff currently expects reserve levels at the end of the year to meet Board Policy targets as budgeted. The District as of the date of the report has not used contingency funds so those funds could be estimated as a resource.

14. Early Retirement

The District contracted with HP Northwest for a two year actuarial valuation of our Early Retirement Program for the two year period ending June 30, 2016. This valuation determined the rate of subject payroll to budget. It is currently 1.53 percent. The rate for FY 2018-19 is based on an amount that must be collected and will be determined based on actual staffing and the actuarial valuation for the period ending June 30, 2018.

15. Food Services

Food Services will continue to be self-supporting.

16. Class Size

Current year staffing ratios and class size as of September 2017:

17. M.I.T.C.H. Charter School

The budget for M.I.T.C.H. Charter School will be based on enrollment estimates provided by the Charter School in March. The Charter School rate will be issued on March 1 with the District State School Fund estimates by the Oregon Department of Education. The District retains 20 percent of the charter school rate for MITCH students K-8 as administrative fees. The estimate of the net amount due to M.I.T.C.H. will be updated as more definite 2018-19 SSF estimates are available.

18. Technology Replacement Plan

Expenditures for Technology Replacement for the current year and in 2018-19 are planned for in the bond passed in November 2016.

STATEMENT OF CHANGES IN ACTIVITIES and SOURCES OF FINANCING **

Tigard-Tualatin School District's 2018-19 budget reflects operating revenues and one-time resources to meet current service level. The District will also apply one-time resources to make additional strategic investments that total \$1.1 million in the General Fund. The 2018-19 also contains a fully funded reserve as required by Board policy for the third consecutive year. The budget also includes additional reserves of \$380,000 to plan for operational costs for the future opening of the new Art Rutkin Elementary School. Outside of the General Fund, for the second consecutive year the State, County and Private Grants Fund includes additional resources for the high school success and seismic rehabilitation grants and the Capitial Projects Fund includes a plan to expend bond proceeds from 2017.

Transportation Equipment Fund

This fund was established to support the replacement of school buses and school bus facilities. The principal resource is an allocation of funds based on the allowable depreciation on district owned transportation equipment, improvements and property. Depreciation payments are received in the Transportation Equipment Fund, and by law may be used only for the purchase of transportation equipment.

This fund will allow for the lease purchase of five buses.

Food Service Fund

This fund accounts for the activities of the District's food service program. Services include lunch programs in all schools and breakfast programs in many schools. Resources reflect: federal subsidies from the United States Department of Agriculture, which provide partial reimbursement to the District for each meal served, the value of federal commodities, and a matching grant from the State. The proposed budget has resources of \$5.16 million including a beginning fund balance of \$950,000. Requirements consist of \$2.2 million for staff, \$1.62 million for food supplies, and \$579,000 for materials, supplies, services and equipment.

New this year is a \$50,000 transfer from the General Fund for the Meal Provision Program. This program will provide meals for all students regardless of their ability to pay. This includes meals from the regular menu but not the ala carte menu. Federal law does not allow the Food Service Fund to absorb this cost as a bad debt; therefore, a resource outside of the fund, e.g. general fund, must cover the cost.

The Food Service Fund operates as a nonprofit school food service program. This means that all food service operations conducted by the school food authority are principally for the benefit of school children; all of the revenue from this fund is used solely for the operation or improvement of such food services.

Scrip Service Center Fund

This fund accounts for the management of the District's Scrip program. The Scrip program is a fund-raising program where coupons and gift cards are purchased at a discount and then sold to school groups and other nonprofit organizations including a small handling fee. The school groups and other nonprofit organizations in turn sell the coupons and gift cards at face value. The fund only recognizes net activity and includes \$150,000 to transfer to the Office of the Superintendent as a Private Grant, to help offset revenue reductions in the General Fund. This transfer has been used to support Art Literacy, Superintendent's Scholarships, High School and Middle School program advisors and various District appreciation events.

Resources are committed to operating the program.

Community Building and Grounds Use Fund

This fund accounts for the resources and requirements related to the rental of school facilities for community and private use and the parking fees collected at both high schools. The requirements in this fund include wages for building monitors and management of the program. High school parking lot fees are used for parking lot security and maintenance.

Parking fees at both high schools are committed to parking lot repairs and improvements.

State, County and Private Grants Fund

The State, County, and Private Grants Fund accounts for activities funded by general private donations.

The State and County Grants Fund include three new large grants. The District received seismic upgrade grants for three schools. Seismic Grants are one-time only but usually span two fiscal years. Voters of the state approved the Oregon State Funding for Dropout Prevention and College Readiness or Measure 98. Measure 98 is a grant from the state with the annual funding up to \$800 per ADMwHS set by the legislature. This year the district anticipates funding at \$400 per ADMwHS and has budgeted accordingly. Tigard High School is the recipient of the Trauma Informed Pilot Grant. Funding for the Trauma Informed Grant is not confirmed beyond 2019.

Other grants in this fund include resources and requirements for the Adolescent Treatment Program, the ORTIi-Response to Intervention contract with the Oregon Department of Education, NW Regional Education Service District Autism Specialist, NW Regional Education Service District credits, and the SB 1149/Business Energy Tax Credit (BETC) proceeds. County Grants include Early Learning Family Resource Center, and, Kindergarten Partnership Initiative. Fundraising activities are also included in this fund. Donations made to schools are accounted for in this fund including ASB turnovers for the cost of coaches and other positions funded by donations. Foundation grants to schools are included in this fund.

All fund resources are either restricted by outside sources or committed to programs.

Debt Service Funds

Three funds account for the payment of principal and interest of the District's general obligation bonds, full faith and credit obligations and the Public Employees Retirement System Unfunded Actuarial Liability (PERS UAL) Bonds.

<u>Debt Service Funds/General Obligation Bond Fund</u> - This fund accounts for the District's repayment of general obligations bonds. The scheduled principal and interest payments total \$19.96 million for general obligation bonds. The current year collections are applied to 2018-19 estimated property values of \$11.1 billion for an estimated rate of \$1.8 per \$1,000 of assessed valuation. The estimated tax on a home with an assessed valuation of \$300,000 would be approximately \$538.

<u>Debt Service Funds/Full Faith and Credit Debt and Lease Obligation Fund</u> – This fund accounts for the District's debt that is not secured by property taxes or the State School Fund Grant. In July 2010, the District issued a new taxable Full Faith and Credit Obligation to refinance the replacement of the Tigard High School soccer turf field. Pursuant to an agreement with Southside Soccer, that entity will be reimbursing the District the total principal and interest expenditures over a ten-year period. The largest debt in this fund is \$3 million in principal and interest due for the land purchased for the future Art Rutkin School. The Hibbard Administration Building debt of \$5.16 million principal and interest is funded with the lease payments from Lowe's.

<u>Debt Service Funds/Pension Bond Series 2007 Fund</u> - In October 2008 the District participated with several other school districts in issuing bonds to finance the District's PERS Unfunded Actuarial Liability (UAL). Principal and interest payments of \$3.65 million are included in this debt service fund. Payment on this debt is from funds previously paid through PERS rates.

Capital Projects Fund

During the 2017-18 school year Fowler Middle School project was completed; project details include: secure vestibule, new administration area, new science wing and makerspace, Seismic upgrades and upper gym flooring replacement. Bond funds will be spent on several major projects during the 2018-19 school year. Durham Education Center Project will be completed this year; project details include: adding an additional wing for TTOA, ABLE and other specialty programs, new administration, commons, and makerspace areas. Bridgeport Elementary School and the Templeton Core projects will also be completed this fiscal year; both areas will receive seismic upgrades. The Tigard High School, and Templeton Elementary School projects will be in phased construction during the entire year. Detailed information can be found on the TTSD Bond website: https://www.ttsdschools.org/domain/21#calendar11734/20180430/month.

Other resources include prior year balances and sale of fixed assets. The Construction Excise Tax revenue is reported in this fund and is restricted in use by state law related to payments for facilities and equipment.

Internal Service Fund

This fund accounts for risk management activities including any proceeds received from insurance recoveries and related costs, payment of claims for long-term disability, premiums for workers' compensation and potential future unemployment claims. In 2008 the District began to self-insure for unemployment claims. An assessment of salaries is the resource to this fund for future potential unemployment claims.

In the 2018-19 budget, this fund was renamed from the previous name of Insurance Reserve Fund as a new internal service fund was added to account for the purchase and subsequent charges to schools for new copiers. Terms of the recent copier contract were a significant savings if the district purchased copiers rather than leasing as in the past. Copiers will be purchased and schools and departments will be charged for the copier over the life of the copier. Copiers are sized for each school for an asset life of five years.

Early Retirement Plan Fund

This fund is used to account for the resources and requirements of the District's early retirement stipends and post-employment health benefits. Both plans have ended but there is an obligation to employees hired before the plan termination dates. The early retirement plans were discontinued for employees hired after of July 1, 1993 and July 1, 1995. The principal resource is an assessment of salaries.

Scholarship Fund

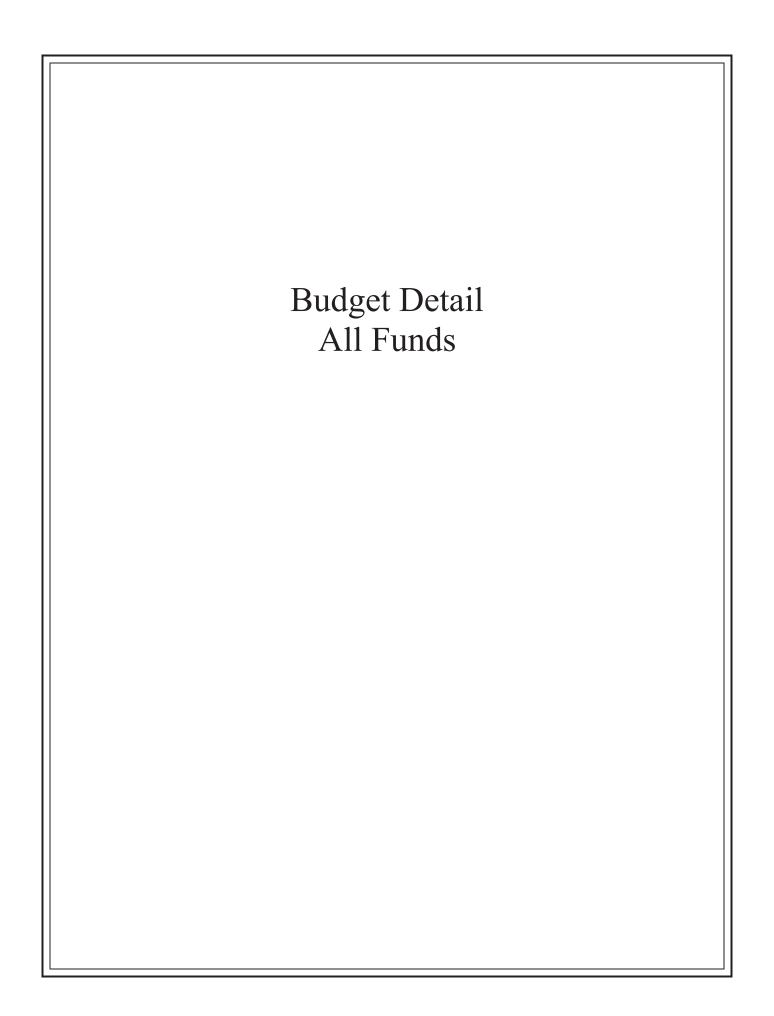

This fund was established as a fiduciary fund to budget for the proceeds of a donation made to Tigard High School for student scholarships. The fund principal is invested in the Local Government Investment Pool or securities as allowed by the State of Oregon to maximize the funds available for scholarship award. This fund, therefore, represents the anticipated earnings on investments that will be awarded as scholarships. The endowment will be preserved.

Dear Parents and Community Members,

OREGON

REPORT CARD

2016-17

This is the 2016-17 Oregon Report Card for the Tigard-Tualatin School District. Our student demographics closely mirror the state's. Yet, Tigard-Tualatin's total student group substantially outperforms its peers across Oregon.

While we are again pleased by our successes, our Strategic Plan sets high achievement goals for all students.

As our schools work to achieve those Strategic Plan goals, you will see:

- · Teachers using rigorous instructional strategies in every classroom, every day;
- · Technology instruction that emphasizes critical thinking, communication, collaboration and creativity;
- A focus on "growth mindset" that reinforces the value of effort and continuous improvement; and
- Opportunities for students to develop the highest priority 21st Century skills for college and career-readiness.

To align its spending decisions with investment priorities focused on improving student achievement, the district has also adopted a Strategic Financial Plan.

Strategic Financial Plan investment priorities include:

- An expanded early learning (Pre-K) program;
- Academic transition programs at the 3rd, 6th and 9th grade levels including summer school and extended learning;
- Expanded access to college-level career and technical education and dropout prevention programs.

The district will continue its use of data to measure student progress and to identify appropriate support, intervention and enrichment activities to better meet student needs. Parents can also use the district's Standards Report Cards to track their own students' progress on the same standards that are measured on statewide tests.

Thank you,

Superintendent | Ernest Brown

DISTRICT PROFILE

STUDENT WELLNESS POLICY

District schools will promote and protect student health, well-being and learning by supporting healthy eating and physical activity. The Child Nutrition Program shall comply with federal and state requirements. Engagement in lifelong physical activity shall be taught, promoted, and modeled.

Section 1: Executive Summary

Dear Community Member,

I am very pleased to share the second edition of the TTSD Strategic Financial Plan. The initial plan was a product of a two-year effort to determine how we can improve student outcomes through the intentional use of district resources. This second edition incorporates several updates and refinements that I hope you will find informative.

The work to develop this plan began by asking the question, "Are we doing the most possible for Tigard-Tualatin students with our current financial resources?" From that question, we developed two goals that have guided our work:

- 1. Ensure that district resources are prioritized to achieve the student learning outcomes identified in the Strategic Plan.
- 2. Develop a long-term financial plan that is designed to promote the sustainability of district program.

The plan provides a five-year financial projection that shows the long-term sustainability of each of the four Strategic Investments listed below. In future years, the plan will also include a section on the Academic Return on Investment (AROI) that is being achieved in each area. This analysis will tell us if we are getting the results that we expect for the dollars that we are investing. The four Strategic Investments include:

- Early Learning
- Career and College Readiness
- Academic Transitions or On-Track
- Redefining Learning: 1:1 Student Technology

In closing, I am grateful for the effort of all of the groups and individuals who have contributed to the development of this plan. I look forward to providing updates of this plan to our community in the coming years.

Sincerely,

Ernest L. Brown Superintendent

Strategic Financial Plan

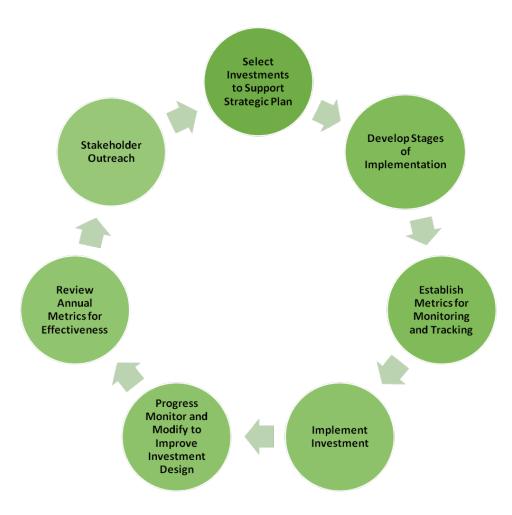

Section 2: Process

What are the objectives of the Strategic Financial Plan process?

- This five-year strategic financial plan outlines the district's financial strategy over a five-year period. Its objectives are to:
 - 1) Identify the district's instructional priorities
 - 2) Estimate the costs of those priorities
 - 3) Describe the actions needed to save or realign money to fund those priorities
 - 4) Assess the return on investment and realign as needed

The cycle below shows the continuing process used to identify, review, analyze and refine the District's instructional priorities.

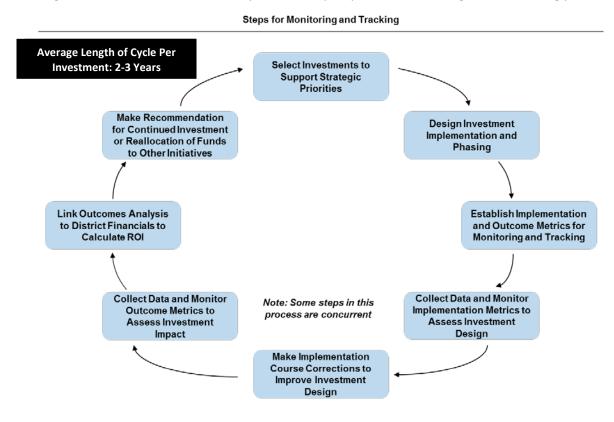

Strategic Financial Plan Cycle

Section 3: Tracking Progress

The steps for monitoring and tracking progress are shown below. During the year the Steering Committee worked with District Management Group to develop skills in the area of Academic Return on Investment. Three meetings were held with the Community Work Group as part of the tracking and monitoring process.

To make the best use of resources for the benefit of our students, it's important to understand the district demographics and needs of our students, as well as the funding provided to the district. For further reading please see **Appendix 3.A.** for TTSD at a Glance.

Section 4: Strategic Investments

Program Objective Goals Investments for 2018-19

Highlights

REDEFINING LEARNING / 1:1 TECHNOLOGY

- Transform instruction to engage students in an authentic and relevant way through the use of technology
- Prepare students with the skills for a 21st century workforce.
- Increase college and career readiness skills.
- Eliminate achievement and opportunity gaps for students.
- Improve teacher effectiveness with integrating technology in the classroom.

| | General Fund |
|---|-----------------|
| One TOSA to support staff and one technician to support devices | \$ 190,000 |

- This year 39.4% of students have access to a personal technology device.
- All administrators and teachers received PD around instructional technology.
- ➤ As of Quarter 3, teachers have received 966 hours of coaching around embedding 1:1 technology in instruction.

Section 5: Five-Year Forecast

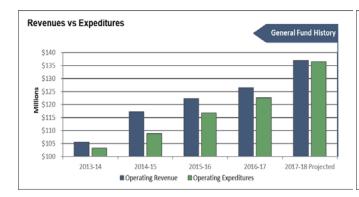

General Fund History

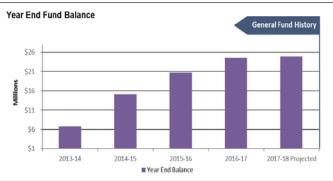

In a balanced operating budget, operating revenues or current year revenue equal operating expenditures. By Oregon law, the fiscal year budget must balance meaning total resources of operating revenue and beginning fund balance equal operating expenditures plus contingencies and reserves set aside for future years.

After the 2007 recession, the District dipped into reserves set aside for a downturn but by 2014-15 the District was able to begin building up reserves. By Board policy, fully funded reserves are 12 percent of operating revenues including 2 percent contingency, 5 percent unappropriated, and 5 percent rainy day fund. The School Board rainy day fund is necessary as the state kicker tax law makes it difficult for the state to save for a downturn in the economy. During the 2007 recession, the District's rainy day fund allowed Tigard-Tualatin School District to maintain a full operating schedule when many districts in the state reduced school days. There are school districts in Oregon that have yet to reinstate school days that were cut during the recession.

In the graph below, operating revenue exceeded operating expenditures every year between 2013-14 and 2017-18, with the gap growing smaller each year. In 2014-15, an unanticipated 45.5 percent increase in the local option tax created a one-time revenue surplus that was used to begin to fully fund reserves. After the recession, the District first budgeted fully funded reserves in the 2016-17 budget. Savings on employee health insurance and continued local option tax revenue in excess of budget allowed the District to set aside reserves for an anticipated and significant PERS rate increase in the 2017-19 biennium. For the 2017-18 fiscal year, although revenue exceeds expenditures, there are two significant issues to consider. The first is the state distributed revenue on a 50/50 split, not the more traditional 49/51 split over a biennium, thus requiring the District to set aside \$2.8 million for the 2018-19 fiscal year. The second is one-time funds earned in the 2016-17 fiscal year were applied to spending. In the projection for 2017-18 made a year ago, operating expenditures exceeded operating revenue, but that did not occur due to unanticipated revenue and additional savings on health insurance.

It was important to add investments after deep cuts during the recession. In the 2017-18 fiscal year, the District developed the first Strategic Financial Plan and within the plan developed the first five-year forecast. We believe that including a five-year look ahead will help develop sustainable program and advocacy for adequate school funding to support the district's Strategic Plan.

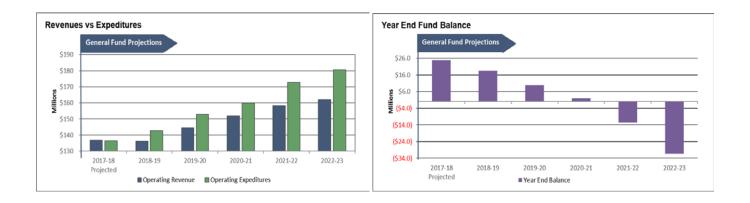

Section 5: Five-Year Forecast

General Fund Projections

The projection of a 10% increase in state funding for the new two biennium will not support the current service level budget which includes planned increases in strategic investments, opening a new elementary school and the significant PERS rate increases in the next two biennia projected by the retirement system. The District has set aside \$2 million in reserves for the PERS increase and the future opening of the new elementary school. It is anticipated that the PERS rate increase will create \$4 million jump in PERS costs at the beginning of the next two biennia and the 2021-22 budget will need \$3 million in addition to rollup costs to open the new elementary school. The graph below shows slowly increasing revenue with more rapidly increasing expenditures. The graph clearly shows a path that is not sustainable. District projections for a sustainable program require a 15.85% increase in state funding in the next two biennia.

The District is required to adopt a balanced budget and a budget that balances operating revenue with operating expenditures is prudent. In order to balance the budget the community and administration will advocate reasonable state funding to support our community's Strategic Financial Plan. At the state level, local governments need to advocate for PERS rate stabilization and funding that supports the rates set by the PERS Board. The District will work with the community for continued support of the local option levy that currently provides for 90 classroom teachers. Throughout the strategic financial plan cycle the various committees involved will continue to evaluate programs using tools like Academic Return on Investment to prioritize resources, look for savings, and support the District's Strategic Plan and the four cornerstones of Student Achievement, Equity, Talent, and Climate and Culture.

Without a 15.85% increase in state funding, the strategic financial plan cycle will be used to develop reductions in programs and the School Board may consider using reserves if the downturn in funding is temporary rather than a long-term projection. We believe the five-year forecast will provide a road map for future decisions. As stated in the Superintendent's letter, each year the budget will be reviewed with the question in mind, "Are we doing the most possible for Tigard-Tualatin students with our current financial resources?"

| | What it is <u>NOT</u> : | What is <u>IS</u> : |
|--|---|---|
| Timeframe | An annual budget | A three to five year financial plan determining the District's investments to meet the strategic plan measurement points. |
| TTSD Strategic Plan | Current service level rollup | Targeted investment or program changes designed to meet the outcomes identified in the District's Strategic Plan |
| Accountability and return on investment | Not connected to program evaluation or investment effectiveness | Evaluation of program is essential in the decision making process. |
| Responsiveness to changing circumstances | Static | Financial plan is updated each year with consideration to program effectiveness. |

How does the plan differ from the annual budget?

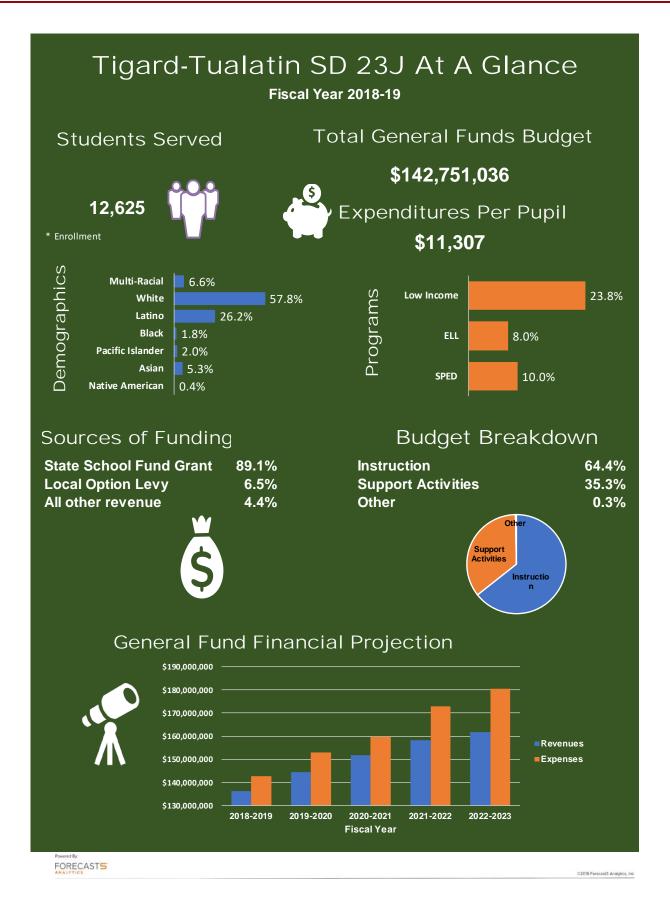

The strategic financial plan does not replace the annual budget, but serves as the starting point for
the annual budgeting process each year. The annual budget will include single-year actions to
implement the instructional priorities and resource alignment strategies described in the strategic
financial plan and it will continue to include many actions not included in the strategic financial
plan (e.g., regular day-to-day services that are not impacted by instructional or resource alignment
strategies)

Why is a strategic financial plan a better approach for the district?

• In contrast to the typical budgeting approach, the strategic financial plan is focused on aligning funding to the instructional priorities that will best impact student achievement. Rather than focusing on just a single-year, the strategic financial plan looks across many years. It also incorporates information about what the district's financial picture will look like in future years instead of relying solely on past expenditures. Furthermore, it integrates a robust picture of the costs of initiatives as part of the decision process. Underlying the strategic financial plan is a spotlight on getting the most bang for your buck when it comes to student learning.

Strategic Investment: College and Career Readiness

| | 1. Description of Investment | Identify program and Strategic Plan Goals (example - College and Career Readiness Goal 1.4) | |
|----------|--|---|--|
| | 1. Strategic Plan Goal 1.4 – The district will develop a college and career readiness framework that identifies the highest priority 21* century success skills for each grade level and content area. | | |
| Overview | | Provide a narrative that describes the information and/or evidence that supports the need for investment. | |

Our educational community exists to prepare and empower learnings for life-long success in a rapidly changing world. In order to achieve this outcome our system must work to inspire students to envision their future, identify their purpose and have the self-confidence to pursue their vision of their future. Students must be challenged with a rigorous academic program that not only develops academic knowledge but also prepares students to think critically, be effective problem solvers and develop the work habits and life-skills that allow them to successfully function independently.

Career and College Ready students have acquired knowledge, skills and professional behaviors that provide a starting point to enter and succeed in workplace, career, training or college courses leading to certificates or degrees.

- Critical Thinking
- Collaboration
- Adaptability
- Self-awareness
- Creativity
- Inquisitive nature
- Problem solving
- Time management
- Oral and written communication

In 2015-16, 30% of Tigard-Tualatin Juniors met all four of the ACT College and Career Readiness Benchmarks. While that is a 5% increase over 2014-15, it is an indicator that TTSD students need to be better prepared to successfully meet the challenges of a post-secondary experience. In addition, 71% of former TTSD students graduating in 2015 enrolled in college within two years after graduation, which is a significant decrease from 80% in 2010. The district is working to identify and collect reliable data related to how many former TTSD students are enrolling in trade schools or certification programs.

Strategic Investment: Academic Transitions On-Track Program

| 1. Description of Investment | Identify program and Strategic Plan Goals (example - College and Career Readiness Goal 1.4) |
|--|---|
| Strategy 1.5: Academic Transitions - The district will complete a study to understand the root-cause for the academic drop | |

Strategy 1.5: Academic Transitions - The district will complete a study to understand the root-cause for the academic drop from 5th to 6th grade and develop strategies designed to address specific causes.

Overview Provide a narrative that describes the information and/or evidence that supports the need for investment.

To support students during critical transition years between schools levels (ie: elementary to middle, middle to high), the district will build student-focused and targeted academic transition support coupled with extended learning opportunities to build relationships, school readiness, and community at these grade levels.

This support is best facilitated by adults who are focused on building strong collegial relationships with the students, and helping those students to monitor their academic process. An important factor in this is identifying the time and resource for these one-on-one trusting conversations.

Each of the investment levels offer increasing opportunities to reach additional students by providing resource. Those resources come in the shape of staffing and time to connect.

| 2. Investment Level | Specific Description of the Investment for 2017-18 (FTE, materials, PD, etc.) | Estimated Costs |
|---------------------|--|-----------------------|
| 2017-18 | 2.0 FTE On-Track Coordinators to ensure on-time graduation for all Freshman and providing Tier II program support. | Licensed \$220,000 |

Strategic Investment: Redefining Learning

| 1. Description of | Identify program and Strategic Plan Goals |
|-------------------|---|
| Investment | |

<u>Strategic Plan Strategy 1.2</u>: Instructional Technology Integration: Instruction within 1:1 technology classrooms will consistently employ transformational practices consistent with the district instructional framework and career and college readiness standards that emphasize student engagement in the 4 C's (critical thinking, collaboration, communication, creativity).

GOALS:

- 1. Digital Accessibility
- 2. Instructional Framework
- 3. Student Achievement

Overview Provide a narrative that describes the information and/or evidence that supports the need for investment.

We must transform teaching to better serve a generation of learners who are part of today's rapidly moving world where information is accessible in ways never experienced before. These are unprecedented times and we are poised to significantly impact the way our students enter the world beyond TTSD. To do this we must collectively commit to transforming our instructional practices by:

- Embracing risk and the possibility of failure by emphasizing the process of learning rather than the product itself; (Inspire)
- Transferring the ownership of knowledge by facilitating the creation of a product that reflects the learning objectives; (Prepare)
 - Transferring the ownership of learning by allowing students to drive the way they show us what they know; (Empower)
- Determining how the skills we want students to learn apply to their real world in an authentic and relevant way. (Empower)

Theory of Action:

If

• We develop and implement a foundation for personalized digital learning for every student...

And...

- 100% of students have access to a personal technology device [1:1].
- Teaching & Learning provides teachers with support to leverage technological tools for learning objectives.
- Administrators understand, encourage and champion transformative teaching.
- Teachers transform their instruction through the use of instructional coaches & professional development.
- Students have the knowledge and skills to use the tool to access resources and content to improve & demonstrate their learning.
- Devices are used on a daily basis to differentiate and transform instruction.

Then...

- Teacher effectiveness increases in the use of instructional technology to integrate the 4 c's–critical thinking, communication, collaboration and creativity into daily instruction.
- Students graduate with 21st century skills that are college and career ready.

| 2. Investment Level | Specific Description of the Investment for 2017-18 (FTE, materials, PD, etc.) | Estimated Costs |
|---------------------|--|--------------------|
| Basic | 2 Licensed Instructional Support Technology – General Fund Two technology coaches were hired to collaborate with & coach middle school teachers to develop their transformational instructional practices. With this additional FTE, each of our three middle schools are afforded the opportunity for a full-time (1 FTE) coach to work side-by-side on a daily basis with teachers in their 1:1 student device learning environments. Based on best practices, this staffing ratio (1 coach per school) is the optimal staffing for a 1:1 school. | \$220,000 |

| 3. Implementation Timeline | In the table below, identify the recommended level of investment each year over the next three- year period. For example, if the recommended level of investment in 2018-19 is targeted at the adequate level then provide a description of the program in the corresponding box, leaving the others blank. Be specific. | | | | | | |
|----------------------------|---|---|--|--|--|--|--|
| | 2018-19 | 2019-20 | 2020-21 | | | | |
| Basic | 1 Licensed FTE - ES Instructional Coach \$110,000 1 Classified FTE - ES Tech Support \$80,000 | 3 Licensed FTE - ES Instructional Coaches \$346,500 2 Classified FTE - High School Tech Support District Systems Support \$168,000 \$20,000 in licensing for software, apps, extensions, | \$30,000 in licensing for software, apps, extensions, management Sub time for teachers to work with instructional technology coach (2 day each teacher = 1400 paid additional PD days \$335,780 | | | | |

| 4. Outcomes | Identify the short and long term outcomes that will be achieved through this investment. Describe outcomes as specifically as possible. All outcomes should be directly linked to the district strategic plan priorities framework. |
|---------------------|--|
| Short Term (1 year) | Students will have more opportunities to reach a wider audience, have authentic learning opportunities and choice in demonstrating their knowledge of content standards. |
| | • Digital accessibility (additional grades/students with 1:1 devices & Digital Citizenship lessons being taught K-12 throughout the year). |
| | • "Transformational Practice" & "light switch technology" are phrases 100% of TTSD teachers know and understand. Each are challenged with <i>how</i> they will incorporate these into their classroom that will better engage and prepare students for the world in which they will live beyond K-12. |
| | With the TTSD Road Show, all teaching staff will understand the Redefining Learning instructional goals to bring innovate lessons into each and every classroom at TTSD. |
| Long Term (3 years) | • Students graduate with 21st century skills that are college and career ready. <i>ALL</i> students will have had multiple years of access to a world of information, will be better prepared to evaluate the validity of the content they find, will be able to communicate and collaborate with a variety of audiences and will be equipped with the skills to critically assess new situations to identify solutions. |
| | • Teacher effectiveness increases in the use of instructional technology to integrate the 4 c's- critical thinking, communication, collaboration and creativity into daily instruction. Transformational Practices are witnessed in each classroom, to some degree, engaging students in their learning and empowering students to demonstrate in various ways their knowledge (both IN the classroom and to a broader audience OUTSIDE of the classroom). |

| 5. Measurement Points | Identify the specific measurement points (data) that will be collected to determine if short and long term outcomes are being achieved. |
|--------------------------|---|
| Short Term | 80% of teachers at schools where instructional (technology) coaches exist will participate in 2 full cycles of coaching (HS, MS, CFT, TMP). 80% of students in 1:1 classrooms will engage in one or more of the following in their classrooms: digital workflow, real-time digital feedback/guidance from their teacher during a project or assignment, an opportunity to be creative/have options when demonstrating their content knowledge, digitally collaborate with peers, and/or opportunities to demonstrate understanding of a topic with digital formative assessment tools. |
| Long Term | Students: Survey results indicate greater sense of expertise with relevant technology tools that prepare them for career or work, ownership of their learning, and confidence in the 4 Cs. Academic achievement realized through increased engagement with school (attendance), as well as through common summative assessments and standardized tests 50% of Teachers are at <i>least</i> a MEETS on the following standard: TTSD Licensed Professional Standard 2.11: "Teacher maximizes student learning by facilitating the use of available technology tools and resources." Artifacts are celebrated and principals are noting in their walk-throughs evidence in how teachers are maximizing technology (language development, student feedback, questioning and analyzing ideas from diverse perspectives, projects requiring critical thinking skills that reach a local/global audience and/or with student engagement). |

Strategic Investment Title: Early Learning

| 1. Description of Investment | Identify program and Strategic Plan Goals (example - College and Career Readiness Goal 1.4) |
|------------------------------|---|
| | will complete the development of a preschool program vision and implementation plan designed to reserved students in a rigorous pre-K educational experience. |
| Overview | Provide a narrative that describes the information and/or evidence that supports the need for investment. |

Early learning has strong research to back the idea of helping students reach benchmarks throughout their school career including increased graduation rates.

Research shows that providing a high quality education for children before they turn five yields significant long-term benefits. One well-known study, the HighScope Perry Preschool Study (Schweinhart, Montie et al, 2011), found that individuals who were enrolled in a quality preschool program ultimately earned up to \$2,000 more per month than those who were not. Young people who were in preschool programs are more likely to graduate from high school, to own homes, and have longer marriages. Other studies, like The Abecedarian Project (Campbell, Heckman et al 2014), show similar results. Children in quality preschool programs are less likely to repeat grades, need special education, or get into future trouble with the law. Early childhood education makes good economic sense, as well. In Early Childhood Development: Economic Development with a High Public Return (Rolnick, 2003), a high-ranking Federal Reserve Bank official pegs its return on investment at 12 percent, after inflation. NEA President Dennis Van Roekel (Roekel, 2013) says "High-quality early childhood education and full-day kindergarten are fundamental to a student's long term success and shouldn't be determined by their parents' income... [It] is the right thing to do."

| 2. Investment Level | Specific Description of the Investment for 2017-18 (FTE, materials, PD, etc.) | Estimated Costs (funding source) |
|--|--|--|
| Existing (new investments in 2017-18 bolded) | Family Resource Coordinator (grant from Early Learning Washington County) | \$85,000 (Wash. Co.) |
| | Head Start Classroomssix half day classes serving 120 students total (Head Start funds) | \$1,100,000 (Head Start) |
| | 2 Preschool Promise Classrooms (full day Head Startcomb. Grant from Early Learning Washington County and Head Start Funds) | \$408,000 (Head Start plus Wash Co. Preschool Promise funds) |
| | Juntos Aprendemos at 4 schools (Grant from Early Learning Washington County) one day per week. Current funding does not cover full programs at both school. Funding would allow full services including summer | \$70,000 (Wash. Co.) + 210,000 (TTSD) |
| | 1.0 FTE Early Childhood Coordinator - (Planning, coordination and partnership development) | Early childhood coordinator: \$110,000 (TTSD) |
| | Professional Development - Aligning PreSchool/Head Start/ Kindergarten - Extended Responsibility - 3 days | Prof. Dev. \$5,000 (TTSD) |
| | Participation in PreK-3 Planning Collaborative including planning conference | PreK-3 planning \$5,000 (TTSD) |
| | Mixed delivery preschool. | \$125,000 |

| 3. Implementation Timeline | In the table below, identify the recommended level of investment each year over the next three-year period. For example, if the recommended level of investment in 2018-19 is targeted at the adequate level then provide a description of the program in the corresponding box, leaving the others blank. Be specific. | | | | | | | |

| | Investment Level | Description | Budget Adjustment | | | | | |
| 2018-19 | Adequate | Additional mixed delivery/partnership preschool with set-up costs. | \$135,000 | | | | | |
| | | P-3 Planning, extended hours for professional development, coaching for mixed-delivery/partnership preschool classrooms. | \$10,000 | | | | | |
| | | Professional development trainings for K-3 and community early childhood educators. | \$1,000 | | | | | |
| 2019-20 | Adequate | Add Juntos Aprendemos site. | \$70,000 | | | | | |
| | | Continued partnership planning/development for P-3 alignment and Templeton Early Learning Center. | \$10,000 | | | | | |
| 2020-21 | Adequate | Open Templeton Early Learning Center, add 2-3 mixed delivery partnership classrooms (TTSD, ECSE, Head Start). | \$290,000 | | | | | |
| | | Templeton Early Learning Center equipment and furnishings. | \$75,000 | | | | | |
| | | Planning/professional development. | \$10,000 | | | | | |
| | | .5 FTE Early Childhood Services Administrator. | \$75,000 | | | | | |
| 2021-22 | Adequate | Additional mixed delivery/blended preschool. \$135,00 | | | | | | |
| | | Planning/professional development. | \$5,000 | | | | | |

| 4. Outcomes | Identify the short and long term outcomes that will be achieved through this investment. Describe outcomes as specifically as possible. All outcomes should be directly linked to the district strategic plan priorities framework. |
|---------------------|--|
| Short Term (1 year) | Students ability to recognize: written letters, name in writing, first initial of name, numbers Students will have increased self-regulation and will understand school rules Increased parent outcomes such as: knowledge about kindergarten, reading more frequently with their children, increased early learning activities at home, parents able to advocate for their children, parents connected to community |
| Long Term (3 years) | Performing better on kindergarten assessment: math, reading, and self-regulation Increased scores on 3rd grade benchmark Achievement gap will be closed As listed in the strategic plan: |
| | 1. The percentage of entering Kindergarten students with well developed self-regulation will increase from 56.5% in 2015-16 to 75% as evidenced by having a 3.5 average on the Oregon Kindergarten Assessment. |
| | 2. The percentage of Kindergarten students achieving Fall DIBELS Reading Benchmarks will increase from 55.5% in 2015-16 to 75%. |

| 5. Measurement Points | Identify the specific measurement points (data) that will be collected to determine if short and long term outcomes are being achieved. |
|--------------------------|---|
| Short Term | • Number of enrolling Kindergarteners who attended preschool increased from 77.1% in 2016-17 to 77.8%. With increases focused in under-served demographic groups. Pacific Islanders increased from 23.1% to 26.7%, Latino from 58.2% to 59.7%, and Black from 84.6% to 85.7%. |
| Long Term | Incoming Kindergarteners with well developed self-regulation decreased from 63.0% in 2016-17 to 58.4% in 2017-18. Incoming Kindergarteners reaching Fall DIBELS Benchmarks increased from 53.6% in 2016-17 to 57.5% in 2017-18. |

Appendix 5.A. General Assumptions

The projection is based the actual State School Fund Grant of \$8.2 billion for the 2017-19 biennium which is an 11% increase over the 15-17 biennium.

After the 2017-19 biennium, any estimate of the State School Fund Grant (SSFG) is based on history and projections generated as the school district finance officials work with ODE to prepare estimates but without knowledge of any future events. Oregon is currently in a strong growth cycle but the state tax structure is not producing increased revenue. The current growth cycle is now longer than any recent growth cycles but the great recession that preceded this cycle makes it difficult to predict the next downturn.

Local option taxes are difficult to predict. The District has chosen to predict 3% growth per the recent trend with new housing starts and increasing property values. Declines in property values would cause this revenue to experience a slower growth or even a decline. The current local option levy expires after 2019-20 and renewal will require voter approval.

This five-year projection is a living document and will be updated as events occur or changes in the economy are noted. The five-year history provides support and content for the estimates in future years.

2017-19 Biennium

The District's 2018-19 budget is based on a state SSFG biennial budget of \$8.2 billion.

Assumptions for 2018-19:

Revenue

- State School Fund Grant is based on a 50-50 split and \$2.8 million was carried forward from 17-18 in order to cover rollup costs.
- o Local Option Levy revenue will continue to increase by 3%.
- All other revenue will remain flat with the exception of earnings on investments.

• Expenditures

- Salaries and benefits will grow at negotiated rates.
- Additions to the 2018-19 budget will continue in the current service level with no adjustments for inflation except:
 - Transportation costs will increase 2.2%
- Limited additions to the budget as proposed in the 2018-19 Proposed Budget.

2019-21 Biennium

The District's budget is based on a total SSFG allocation of \$9.02 billion or a 10% increase over the prior biennium. An 11% increase, as was seen for the 2017-19 biennium, would change the forecast.

Assumptions for 2018-19 and 2019-20:

- Revenue
 - o SSFG based on a 49/51 split.

- Local Option Levy revenue will continue to increase by 3%.
- All other revenue will remain flat.

Expenditures

- Salaries and benefits other than PERS will grow at rates under contract in 2018-19. Saving will
 continue on health insurance. The PERS rate is expected to increase 33%.
- Additions to prior year budgets will continue in the current service level with a 2% adjustment for inflation in the first year of the biennium except:
 - Transportation costs will increase 2.2% in both years
- The second year of the biennium most of the spending categories were held to zero increase.

2021-23 Biennium

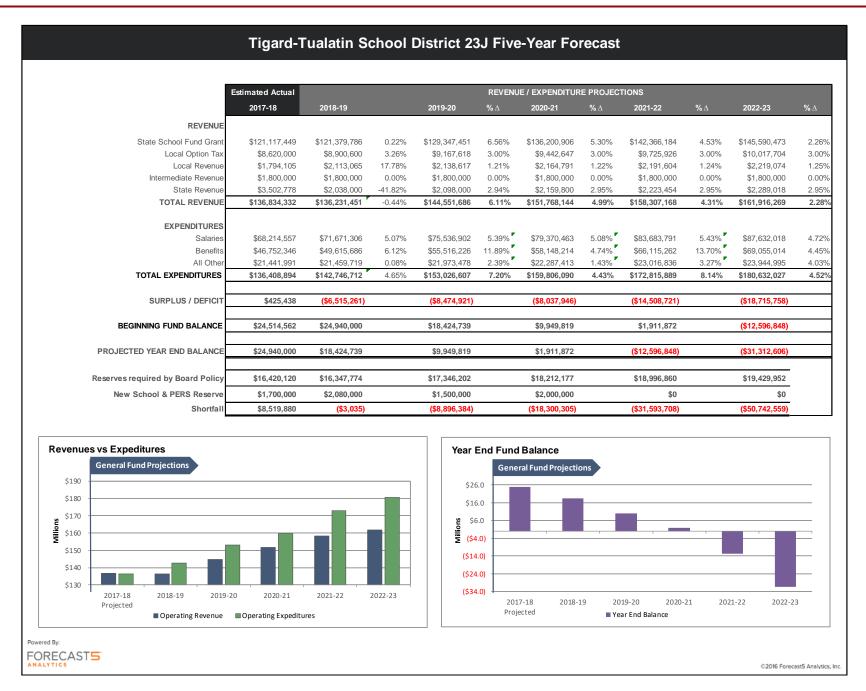

The District's budget is based on a total SSFG allocation of \$9.922 billion or a 10% increase over the prior biennium.

Assumptions for 2021-23:

- Revenue
 - SSFG based on a 49/51 split.
 - Local Option Levy revenue will continue to increase by 3%.
 - All other revenue will remain flat.

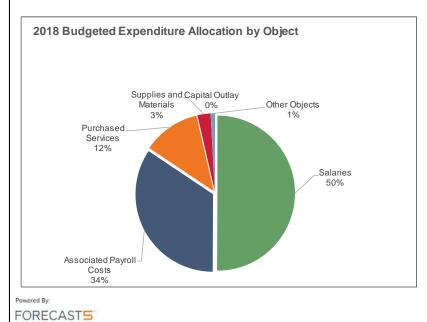

Expenditures

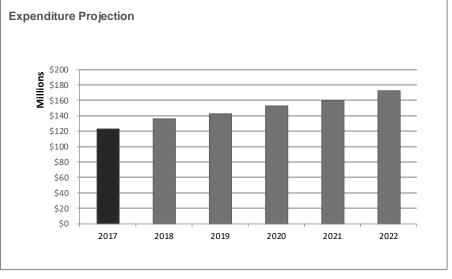

- Salaries and benefits other than PERS will grow at rates under contract in 2018-19. Savings will
 continue on health insurance. The PERS rate is expected to increase 33%.
- Additions to prior year budgets will continue in the current service level with a 2% adjustment for inflation in the first year of the biennium except:
 - Transportation costs will increase 2.2% in both years
- In the second year of the biennium most of the spending categories were held to zero increase.
- Art Rutkin Elementary School will open with additional costs for staff and operations. Seventy
 five percent of the Art Rutkin Elementary teaching staff are projected to be hired beginning in
 2017-18 and will move to Art Rutkin Elementary School. Support staff will be new FTE.

Appendix 5.C. Budget Guiding Principles

Five concepts for TTSD Budget Guiding Principles are:

| Student Focus | Budget decisions will be based on the District's Strategic Plan. | |
|----------------|--|--|
| Sustainability | Budget investments will be supported by future funding within the five-year financial projection. | |
| Equity | Budget decisions will be determined based on data analysis and directed to areas of greatest student need. | |
| Efficiency | Decisions will align with established operational foundations and strive to create cost savings and/or program efficiencies. | |
| Accountability | District programs will be evaluated for effectiveness and efficiency in both spending and outcomes. | |

We will write principles that are <u>Clear</u>, <u>Simple</u>, and <u>Focused</u>

Tigard-Tualatin School District 23J GLOSSARY

10K SCHOOL DISTRICTS: The top thirteen largest school districts in Oregon based on enrollment of 10,000 students or more. Tigard-Tualatin is the 9th largest district. These thirteen districts represent one-half of the student enrollment in the state. The 10K school districts work collaboratively with ODE and each other to support all school districts in the state.

ACCOUNTING SYSTEM: The total structure of records and procedures which discover, record, classify, summarize, and report information on the financial position and results of operations of a government of any of its funds, fund types, balanced account groups, or organizational components.

<u>ACCRUAL BASIS:</u> The basis of accounting under which transactions are recognized when they occur regardless of the timing of related cash flows.

ADEQUATE: see **Investment Levels**

ADMINISTRATIVE RULE (AR): Specific rules, created by the district administration, that outline the steps by which the district will address the broader goals of a school board policy.

<u>ADOPTED BUDGET:</u> Financial plan adopted by the governing body for the fiscal year or budget period that is the basis for appropriations (ORS 294.456).

<u>AMERCIAN COLLEGE TESTING</u> (ACT): A college readiness assessment which is a standardized test for high school achievement and college admissions in the United States.

<u>AVERAGE DAILY MEMBERSHIP</u> (ADM): The year-to-date average of daily student enrollment.

<u>AVERAGE DAILY MEMBERSHIP - Weighted</u> (ADMw): Average of daily membership, weighted for additional student characteristics.

APPROPRIATION: A legal authorization to make expenditures and incur obligations for specific purposes. Total appropriations include the adopted budget and any supplemental budget(s). The legal appropriation is the amount authorized by the board (ORS 294.411(3)).

APPROVED BUDGET: The budget that has been approved by the budget committee.

<u>ASSESSED PROPERTY VALUE</u> (AV): The value placed on real and personal property as a basis for imposing

taxes. It is the lesser of the property's maximum assessed value or real market value.

BALANCED BUDGET: Projected resources equal projected requirements within each fund.

BASIC: see Investment Levels

<u>BASIS OF ACCOUNTING:</u> Methodology and timing of when revenues and expenditures or expenses are recognized and reported in the financial statements.

<u>BOARD OF EDUCATION:</u> Five member elected board, created according to state law and vested with responsibilities for educational activities in a given geographical area, who establishes policy, hires a superintendent and governs the operations of the district.

BOND: A written promise, general under seal, to pay a specific sum of money, called the face value, at a fixed time in the future, called the date of maturity and carrying interest at a fixed rate, usually payable periodically. The difference between a note and a bond is that the latter usually runs for a longer period of time and requires greater legal formality.

BOND MANAGEMENT TEAM (BMT): TTSD's Superintendent, CFO, Bond Accountant, Facilities Manager and Custodial/Grounds Manager along with Day CPM Program Managers.

<u>BUDGET</u>: A plan of financial operation embodying an estimate of proposed expenditures for a given period of purpose and the purposed means of financing them.

BUDGET COMMITTEE: A statutorily (ORS 294.414) defined committee composed of the School Board and an equal number of citizen members appointed by the Board. The committee is responsible for reviewing the budget as proposed, recommending changes and approving the final budget which is presented to the School Board for adoption.

BUDGET DOCUMENT: Written report showing the school district's comprehensive financial plan for one fiscal year. It must include a balanced statement of actual revenues and expenditures for each of the last two budgets and estimated revenues and expenditures for the current and upcoming budget.

BUDGET MESSAGE: Written explanation of the budget and the school district's financial priorities. It is

prepared and presented by the Superintendent of the school district.

BUDGETARY CONTROL: The control or management of a school district in accordance with an adopted budget to keep expenditures within the limitations of available appropriations and available resources.

<u>CAPITAL BUDGET</u>: A plan of proposed capital outlays and the means of financing them for the current fiscal period. It is usually a part of the current budget.

<u>CAPITAL OUTLAY</u>: Items which have a useful life of one or more years and exceed a dollar threshold established by the district, such as land, buildings, furniture, and equipment.

CAPITAL PROJECTS FUND: Accounts for resources, such as bond sale proceeds, construction excise taxes or land sales, used for activities related to the purchase or construction of major capital assets.

<u>CASH BASIS</u>: System of accounting under which revenues are accounted for only when received in cash, and expenditures are accounted for only when paid.

CONSTRUCTION EXCISE TAX: In the 2007 Regular Session, the Oregon State Legislature passed a law (Senate Bill 1036) to help Oregon school districts pay for a portion of the cost of new or expanded school facilities. The law allows school boards, in cooperation with cities and counties, to tax new residential and non-residential development.

CONTINGENCY: An estimate in an operating fund for unforeseen spending that may become necessary.

CORNERSTONE: See Strategic Plan.

COST CENTER: An administrative subdivision of the school district, which is charged with carrying on one or more specific purposed such as a school, department or special program.

<u>CURRENT BUDGET PERIOD:</u> The budget period currently in progress.

DAZE: A component of DIBELS. A Short reading comprehension task for 3rd through 6th grade in which every seventh (approx.) word in a passage is left blank and the student must select one of three options to fill in the blank. *See also MAZE*.

<u>**DEBT SERVICE FUND:**</u> A fund established to account for payment of general long-term debt principal and interest.

<u>DYNAMIC INDICATORS OF BASIC EARLY LITERACY</u>
<u>SKILLS (DIBELS):</u> A short collection of tests measuring the acquisition of early literacy skills from kindergarten

through sixth grade.

ENCUMBRANCE: An obligation chargeable to an appropriation and for which part of the appropriation is reserved.

ENGLISH LANGUAGE PROFICIENCY ASSESSMENT

(ELPA): An assessment for non-native English speakers which measures and reports on students' English language proficiency overall, as well as in reading, writing, speaking, listening, and comprehension.

ENHANCED CORE READING INSTRUCTION (ECRI): A teaching method that uses explicit teaching routines in the foundational skill areas of phonemic awareness, phonics and word recognition, decodable text reading, fluency, dictation, vocabulary, and comprehension.

ELEMENTARY AND SECONDARY EDUCATION ACT

(ESEA): A 1965 education act, which is now modified by **ESSA**.

EVERY STUDENT SUCCEEDS ACT (ESSA): The 2015 reauthorization of **ESEA.**

EXPENDITURES: Total amount incurred if accounts are kept on an accrual basis; total amount paid if accounts are kept on a cash basis.

<u>FISCAL YEAR (FY)</u>: A 12-month period from July 1 through June 30 to which the annual operating budget applies.

<u>FUNCTION</u>: A group of related activities aimed at accomplishing a major service or regulatory program for which a government is responsible.

<u>FUND</u>: A fiscal and accounting entity with selfbalancing accounts to record cash and other financial resources, related liabilities, balances and changes, all segregated for specific, regulated activities and objectives.

FUND BALANCE: The excess of assets of a fund over its liabilities and reserves. During the fiscal year prior to closing, it represents the excess of the fund's assets and estimated revenues for the period over its liabilities, reserves & appropriations for the period.

FUND TYPE: Any one of seven categories into which all funds are classified in governmental accounting. The seven fund types are: general, special revenue, debt service, capital projects, enterprise, internal service, and trust and agency.

FULL TIME EQUIVALENT (FTE): The term used to note the percentage of the job employed based on one full time employee being the norm. One FTE is one employee 100% of the time for the entire year. (.5) FTE

is one employee working one half of the day in that position.

<u>GENERAL EDUCATIONAL DEVELOPMENT</u> (GED): A test that provides a high school equivalency diploma.

<u>GENERAL FUND:</u> A fund used to account for most operating activities except those activities required to be accounted for in another fund.

GOVERNING BODY: County court, board of commissioners, city council, school board, board of trustees, board of directors, or other managing board of a local government unit.

GRANT: A donation or contribution in cash which may be made to support a specified purpose or function, or general purpose.

<u>INDIVIDUALIZED EDUCATION PLAN (IEP)</u>: A document that spells out services for special education students.

INSTRUCTION: The activities dealing directly with the teaching of students or improving the quality of teaching.

INTERNAL SERVICE FUND: A fund used to account for fiscal activities when goods or services are provided by one department or agency to other departments or agencies on a cost-reimbursement basis.

INVESTMENT LEVELS: The three levels of investment are **Basic**, **Adequate** & **Optimal**.

BASIC: The service level required to have confidence that the program will address the students with the highest need and will achieve the desired results of the students who qualify. Because the strategy is worth addressing, this low level of investment allows the district to address the need, but does not offer a comprehensive program.

ADEQUATE: The service level required to have reasonable confidence that the program will address the needs of most students and will achieve desired results for those students.

Because the strategy is worth addressing, this level of investment allows the district to address the need with a wider program that reaches more students.

OPTIMAL: The service level required to have the highest level of confidence that the program will achieve above average results for all students affected by the program. This level of investment allows the district to address the need with a district-wide, comprehensive program that reaches all students.

LEVY: Amount or rate of ad valorem tax certified by a local government for the support of

governmental activities.

<u>LIABILITIES:</u> Debt or other legal obligation arising from transactions in the past which must be liquidated, renewed, or refunded at a future date; does not include encumbrances.

LOCAL OPTION TAX: Voter approved temporary taxing authority that is in addition to the taxes generated by the permanent tax rate. Local option taxes can be for general operations, a specific purpose or capital projects.
