

Response Summary:

The Texas Education Code (TEC), §38.0141, requires the Texas Education Agency (TEA) to collect data relating to student health and physical activity from each school district/charter district. The School Health Survey has been developed for this purpose. The data gathered will allow the agency to better address the various health-related needs of Texas schools and students statewide.

The survey will take approximately 15-30 minutes to complete. This survey must be completed **ONLINE** and can be submitted only **once** for each school district (including a district designated as a district of innovation) or charter school. Every charter holder with multiple schools will need to designate a contact at each school to be responsible for filling out the survey. Your responses should reflect the entire 2022-2023 academic year and may require you to work with colleagues in your district/charter school to completely answer all questions. You may wish to copy all questions and complete the answers in a text document before entering your responses online.

Survey completion deadline – **FRIDAY, June 2, 2023**

INSTRUCTIONS

The online submission requires you to complete the entire survey. To make changes, simply click on the new response. In some cases, you will need to unclick a previous answer to change the response. To move through the survey, click the previous/next (Forward arrow/Back arrow) buttons at the bottom of each page.

At the end of the survey, you may wish to print a copy of the completed survey for your records **BEFORE** you click "DONE." After clicking "DONE" you will not be able to re-enter the survey to make changes. You will receive a "pop-up" message as your confirmation receipt. You will not receive any other confirmation.

Thank you for your participation in the 2022-2023 School Health Survey.
