PART I: MISSION STATEMENT

FERNDALE AREA SCHOOL DISTRICT MISSION STATEMENT

Mission

Partnering with students, families, and the community in order to provide an exceptional education within a safe and inclusive environment that empowers our learners to achieve individual aspirations resulting in meaningful contributions to society.

Vision

Every child known, safe, inspired, challenged, and empowered.

PART II: GENERAL INFORMATION

OPENING OF THE SCHOOL TERM

Teachers play the most important role in encouraging students to begin the school year with good habits, rather than allowing them to develop bad habits which will be difficult to break later in the year. This can be done if each teacher is on the job promptly and follows guidelines properly.

Unless otherwise assigned, all JSHS staff members are required to report by **7:30 a.m. and to be accessible until 3:00 p.m.** Classrooms must be opened by 7:30 a.m. **It is the responsibility of the teacher to lock doors when leaving his/her classroom (i.e. lunch, duty, in another room, end of school day, etc.).**

Unless otherwise assigned, all elementary staff members are required to report by **7:50 a.m. and to be accessible until 3:20 p.m.** Classrooms must be opened by 8:30 a.m. **It is the responsibility of the teacher to lock doors when leaving his/her classroom (i.e. lunch, duty, in another room, end of school day, etc.).**

Each teacher will check their mailbox and email at least once in the morning (after signing in at the office), prep, and after student dismissal. Teachers should check their voicemail at least once in the morning and afternoon. If a teacher is absent from his/her assigned area, notify the administration. If you have an early morning emergency and will be late, notify the high school secretary (288-5757 ext. 5001) before 7:15 a.m., or the high school principal (288-5757 ext. 5003) after 7:15 a.m. At the elementary school, notify the elementary secretary (814-535-6724 ext. 2001) or the principal at (288-5757 ext. 5003)

Each teacher, **when leaving the building** during the hours mentioned above, is required to gain **APPROVAL FROM THE PRINCIPAL/Assistant Principal and sign out in the office when leaving the building and sign in upon your return to the high school. This is to promote and maintain staff and faculty safety.**

BOARD POLICY UPDATES

The board policies are updated periodically, it is the teacher's responsibility to review and become familiar with the updated policies on the Ferndale Area School District Website; <https://www.boarddocs.com/pa/fern/Board.nsf/Public?open&id=policies>

CELL PHONE USE POLICY

Faculty members shall not use their cell phones or personal electronic devices for personal use while supervising students or during instructional time. During duty-free lunch and duty free periods are the only times when personal cell phones and devices may be used for personal purposes.

DRESS CODE POLICY

Administrative, professional, and support employees set an example in dress and grooming for students and the school community. Employees' dress should reflect their professional status and encourage respect for authority in order to have a positive influence on the district's programs and operations. Dress down day attire should be Ferndale Area "gear" or at a minimum, black and gold clothing to promote school spirit.

The Board has the authority after consultation with the association to specify reasonable dress and grooming requirements, within law, for all district employees to prevent an adverse impact on the educational programs and district operations.

When assigned to district duties, employees shall be physically clean, neat, well-groomed, and dressed in a manner consistent with assigned job responsibilities. Staff should not be in violation of the student dress code. If an employee feels that an exception to this policy would enable him/her to carry out assigned duties more effectively, a request in writing (email) should be made to their immediate supervisor.

DRUG / TOBACCO POLICY

The Ferndale Area School Board recognizes that the misuse of drugs, tobacco, alcohol or controlled substances by any employee is a serious problem with legal, physical, and social implications for the whole school community and is concerned about the problems that may be caused by drug use by district employees, especially as the use relates to an employee's safety, efficiency and productivity, and to the health, safety and welfare of students, and other employees.

The primary purpose and justification for any district action will be for the protection of the health, safety and welfare of students, staff, and school property.

Drug(s) / Tobacco or Controlled Substances - shall be defined in the Pennsylvania Controlled Substance, Drug, Device and Cosmetic Act, and corresponding federal statutes. Used in this policy, the words are used broadly and interchangeably. In this section, this also refers to tobacco, tobacco-like products, and nicotine substances, as well as vapes/Jule-devices, and any other nicotine delivery device.

Conviction - a finding of guilt, including a plea of nolo contendere, an imposition of sentence, or both by any judicial body charged with the responsibility to determine violations of the federal or state criminal drug statutes.

Drug Paraphernalia - as defined in the Pennsylvania Controlled Substance, Drug, Device and Cosmetic Act and corresponding federal statutes.

Drug-free Workplace - the site for the performance of work at which employees are prohibited from engaging in the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance.

Workplace - includes, but is not limited to, any place (including a vehicle) an employee works while performing duties or services for or on behalf of the district or its students, including regular duties of an employee or duties as a coach, advisor, volunteer, chaperone, or the like. **Workplace** is not limited to school premises.

The Ferndale Area School Board requires that all employees be given notification that, as a condition of employment, the employee must abide by the terms of this policy and notify the district of any criminal drug statute conviction for a violation occurring in the workplace immediately, but no later than 5 (five) days after such conviction. This section of the Faculty Handbook serves as notification to professional employees.

At the workplace, as a condition of employment, employees are prohibited from:

1. Engaging in the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance; and
2. Being under the influence of alcohol or a controlled substance (except a controlled substance legally prescribed by a licensed medical practitioner for a bona fide medical condition or reason and which was used as prescribed).

Penalties:

Any employee convicted of delivery of a controlled substance or convicted of possession of a controlled substance with the intent to deliver shall be terminated from his/her employment with the district. Section 527 of the School Code. Except for mandatory termination under paragraph A. above or as provided in Section 527 of the School Code, a violation of this policy could result in termination from employment.

The district shall take appropriate personnel action against any convicted employee within thirty (30) days of receiving notice of the conviction, which may include appropriate action up to and including termination, or which may require the employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a federal, state or local health, law enforcement, or other appropriate agency.

MANDATORY CLEARANCES UPDATE

All employees, volunteers, & contracted employees will be required to update **ALL clearances (Act 34, 151, & FBI) every 5 years.**

- Employees hired from 2012 – present will be required to update their clearances 5 years from their “clearance anniversary date.”
- Employees hired before 2012 will have until December 2015 to update their clearances.
- Volunteers must update their clearances by July 1, 2015.
- All clearance dates can be verified by the business office.
- Employees will be responsible for the cost of updating their clearances.

All new employees pay for the initial required clearances.

All full-time employees (over 30 hours/week) pay for all future clearances.

All substitute employees will pay for initial and future clearances.

STAFF ID CARDS

Employees are required to always carry ID cards with them. Identification cards must be visible at all times. Please wear them on the outside of your apparel.

TEACHER DAY HOURS

HIGH SCHOOL:

A teacher **must clear his/her mailbox upon entering for the day, no later than 7:27 am.** Do not ask another teacher to do this for you. Teachers may leave each day at **3:00 pm** or at the agreed upon time if changed due to facilitation of meetings and under the terms of a memorandum of understanding (MOU).

ELEMENTARY SCHOOL:

A teacher **must clear his/her mailbox upon entering for the day, no later than 8:30am.** Do not ask another teacher to do this for you. Teachers may leave each day at **3:20 pm** or at the agreed upon time if changed due to facilitation of meetings and under the terms of a memorandum of understanding (MOU).

STAFF ABSENCES

Please review the procedures for securing a substitute. The Ferndale Area School District uses the Ignite Substitute program to create and fill vacancies. While emergencies happen, any planned absence should be recorded immediately by using the Ignite online program if the absence is pre-arranged or planned. This allows Ignite to arrange for a substitute if available. **ALL STAFF ABSENCES SHOULD BE SUBMITTED TO THE IGNITE SYSTEM.**

The Board reserves the right to require any employee claiming sick leave pay to submit sufficient proof, after three consecutive absences, including a physician’s certification, of the employee’s illness or disability.

- A. Teachers are responsible for submitting their Personal Day needs through Ignite. Once the maximum number of staff have requested a personal day for a specific date, the system will no longer allow additional requests to be submitted.
- B. Emergency Days must be submitted with a valid and pre-approved reason for the Emergency Day. The reasons permitted for an Emergency Day are:
 - a. Serious Illness in the immediate family that needs the employee’s direct assistance; not to be used for the employee.
 - b. Subpoena for a courtroom appearance of the employee.
 - c. Jury Duty of the employee.
 - d. Unforeseen situations that demand the professional employee’s immediate attention.A DETAILED description is required to explain the reason for requesting an Emergency Day.
- B. If a substitute is needed during the school day, please see the Principal. Coverage will then be provided.

C. Please be certain to update your substitute folder QUARTERLY and be sure the following are included:

1. Daily schedule.
2. Location of: textbooks (teacher editions), lesson plans, class lists, seating charts, forms/passes, etc.
3. Procedures for classroom management/discipline.
4. Name of subject and level (Advanced, AP, Honors, etc.).
5. A complete emergency lesson plan that can be used in place of a planned lesson. Leave plans for bona fide work. Don't leave just "busy work." Provide a variety of work, balancing a written assignment with a relaxing oral one. Leave TOO MUCH work rather than TOO LITTLE. (This emergency lesson should be updated after being utilized EACH TIME.)
6. **A list of your special duties. Remember - your special duties probably involve children's safety! This includes any supervision of students, including Bus Duty.**
7. A list of helpful students and neighboring teachers.
8. A list of students with special needs – list should include academic or behavior accommodations and be general rather than specific to protect the privacy of the students.

Sub folders should enable our guest teachers to come to your room and facilitate your classes with ease and fastidiousness. All materials, resources, and plans should be easily identified and located.

SUB FOLDERS ARE TO BE TURNED INTO THE MAIN OFFICE BY FRIDAY, SEPTEMBER 8, 2023. ELEMENTARY WILL KEEP THEIR FOLDERS IN THEIR ROOM.

WEEKLY LESSON PLANS

Lesson plans are to be electronically completed weekly and accessible no later than Monday Morning at 8:00 a.m. All lesson plans should be archived *SOMEWHERE*. Teachers should make lesson plans which can be used effectively and satisfactorily by substitutes. Past lesson plans can be saved to their network drive in an appropriate folder. Failure to be able to produce weekly lesson plans or other required submissions during Informal or Formal Walkthroughs and Observations will be reflected in the staff member's annual evaluation (Domain I: Planning and Preparation) as a 1 or 0 if multiple incidents occur within the school year.

Weekly plans are to include the following for each day: Plans must be typed.

**PA CORE STANDARDS/
PA ACADEMIC STANDARDS:**

Identify relevant PA Core or PA Academic Standards

**LESSON ACTIVITIES/
ASSESSMENT:**

Brief description of the lesson activities and/or summative assessments to be administered in order to gauge students' understanding.

These THREE areas MUST be identified in your lesson plans. A listing of only weekly objectives and activities is unacceptable. Plans should include the THREE areas listed above for each day.

DAILY LESSON PLANS

(Beginning with the week of September 4-8, 2023)

OBJECTIVES: *MUST be posted on chalk/white board each day*

- A. Objectives tell the "why" of what is being done in class. They state the intent and desired outcome of the lesson. Well-written objectives should indicate under what conditions and to what extent a certain kind of student performance can be expected to take place.

- B. Objectives help you, the teacher; focus on what is to be taught. By sharing these objectives with your students, you help them understand the purpose of the assignments.
- C. You will find that you will be needing short-and long-range objectives. Short-range objectives are those you set for each daily lesson. Long-range objectives are ones you intend to have met at the conclusion of a unit, at the end of a grading period, or maybe at year's end. The short-range objectives, then, are like the stepping stones to your ultimate goal: the long-range objective.

CLASSROOM ASSIGNMENTS - MORNING ANNOUNCEMENTS (JSHS ONLY)

Teachers are expected to unlock and open homeroom doors by 7:30 a.m. **Teachers must stand at the door of their classroom to provide supervision of students in hallways and locker.** Cooperative supervision of the total faculty is essential. It is during this time that the students who are in violation of the Dress Code Policy be referred to the JSHS Office for a change of clothes or other directives. Dress Code students should not be allowed to enter your Homeroom or assignment during the Homeroom period. This is also the case for backpacks/bags, and any other unauthorized item or device (Bluetooth speaker, golf shoes, etc...)

Announcements will be broadcast at the beginning of the homeroom period each morning over the public address system or via the digital platform established. **Classroom teachers are required to make sure that students remain quiet during the morning announcements. (Students who wish not to participate in the Pledge should remain quiet.)** Only if the classroom is quiet during morning announcements will it become important to your students and establish the tone for the day. It is imperative for the students to follow this requirement so that they are fully aware of the day to day happenings at Ferndale Jr./Sr. High School.

Information may be distributed to students through your classroom, **please distribute to them promptly.**

Remind students that they are not to share their locker combinations or lockers with anyone. Encourage students to leave valuables at home. Any questions or problems regarding lockers should be referred to the H.S. Office.

WEEKLY ELIGIBILITY OF ACADEMICS REPORT (WEAR) (JSHS ONLY)

The Weekly Eligibility of Academics Report will be run at 1:00 PM every Friday. Students will appear on the Weekly Academic Progress Report if they have a 59% or lower. If you do not want a student to appear on this list, you must submit their names to Mr. Clawson prior to noon on Friday. **Teachers will contact parents by phone, mail, or e-mail when a student is failing their class during a (2) two-consecutive week period and/or at-risk of failing for a grading period. If a student is failing your course, utilize strategies and resources to intervene and support their educational needs, as well as document in the Interventions category in your online PowerTeacher gradebook or other appropriate resource.**

CLASSROOM OBSERVATIONS

On the first full school week in September, the formal classroom observation process for the school year will begin. Formal observations will be done by the Principal, Assistant Principals, or the Director of Education. In addition, formal and informal "walk-throughs" will be part of the observation/evaluation procedures. These observations may be both announced and unannounced.

The Ferndale Area School District will follow the PA Department of Education Procedures for observations. These procedures will follow the Framework for Teaching evaluations system. All Observation and Walkthrough data is housed on the PAeTEP online platform.

FACULTY MEETINGS

JSHS Faculty meetings will begin at 2:40 pm, typically in the Auditorium, but subject to change based upon availability. Due to the shortened time, Faculty Meeting Agenda items will be carefully considered in the best interest of time management with staff and faculty.

ELEMENTARY Faculty meetings will be held during morning PLC Time and/or during in-service days. Typically, they will be held in the library.

Faculty Meetings: Faculty members are required to attend all meetings. Faculty members will be asked to sign in at all faculty meetings. Special exceptions to faculty meeting attendance should be discussed with the Principal prior to the faculty meeting and members being excused are expected to review their agenda with their curriculum coordinator. Coaches, Duty Teachers, or teachers who are absent from school and who miss faculty meetings will receive a copy of the agenda. They should review the agenda with their curriculum coordinator or a member of their department. Items on the agenda are considered official school business and/or administrative directives.

NOTE: Please see the Principal with any agenda items in advance. A schedule of Faculty Meetings for the school year will be disseminated by the Asst. Principal / Principal at the beginning of the school year.

Curriculum Support Chairperson Meetings: Administrator & Curriculum Support Chairperson - A schedule of the Curriculum Support Chairperson Meetings for the school year will be disseminated by the Asst. Principal / Principal at the beginning of the school year.

Department Meetings are scheduled to provide an opportunity for staff members to give input to department's Curriculum Support Chairperson. The coordinator will provide a copy of the minutes of the meeting (if applicable) to the Principal. The coordinator will meet with the principal as needed to discuss faculty ideas. Curriculum support chairperson will provide feedback to their staff members concerning the resolution of issues. A schedule of Department Meetings for the school year will be disseminated by the Asst. Principal / Principal at the beginning of the school year.

Principal's Advisory Committee

Committee members who volunteer for this committee will be sent a link to an online agenda and meetings will occur approximately every month or as needed based upon agenda items.

***On Staff Development Days, you are to report at the times published in the Professional Development Calendar. An agenda will be provided through the online Professional Development Calendar; links will be sent periodically. *Note: These hours may be changed due to in-service format.**

COPIER USAGE

Teachers are to use the copy machines in all buildings. Numerous copiers have been purchased to ease copier time and teacher time; please use your time wisely and be prepared with classroom copies prior to the class that the copies are needed. **Students should not be sent to the Office to have copies made.** Teachers please be prepared for your workday.

INK AND TONER

Classroom printers shall only be used to print original materials. Printing on desktop printers shall only be used for quantities no larger than five. All high-volume printing shall be completed on building level copier machines.

WRITTEN CORRESPONDENCE

All correspondence on school stationery must be approved by the Principal prior to being sent home to parents. Copies of other classroom correspondence/newsletters should be provided to the building principal. Such correspondence is encouraged and should be positive and professional in nature. Individual concerns should be addressed to the building principal prior to sending out a correspondence.

Office secretaries will **not** be used to type teacher correspondences. Teachers are encouraged to use their technology. In order to increase our parent communication and to develop a chain of contact with parent(s)/guardian(s), the FASD Remind App or Schoology should be utilized. For group communications, teachers are encouraged to use the Remind App; this will protect the teacher from miscommunication and will also provide evidence of communication taking place.

Distribution of non-classroom or curriculum related materials should be approved by the building principal. For example: community announcements/events or fliers.

THE GRADING SYSTEM - JSHS

Reports to parents and office records shall be expressed in letter grades which describe the quality of student achievement. The following guidelines must be used to determine letter grades:

A	-	90 to 100	Excellent
B	-	80 to 89	Good
C	-	70 to 79	Average
D	-	60 to 69	Poor
F	-	59 & Below	Failing
P	-	Passing	
I	-	Incomplete	

Students will have **no more and/or no less than 6 school days** from the day the nine-week grading period ends to make up incomplete grades. Exceptions are granted for those who have a medical excuse. Medical excuses will be dealt with on an individual basis by the Guidance Counselor and Principal.

All incomplete grades/grade changes after the nine weeks has concluded the teacher making the grade change shall notify the principal and the guidance counselor. All incomplete grades/grade changes will automatically change to the actual completed grade after 6 days, or as the availability of the CAIU Support personnel allows for additional grade stores. Actual percentages will be put on the student's report card for all four nine weeks.

Five weeks into each marking period, students may receive "interim progress or deficiency reports". The primary purpose of these documents is to alert students and parents of academic progress so that constructive measures can be taken to improve deficient grade(s). Students and parents with questions or concerns about specific grade(s) are urged to call the appropriate teacher(s).

ELEMENTARY Teachers must submit no less than two meaningful grades per week into their gradebook.

For full year courses, each grading period is worth 25% of the student's final grade.

Mid-Terms are not suggested as they take away class instructional time and add to the ever-growing list of tests that students must take throughout the school year.

For Semester courses, each grading period is worth 50% of the student's final grade.

For Quarterly courses, a Final Exam / Project is at the discretion of the instructor pending approval from the building principal or his/her designee.

FAILURE/RETENTION

Any student failing a course may receive credit for the course by completing one of the many options for credit recovery. The Guidance Counselor will contact students who fail a subject at the end of the school year to discuss options and requirements towards graduation. Any Elementary student, and all seventh or eighth grade students who fail two or more full (1) credit courses may be required to complete one of the options discussed with the Guidance Counselor or will be retained in the current grade. Prior approval for exemptions must be granted by the Special Education Coordinator and/or building principal(s).

Students in grades 9 – 12 will need to complete the required credits in order to meet graduation requirements and/or to meet prerequisites for other courses.

The system by which you arrive at a student's grade should be logical and defensible. You are required to explain your grading system to your class on the first day of school (tests, quizzes, homework, daily class grade, projects, etc.). A copy of this system of grading should also be included in your syllabus. Your grading practices, if different than the ones listed in this manual, are due in the Principal's office by **Friday, September 8, 2023.**

INTERVENTIONS

The Ferndale Area School District requires the classroom teacher to document seven support strategies for all students that demonstrate academic deficiencies. These strategies include but are not limited to: progress reports/progress monitoring, tutoring, written and verbal communication with parent, parent teacher conferences, remedial/supplemental materials, student conferences, and action plan development.

1. After the teacher determines the reason needed for the intervention for example—low test scores, not completing homework, etc....additional support strategies shall be implemented for the student and documentation of the strategy utilized is required by the teacher in PowerTeacher Gradebook or other electronic resource. A Check-In/Out period has been established as an intervention. Please refer to suggested interventions and instructional strategies listed in the back of this manual on Page 36.
2. If, after the interventions are completed and the student is still failing the class – contact the Guidance Counselor. If the student is failing multiple classes the Guidance Counselor will then work with the student, teachers, administrators, and parent(s)/guardian(s) to create an action plan (Example available on request). A SAP referral may be in order.
3. At the end of each quarter the guidance counselor, principal, and grade level teachers will identify students who are failing. A meeting may be held to create an action plan for the failing student based on the course/courses they are failing.
4. **ALL CONTACTS ARE TO BE DOCUMENTED**, and this documentation is to be kept on the electronic gradebook or other appropriate electronic resource. A copy of the action plan should also be kept in your files. Please send a copy of the action plan to the Guidance Office and to the High School Office.

*Please note – An intervention does not mean simply notifying the student they have a low test score. If the student has a low test score, work with them to ensure that they are prepared and can be successful on the next test or quiz; this may mean tutoring (Offer tutoring and document), additional supports such as study guide or outlines, etc. Utilize Homerooms, Academic Learning Centers, etc., as well as work with any case manager of students with IEPs.

THIS IS PARTICULARLY IMPORTANT WHEN DEALING WITH SENIORS AND CREDITS TOWARDS GRADUATION.

Incomplete Grade: Incomplete grade comment code indicates that work is temporarily not complete because of unavoidable circumstances which the student faced (usually an extended illness). As such, the grade should be changed to a permanent grade as soon as possible after the student returns to school (normally within six school days of their return). These grade changes should be reported to the Guidance Counselor and Principal. **STUDENTS MUST BE MADE AWARE OF DEADLINES FOR ACCEPTANCE OF LATE OR INCOMPLETE WORK BY THE TEACHER.** Incomplete grades must be reported with the proper comment code at the end of each grading period. All incomplete grades not made up within the allotted time will revert to the actual score achieved and will be posted if not otherwise reported to the Guidance Office.

Excused Absence or In/Out-of-School Suspension: Students with excused absence must make up all missed work. Students with prior notice of an absence (e.g. doctor's appointment, family trip) must make arrangements for make-up work (test, homework, etc.) **PRIOR** to the absence. For each day of absence, a student will be allowed one day to make up missed work up to ten days from the date of the absence.

A student suspended, in accordance with Student Rights and Responsibilities, shall have up to the same number of days to complete missed work as they have been suspended up to a maximum of ten days.

STUDENTS MUST BE MADE AWARE OF DEADLINE FOR ACCEPTANCE OF WORK BY THE TEACHER (DOCUMENT IN YOUR ELECTRONIC GRADEBOOK OR OTHER ELECTRONIC RESOURCE).

Unlawful/Unexcused Absence/Class Cut: **IF A STUDENT'S ABSENCE FROM SCHOOL HAS BEEN DECLARED UNLAWFUL/UNEXCUSED, HE/SHE MAY OR MAY NOT RECEIVE CREDIT FOR ANY WORK MISSED AT THE INSTRUCTOR'S DISCRETION AND SITUATION.** A class cut is considered an unlawful/unexcused absence.

(Teachers will be notified of specific dates of progress reports, course verification, end of marking period, and when report cards are distributed.)

STAFF DISCIPLINARY RESPONSIBILITIES

On the first day of class, an emphasis should be placed upon letting the students know the expectations of behavior in your classroom and in the school. Classroom discipline is the responsibility of the classroom teacher. A teacher has a professional responsibility to establish a classroom atmosphere of mutual respect with the students and an orderly environment. Enforcement of the Student Code of Conduct is an entire faculty and staff initiative, and without complete and total buy-in from all faculty and staff members, student discipline will not improve. It is imperative that dress code infractions are dealt with FIRST THING in the morning, during homeroom. If a student is in violation of the dress code, that student should be given a pass through e-Hallpass to the Office for enforcement. **IT IS EXPECTED THAT ALL STAFF WILL IMPLEMENT AND FOLLOW THE SWPBIS PROGRAM.**

Since each teacher is held responsible for the safety of classroom students, a teacher must not leave any group of students of which he/she is in charge without notifying the Principal and securing a substitute teacher. **No class is to be dismissed early. No teacher has the authority to exclude a student from their class (sending a student to the office for minor infractions). Students must not be temporarily placed outside the classroom door for any reason.**

All teachers must move into the halls for supervision during the passing of classes

Cooperative supervision by the **TOTAL FACULTY** is essential before and after school, during the passing of classes, and at lunch time. Consistent enforcement of standards by faculty and administration is critical. Supervision and goal setting must become more important than punishment.

In minor classroom disciplinary situations, teachers are expected to resolve these situations themselves by using such measures as student-teacher conferences, parental contacts, teacher assigned lunch detentions (JSHS ONLY) and classroom after-school detentions. **If a student is then referred to the Principal (SWIS), a parent contact must have been initiated by the teacher prior to this referral. A detailed description of the incident should be recorded on the SWIS form.** If a disciplinary referral is made, teachers may send the referral home with the student and have the parent sign and return the referral to the teacher to keep on file for future incidents of a similar nature. This also shows interventions and strategies have been employed in regards to further or more severe discipline reactions.

When disciplining students, the interaction is verbal. Teachers may only make physical contact with students in the following situations:

- To quell a disturbance.
- To obtain possession of weapons or other dangerous objects.
- For the purpose of self-defense.
- For the protection of persons or property.

PROGRESSIVE DISCIPLINE STRATEGIES

(For Minor classroom disruptions)

1. **Warning**
2. **Discussion with student (Not in front of peers)**
3. **Contact parent or guardian**
4. **Teacher detention/special assignment/lunch detention**
5. **Lunch Detention (2nd)**
6. **Administrative detention**

*The teacher may advance to an administrative detention when the violation warrants such action.

* Special Education students - regular education teachers should contact special education case managers.

In major disciplinary situations, a teacher should refer the student to the Principal. This should be done by submitting the completed Discipline Report to the Principal making sure that you include information with regard to teacher response/action taken concerning the student up to this point of time. **ONLY IN UNUSUAL CRISIS SITUATIONS SHOULD A STUDENT BE SENT OUT OF CLASS DIRECTLY TO THE OFFICE. IF THIS BECOMES NECESSARY THE TEACHER SHALL IMMEDIATELY CONTACT THE OFFICE PRIOR TO RELEASING THE STUDENT FROM THEIR SUPERVISION.**

HALT! Bullying Prevention Program

Welcome to the HIVE! Where we have:

H onor and
I ntegrity with a
V ision of
E xcellence

The Ferndale Area Junior/Senior High School has four anti-bullying rules:

1. We will not bully others
2. We will try to help others who are bullied
3. We will try to include students who are left out
4. If we know someone is being bullied we will tell an adult at school and an adult at home

Throughout the school year, students will be exposed to several components of the **HALT! Bullying Prevention Program**. The Olweus Bullying Prevention Program used at the Ferndale Area Jr./Sr. High School incorporates classroom meetings, role playing, individual meetings, and school-wide assemblies. Students will have a chance to discuss how they have been bullied or have been a bully and what they can do differently the next time a situation arises. It is the goal of the Ferndale Area School District that all students become “DEFENDERS” and stop the bullying that happens within our school.

SPECIAL EDUCATION TERMS AND REGULATIONS

Caseload

The State mandates the maximum number of students that can be on a Special Educator’s caseload or roster. This number can vary depending on each individual student’s level of educational needs. For example, students who are in need of Life Skill Support typically have greater needs than students needing Learning Support or Emotional Support; and therefore, a teacher who teaches a Life Skills class may not have more than 15 students on their roster who are in need of full time Life Skills Support as outlined below.

This information was taken directly from Chapter 14.

(c) Caseload

- (1) The following words and terms, when used in this subsection, have the following meanings, unless the context clearly indicated otherwise:
 - (i) *Full-time*. Special education supports and services provided by special education personnel for 80% or more of the school day.
 - (ii) *Itinerant*. Special education supports and services provided by special education personnel for 20% or less of the school day.
 - (iii) *Supplemental*. Special education supports and services provided by special education personnel for more than 20% but less than 80% of the school day.

(2) The following chart represents the maximum number of students allowed on a teacher's caseload:

	Itinerant (20% or Less)	Supplemental (Less Than 80% but More Than 20%)	Full-Time (80% or More)
Learning Support	50	20	12
Life Skills Support	20	20	12 (Grades K-6) 15 (Grades 7-12)
Emotional Support	50	20	12
Deaf And Hearing Impaired Support	50	15	8
Blind And Visually Impaired Support	50	15	12
Speech And Language Support	65		8
Physical Support	50	15	12
Autistic Support	12	8	8
Multiple Disabilities Support	12	8	8

(3) Each student with a disability shall be assigned to a special education teacher's caseload.

Classroom Settings

Chapter 14 mandates that we educate our Special Education students in the "least restrictive environment" (LRE). In addition to the special education classroom, students may be placed in the regular classroom for any given subject based on their IEP goals. When a special needs student is placed in a regular education classroom, supports and services from the special education department must provide assistance to ensure the student is provided the opportunity to be successful. The amount of supports provided is determined by the IEP team and is documented in the IEP.

Inclusion, Co-Teaching and Resource Room

Inclusion is when students are placed in the regular education classroom with the regular education teacher and the Special Education teacher or Special Education paraeducator monitors the student's progress. The Special Educator or paraeducator may go into the regular classroom to provide support. If the student needs more intensive supports, for example, one-on-one assistance with a test, the student will be sent to the **Resource Room** where the Special Education teacher will assist the student. Because we have a limited number of special education teachers with a wide variety of student needs, all of our teachers offer resource room assistance, even while teaching one of their classes. Likewise, our paraeducators are moving from classroom to classroom assisting students. In a **Co-teaching** classroom both a regular education teacher and a special education teacher are in the classroom. Co-teaching is a favorable method with the State and may allow us to better meet the needs of our students. The roles of the teachers will vary depending upon the specific instructional goals of the classroom on any given day. For example, both teachers may teach different parts of the lesson, one may teach, while the other teacher moves around the room to check for understanding. In another setting, each teacher may work with a small group to provide more intense instruction or re-teaching strategies. The advantage to this approach is the Special Educator may work with any student who is struggling, not just with students who have IEPs.

Special Education & Individual Education Plans (IEPs)

Reviewing IEPs

Teachers must review IEPs for students who are assigned to their courses. This process must be completed by the end of the first student week, with the understanding accommodations will begin on the first student day. In addition, IEPs are updated throughout the school year. You will receive notification from the special education teacher. Once you are notified of the update, you will again need to review the IEP.

Attendance at IEP Meetings

A teacher will receive an invitation from the special education teacher to attend the meeting. A copy of the invitation shall be provided to the building Principal. The regular education teacher should attend the IEP meeting, if coverage is needed, the teacher needs to notify the Case Manager. If the teacher is unable to

attend the meeting, you must see the special education teacher and the Principal or Special Education Coordinator immediately.

Resource Room and Assessments

Special education/resource teachers should be notified by the regular education teacher at least three days in advance for students who are testing. The regular education teacher will give the exam to the special education teacher/resource teacher prior to the student taking the exam. Assessments shall reflect accommodations and modifications as outlined in the student's IEP.

If resource room is an accommodation on a student's IEP – the teacher needs to address them individually and send them to the resource room. *If the student refuses to utilize the resource room, address the student individually, then document and notify the IEP case manager.

STUDENT PLANNER / e-HALLPASSES (JSHS ONLY)

- Students will **NOT** be issued a student planner at the beginning of the school year.
- Teachers must frequently check e-Hallpass, especially if a student comes to or leaves your class.
- Students should not leave class without authorization through e-Hallpass; iPads should not be taken to the Restroom. Administration, and teachers can see who has an authorized pass on the e-Hallpass program.
- Students should not request to be excused from any academic class to do work for a different teacher and subject area.
- Teachers may assign hall passes for students to make up tests, to go to the nurse, or to go to the guidance office.
- Students are not to be excused early from class without approval.
- Students are to conduct themselves in a manner appropriate to the educational setting of our school. Our hallways are an extension of the classroom, and the same general rules of conduct apply.
- In the event of an emergency, students may be sent to the HS office, Guidance office, and/or nurse without a pass through e-Hallpass. In these cases, teachers should follow up with a phone call to the nurse, HS office, or Guidance office. Students who do not have an authorized e-Hallpass should be referred to the HS office.

LOCKERS/VISITATION

Each JSHS student will be assigned a hall locker and will have access to a gym locker during gym class. (Combination or key locks may be used at all times on regular lockers and during gym class on gym lockers; however, all students must provide the High School Office with the combination or an extra key if a key lock is used). **All Gym Lockers should be assigned and a roster kept and shared with the HS Office Secretaries.**

Students should not bring valuables or large sums of money to school to be kept in their lockers. Students should not enter another student's locker for any reason.

Going to their locker is not a valid reason for being late to school or to class.

The students are responsible for maintaining their locker and cleaning it out on a regular basis. If a teacher notices any damage to lockers please report it to the High School Office.

TEXTBOOK / CLASSROOM MATERIALS DISTRIBUTION (JSHS ONLY)

Teachers are to complete the TEXTBOOK / MATERIALS LOG for all items which they distribute to their students as part of the course, e.g. textbooks and calculators. All textbooks must be covered with book covers. LOG forms are available in the H.S. Office or may be created to suit the individual teacher's needs. Make sure that students write their names in the front of the textbook.

ENTRANCE DOORS

Please refrain from propping open entrance/exit doors during the school day. This practice presents a safety and security hazard for our students and staff. Outside doors shall be kept closed at all times.

Doors may only be propped open with the approval of the building principal in situations that are deemed appropriate and do not present a safety hazard.

Effective schools have a combined staff effort in maintaining high visibility in the halls and in unassigned supervisory duties. Please continue to make spot-checks throughout the day in the rest room near your classroom. Your help is needed to make all of us effective.

It is each teacher's responsibility to be aware of those students who have been placed on the building's privilege suspension. Cafeteria monitors are also reminded to check the assigned students. This will help make this disciplinary action one of consequence.

Teacher requests for field trips must be approved by the Principal. Field trips will be limited to one per content area and/or one club organization in the Junior High or High School. Individual exceptions will need to be discussed with your building administrator. Field trip request forms are available in the H.S. Office and must be submitted to the Principal and properly completed.

If the trip is approved, a copy will be returned to the teacher in charge with signature denoting approval. Teachers are responsible for providing and collecting Parent Permission Slips. Under no circumstances should a teacher notify a student of a trip until it is approved by the School Board.

Please report the need for coverage of your absence from school to the High School Office.

Students who are ineligible after a week of probation will be ineligible for one week or until eligibility is approved by the Principal. To regain eligibility, a student must be passing five or more full-credit classes or their equivalent, as well as serve their mandatory after-school tutoring.

CO-CURRICULAR CODE

Refer to the student handbook.

HOMEWORK

The purpose of homework, defined as teacher-assigned learning activities outside the classroom, is to improve students' understanding of the subject matter and to help students assume greater responsibility. Homework policies are unique to each teacher; therefore, each teacher is responsible for informing students of his/her homework policy, expectations, and procedures at the beginning of each year/semester/quarter.

Requests for homework are initiated through the Office Staff for students who will be absent from school for several days. Teachers are responsible for complying with these requests in a timely fashion. Teachers are encouraged to make personal contact with the students and/or their parents in addition to sending home paperwork.

INSTRUCTIONAL MATERIALS APPROVAL

Instructional materials that are new and/or controversial must be approved by the Principal prior to their use in the classroom. District forms are available in the Office and must be completed prior to purchase and use of new materials. This form must be completed before any item will be purchased.

EDUCATIONAL MEDIA

Movies or films shown during class time should be educationally relevant and directly related to the curriculum taught in class. PG 13 (Grades 7– 12) rated movies must be pre-approved by the administration (which will be very limited). R- rated movies will not be approved except with the rarest of significant reasons. Permission slips must be sent out to the parents after receiving permission by the administration. Elementary ratings should be G except in the rarest of occasions; when in doubt ask an administrator.

RELIGIOUS TOPICS

Please be advised that all religious topics in education should be taught in the content area of approved curricular area or subject. However, if religious topics are an aspect of your curriculum, it should be kept under standards within that curriculum that has been approved by the school board. This is simply a cautionary reference to make educators aware of the need to separate religion from religious topics. Please keep personal beliefs and religious practices to yourself as a classroom teacher. Students should not be able to identify your religious affiliation.

TEXTBOOK/iPad STUDENT USE/RESPONSIBILITY GUIDE

Students will be responsible for the proper care of books and materials entrusted to their use. Students will be assessed damages for abuse of school buildings, equipment and materials.

UNFULFILLED OBLIGATIONS

All lost or damaged materials must be paid for before the end of the school year in which the loss or damage occurs or before a student officially withdraws from the School District. The teacher will provide a list of lost or damaged items to the Office Staff. The Staff will provide a bill for the student. The Office Staff will give the bill to the student or send via postal mail and the student will then pay for the debt in the office.

COMMENTS TO THE PRESS

Board policy requires all official communications with the press to come from the office of the Superintendent. If contacted by the press, comments should be directed to the Superintendent.

STUDENT ASSISTANCE PROGRAM (SAP)

RATIONALE

The Student Assistance Program (SAP) has been designed to improve the quality of education in our school by providing assistance to students experiencing school difficulties. These could be academic, physical, emotional, health, or drug/alcohol related problems. The goal of the program is to identify and assist these students.

THE TEAM

The Student Assistance Program consists of a group of concerned staff members who have received training in helping students with these problems. The team includes the following:

Adam Barbe - School Psychologist

Andrea Ardary - 7-12 Guidance Counselor
Kimberly Reighard - Teacher

Amanda Prosser - ELEM Guidance Counselor

Judy Virgin - School Nurse
Ray Peterman - County Liaison
Lisa Rohloff - R.E.A.C.H. Counseling Services

Bernard Conway - JSBS Asst. Principal

Amy Mykut - ELEM Asst. Principal
Melissa Statler - R.E.A.C.H. Counseling Services

Teacher Team Members are added on an availability basis each year and are subject to change.

PROCEDURE

A referral may be made by school staff, a student's parents, by other students or by the students themselves. Upon receiving a referral, the SAP coordinator collects information and parental permission, afterwards, one or two team members conduct an interview with the student. After the interview, recommendations are made by the SAP. These could include:

1. Academic assistance
2. Counseling
3. Changes in behavior / discipline referrals
4. Family involvement / lack thereof
5. Referral to outside agencies

The SAP team continues to work with the student and provide support. Every effort will be made to maintain confidentiality at every level of the process in the best interest of the student.

REMINDER

The SAP Team is designed as a support team, not a discipline team.

PROFESSIONAL STANDARDS AND PRACTICES

MANDATORY REPORTING

CHILD ABUSE IDENTIFICATION AND REPORTING PROCEDURES

Pennsylvania's Child Protective Services have defined Child Abuse as follows:

Serious physical or mental injury which is not explained by the available medical history as being accidental, or sexual abuse or sexual exploitation, or serious physical neglect of a child under 18 years of age if the injury, abuse, or neglect has been caused by the acts or omissions of the child's parents, or by a person responsible for the child's welfare, or an individual residing in the same home as the child, or a paramour of a child's parent. No child shall be deemed to be physically or mentally abused for the sole reason he/she is in good faith being furnished treatment by spiritual means through prayer alone in accordance with the tenets and practices of a recognized church or religious denomination by a duly accredited practitioner thereof or is not provided specified medical treatment in the practice of religious beliefs, or solely on the grounds of environmental factors which are beyond the control of the person responsible for the child's welfare such as inadequate housing, furnishings, income, clothing and medical care.

Persons who are required to report include but are not limited to any licensed physician; medical examiner; coroner; dentist; osteopath; optometrist; chiropractor; podiatrist; intern; registered nurse; hospital personnel engaged in the admission, examination, care or treatment of persons; a Christian Science practitioner; school administrator; school guidance counselor; school teacher; school nurse; social services worker; day care center worker or any other child care or foster care worker; mental health professional; peace officer or law enforcement official.

HOMELESS CHILDREN

The Ferndale Area School District is required to provide educational activities and programs to homeless children within our District's borders. Students can be homeless for a variety of reasons and the situations are not always easily identified. The Ferndale Area School District's Homeless liaison responsibilities are currently assigned to the Ferndale Area School District's Director of Education, Dr. William Brotz. All questions regarding homeless students should be communicated to the District's Homeless Liaison.

Children experiencing homelessness may be living in but not limited to the following situations:

- Doubled up (Living with another family)
- Living in a shelter, transitional housing, or awaiting foster care.
- Living in a hotel/motel.
- Unsheltered (living in a car, park, campground, or tent)

Children can become homeless due to but not limited to these precipitating events:

- Eviction
- Fire
- Hospitalization of parent/guardian
- Incarceration of parent/guardian
- Left home/run away
- Military
- Parental Job Loss

Please be advised of the following procedures to be taken in the event of a "natural hazards emergency" or a "man-made hazards emergency." Because the Ferndale Area School District is subject to floods, winter storms, tornadoes, fires and nuclear power plant incidents, we want to provide a safe and practical plan for dealing with our students. You are to read the following carefully and explain these procedures to your students, preferably during the first class period at the beginning of the school year. If you have any questions, please call the Office.

1. Hurricane and Tornado: All students and staff will go to the middle of the hallway outside their classroom, crouch down and put their head between their knees. Make sure that no one is located in front of a door with a glass panel.
2. Earthquake: All students and staff will exit the building in the same manner as if for a fire drill.

PART IV: ATTENDANCE PROCEDURES

TAKING DAILY ATTENDANCE

Taking an accurate account of daily attendance is an important task, and one for which the teacher is legally responsible. Do not assign a student to take attendance.

Record student absences in PowerSchool during Homeroom period. Mark any student who is absent as Unexcused or Tardy. (The Office will be responsible for documenting excuses, educational trips, field trips, doctor excuses, etc.) This will be the only attendance reporting time for the ELEMENTARY Staff.

*If a student appears as absent on PowerSchool, but is present in your class after Homeroom – First check eHall Pass and then if necessary, contact the Office Secretary immediately.

School attendance records are legal records and are used as evidence in court proceedings. It is critical that we have 100% accuracy. We will continue the district initiative of utilizing One Call to notify parents/guardians of absent students. The Office Secretary will record all the excuses and inform the Principal when three unexcused absences have occurred. The Principal will process illegal absences through the court.

JSHS Classroom teachers are not to accept any excuses. ELEM Teachers will collect excuses and make sure they are received in the Office. Parental excuses for absence will be collected by the attendance registrars in the H.S. Office before school (7:30 - 7:35 a.m.) each day. The classroom teacher should remind students of the excuse procedure.
