Health Insurance

About the Insurance Wellness Program

Carriers

You have the opportunity to enroll in health insurance through Dean Health Plan or Group Health Cooperative of South Central Wisconsin. These carriers provide you with a diverse range of networks and providers, yet have the exact same type of coverage (copays, etc.), but with slightly different employee premiums (what you pay per pay period for coverage).

Please note, each of the carriers can, and do, refer patients out-of-network for specific medical needs.

Plan Options

Within each of the carriers, you can enroll in the Health Maintenance Plan (HMO), Point-of-Service Plan (POS) or Preferred Provider Organization Plan (PPO). The PPO plan is only available to employees who do not live in South Central Wisconsin. The POS and PPO plans provide greater access to non-network services when referrals are not available. The POS and PPO plans have higher employee premiums and deductible/coinsurance out of network coverage. You can find more detailed information about the plans and plan documents on the Human Resources website.

FLEXIBLE SPENDING ACCOUNTS

Flexible Spending Account - Medical

The Medical Flexible Spending Account (FSA) allows you to save on your health care expenses on a pre-tax basis. Because you do not pay Federal and Social Security taxes on money that goes into your FSA, you decrease your taxable income and potentially increase your spendable income. With a medical FSA, you can be reimbursed an amount up to the total annual contribution you have elected regardless of your account balance. You can begin to use all or some of the total amount elected as soon as the plan year begins.

A medical FSA allows you to save for health care expenses such as: deductibles, copayments, coinsurance payments, uninsured dental expenses, vision care expenses (e.g. eyeglasses or contact lenses), hearing care expenses (e.g. a hearing aid) and orthodontia*. **The maximum annual amount you can deposit into a Health Care FSA is \$2,650.**

**A full list of eligible and ineligible FSA expenses are defined and listed in IRS Publication 502, available online at www.irs.gov/publications.*

Health Care FSA Eligible Expenses

 You may elect either a Total Amount or Amount per pay period below. Click the "Calculate" button to see the final total/cost.

FLEXIBLE SPENDING ACCOUNT - MEDICAL

All medical expenses Flexible Spending Accounts (FSA) run with the calendar year. To enroll, you can either (1) determine the amount per pay period that you would like to have withheld, or (2) determine the total annual amount you'd like to have withheld for your medical expenses FSA.

If you DO NOT wish to enroll in an FSA, you must click the radio button next to "I wish to CANCEL this coverage."

Remember to re-enroll during Open Enrollment for the following year if/as desired.

The employee in the example has elected to have \$997.84 withheld annually, and is paid in 24 checks per year. \$41.66 is being withheld on each paycheck. To date, the employee has contributed \$124.98, and will continue to contribute for another 21 pay period.

As with all benefits, click the radio button to either apply or decline/cancel coverage (Figure 10) and click NEXT.

Figure 10

Flexible Spending Account - Dependent

A Dependent Care Flexible Spending Account (FSA) allows you to save on your dependent care expenses on a pre-tax basis. Because you do not pay Federal and Social Security taxes on money that goes into your FSA, you decrease your taxable income and potentially increase your spendable income. With a dependent care FSA, you will be reimbursed only for dependent care services you have already received. If you submit a claim for an amount that exceeds your account balance, you will be reimbursed on a pay period basis until you have made enough additional contributions to cover the expenses.

A dependent care FSA allows you to save for day care expenses for your child, disabled parent or spouse that enable you and your spouse (if applicable) to work full-time and/or attend school on a full-time basis. Generally, expenses are eligible if they are the result of care for:

- Your children, under the age of 13, for whom you are entitled to a personal exemption on your federal income tax return.
- Your spouse or other dependents, including parents, who are physically or mentally incapable of self-care.

The maximum annual amount you can deposit into a dependent care FSA is \$5,000 per household.

You may elect either a Total Amount or Amount per pay period below. Click the "Calculate" button to see the final total/cost.

Maximum Annual Contribution:		\$5,000.00

FLEXIBLE SPENDING ACCOUNT – DEPENDENT CARE

All dependent care expenses Flexible Spending Accounts (FSA) run with the calendar year. To enroll for a dependent care (day care) expenses FSA, you can either (1) determine the amount per pay period that you would like to have withheld, or (2) determine the total annual amount you'd like to have withheld for your day care expenses FSA. Only day care expenses are reimbursable from a Dependent care FSA.

If you DO NOT wish to enroll in an FSA, you must click the radio button next to "I wish to CANCEL this coverage."

Remember to re-enroll during Open Enrollment for the following year if/as desired.

Enter the amount in the corresponding box and click the orange CALCULATE box. As in Figure 11, this will calculate the both the annual withholding amount and the withholding amount per pay period. The employee in the example is opted not to enroll in this benefit.
