

## SCOUTING Club

**Make friends. Learn skills. Have fun.**

Scouting is an opportunity for students in grades K-2 to make lifelong friends while learning various skills in fun, creative, and unique ways. Students will engage in a variety of crafts, games, and other activities to work together and build their relationships. They will also work on building their self-confidence, social skills and ability to speak in front of a group.

Among other things, we will be covering the following topics in our club:

- being honest and fair
- responsibility
- taking care of animals and plants
- friendship

Types of activities to be done, plus many more:

- crafts
- games
- stories
- gardening
- acting
- first aid training

Made by FREE-VECTORS.NET

We warmly invite you to join us at SCOUTING and experience the many benefits of being a scout!

The chess club is open to students in Grades K-2. The maximum number of students is 12.
