# Welcome to Chris Horrocks

Ellesmere College is delighted to welcome it's new **Director of Sport, Chris Horrocks**, who will oversee all aspects of the Sports provision at the school.

Chris brings a long and distinguished career in sport, sport management & psychology to the school having played basketball all over the world.

Chris joined us most recently from The Bishop of Hereford Blue Coat School where he was Curriculum Team Leader for PE, prior to this he has taught in Kuwait, Bristol, Cardiff and Chester.

His playing and coaching career is even more distinguished, inspired at age 13 to start playing by two teachers - Mr Croasdale and Mr Davies – he played at the highest level through his career from U15 Welsh team, Tonkawa High School (Oklahoma USA), Artland Dragons (German Division 1), Akranes (Iceland Division 1), Illiabum (Portugal Division 1) and back to the UK. He has played at the highest International level, representing Team GB. He has not only coached, managed and developed teams through his playing career, but also whilst lecturing and undertaking his PhD in Sports Psychology at Cardiff University at the same time.

Whilst at Ellesmere he aims to continue the growth of performance sport at the school – including increasing the access to expertise and student welfare for performing student athletes, academic liaisons and developing professional pathways for students to continue their sporting journey after Ellesmere. And above all make fitness fun, accessible and sustainable for all students!

## Standing ovations all round as Ellesmere College students take to the stage!

Students from Ellesmere College have been soaking up the applause from a string of show-stopping theatre performances.

Noah Fisher, Imogen Edwards and Isobel Philbin are also members of Shropshire Musical Theatre Group 'Get Your Wigle On' and have featured in a number of productions at Theatre Severn and the Barnes Theatre - the latest success being Frozen, with Noah appearing as Hans, Imogen as young Elsa and Isobel involved too.

All three students have dreams of working in the entertainment industry with Noah, Year 11, wanting to write and perform his own songs, Imogen, Year 8, having designs on becoming an actress and Isobel, Year 8, wanting to be a movie director.

Noah has already been cast in The Secret Diary of Adrian Mole; as Caractacus Potts in Chitty Chitty Bang Bang; Nativity the Musical; one of the brothers in Joseph; Chicago; and as the donkey in the forthcoming production of Shrek.

# Sixth Form Ball 2022

## Prefects Carols

Our Prefects were in fine festive voice and fancy dress as they sang carols for students during break in Big School and Lower School!

Everything from penguins to Mr & Mrs Claus... well done everyone!

# Jebb Scholarship Recipient 2022/23: Abi-Lou Foster

Ellesmere College has unveiled the latest recipient of their scholarship to honour Ellesmere born founder of the Save the Children charity, Eglantyne Jebb.

Abi-Lou Foster, from Market Drayton, has been awarded the Jebb Scholarship by Ellesmere College, in honour of the founder of the Save the Children charity, Eglantyne Jebb. Abi-Lou won the scholarship for her community service through volunteering and fundraising activities, including volunteering at Project Farm, a farm that supports young adults with learning disabilities, volunteering at a project for patients with dementia and their carers, and volunteering at a Dogs Trust rescue kennel. She has also raised funds for various organizations, including the Alzheimer's Society, NSPCC, The Little Princess Trust, the National Autistic Society, and Save the Children. Abi-Lou was selected for the scholarship based on her impressive list of charitable work and her commitment to helping others. The scholarship will support her through her two years of A Levels at Ellesmere College.

Abi-Lou expressed her gratitude for the scholarship and stated that being kind, caring, and helpful are values that have always been important to her. She has also planned future charitable ventures, such as undertaking a lifeguarding course and performing a sponsored skydive.

Richard Jebb, Eglantyne's great, great nephew, congratulated Abi-Lou on her scholarship and emphasized that her

ongoing selfless support to the community reflects the principles on which the Save the Children charity was built. The scholarship is in honour of Eglantyne Jebb, who founded Save the Children with her sister, Dorothy Buxton, after World War I. Today, the charity supports children in more than 100 countries. Josh Millington was the first recipient of the Jebb Scholarship in 2020 and has since completed his A Levels and moved on to university.

## Sixth Form Careers Conference

Our annual Careers Conference for Senior School students was once again packed with over 50 interesting and engaging businesses - many Old Ellesmerians themselves! - to help support and guide our Senior School students on the next phase of their academic and personal journeys once they leave Ellesmere College after their A Levels, International Baccalaureate or BTEC courses.

Thank you to all those who attended from universities, businesses, further education colleges and intern opportunities - it was great to see you all and our students thoroughly enjoyed finding out more about their next steps!

# Students Dig for Time Team

Students Davit C, Iris G, Naomi M and Carmen K along with staff members took part in the Whittington Castle Time Team dig searching for the 'Knights Hospitaller' episodes!

What an incredible experience! Thank you to all the Time Team members who made the dig possible and such an incredible experience for the students!

# Lower School Photograph Competition

Our Academic Enrichment programme encourages students from all Year groups from 3-13 to stretch and challenge themselves both in the academic as well as the creative arenas and often combining both – the annual Photography Competition is one of those challenges!

The academic brief for the Lower School students was to interpret the word 'Vibrant' through photography and the results are wonderfully colourful!

**1st place – Kiri K - Yr 8 - 'Parrot'**

**2nd place - Florence H - Yr 6 - 'Mushroom'**

**3rd Place – Charlie L - Yr 6 - 'Frosted Berries'**

Well done to everyone who took part!

# MHESS - 'Mellow Yellow' Day

In the Michaelmas term, students and staff at Ellesmere College focused on mental health - and in particular Youth Mental Health - with a 'Mellow Yellow' non-uniform day to support two fantastic causes – Young Minds and the College's own MHESS programme.

MHESS was started by one of our Old Ellesmerian Elin Jones, whose legacy at the school continues with events such as this, the completion of the new Wellness Room, and student & staff training to support mental health amongst the students.

So far we have raised over £500, with the final total yet to be announced!

Thank you to everyone who donated and supported 'Mellow Yellow' day at the College!

## It's a Knock Out 2022

The first day of term got off to a flying start with the annual Sixth Form 'It's a Knock-Out' House Competition - a hotly contested afternoon of fun, giant football and fast paced action!

Every year this offers all Sixth Form students - current and new - a wonderful opportunity to mix, develop team work skills, have fun and build friendships for the rest of their time here!

Students took part in three-legged giant football, tug-of-war and a quiz that had the answers spelled out by students on Terraces!!

# Academic Enrichment: Lower School Welcomes back House Debating

In a first for a number of years - the Lower School House Debating Competition returned to the Arts Centre as part of the Academic Enrichment programme for the students.

This first debating competition since Covid began was welcomed by a packed theatre of Lower School students and staff with 6 debaters (plus 2 understudies) from each House in Years 7 and 8.

Topics covered were chosen to be in line with the John Muir Award work pertinent to the environmental and conservation based activities:

'Everyone should grow their own food', 'Science and technology have been bad for the environment', and 'Physical tourism is bad for the environment and should be stopped.'

All the students on the debating teams performed exceptionally well - confidently, eloquently and with very well researched topics.

Congratulations to Phillips House who were the overall winners and a huge thank you to the Chairperson – Mr. Crawford for adjudicating!

## Sixth Form Team Building at St Davids

On Thursday 1st September 2022, our Sixth Form pupils headed to the beautiful Pembrokeshire coastline for an expedition to forge new friendships before the start of the new school year. It provided an immersive insight into the global issues being tackled by conservation and sustainability projects in Wales through activities such as coastal walks, coast craft, a boat safari, a visit to a bug farm and coasteering. It was a great opportunity throughout to look ahead to what is in store for you at Ellesmere over the next two years. This trip is run for us by Flooglebinder, the UK's first travel company to become a Certified B Corporation®.

# Lower School Nativity Play

The Lower School held a heartwarming Nativity play, featuring the talents of our young students. With colourful costumes and enthusiastic performances, the play brought the story of the birth of Jesus to life. It was a delightful way for our school community to come together and celebrate the spirit of the holiday season.

## Candlelit Choir Service

Our wonderful Ellesmere College Choirs outdid themselves once again as we opened the doors to our Community Candlelit Carol Service and welcomed guests back to the service after two years!

Softly lit by candle light with traditional and new hymns and carols, the choirs sang beautifully in the enchanting surroundings of the Chapel of St. Oswald accompanied by piano, organ and the Senior School band.

Thank you to everyone who came and enjoyed the evening and to all those who performed and supported the service.

# Senior School House Plays

The Senior School House Plays are one of the most hotly contested House Competitions in the Ellesmere College calendar - written, directed, managed and starring Senior School Students ... what could possibly go wrong when your inspiration is the 'World's Worst Teacher'...

# Golf Academy Success

Many congratulations to Ellesmere College Golf Academy Player Marcus Wildblood on his trophy win at Shrewsbury Golf Club - picking up both the "Schweppes Shield" with a gross of 74 and the "ADA Trophy" with a gross of 75.

He was also awarded the "Donald Watson Cup" by his home club Belton Park Golf Club Lincolnshire which is a long standing trophy given to the player with the most dramatic improvement during the year, and voted for by the Captain and Match Committee!

Well done Marcus - fantastic achievement!

# Francine on target for international shooting success

Francine Gilmore is on target for success after achieving medal after medal on the international stage with four gold medals at InterShoot, an annual air gun competition in Holland, last week.

It follows her first individual international medal in the 10 metre air pistol competition in Luxembourg in December and a gold in the British Pistol Club Open Championships last month. In the most recent competition the 16-year-old from Cressage travelled to the town of Ockenburgh, near the Hague. In three individual junior competitions she qualified in first place then went on to take the gold medal in the finals - as well as getting a gold in a team competition. In December at the Federation Luxembourgeoise De Tir Aux Armes Sportives annual air gun competition, Francine came away with both a gold - after a 17 to 15 win over a Swedish competitor - and a bronze medal. In January she won bronze in the mixed pairs and gold in individual competition at the British event.

Her dad Lance Gilmore said: "I am very proud of her. She works very hard and is doing very well in all the competitions she enters. She would love to represent team GB again and is working hard to be picked."

Francine is hoping to be picked for team GB to take part in the Junior World Cup in May, as she did last year, is aiming to be picked for the Commonwealth Games in Australia in 2026, and would love to represent GB in the Olympics one day.

The Year 12 student is a member of the Shooting Academy and boards at Ellesmere College during weekdays in order to fit in her training schedule of two to three days a week in the Academy facilities. Academy Coach Tom Rylands is not surprised at Francine's success:

"What an exceptional talent! Francine richly deserves her success - her work ethic is incredible both academically and in her sport - she is ranked among the top GB Senior Pistol shooters, let alone Juniors and leads by example - after returning from Holland, a day later she was on the College team leading them to victory in the National Schools Championships run by British Shooting. And to cap it all she went on to win the individual final for her 6th Gold medal in a week!"

Francine is coached by Margaret Thomas, one of the few women to compete at the Olympics, and competes every three weekends out of four. She also shoots rifle for the school team and Lance added: "She's very committed to her training, whether it is at school, travelling to Aldersley near Wolverhampton or online too, she works very hard."

"Of course, her school work is equally as important and she has got a lot of work to do, the school are very good about it and understand her schedule, they do everything they can to accommodate. Her tutors supply her with all the work she misses and as long as it gets done they are happy."

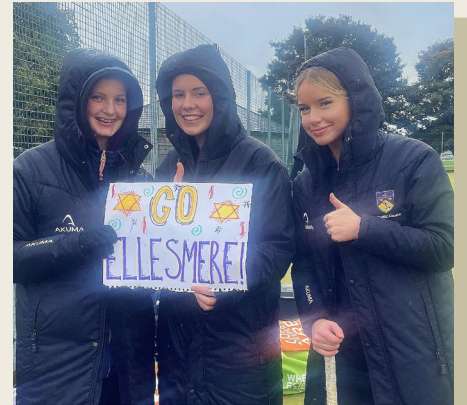

# Hockey U18 Champions!

Well done to the Ellesmere College Girls Hockey Team who are now the U18 County Champions!

After a long day where our girls demonstrated true grit and determination having drawn 2 games and won 4 - they celebrated by being crowned the U18 County Champions!

Well done girls - what a fabulous day and to all the teams who took part! A big thank you Shrewsbury School for hosting.

# WT100 Tennis at The Shrewsbury Club

Everyone from budding young tennis stars through to youngsters who had never held a racket had the chance to meet players and learn new skills as part of the ITF World Tennis Tour on the Family Fanzone Day at The Shrewsbury Club on Saturday, November 5.

The tournament, which saw leading British and international stars compete, took place at The Shrewsbury Club in November. However, on Saturday, November 5, it was the turn of local youngsters as Ellesmere College and Opus-4 hosted a Family Fanzone Day.

The ultimate family tennis experience, visitors were able to have a go at games such as pickleball as well as a wealth of other games including a competition to see who had the fastest serve, beat the coach, and had a go on the interactive multiwall with the winner taking home some holiday vouchers. Students and staff from the College helped youngsters get involved in lots of fun activities from mini-plays and media skills to maths puzzles, creative fun and fitness testing!

The Shrewsbury Club's managing director, Dave Courteen, said he was excited to offer guests something different and interactive to do in between matches. "The Family Fanzone Day was one of the most highly anticipated events of the whole week," he said. "Not only was it on semi-finals day, but it gave tennis fans of all ages a chance to test their skills and get involved. We hoped these activities would give aspiring younger players a chance to showcase their skills and meet some stars ranked in the top 100 in the world, all while having fun with their family and friends!"

The day offered families the chance to watch world-class tennis and join in all the off-court activities. Stephen Welti, Director of Tennis at Ellesmere College, said: "We were delighted to co-sponsor the Family Fanzone Day with Opus4. There were a lot of fun activities with staff and students from the College, and we really enjoyed taking part in what was a wonderful week's tennis."

As part of the Family Fanzone Day, families were able to sample some local street food fish and chips from local gourmet specialists, Fish Heads.

# Chinese Mid-Autumn Festival

The Chinese Moon Festival celebrates the full moon, and families gather together and share the specially made Moon Cakes - with different fillings to represent harvest, family and health - and are believed to bring families good luck and happiness!

Wishing everyone a very happy Zhōng Qiū Jié Kuài Lè!

祝大家中秋节快乐

## Senior School UKMT Maths Challenge

Senior School mathematicians at Ellesmere College have once again been celebrating a fabulous set of results with one of the highest scores ever recorded in the UKMT Senior Maths Challenge - held on Tuesday 4th October.

The results this year once again demonstrated the level of commitment and excellence in maths at the school with the most outstanding achievement by Year 10 student Natt Kritchanarat who scored 99 and won not only a Gold, but Best In School!

Well done everyone for taking part and below is the complete list of Awards. Ellesmere is always a keen participant in the country-wide challenges along with the Maths Kangaroo and Olympiad Challenges too.

### GOLD – Best In School

99 Natt Kritchanarat Yr 10  
88 Lukasz Bacewicz Yr 12

### SILVER

75 Andrii Melnyk Yr 13  
64 Ewan Tulloch Yr 12  
63 Bennet Schumann Yr 12  
62 Oscar Dodds Yr 12

### BRONZE

61 Sofia Avramidi Yr 12  
61 Bryony Lowe Yr 13  
60 Teddy Sun Yr 12  
58 Lukasz Galazka Yr 12  
56 Zuhan Li Yr 12  
51 Tom Schneider Yr 12  
49 Viola Oneglia Yr 12

### Participation Awards

Edward Astbury, Nikola Polakova, Oskar Oliver Sevcik, Neli Pashova, Thomas Smith, Millie Harrower, Arthur Wong, Ben Wright, Abi-Lou Foster, Oliver Covill, Mohammad Eskandari, Ben Scarlat, Julius Hermens, Marie Laccours, Michael Mwaura

(Boundaries: 76 Gold – 62 Silver – 48 Bronze)

# 'The Lightless Sky' - My Journey as a Refugee - Gulwali Passarlay

Ellesmere College once again welcomed Gulwali Passarlay, the internationally renowned author and refugee, to talk to the Year 8 Geography students as part of their Geography project - 'Refugees and Migration' - to deepen their understanding of the plight and resilience of young refugees.

Gulwali, an Afghan political refugee, came to the UK in 2007 after undertaking an incredible journey where he travelled a total of 7,150 miles through 10 different countries in order to reach safety and escape a war-torn Afghanistan.

Through telling his story to schools and through his book - 'The Lightless Sky' - Gulwali hopes his experiences will explain why refugees choose to leave their countries and families behind, battle feelings of loneliness, fear and guilt, and will allow people to see them not only as asylum seekers, but individual human beings with incredible stories.

## Gulwali's Journey

Gulwali's journey began in 2007, following the death of many members of his family in the Afghan war and his parents feared for his safety. They hired an agent to make arrangements for Gulwali to travel to Iran via aeroplane and coach, and from there he caught a lorry and travelled by horseback into Bulgaria, where he was discovered by immigration officials and sent to Turkey. He then embarked on the most harrowing and dangerous part of his journey where he was crammed into an immensely overcrowded boat - only designed to hold 20 people - with no food or water for over 2 days.

After surviving the boat journey and arriving in Greece, Gulwali managed to stow away in the engine compartment of a lorry which took him to Italy, where he was arrested and taken to a children's home. His determination to make it to the UK pushed him to escape once again by jumping out of a window, travelling through Germany and Belgium, before walking all the way to France - a 25-hour trek!

Gulwali finally arrived in the French city of Calais and stayed at a United Nations Camp for three months before travelling over to the UK. Gulwali's journey concluded as he landed in Dover in November 2007, where he was able to file an asylum claim. Sometime later, he was reunited with his brother Hazrat, who had fled Afghanistan before Gulwali, and the two lived together briefly before Hazrat returned to Afghanistan in order to help the family.

Gulwali settled in Bolton but still faced much hardship including racism, rejection and his own feelings of loneliness and guilt, but, he emphasised that the people who showed him kindness had a much more powerful impact.

He has contributed an enormous amount toward his local community in Bolton and was proud to be one of 8,000 torch-bearers (and arguably, the first Afghan) to carry the Olympic Torch in 2012.

The talk was truly eye-opening for students, and some fantastic questions were asked by the students. He concluded his talk by explaining how he hopes to end the negative stigma associated with refugees and asylum seekers, and hopes to use his passion towards social change in order to inspire young people into having a more engaged participation in politics and policy-making. He also encouraged students to be kind and never to pass judgement as ultimately, you never know what somebody has been through.

# OE Vs Sixth Form 1<sup>st</sup> Hockey Team

On Saturday, 10th September, an exciting girl's hockey game took place between the College 1st Hockey Team and the OE Hockey Team. It is with great pleasure that we report that the OE Hockey Team emerged victorious in a well-fought match, with a final score of 2-0.

We extend our sincerest congratulations to the OE Hockey Team on their impressive performance and hard-earned win. Both teams exhibited exceptional sportsmanship, skill, and determination, making for an entertaining and thrilling match.

# Elin Jones Awarded Rising Star 2022

**A former Ellesmere College student has won national recognition for the provision of mental health for her peers.**

Elin Jones, 19, who attended Ellesmere College has been named Rising Star in the Independent Schools of the Year Awards 2022, which recognise and celebrate inspiring work.

Elin, from Wrexham, was given the award after her dedication, tireless campaigning and legacy for the ongoing mental health awareness and support programme she set up at Ellesmere College.

She has arranged funding for more than 35 staff and students to receive Mental Health Awareness training, set up a Wellness Suite at the school - a haven for children to have quiet time, reflection and support - and organised various charity days in aid of Young Minds and International Mental Health Day.

Another legacy of Elin's is an integrated and ongoing school wide programme - MHESS – Mental Health at Ellesmere Support System, which she developed and grew not long after joining Ellesmere College in the Sixth Form.

Headmaster Brendan Wignall said: "We are immensely proud of Elin, who thoroughly deserves this award.

"Using her own personal experience of severe depression through her teenage years, she has made a huge impact on life here at Ellesmere. Her work ensuring a whole school approach to supporting and helping students of all ages with mental health issues of any size of severity was made all the more important during the Covid years where mental health issues amongst students and young people saw an exponential rise."

Elin's work is implemented with the assistance of the Nursing Staff, Pastoral Heads and Director of Rugby Alex Murphy, a trained counsellor who understand the impact of mental health after his professional playing career ended following an injury.

MHESS monitors, helps and advises students with issues such as academic and exam stress as well as other issues and is designed to safeguard all aspects of the mental health of any young adult and act as a safety net to avoid situations from potentially worsening.

In addition, Time to talk (TTT) sessions were initiated with school nurses and Lower School developed a kindness tree and a problem box to help the younger pupils share positive caring acts and also their worries.

Elin's legacy sees the school continue to train new sixth formers and staff who to maintain that commitment to the emotional wellbeing of the pupils.

Mr Wignall added: "This award is for students who overcome adversity or materially exceed normal expectations and Elin is the epitome of that.

"As a top priority already within our Pastoral Care System through Housemasters, Housemothers and Tutors, nurturing the mental health of our students took another step forward with the implementation of MHESS. Elin's incredible interpersonal skills has enabled everyone at Ellesmere to embrace open conversations, information sharing and provide appropriate help and support."

The awards, run by Independent School Parent magazine, were held at the Royal Thames Yacht Club in London on October 11.

The school was one of five finalists in the category and David Moncrieff, Chair of the Editorial Advisory Board at Independent School Parent, said: "The last two years have been one of the most challenging periods in education, but as we move forward into 2023 our independent schools are regrouping and refocusing with their accustomed energy and commitment.

"Whatever the challenges they have faced, the independent school sector has continued to deliver an unrivalled education to its students, delivering the best possible student experience. Delivering and supporting student excellence lies at the heart of each award."

# In Honour of Her Majesty The Queen

It is with great sorrow that the College learned of the death of Her Majesty the Queen. The former Prime Minister's description of her as 'Elizabeth the Great' does not seem inappropriate.

A life admirably devoted to her duty and to service to others has come to an end, and as well as mourning her loss we should be grateful for a life that had such a positive influence in the world: as a comfort in times of trouble – particularly recently in the dark days of Covid – and as a symbol of stability, continuity and security.

The country has lost a Sovereign whose sense of duty was immense.

Our thoughts and prayers are with her family at this sad time.

# Remembrance Day

On this solemn occasion of Remembrance Sunday, we paid tribute to the brave souls who made the ultimate sacrifice for their countries and the safeguarding of our freedom.

In remembrance of this event, on the 11th of November, the entire school solemnly observed a two-minute period of silence on Terraces.

Following this observance, a remembrance service was conducted at the Chapel on the 13th of November to pay our utmost respects to those who have departed.
