

To All the Sierra Blanca Vaquero Family:

The COVID-19 pandemic continues to be an issue around the state of Texas and is encroaching on Sierra Blanca I.S.D. We will continue to maintain our precautionary measures to proactively prevent this virus in our school and our community. As a reminder:

- All students must wear a face mask or facial covering.
- Social distancing must be maintained at all times possible.
- Frequent hand washing and the use of sanitizing is required.
- Students with a fever will not be allowed into the school.
- Visitors are not allowed at the school without a prior appointment and administrative approval.
- If you experience any COVID-19 symptoms (fever or chills, cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, diarrhea) seek medical attention and a COVID-19 test.

It is imperative that the virus be contained and prevented from infecting any of our students and their family members in order to continue face-to-face instruction and athletic events. The red stars on the map below show all the cities and school districts with active COVID-19 cases. As the virus has spread into those school districts, face-to-face instruction and /or athletics have been interrupted and temporarily suspended. It is our desire to prevent any such disruptions and your assistance with COVID-19 mitigation protocols outside of school is requested and greatly appreciated.

COVID-19 Case Count in Hudspeth County is now above 20 active cases, with counts ranging as high as 65 depending on the reporting source.

Please help us prevent COVID-19 in Sierra Blanca, TX. If you have any questions, concerns, or comments please do not hesitate to contact us.

Sincerely,

Glenn Nathan

Superintendent - Sierra Blanca I.S.D.
