ATTENDANCE POLICY

Absence-Missing 30 minutes of class.

Truancy-An absence without parent/guardian or school consent and appropriate notification made to the building principal.

Attendance-Regular attendance is a necessary part of the learning process and is a key to getting a good education. The educational experience consists of more than merely taking tests. Daily classroom participation, interaction with the teacher and other learners, and receipt of instruction is necessary to acquire desired knowledge and skills. Meeting minimum attendance requirements established by this policy is mandatory to receive course credit. Therefore, students should be in assigned classes on time so that maximum learning may occur. Attendance records will be printed as part of the student's official transcript. There are times, however, when students will have to be absent. The parent or guardian should communicate the reason for the student's absence on or before the day of the absence. The school telephone number is **481-2155**. The office will be open at 7:15 a.m.; the parents are encouraged to call as early as possible. When students know of an absence in advance, they are encouraged to make up work before the absence. In addition, students who know of an absence in advance are required to obtain a prior approval form from the attendance office. **If for some reason parent/guardian contact has not been made regarding a student's absence by the end of that school day, the student will receive an unexcused absence.** Truancy will constitute disciplinary action. Upon returning from excessive truancy or absences, a conference with an administrator, counselor, parent/guardian, and student will be required.

Absence due to illness-Students are given one day plus the number of days absent to make up class work and tests, and if the make-up work is not completed, a zero will be recorded for each assignment and test.

Unexcused Absences -Students will be instructed on what they missed due to their unexcused absence. However, no credit will be given for their work. Zeros will be recorded for all assignments missed due to an unexcused absence.

Excessive Absences-Excessive absences limit the learning process. AIS attendance policy is consistent with the compulsory laws of the State of Oklahoma. Violators will be prosecuted through the Jackson County District Attorney's office.

For further information on elementary attendance policy, please refer to Elementary School Attendance Policy. B.P. 700.171

See board policy 700.305 (Compulsory Attendance) in the back of this book.

See board policy 700.171 (Elementary Attendance Policy) in the back of this book.

APPOINTMENTS/LEAVING SCHOOL

1. When an appointment is scheduled, or the student is leaving early, the parent must call or send a note of the appointment to the office.
2. The parent or guardian must come to the office and sign the student out before he/she will be allowed to leave.
3. If the student returns to school the same day, they must check back in at the office.

TARDINESS

Promptness to school and class is very important. The office will take care of unexcused tardies. Excessive tardies will result in the student being assigned detention or other disciplinary action.

WITHDRAWALS FROM SCHOOL

Students withdrawing from school during the year will need to obtain a withdrawal form from the main office. Instructions will be given at that time on the proper procedures for completion of the withdrawal process. BP700.410

Students must be in attendance through the sixth school day preceding the end of regular classroom instruction during a semester to receive a final grade for work done during that semester.

LIBRARY AND TEXTBOOKS LOST OR STOLEN

The pupil shall be responsible for paying for books belonging to the school, which are lost, stolen, or damaged.

LIBRARY SERVICES

The library will be open at 8:00 a.m. and remain open throughout the school day. Individual students wishing to use the library must secure a library permit from their classroom teacher. At times, teachers may schedule their entire class to use the research facilities, and class will be held in the library. Students are always encouraged to use the library for pleasure, as well as for academics. The librarian will be available to provide any assistance requested by the students or teacher.

GUIDANCE

The purpose of the guidance program is to help each student achieve his/her highest potential, mentally, physically, emotionally, and socially. Individual conferences may be requested by the student, teacher, parents, or legal guardians. A student may request guidance service through his/her teacher.

STUDENT DRESS CODE

Appropriate dress as determined by the staff and administration of Altus Intermediate School is required at all times.

1. Shorts, dresses, and miniskirts may be worn if they meet the following criterion: while standing straight with arms to the side, the middle finger of both hands must not be able to touch bare skin on the thighs. This would include any slit or frayed hole that may be in a dress, skirt, shorts, or jeans. If the student is wearing a garment with a whole or frayed spot about the area listed above, the student will be asked to cover the area, call home for a change of clothes, or spend the day in ISS.
2. No clothing or anything attached to the clothing that advertises beer, alcoholic beverages, drugs, or bears words or statements that are vulgar or suggestive may be worn.
3. Visible undergarments, tank tops, see-through clothing, and bare midriffs are not acceptable under this code.

12. **Smartwatches of any kind are not allowed.**

BULLYING

It is the policy of this school district that threatening behavior, harassment, intimidation, and bullying of students by other students, personnel, or the public will not be tolerated. This policy is in effect while students are on school grounds, in school transportation, or attending school-sponsored activities, and while away from school grounds if the misconduct directly affects the good order, efficient management, and welfare of the school district.

Bullying is addressed in Board Policy 700.430. A copy may be viewed online at the Altus Public Schools website. Click on Parents and then select District Policies. Highlight students in the next box. Scroll down to policy #700.430.

ALTUS PUBLIC SCHOOLS DISCIPLINE POLICY

Altus Public Schools believes the primary function of the school is to educate children. We further believe students have the right to learn free of unnecessary distractions and to attend a school in which an atmosphere conducive to learning exists.

Education includes establishing norms of acceptable social behavior and assisting students in understanding and attaining those norms. From time to time, it will be

necessary for the benefit of the individual and of the school for the faculty and administrators to enforce corrective actions for breaches in acceptable behavior. The teacher or administrator shall have the same right as a parent or guardian to control and discipline a child while the child is in attendance in the Altus Schools or is in transit to or from the school or while attending or participating in any school function authorized by the school district. (70 O.S. 114, School Laws of Oklahoma)

Each student shall be treated in a fair and equitable manner. The severity of the disciplinary action will be based upon a careful assessment of the circumstances surrounding each infraction.

The following examples of behavior are not accepted in society and in a school environment, particularly. When in the judgement of the teacher or administrator the behavior of a student constitutes unacceptable behavior in the following areas, corrective action will be taken. These examples are not intended to be exhaustive and the exclusion or omission of examples of unacceptable behavior is not an endorsement or acceptance of such behavior.

1. Unexcused lateness to school
2. Unexcused lateness to class
3. Contempt or disrespect for authority
4. Cheating on schoolwork
5. Violation of dress code

25. Destroying/defacing school property/vandalism
26. Threatening a teacher or school employee
27. Physically aggressive behavior toward a teacher or other school employee is not acceptable. Should this occur and it is determined that bodily harm was intended, the principal will expel the student for at least the remainder of the current semester and may expel the student for the remainder of the current semester and the full semester (excluding summer school) which follows.
28. Any violation of local, state or federal statutes
29. **Violations of policy or regulations.**

No school board member, administrator, or teacher may be held civilly liable for any action taken in good faith which is authorized by law under the provisions of this policy.

In controlling the different forms of unacceptable behavior, the faculty/administration of the school district will consider the following; however, the school is not limited to these various methods, nor does this list reflect an order or sequence of events to follow in disciplinary actions. The Board of Education will rely upon the judgement and discretion of the administrator and/or faculty member to determine the appropriate remedial or corrective action in each instance.

1. Conference with student
2. Conference with parent
3. Referral to school counselor
4. Changing student's seat or class assignment

Misconduct:

Students engaging in any act of gross misconduct, including flagrant discourtesy, abusive or vile language, physical abuse, disruptive behavior, or deliberate insubordination, or truancy and/or excessive absenteeism, shall be referred to the principal for appropriated action. Such behavior may be grounds for suspension.

Detention:

Detention is defined as a period, other than class time, when a student is detained as a disciplinary measure. Detention assignments, when practical, should begin following the infraction. Failure on the part of any student to attend detention may result in further disciplinary action.

In-School Supervision:

Students who are suspended from the regular school program may be assigned to the in-school supervision center designated by the superintendent.

The in-school supervision program will be a highly structured class situation with emphasis being placed on intensive student work. Students who refuse in-school supervision can be alternatively placed from school for as many days as the in-school supervision penalty. When students then return to school, they will have completed the in-school supervision penalty before returning to regular classes.

The building principal will determine the necessity of sending a student to in-school supervision and the duration of the punishment.

The primary purpose of this program is to allow most student offenders to remain in school and keep up academically while in detention.

Alternative Placement:

At the discretion of the administrator and in lieu of the regular school setting, other educational options may be used in place of out of school suspension.

Suspension:

Suspension is defined as removal of a student from school and all school functions for a specified period of time. The principal, or his/her designee, may suspend a student(s) for varying lengths of time depending on the infraction(s). A student can be suspended from one day to a maximum period authorized by law. Parents or legal guardians of the student(s) will be notified of the suspension by mail and by verbal contact, when possible. Students who are suspended from school, will not be allowed on any school properties or allowed to attend school functions as any time during the suspension period. Failure to comply with this policy may lead to additional suspension.

Class Assignments During Suspension:

Make-up assignments during the period of suspension will be put on a special assignment form. These assignments will be made available to the parent(s) to pick up at the school at a reasonably designated time and place. It is the student's responsibility to complete the assignments during the suspension period. The daily assignments will be made available and are due the day the student returns to school. The daily assignments will be given a check for completion. Uncompleted assignments will earn a 0 (zero) and be averaged with all the other grades earned by the student during the regular school term. Major tests will be taken and given full credit. Students should be prepared to take missed tests upon returning to the school. Long-term suspensions are those suspensions of more than ten days. For long-term suspensions, school assignments, including tests, may or may not be made available for the students. During long-term suspensions, grades may or may not be recorded and credit given. School assignments, tests, grades, and credit will be determined through the suspension and/or appeals process.

Students who are on suspension will not be allowed to attend any school functions during the suspension period or enroll in any other Altus Public School.

DUE PROCESS: Appeals procedure for suspension

Step 1:

If the student or parent wishes to appeal the suspension of more than ten (10) days, they must notify the principal within forty-eight (48) hours that they intend to appeal. After the student serves ten (10) school days' suspension and before he/she is readmitted to school, the principal, on the fourth school day, will provide a hearing in which the student and parents may participate. The hearing will be conducted by the principal.

Step 2:

If the student and parents involved are not satisfied with the ruling of the principal, an appeal may then be made with the superintendent for another hearing to be conducted by a designated hearing officer. This appeal shall be made in writing within forty-eight (48) hours of the principal's decision. The hearing officer will hear the appeal within five (5) school days after proper notification.

Step 3:

If the student and parents are not satisfied with the decision of the hearing officer, an appeal may be made to the Board of Education in the following manner:

1. The notification of appeal must be made in writing to the Board of Education through the superintendent's office within forty-eight (48) hours after the hearing officer's decision is rendered. The Board of Education will hear the appeal as soon as possible.
2. The student will be advised that he/she may be present an appeal at the board hearing, accompanied by a representative to act on his/her behalf. The school official will be afforded the same consideration.
3. The student will be informed of hearing procedures and given reasonable time to prepare for the hearing.
4. During the hearing, the student or his/her legal counsel shall have the right to examine evidence, examine and cross-examine witnesses, and present evidence and testimony on behalf of the student. The school official shall have the same stated right.
5. The decision of the Board of Education will be final (School Laws of Oklahoma, 1992, Chapter I Article XXIV, Section 490).

Suspensions of any length may be appealed, using the procedures listed above; however, timelines will be adjusted to meet the time restrictions on a case-by-case basis.

Legal Authority for Suspension

A. Authority to Suspend

A Principal or his/her designee has the initial responsibility and authority to suspend a student.

1. In buildings where assistant principals are not provided and the principal is absent, the superintendent or his/her designee, or another principal from one of the district schools, shall come to the school where a student is presenting a discipline problem, assist in the resolution of the problem, and be authorized to make suspensions in the absence of the principal (Reference: O.S. 70-24-102)

Suspension of Special Education Students:

When considering disciplinary measures for special education students, the following shall be considered.

1. When a suspension of less than ten (10) days from school is necessary, the due process procedures established for regular students shall be followed.
2. For suspension of less than ten (10) days or an accumulation of ten (10) days, these additional procedures shall be followed:

The Altus School District recognizes that teachers, support employees, parents, and other school patrons have a fundamental right to discuss grievances that they might have with the district. However, it is also recognized that there must be an orderly procedure for carrying out the grievances.

If the grievance is directed toward a teacher, the parent should make an appointment to visit with the teacher.

After this initial meeting, if the grievance is not settled, the parent should discuss the problem with the principal.

If the issue is not resolved, an appointment should be made with the superintendent or his/her designee.

After exhausting all these available channels, the parents may appeal to the Board of Education following the procedure outlined in the board policy. The board's action shall be the final determination of the grievance. Board Policy 200.350

AIS DISCIPLINE PROCEDURES

All students have the right to learn in a positive learning environment. AIS will not tolerate any behaviors that negatively influence the classroom environment or classroom instruction. We insist that our student's parents take an active role in

helping us to create a positive learning environment. Encourage your child to make good decisions while at school and participate with school personnel when conferences are set up. School officials will contact parents early and often when problems arise because of poor behavior. Parents are expected to participate and help to encourage a change in their child's behavior.

Each teaching partnership at Altus Intermediate School will develop classroom rules. Rules of behavior, as well as consequences of behavior, will be known by all students. Parent contact will be made when behavior problems occur.

Note: In cases of serious misconduct that would endanger the physical well-being of students and/or staff members, or misconduct that should deviate from acceptable moral conduct, steps in the discipline plan may be bypassed.

UPON BEING SENT TO THE PRINCIPAL

The school administration will confer with the student about the problem. The school administration will follow our AIS discipline plan. This conference will be documented, and a copy of the document will be sent to the parent/guardian. The principal may confer with the student and his/her parent/guardian. The AIS discipline plan keeps the building administrator consistent when dealing with students in the area of negative behavior. If a student continues to display poor behavior, then the building administrator could suspend the students for varying lengths of time according to board policy. An alternative setting is also an option for those students who refuse to comply with our school rules.

IN-SCHOOL SUPERVISION PROCEDURES

1. Students must be in their seat by 7:55 a.m. or as soon as they are on campus.
1. Students in ISS will have the opportunity to eat breakfast at 8:00 a.m.
2. Breakfast and lunch will be served in the ISS classroom.
3. Students will be released from ISS at 3:00.
4. ISS classroom disruptions will not be tolerated. Students will be sent home and an additional day will be assigned.

ALTERNATIVE SCHOOL

Some students may be candidates for our alternative school program. Students that meet the following criteria may be recommended:

1. Students who are or have exhibited chronic disruptive behavior,
2. Violent students who are in the school setting,
3. Students for whom all other disciplinary procedures have been exhausted, i.e., detention, in-school supervision and suspension from school,
4. Candidates for long-term suspension.

BUS REGULATIONS & DISCIPLINE FOR BUS RIDERS

Riding the bus is a privilege, not a right; therefore, students should be aware that privileges might be lost if they are abused. Only regularly scheduled bus students are to ride the buses. Students need to go immediately to the buses after school has been dismissed. Each bus driver will establish rules for the buses in accordance with the District Transportation Manual. According to the District Transportation Manual, the discipline policy for bus riders is as follows:

For students in **5th through 12th grades**, there will be no counseling with offenders. They have read the rules and parents have gone over it with them. Punishment will be immediate by the principal of the respective school. If a student shows an uncontrolled malicious disregard for the safety and well-being of the passengers and driver, it is possible that immediate suspension from the bus and school may occur without going through the procedures below:

1. **First Offense:** Upon the first offense of unacceptable conduct, the site principal will notify the student and parent. The driver will take whatever action is deemed necessary.
2. **Second Offense:** Upon the second offense, the principal will notify the student and parent that the student is suspended from school bus riding privileges for five (5) days. The student will be transported home on the last day he/she rides the bus.
3. **Third Offense:** Upon the third offense, the principal will notify the student and parent that the student is suspended from bus riding privileges for twenty (20) days.
4. **Fourth Offense:** Upon the fourth offense, the principal will notify the student and parent that the student is suspended from bus riding privileges for the equivalent of one semester (87 days).

The same rules of conduct expected at school and in the classroom shall apply for the student on the school bus. Bus conduct procedures involving identified special needs students are determined individually on a case-by-case basis.

The teacher's responsibility is to share correct guidelines and procedures and to monitor students as they use and transport iPads in the learning environment. Family Educational Rights and Privacy Act (FERPA) Notice For Directory Information

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Altus Public Schools, with certain exceptions, obtain parental written consent prior to the disclosure of personally identifiable information from a child's educational records. However, Altus Public Schools may disclose appropriately designated "directory information" without the written consent, unless the parent has advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Altus Public School District to include this type of information from a child's education records in certain school publications. Examples include:

- A playbill, showing a student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity programs, such as for football, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local education agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses, and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

Classroom lists of students, grade level lists of students, and school-wide lists of students will be released to organizations or individuals representing organizations that have a direct affiliation with one or more district Schools and/or programs. Examples of such organizations include the PTO or Booster Clubs. Lists of students shall not be released to vendors or others soliciting students for contributions or sales.

Parents wishing to **prevent** release of directory information about their child(ren) (or the student if age 18 or older) must return a completed privacy form (available in each school office) to the principal of the school within 10 days of the start of each school year.

The Altus Public School District designates the following items as directory information;

Notification of Rights Under FERPA for Altus Public Schools

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. & 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission for the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR & 99.31);
 - School officials with legitimate educational interest;
 - Other schools to which a student is transferring;
 - Specified officials for audit or evaluation purposes;
 - Appropriate parties in connection with financial aid to a student;
 - Accrediting organizations;
 - To comply with a judicial order or lawfully issued subpoena;
 - Appropriate officials in cases of health and safety emergencies; and
 - State and local authorities, within a juvenile justice system, pursuant to specific state law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.
