

Town of Southamptton, Massachusetts
Final Job Description

Position Title:	Mechanic	Proposed Grade Level:	per Local 98 CBA
Department	Highway	Date:	9/9/2022
Reports to:	Highway Superintendent	FLSA Status	Non-Exempt

Statement of Duties: The Mechanic performs a wide variety of manual and mechanical duties to maintain and repair town vehicles, machinery and equipment. Duties include: development of preventative maintenance schedules, maintaining and repairing vehicles and equipment, welding, cutting, fabricating parts, maintaining inventories, and other similar duties pertaining to the maintenance of vehicles and equipment of the town. The employee is required to perform all similar or related duties.

Supervision Required: Under the general direction of the Highway Superintendent, the employee is required to plan, prioritize, and carry out the regular work in accordance with standard operating practices and previous training. The employee interprets instructions and/or adapts methods to resolve particular problems. Instructions for new assignments usually consist of statements of desired objectives, deadlines, and priorities. Technical and policy problems or changes in procedures are discussed with supervisor. Work is generally reviewed only for technical adequacy, appropriateness of actions or decisions, and conformance with policy, or other requirements.

Supervisory Responsibility: The employee occasionally is required to lead other employees to assist the mechanic in completing mechanical repair work. The employee also performs non-lead work that is of the same kind and level as is done by the employee(s) being lead. The employee is not responsible for taking any disciplinary action nor is the employee involved in the hiring process.

Confidentiality: The employee does not have regular access to confidential information of the department, in accordance with the State Public Records law.

Accountability: Consequences of errors or poor judgment may include missed deadlines, adverse public relations, monetary loss, labor/material costs, personal injury and danger to public health/safety.

Judgment: Work assignments require the employee to examine, analyze, and evaluate facts and circumstances surrounding individual problems, situations or transactions, and determining actions to be taken within the limits of standard or accepted practices. Guidelines include a large body of policies, practices, and precedents which may be conflicting, at times. Independent judgment is used in analyzing specific situations to determine appropriate actions.

Complexity: The work consists of the practical application of a variety of concepts, practices and specialized techniques relating to a professional or technical field. Assignments typically involve evaluation and interpretation of factors, conditions or unusual circumstances; inspecting, testing or evaluating compliance with established standards or criteria; gathering, analyzing and evaluating

facts or data using specialized fact finding techniques; or determining the methods to accomplish the work.

Work Environment: Working conditions involve exposure to intermittent machine or related noise or a combination of unpleasant elements such as odors, chemical fumes, dust, smoke, heat, loud noises, traffic, toxins/fumes, confined spaces/high place, cold, oil, dirt or grease. The employee is required to perform work under equipment repair or shop conditions or outdoor work which is suspended when weather conditions are poor. Work may involve occasional work at heights or in confined or cramped quarters, or work around machinery and its moving parts. Work may also involve completing several unrelated tasks within a relatively short period of time. Required to work beyond normal business hours in response to natural and man-made emergencies on a 24/7, 365 days per year basis.

Nature and Purpose of Public Contact: Relationships are primarily with co-workers including vendors doing business with the department on a regular basis incidental to the purpose of the work involving giving and receiving factual information about the work. Ordinary courtesy and tact are required. The employee has occasional contact with members of the general public.

Occupational Risk: Essential functions regularly present potential risk of personal injury to the employee from improper exposure to working conditions that could result in loss of time from work. Examples of injury include burns from chemicals or fire, severe muscular strains from working with extremely heavy material, falls from heights in excess of three feet and from working in confined spaces. Special safety precautions, training, or protective clothing such as gloves, glasses, hard hats or safety boots is required at all appropriate times.

Essential Functions:

The essential functions or duties listed below are intended only as illustrations of the various type of work that may be performed. The omission of specific statements of duties does not exclude them from the position if the work is similar, related, or a logical assignment to the position.

Inspects, diagnoses, repairs and maintains on a routine and emergency basis a variety of public works and other town department vehicles and equipment, include for example front-end loaders, graders, backhoes, catch basin cleaners, and various cars and trucks; performs major and minor engine repair on gasoline and diesel powered vehicles.

Maintains a preventative maintenance program for all equipment, repairs and tests air brake systems, hydraulic brake systems, suspension systems, exhaust systems, heating and cooling systems; ensures equipment is operating safely and in proper worker order.

Prioritizes and performs equipment repair and maintenance work on all equipment and vehicles; maintains complete records for repairs, service, safety inspections, and tests performed; maintains inventory of parts and supplies for department.

Maintain the mechanical condition of town automotive and mechanical equipment including cars, trucks, heavy equipment, trailers, sanders, plows, and other light equipment belonging to all town
