

Welcome to the new school year with Columbia Falls Schools!

Transportation is a very important part of many students' day, and we work hard to get students safely from home to school and back again. We ask for your help to teach your students about safe bus behavior and remind them how important it is.

We ask that they:

Remain in assigned seat with hands and feet to themselves - "Bottom to bottom and back to back"

Arrive 5 minutes early / Do not eat or drink / Do not litter

Follow all rules and treat others (including driver) WITH RESPECT

Over the last several years, Our department has struggled with a shortage of drivers. This affects many areas. We make every effort to avoid interruption to normal routes, but when it does happen we work to inform you as parents of last minute bus routes changes or even cancellations. Making sure secretaries have accurate contact info in the system for you is one way to help with this.

Kindergarteners and 1st graders will need a parent or trusted adult at the stop to meet them or they will not be released from the bus and will be returned to their school.

Please take some time to review our routes online. Look for the bus route # and stop nearest to you and you will know your students' bus information. If your student rode last year, that did carry over.

Significant changes to the routes are as follows:

Bus #10 will not run at this time. Students from this bus will be assigned to #14 and #29

- Martin City and Kickbusch Lane will be riding #14
- Seville and the north side of Hungry Horse will be on #29
- Aluminum City students will move to #25
- Students that rode #22 on the east side of Highway 206 last year will be moved to #7

Please see the posted routes on

cfmthschools.net under Departments / Transportation for further detail

6 - Conn / Hwy 2 / Wishart / Pioneer / Helena Flats / Birch Grove / Pheasant / Sunny
