Lining Up

HH mi

like to be first in line. But all the

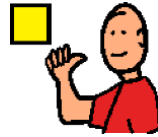

HH mi

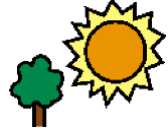

other kids want to be first in line too! We are

f;

growing up and learning to take turns. My teachers will let

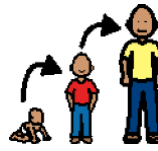

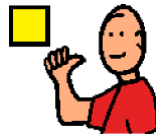

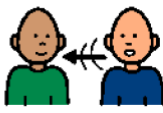

me know where to stand in line each day. If

feel frustrated or sad, will take a deep

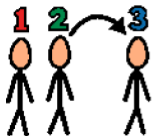

&

t

breath and tell myself, "I'm growing up! I'll be

okay". Maybe next time will be first in

mi

line.
