2. What are your strengths (personal and/or academic) that have helped you be successful in school and in your other activities? Please answer #3A OR #3B. Both are not required
- 3A. Describe a specific experience in your life that has had a strong impact on you, and why it was important to you.
- 3B. What has been the biggest obstacle or challenge in your life so far? How have you overcome it or dealt with it?
4. What do you think your college major will most likely be? (If you're undecided, try to at least identify a general area). What have you done during high school to prepare yourself for success in this field of study?
5. If you were to write your own recommendation, what would you say that would distinguish you from other applicants with similar grades and SAT/ACT scores? (We are looking to quote you!)
