2023-2024

Dear Parents/Guardians of Students in Kindergarten and Grades 1, 3, 5, 7, 9, and 11:

As part of a required school health examination, a student is weighed and his/her height is measured. These numbers are used to figure out the student's body mass index or 'BMI.'

The BMI helps the doctor or nurse know if the student's weight is in a healthy range or is too high or too low. Recent changes to the New York State Education Law requires that BMI and weight status group be included as part of the student's school health examination. A sample of school districts will be selected to take part in a survey by the New York State Department of Health. If our school is selected to be part of the survey, we will be reporting to New York State Department of Health information about our students' weight status groups. Only a summary will be sent, no names and no information about individual students are sent. If you have any questions or concerns please contact your child's school nurse.

Mrs. Vickie Burm, School Nurse
Frank Knight Elementary School
98 Clinton Street
Seneca Falls, NY 13148
Phone: 315-712-0512 or
568-5500 Ext. 3500
