## **Preamble**

The School Board of the Inter-Lakes School District and the Inter-Lakes Educational Association agree that the educational welfare of the children of the District is paramount in the operation of the schools.

The School Board and the Association recognize their responsibility towards each other, to the administration and to the community to communicate in good faith to reach agreement, which is mutually satisfactory.

The Agreement recognizes that teaching is a specialized profession with requirements that must be met to obtain certification, and that the interests of the professional employees and the School Board are both dedicated to the highest quality education in the District. Because of this fact, we willingly cooperate to obtain the best conditions possible to achieve this mutual goal.

All personnel concerned with this Agreement must remember that their value to the Inter-Lakes School District stems both directly and indirectly from their ability to contribute effectively to the total educational climate of the District.

## **Article 1. Jurisdiction and Authority of the School Board**

The School Board, subject only to the language of this Agreement, reserves to itself full jurisdiction and authority over matters of policy and retains the unrestricted right (a) to direct and manage all activities of the School District; (b) to direct the work of their professional employees; (c) to hire, promote, transfer, assign and retain professional employees in positions within the school district and to suspend, demote, discharge, withhold all salary increases at the highest step or increment wage increases, whichever applies, or take any other disciplinary action against the professional employees; (d) to act unilaterally, including by adoption of rule or regulation, on any and all matters not excluded by RSA 273-A, provided said act, rule or regulation, does not conflict with or violate any of the terms of the Agreement; (e) to maintain the efficiency of government operations; (f) to relieve professional employees from duties because of lack of work or for other legitimate reason; (g) to take actions as may be necessary to carry out the mission of the agency in emergencies; and (h) to determine the methods, means and personnel by which operations are to be conducted.

The parties understand that the School Board may not lawfully delegate the power or authority which, by law, is vested in it, nor may the Superintendent lawfully delegate the power or authority which, by law, is vested in him/her; and this Agreement shall not be construed so as to constitute a delegation of the power or authority of either. The term “law” as used above shall include regulations lawfully passed by the New Hampshire State Board of Education.

## **Article 2. Association Rights**

- 2.1 A copy of all policies passed by the Inter-Lakes School Board shall be sent to the President of the Inter-Lakes Education Association, and to all professional employees in the system, or to all professional employees in a building, or to all in a particular subject area, whichever shall apply.

## **Article 3. Definition of Agreement**

- 3.1 This Agreement has been mutually agreed to by the Inter-Lakes School Board and the Inter-Lakes Education Association (ILEA). It is subject to modification or change, by agreement of the parties, except the School Board reserves the right of such modification of this Agreement that is clearly dependent upon adequate funds as voted by the School District. In such cases, either party may re-open negotiations as provided by RSA 273:A-3(II)(b).
- 3.2 The cost of printing and distributing copies of the Agreement will be shared equally by the parties. Copies will be available either electronically (via the school district website) or in print to each professional employee, administrator, and member of the School Board. A copy of this Agreement will be given to each newly hired professional employee at the same time and in the same manner as is the individual professional employee’s written contract. Additional copies can be obtained at the expense of the requesting party.

#### **Article 4. Peaceful Resolution**

- 4.1 The Association and the School Board agree that any difference between the parties on matters relative to this Agreement shall be settled by the means herein provided. The Association, in consideration of the Agreement and its terms and conditions, shall not engage in or condone any strike, work stoppage, or other concerted refusal to perform any job-related assignment, nor shall the School Board sponsor any lockouts. For purposes of this article, voluntary tasks shall not be considered job-related assignments.

#### **Article 5. Recognition**

- 5.1 For purposes of negotiations, the School Board recognizes the Inter-Lakes Education Association (as certified by the PELRB of the State of New Hampshire) as the representative of all full and part-time, regularly appointed professional employees.
- 5.2 The Association agrees to represent equally all in the unit as designated above without discrimination.

- 7.2 Engagement by contract will be the sole prerogative of the School Board upon nomination by the Superintendent of Schools.
- 7.3 Contracts will be prepared and offered to the professional employees within fifteen (15) days after the School District Meeting. All contracts must be returned to the Superintendent not later than fifteen (15) days after being offered. The contract shall state the date by which the contract must be returned. Return of a signed contract indicates acceptance of the offered position and the conditions appertaining thereto. An unsigned or unreturned contract indicates that the position is refused and the professional employee does not intend to return. Extension of the fifteen (15) day period will only be granted under unusual circumstances and only at the discretion of the Superintendent.
- 7.4 Termination of employment during the contractual year will be by mutual agreement or, in case of dispute, by legal means presently existing to adjudicate such disputes. The contract will state the number of days expected.
- 7.6 Each contract will indicate the step on the schedule that the contract covers.

#### **Article 8. Work Day/Work Load**

Professional employees agree to be on duty and to work the hours required to accomplish their total teaching assignment and responsibility. One such professional responsibility includes professional employees' participation in the special education and 504 processes relative to their learners and assignment. Because of basic differences in school-related responsibilities, it is impossible to keep the teaching day on a completely equal schedule. In fairness, however, to pupils, parents, and professional employees, and in the interest of some uniformity, the following shall be observed.

Full-time professional employees shall report to their school buildings at least twenty (20) minutes before the opening of the pupils' regular (6.75 hour) school day in the morning and shall remain for twenty-five (25) minutes after the close of the pupils' regular school day. Part-time professional employees shall report to their buildings at least twenty (20) minutes before their assigned teaching time and remain at least twenty-five (25) minutes following his or her assignment. Upon building administrator approval, the combined time before and after the school day can be reallocated per employee's individual request.

Part-time and full-time employment\* shall be defined as follows:

- At the elementary level: 50% = 3½ hours per day, or 2½ days or 17½ hours per week.
- Specialists: 50% = 17½ hours per week or 2½ days.
- At the high school, based upon a full-time professional employee teaching six (6) classes over the course of the year, the following percentages will be used for determining the pro-rated workload:

$6/6 = 100\%$   
 $5/6 = 83.3\%$   
 $4/6 = 66.7\%$   
 $3/6 = 50\%$   
 $2/6 = 33.3\%$   
 $1/6 = 16.7\%$

*\*Eligibility for all job and fringe benefits for part-time professional employees will be determined by averaging teaching time over the school year.*

Upon Building Administrator approval, the combined time before and after the school day may be occasionally reallocated per the employee's individual request for assistance in meeting a special circumstance. Special education and 504 meetings are scheduled when parents/guardians are available during the school week; efforts will be made to not have meetings begin later than 30 minutes after student dismissal.

Full and part-time professional employees are required to attend District parent/teacher conference days appropriate to their assignment. It is understood and accepted that professional employee attendance at school-affiliated evening meetings is desirable and beneficial.

Except for illness or other emergencies, professional employees will be required to attend such evening sessions as: open house, parent/teacher conferences, and any other evening session where parents visit classrooms and/or confer with professional employees.

## **Article 9. School Calendar**

**9.1** The Superintendent shall meet and confer with the Association regarding the ensuing year's school calendar and any mid-year changes in the calendar. Individual professional employees may make recommendations to the building principal(s) for the ensuing year's school calendar. The principal(s) in turn will make the professional employee's recommendation known to the Superintendent.

- 9.2** The School Board will make the final determination as to setting the ensuing year's calendar and any mid-year changes in any school calendar. The number of professional employee hours for returning professional employees shall not exceed 75.5 hours beyond the one-hundred-eighty (180) day instructional year. In no case will the in-service hours be scheduled to exceed a work day calendar of 188 days.

- 9.4** The hours in excess of the one-hundred-eighty (180) day instructional year for all professional employees shall be known as “in-service” hours. In the case of school cancellations, instructional days may be shifted to “in-service” hours. If the School Board approves shifting instructional days to “in-service” hours due to school cancellations, at least one such day of in-service will be completed through online training for professional staff.
- 9.5** Professional employees who are new to the District or returning after an absence of one or more years are required to attend one “orientation” day prior to the regular calendar. The first scheduled “in-service” hours for staff will be no earlier than 12 calendar days before Labor Day.
- 9.6** The 75.5 hours of “in-service hours” beyond the one-hundred-eighty (180) day instructional year shall be used for the following purposes: Time during in-service hours will be utilized for administrative matters; professional learning; parent/teacher conferences; mid-year semester break for on-site professional employee use; at least 7.5 hours will be used for classroom preparation any time during the 3 weeks prior to the opening of school; one 7.5 hour day within the three in-service days prior to the opening of school are to be used separate from Professional Development time for team collaboration (i.e. departmental, special education, grade level, committee, para-educator); a 7.5 hour day plus 2.5 flex hours the first half of the school year and a 7.5 hour day plus 2.5 flex hours the second half of the school year will be to support parent/student teacher conferences; the Building Principal will schedule the time for the 7.5 hour day; four (4) extended afternoon meetings totaling 7.5 hours will be scheduled with the purpose of participating/collaborating on the implementation of practices that support high quality learning experiences and three (3) hours to conclude professional activities on the final student early release day. The four (4) extended afternoon meetings will be communicated in June prior to the next school year. If a staff member is not able to attend an extended afternoon meeting they must communicate with their Building Principal and the appropriate time will need to be used (i.e. sick time, personal time, unpaid time).

- 11.3 Professional employees who are “off-step” who obtain the necessary credits or degree to change track will receive the track increment salary increase. In the case of a track change to Masters +15, Masters +30 or Masters +45, the professional employee will receive the “off-step” plus the track increment salary increase.
- 11.4 Placement on the salary schedule of experienced professional employees entering the District shall be based on degree status and years of teaching experience before entering this District. These factors shall be assessed by the Superintendent and School Board, and this shall serve as the basis for placing an incoming professional employee on an appropriate step on the Salary Scale.

The dates will be provided at the start of the school year.

(b) The District shall strive within the constraints of staffing and student needs to provide K-12 special education teachers with a daily planning period equivalent to a minimum of the time scheduled for a K-6 specials period, which may be broken into two roughly equivalent blocks. The parties agree that, if the planning periods for special education teachers are interrupted for emergencies, such interruptions shall not be considered a violation of this provision. By the last day of school, each special education teacher will submit a tentative schedule for the following school year. The Building Principal or Director of Student Services shall have final approval authority over the daily schedule. As changes may occur throughout each school year due to student enrollment/need for services, special education teachers, may be required to revise their schedules and submit the revised schedule to the Principal or Director of Student Services for final approval.

(c) The District shall strive within the constraints of staffing and student needs to provide non-classroom professionals, other than special education teachers and nurses, with a daily uninterrupted planning period of a minimum of thirty minutes, which may be broken into two fifteen minute blocks. By the last day of school, non-classroom professionals, except for special education teachers, will submit a tentative schedule for the following school year. The Building Principal or Director of Student Services shall have final approval authority over the daily schedule of non-classroom professionals. The balance will not exceed ninety-five (95) days. A professional employee's annual sick leave allotment of fifteen (15) days will be added to their accrued balance at the start of each school year, the sum not to exceed one hundred ten (110) days.

Professional employees may use no more than fifteen (15) sick leave days for illness in the immediate family per school year. Under extenuating circumstances, additional paid leave of absence for immediate family illness may be granted by the School Board, not to exceed the total number of days accrued.

It shall be the responsibility of the professional employee to furnish proof of illness requiring more than three (3) consecutive days of leave, if requested

by the Superintendent.

**15.1.2** Employees may use up to six (6) weeks of accrued leave for the birth and care of a professional employee's child or placement for adoption or foster care of a child with an employee, so long as the employee provides the School District with at least thirty (30) days written notice (or as much notice as possible, if 30 days' notice is impracticable). Such leave will run concurrently with FMLA to the extent the employee is also eligible for FMLA.

**15.1.3** Sick leave benefits cannot be used during a leave of absence.

**15.1.4** A sick leave pool will be established. Professional employees may enroll in the pool each year by donating at least one day and up to three days. Enrollment in the pool must take place prior to September 30<sup>th</sup> each year. The sick leave pool may accrue up to 300 days, and the pool will be carried forward from year to year maintaining the cap at 300 days. A joint committee, to be known as the Sick Leave Bank Committee, will oversee established criteria, notify all members of the criteria, and determine whether requests for withdrawal from the sick leave bank will be granted. The committee will consist of four members: two from the Association, the respective building principal, and the Superintendent. Once decisions of this committee are made, a report of the proceedings will be provided to the office of the Superintendent and the professional employee within five (5) days. The final decision of the committee, relative to the request, is not grievable.

**15.1.5** Annual written notification of accumulated individual sick leave, as of September 1st of the current school year, shall be given to all professional employees by September 15th of the same year.

## **15.2 Bereavement Leave**

**15.2.2** One (1) bereavement day at full pay will be granted annually for a death outside the immediate family.

**15.2.3** If requested, additional bereavement leave without pay may be approved by the Superintendent.

## **15.3 Personal Leave**

**15.3.1** Personal leave up to three (3) days per school year shall be submitted to the building principal. No personal leaves will be allowed for vacation purposes. Personal leave will be granted only upon (3) days' advance notice save in justified emergencies. At each school, no more than two (2) personal leaves for a particular day will be eligible to be approved at each school in September, May, and June. The Building Principal may

override this limit. The Building Principal will approve personal leave on a first come, first serve basis.

#### **15.4 Professional Leave**

**15.4.1** Each professional employee may be allowed, by approval of the administration, five (5) days per year for activities related to District or school needs and identified in the Professional Development Master Plan. Individual recertification will be considered a district need. Approval will be given only if such an activity is clearly and constructively pertinent to the professional employee's educational duties in this District. Full salary will be granted during the absence. These days shall not be accumulative. At each school no more than two (2) professional leaves for a particular day will be eligible to be approved at each school. The Building Principal may override this limit.

#### **15.5 Military Leave**

**15.5.1** Military personnel who are in reserve status and who are called to active duty in any of the United States' military services which cannot be postponed or deferred, such as Reserve Duty, Special Emergency Duty, etc., will be compensated for such absence from their contract duty to the District to the extent that the District will pay during a ten (10) day period, the difference between their per diem contract salary and their per diem military pay. Such compensation shall be made only after one (1) year of experience in the District. The intent is that such professional employee be assured of the equivalent of his/her per diem salary for a ten (10) day period per calendar year when the military salary is less than his/her teaching salary.

**15.5.2 Military Leave for Family Members:** Professional employees shall be granted up to five (5) days paid military leave when a family member is called to active duty in any of the United States' military services which cannot be postponed or deferred, such as Reserve Duty, Special Emergency Duty, etc., for qualifying events, including, but not limited to: arranging for childcare or parental care during the deployment; assisting in making legal or financial arrangements during the deployment; attending counseling; assisting the military member during rest and recuperation leave; attending military sponsored events or ceremonies; representing the military member at federal, state, or local events; or, addressing issues due to the military member's death.

Such leave shall run concurrently with the FMLA to the extent the employee is eligible for FMLA and the leave otherwise qualifies for the FMLA.

#### **15.6 Jury Duty Leave**

**15.6.1** Any professional employee of the District called to serve as a juror will continue to receive their contracted salary in addition to jury pay.

## **15.7 Sabbatical Leave**

- 15.7.8** Candidates for Sabbatical Leave are required to guarantee three (3) subsequent years of service to the District. A refund of leave salary must be made to the District if a candidate fails to return. Each professional employee on Sabbatical Leave shall issue a promissory note at the current rate of interest which shall become due if the professional employee does not return and shall be paid off within three (3) years. If the professional employee resigns or retires before completing three years, the balance is due at the time of resignation. Upon returning to his/her position, the professional employee shall be expected to demonstrate evidence of benefits gained by this leave at a School Board meeting and shall share these benefits with colleagues and students in the appropriate educational environment.
- 15.7.9** If the professional employee on sabbatical does not comply with any of the conditions of the leave, the right to such leave and/or right to return shall be denied.

## **15.8 Parenthood Leave**

- 15.8.1** A parenthood leave of absence without pay for a period of up to one year shall

be granted by the School Board upon request of the professional employee. In order to preserve the continuity of instruction, the leave time shall begin and end at a time mutually agreed upon between the School Board and the professional employee. Extended parenthood leave may be granted at the discretion of the School Board. Upon application by the professional employee, this leave may be terminated at the discretion of the School Board.

#### **Article 17. Recognition of Service**

## **17.1 Recognition of Service Lump Sum**

17.1.1 In the 2023/2024, 2024/2025, and 2025/2026 school years, up to three (3) eligible professional employees per identified school year will receive a Recognition of Service Lump Sum in their final year of employment equal to 50 percent of the retiree's highest earned salary in the District.

17.1.2 Professional employees hired by the District prior to the 2020/2021 school year are otherwise eligible to receive the Recognition of Service Lump Sum if they have attained the age of 57 and have worked for the full-time equivalent of 15 years within the Inter-Lakes School District as a professional employee. Professional employees hired by the District on or after July 1, 2020 are otherwise eligible to receive the Recognition of Service Lump Sum if they have attained the age of 58 and have worked for the full-time equivalent of 15 years within the Inter-Lakes School District as a professional employee. Eligibility will be determined by age of the retiree on June 30 of the final year of employment.

17.1.3 Notice of resignation and application for the Recognition of Service Lump Sum must be submitted to the Superintendent by November 1 of the final year of employment.

17.1.4 The School Board may waive the November 1 notice requirement or release the individual from his/her resignation commitment in case of an emergency or hardship. It may also increase the maximum number of eligible employees in any given year.

17.1.5 In the event of more than three eligible applicants, determination of the three eligible professional employees shall be made first on the basis of the sum of full-time equivalent years of service as a professional employee to the District and their age. If a tie-breaker is necessary, full-time equivalent years of service will be the first determining factor followed by date of birth. The School Board will notify all applicants by December 31.

17.1.6 Employees who receive the Recognition of Service Lump Sum shall not be eligible for rehire as a full-time professional employee with the District. Payment of benefit will be made no later than July 31<sup>st</sup> of the following fiscal year. This payment is intended to be part of the final year's compensation as defined by the New Hampshire Retirement System.

## **17.2 Recognition of Service Enhanced Salary**

17.2.1 Effective as of the 2026/2027 school year, up to three (3) eligible professional employees will receive a salary enhancement in their final year of full-time employment with the District equal to either a One-Time Payment equal to 50% of the employee's final year's salary ("One-Time Payment") or an Enhanced Salary equal to (a) 1.30 times the individual's prior year's salary plus any salary adjustment they would otherwise receive in their final year (for eligible professional employees that had not attained vested status within the NH Retirement System prior to

1/1/2012), or (b) 1.5 times the individual's prior year's salary plus any salary adjustment they would otherwise receive in their final year (for eligible professional employees that had attained vested status within the NH Retirement System prior to 1/1/2012) ("Enhanced Salary"). Eligible employees who elect the Enhanced Salary will receive the Enhanced Salary in lieu of the salary they would otherwise receive under Articles 11 and/or 12 (excluding pay due under the Co-Curricular Salary Schedule, Appendix D) of this Agreement, and it shall be considered the employee's base pay during the year in which it is received. The Enhanced Salary shall be paid in installments as outlined in Article 10.1. Employees who receive the Enhanced Salary or One-Time Payment shall not be eligible for rehire as a full-time professional employee with the District. Eligible employees who elect the One-Time Payment will receive the One-Time Payment in the second payroll in June of their final year of employment. The School Board has the sole discretion to increase the maximum number of professional employees who may receive the Enhanced Salary or One-Time Payment in any given year.

**17.2.2** Professional employees hired by the District prior to the 2020/2021 school year are eligible to receive the Enhanced Salary or One-Time Payment if they have attained the minimum age of 57 and have worked the full-time equivalent of at least fifteen (15) years within the Inter-Lakes School District as a professional employee. Professional employees hired by the District on or after July 1, 2020 are eligible to receive the Enhanced Salary or One-Time Payment if they have attained the minimum age of 58 and have worked the full-time equivalent of at least fifteen (15) years within the Inter-Lakes School District as a professional employee. Eligibility will be determined by the age of the employee on June 30th in the school year in which payment of the Enhanced Salary would commence.

**17.2.3** Applications to receive an Enhanced Salary or One-Time Payment must be submitted to the Superintendent by November 1st of the school year prior to school year when payment of the Enhanced Salary would commence (i.e., requests to receive an Enhanced Salary or One-Time Payment for the 2026/2027 school year must be received by November 1, 2025). The School Board may, at its sole discretion, waive or modify the application deadline.

**17.2.4** In the event the Superintendent receives more than three timely applications from eligible professional employees, applications shall be granted for the three eligible applicants with the highest sum of full-time equivalent years of service as a professional employee in the District and their age. If a tiebreaker is necessary, full-time equivalent years of professional service will be the first determining factor followed by date of birth. The School Board will notify all applicants by December 31st. Receipt of an Enhanced Salary or One-Time Payment is contingent upon each selected applicant submitting, within ten (10) school days of being notified that they have been selected to receive the Enhanced Salary or One-Time Payment, an irrevocable, written notice of resignation, effective June 30th of the school year in which they will receive the Enhanced Salary or One-Time Payment, and acknowledging that the individual is not eligible for rehire as a full-time professional employee with the District following resignation. In the event a timely irrevocable, written notice of resignation is not submitted, the Enhanced Salary/One-Time

Payment opportunity will be offered to the next eligible applicant, as outlined in this section, if any.

**17.2.5** The School Board may release a professional employee from their irrevocable, written notice of resignation in case of an emergency, hardship, or other good reason as determined by the Board in its sole discretion. In the event such a release occurs after the individual has already begun receiving the Enhanced Salary, effective the first day of the first pay period following such release, the individual will be entitled to receive the pro-rated salary they would otherwise have received pursuant to Articles 11 and/or 12 of this Agreement, in lieu of the remainder of the Enhanced Salary, in equal installments based on the remaining number of pay periods in the applicable school year. Any professional employee who is released from an irrevocable, written notice of resignation by the School Board shall be thereafter ineligible to apply for the Enhanced Salary in any subsequent school year.

## **Article 18. Insurance**

- 18.1** Liability insurance protecting professional employees against suits resulting from accidents to students and Workers' Compensation will be in effect and the premium paid by the District. Pay for each day of sick leave that is covered by Workers' Compensation will be the difference between the regular net per diem salary and the amount paid by insurance with the same fractional part to be deducted from the professional employee's accumulated sick leave.
- 18.2** The Inter-Lakes School District shall provide the following health insurance options for single, 2-person, or family:

**Anthem Access Blue Choice 2T20**

Starting 2020/2021 only current and retired employees who are enrolled in Choice 2T20 have the option to remain enrolled in this plan. The District shall pay a dollar amount equal to the district’s share of the premium for Anthem Access Blue New England HMO AB20; and the professional employee shall pay the dollar amount difference. If the District’s insurance provider eliminates the Blue Choice 2T20 plan during the term of the Agreement, the parties agree to reopen the contract solely to address the necessary change in health insurance for employees who were eligible to enroll in the Blue Choice 2T20 plan under this section.

For each of the health insurance plans outlined above, starting January 1, 2022 the Professional Employee will pay 50% of the adjustment for a high cost plan, plus any contributions to an FSA and/or HRA as outlined below:

The adjustment for high cost plan shall equal 40% of the excess of the plan’s cost over \$941.66 per month (\$11,300 per year) for single coverage or over \$2,533.33 (\$30,400 per year) for two-person or family coverage. The plan’s cost for purposes of this adjustment equals the aggregate premium, plus any contributions to an FSA and or an HRA. In the event that 26 U.S.C. 4980I (excise tax under the Affordable Care Act on high cost employer-sponsored health coverage) is amended during the term of this Agreement, then the Board or

the Association may reopen negotiations on Article 19 to address the impact of that amendment.

- 18.2.1** All of the plans shall have the Prescription plan R10/25/40 M10/40/70
- 18.2.2** Professional employee contribution to premiums shall be paid through payroll deductions on a pre-tax basis in equal installments based on twenty-one (21) pay periods.

- 18.2.4** Part-Time Professional Employees
- a. Through August 24, 2005 any professional employee hired for a position of 50% or more shall be eligible for the Inter-Lakes School District Health Plan. Part-time professional employees\* who teach less than 50 percent will be eligible for benefits paid by the District at that same percentage as their employment. \*(Footnote on page 7 applies.)
  - b. Beginning on August 24, 2005, any professional employee who is hired by the District prior to July 1, 2005 shall be grandfathered to be eligible for the benefits described in paragraph a. above. Beginning August 25, 2005, any professional employee who is hired by the District on or after July 1, 2005 who teaches less than 100%-time will be eligible for benefits paid by the District at the same percentage as their employment. Eligibility for all job and fringe benefits for part-time professional employees will be determined by averaging teaching time over the school year.
- 18.2.5** In lieu of District-provided health insurance and when the professional employee provides proof of health insurance, a two thousand dollar (\$2,000.00) cash opt-out will be allotted. Payment will be made in equal installments throughout the contracted year in conjunction with payroll. Part-time professional employees who teach less than 100% will be eligible for opt-out, prorated according to their teaching assignment. A professional employee desiring to enroll in the Inter-Lakes School District's Health Insurance Plan during the plan year may do so only if there is a qualifying event. In absence of a qualifying event, professional employees will have the opportunity to rejoin the plan during the annual open enrollment period.
- 18.2.6** To the degree allowable under Section 125 of the Internal Revenue Service Code, professional employees will be allowed to designate a portion of their salary to be deducted for the purpose of paying out-of pocket medical expenses. To the degree allowable under Section 125 of the Internal Revenue Service Code, individuals or couple may set up a Section 125 fund for dependent care. In the case of dependent care funds, current claims cannot exceed current professional employee contributions. Once designated, unused money may not be reclaimed by professional employees (tax code requirement).

**18.2.7** Prior to the next contract, the Inter-Lakes School District will investigate other health insurance possibilities. This process will include representation from each of the various stakeholders for health insurance within the School District. If a different option appears favorable prior to the end of this contract, both parties agree to reopen negotiations for the sole purpose of addressing changes to health insurance.

Staffing of such committees will be done on the basis of volunteers and will not be compensated.
  - 19.4.1 All professional employees are expected to serve on the school re-evaluation and accreditation committees. Attendance at such reevaluation and accreditation committee meetings or work assigned for such committees before and after student hours will be limited to three (3) hours a month. Additional time spent on committee meetings or work assigned to the committee member shall be compensated at an hourly rate of \$40/hour. The professional employee shall be responsible for submitting the appropriate form to the Building Principal within one week of the committee meeting to be eligible for reimbursement under this article. Extenuating circumstances will be reviewed by the School Board.

For the duration of this contract, the Association will allow \$1,000 for professional improvement activities and up to \$3,000 for coursework per employee. If the employee chooses to take coursework and professional improvement activities, the maximum amount that the employee may spend is \$3,000.

**20.2** Applications will be processed by the building principal as received. The principal shall request that the professional employee explain how the activity is relevant to his or her own employment in the school district. The professional employee may be asked to prepare a presentation for the Superintendent and/or the School Board that summarizes the benefits of the professional development. Final determination as to whether the activity is eligible for payment or reimbursement rests with the Principal. All professional improvement requests must be submitted for approval by May 15.

Requests for pre-payment shall be submitted to the principal at least thirty (30) calendar days prior to the start of the professional improvement activity. If pre-payment is issued and the employee does not attend and/or successfully complete the activity, the employee agrees to reimburse the full amount to the District within thirty (30) calendar days of the scheduled activity's completion date. In the event that the District is not reimbursed by the professional employee, the professional employee forfeits access to any professional development funds until pre-paid funds are reimbursed.

**20.3** Individual professional employees may request additional unencumbered professional improvement money by submitting a request to the Superintendent prior to May 15. The formula established by the Unencumbered Professional Improvement Funds Committee will be used to allocate any of these unspent funds. The formula is: Additional Funds Received by Professional Employee = (Amount Requested/Total Amount of Requests) multiplied by Remaining Funds

## **Article 21. Professional Employee Protection and Student Discipline**

### **21.1 Assistance in Assault Cases**

**21.1.1** Professional employees will immediately report all cases of assault sustained by them in connection with their employment to their principal and submit a written report of the incident within forty-eight (48) hours, except in extenuating circumstances. The Superintendent or designee shall acknowledge to the professional employee receipt of such report within 48 hours whenever practical or as soon thereafter as possible. **21.3.2** If a professional employee suffers loss or destruction of personal belongings while in the line of duty (e.g., to stop a disturbance, is assaulted by a student, or while attempting to prevent the destruction of district property, such as fire), the School Board will assume the reasonable cost of the replacement or

repair of such item(s) provided such loss, damage, or destruction was not due to the professional employee's negligence or otherwise covered by Worker's Compensation or insurance benefits provided by the District. The professional employee must report the incident and loss to the building principal in writing within forty-eight (48) hours or as soon as possible after the incident occurred. In no event shall a professional employee seek duplicate compensation from both the District and a private insurer.

### **Article 22. Professional Employee Evaluations**

**22.1** The evaluation program is to be used to assist professional employees in the performance of their duties and as a means of guiding and counseling for continued improvement in the educational standards of the School District and maintenance of competent professional employees. The preparation of annual evaluations is the responsibility of the supervising principals and/or other appropriate administrators using the Framework for Teaching Evaluation Instrument (Danielson, 2007, 2013 eds). The administrator will use the appropriate Professional Employee Evaluation Rubric (PEER) based on the professional employee's position in the district. See Appendix D. Appendix D will be available on line and in each school library.

#### **22.1.1 Inter-Lakes Professional Employee Evaluation Plan**

Created by: The Professional Employee Evaluation Committee:  
Kathleen Hill – Curriculum Coordinator  
Dr. Steven Kelley – Elementary School Principal  
Patricia Kennelly – High School Principal  
Richard Hanson – School Board Chair  
Sally Whalen – School Board Member  
Stephanie Howard – Professional Employee  
Susan Greenlaw - Professional Employee  
Alesia Parks - Professional Employee  
Mark Parsons - Professional Employee  
Jeremy Hillger – Professional Employee

In accordance with Section 22.1.1 (2012-2015 Professional Agreement), a committee was created in the Fall of 2012. The committee, which was comprised of school board members, administrators and professional employees, was charged with reviewing the current evaluation tool and making recommendations for improvement. In addition, the committee addressed the federal and state mandate that at least twenty percent (20%) of a professional employee's evaluation be based on student performance data. The committee worked through the Fall of 2014, and the decisions of the committee are as follows:

The evaluation program is to be used to assist professional employees in the performance of their duties and as a means of guiding and counseling for continued improvement in the educational standards of the school district and maintenance of competent professional employees. The preparation of annual evaluations is the responsibility of the supervising principals and/or other appropriate administrators using the *Framework for Teaching Evaluation Instrument* (Danielson, 2007, 2013 eds.). The administrator will use the appropriate Professional Employee Evaluation Rubric (PEER) based on the professional employee's position in the district. See Appendix E.

An evaluation will represent a numeric composite score of the professional employee's total job performances, including observation by administration, student performance data and performance of daily job-related responsibilities since the last evaluation. A professional employee will be evaluated using five domains.

The following correlation between numeric scores and levels will be used:

Unsatisfactory = 1    Basic = 2    Proficient = 3    Distinguished = 4

The first four domains, which will account for eighty percent (80%) of the professional employee's total score, will come directly from Danielson's *Framework for Teaching Evaluation Instrument*. A professional employee will receive a numeric score of one through four (1-4) on each of these domains.

The fifth domain, which will account for twenty percent (20%) of the professional employee's total score, will be determined using student performance data. This will be calculated using a *District Based Shared Attribution Component (50%)* and a *Student Learning Outcome (SLO) Component (50%)*. These components will use the one through four (1-4) numeric scale.

*District Based Shared Attribution*: is defined as professional employees of the district sharing standardized assessment results and attributing those results to the performance of their school. This score will be derived from the Smarter Balance Assessment results. Professional employees of the Inter-Lakes School District will share and receive the same numeric score. The District Based Shared Attribution score will be scored on the numeric (1-4) scale, and calculated using a three-year average.

*Student Learning Outcome (SLO)*: is defined as measurable student results that will be created and agreed upon by the professional employee and his/her administrator during the annual goal setting meeting. The professional employee and the administrator will determine how the SLO will correlate to the numeric (1-4) scale.

At the end of the three-year cycle, a professional employee's domain five score will be the sum of their shared attribution scores and their SLO scores. The professional employee will receive an average score for each domain. This will be calculated by dividing the professional employee's cumulative domain points by the number of components per domain. The final score of the evaluation will be based on the average score of the five domains and will be reported on a numeric (1-4) scale. The score will be rounded appropriately to the nearest whole number.

Please see the Inter-Lakes School District's faculty page for the P.E.E.R's and P.E.E.F's.

- 22.3** During the first three weeks of school, an administrator shall orient professional employees new to the District regarding evaluation procedures.
- 22.4** An evaluation will represent a composite of the professional employee's total job performances, including observation by administration and while performing daily job-related responsibilities since the last evaluation.
- 22.5** Whenever a professional employee is rated unsatisfactory on the PEEF, an explanation shall be provided, and shall have been preceded by assistance, when possible, as spelled out elsewhere in this Agreement.
- 22.6** A professional employee shall be given a copy of any evaluation report prepared by his/her evaluators at least one day before any conferences held to discuss it.
- 22.7** All professional employees are to be formally observed in their job assignment prior to receiving their evaluation. Each formal classroom observation shall be scheduled with the professional employee for a minimum of thirty (30) minutes or the duration of the activity or lesson. All formal classroom observations of the performance of a professional employee shall be conducted openly and with full knowledge of the professional employee.
- 22.8** No professional employee shall receive adverse comments from any administrator in the presence of the pupils, except in extraordinary situations requiring immediate action.
- 22.9** A formal classroom observation report shall be given to the professional employee as soon as possible after each formal observation. A post-conference between the administrator and the professional employee shall occur after each formal classroom observation to discuss the observation. A copy of the formal observation report, signed by the professional employee and administrator, shall be submitted to the Superintendent within seven (7) school days after the conference. The professional employee's signature shall indicate only that the report has been read by the professional employee and shall not be interpreted to indicate agreement with the contents. No professional employee shall be required to sign a blank or incomplete observation report form.
- 22.10** All other observations of the professional employee's work performance, which are to be made part of his/her file, will be made known to the professional employee in a timely manner. No written report shall be submitted to the Superintendent, placed in the professional employee's file, or otherwise acted upon without a prior conference with the professional employee.

**22.11** The Administration shall offer direct assistance including specific recommendations to help the professional employee improve if performance has shown need for improvement. A reasonable time for improvement will be given.

**22.12** If the professional employee disagrees with any evaluation or observation report, such disagreement may be so indicated in writing within seven (7) school days of receipt of the evaluation and, upon request, a written statement of disagreement shall be placed in the professional employee's personnel file and attached to the relevant documents.

### **22.13 Complaints**

Those job-related complaints regarding a professional employee made to any member of the administration by any parent, student, or other person who may be used in evaluating the professional employee shall be promptly investigated. Professional employees shall be given an opportunity to meet personally and respond to and/or rebut those complaints which, if substantiated as a result of the investigation, may become a part of their file. With the professional employee's consent, an alternative means of interaction may be used in place of the personal meeting.

**22.13.1** The professional employee shall acknowledge that he/she has had the opportunity to review such complaint by signing the copy to be filed, with the understanding that such signature indicates only that the report has been read by the professional employee and shall not be interpreted to indicate agreement with the contents.

**22.13.2** The professional employee shall also have the right to submit a written response to such material which shall be reviewed and initialed by the Superintendent and attached to the file copy.

### **22.14 Personnel Files**

Each professional employee shall be entitled to knowledge of, and access to, his/her personnel file and have the right to reproduce materials in that file.

**22.15** Professional employees shall receive a copy of any materials placed in their personnel file, except routine materials such as payroll or insurance forms, and will indicate receipt by returning a signed copy to the Superintendent's office within five (5) days. If a signed copy is not returned, the school district will contact the professional employee to verify receipt of such material. If the document remains unsigned, the material shall be filed unsigned. The professional employee's signature shall indicate only that the report has been read and shall not be interpreted to indicate agreement with the contents.

**22.16** A professional employee may submit to the Superintendent a written statement regarding any material placed in the professional employee's personnel file, together with any materials supporting the written statement. The written statement and supporting materials shall be maintained as part of the professional employee's personnel file.

- 22.17 No materials may be removed from the personnel file of any professional employee without the written consent of the Superintendent and the professional employee.

**Article 23. Professional Employee Discipline**

- 23.1 A professional employee shall be entitled to have a representative of the Association present during any meeting that may lead to disciplinary action. When a request for such representation is made, no action shall be taken with respect to the professional employee until such representative of the Association is present. If disciplinary action is likely to occur at a given meeting, the professional employee shall be advised immediately of said possibility.
- 23.2 No professional employee shall be discharged or disciplined without just cause.

**Article 24. Reduction in Force**

- 24.1 If it is necessary to reduce the number of professional employees employed by the District for legitimate reasons such as a substantial decrease in student enrollment or reduced funding, the School Board may lay off or reduce professional employees. The School Board will make every reasonable effort to minimize the effect of reduction in force on professional employees by absorbing as many positions as possible through attrition (retirements, resignations, refusals to contract, or leaves of absence). The School Board, in determining which professional employees shall be laid off or reduced to part time, will take the following into equal consideration: the job performances of each individual, as established through a review of the written Professional Employee Evaluation; areas of certification; specialized area(s) of training needed for the continuation of District instructional programs; seniority in the District; and level of educational attainment.
- 24.2 Seniority shall be determined only by the number of years as a duly-certified professional employee of the Inter-Lakes School District.
- 24.3 The School Board and the Association shall collaboratively create and maintain a database that lists each professional employee's area(s) of certification, specialized area(s) of training, seniority in the District, and level of educational attainment. This database will be updated annually. The administration will create and distribute an annual list of specialized areas of training needed for the continuation or implementation of District instructional programs. This list will be developed annually by June 1<sup>st</sup> for the upcoming school year.
- 24.4 Professional employees who are laid off or reduced shall be reinstated in inverse order of their being laid off or reduced for any vacancy for which they carry the appropriate certification. Reinstatement shall not result in a loss of credit for previous years of experience both within the District and elsewhere. Rights to reinstatement shall be in effect for three years and ninety days from the last day of employment within the District.
- 24.5 No new or substitute appointments may be made while there are laid off or reduced professional employees who are qualified and certified to fill any vacancy and willing to accept the available assignment.

- 24.6** Seniority for years of part-time employment shall be pro-rated and cumulative. There shall be no seniority among temporary professional employees.
- 24.7** The Association shall be notified and the School Board shall give written notice of recall by sending a registered or certified letter to said professional employee, at his/her last known address. If a professional employee fails to sign and return a contract within the specified time frame, said professional employee shall be considered as a voluntary resignation, thereby terminating the individual's professional employee contract and any other employment relationship with the School Board.

**Article 25. Transfer, Assignment, Reassignment**

- 25.1** For the purpose of this article, transfer shall be defined as moving a professional employee from one school, grade or position to another or, at the elementary level, moving a professional employee from one grade to another.
- 25.2** All open positions will be posted in all school buildings and on the District website as soon as they become available.
- 25.2.1** As a result of the posting, volunteers may apply. The Superintendent shall consider all volunteers before making any involuntary transfers.
- 25.3** Professional employees who desire a change in grade and/or subject assignments may file a written statement of such desire with the Superintendent no later than April 15. The Superintendent shall retain such request on file for a full calendar year after such a request is made. Such statement shall include the grade and/or subject to which the professional employee desires to be assigned, in order of preference, and reason for change. All requests will be acknowledged in writing. Seniority, the individual's qualifications and system-wide balance of experience and inexperience, as well as the desire of the professional employee, shall be considered. The final decision pertaining to assignments rests with the Superintendent of Schools.
- 25.4** If the Superintendent decides to transfer a professional employee:
- a. The professional employee will be given as much prior notice as possible in writing.
  - b. The professional employee may, within ten (10) school days of receipt of such notice, request in writing a meeting with the Superintendent.
  - c. Within ten (10) school days of receipt of such request, the Superintendent and/or his designee shall meet with the professional employee. The professional employee may be accompanied by a representative of the Association or other chosen representative.
  - d. At that meeting, the professional employee will be given the reason for the transfer, and the transfer will be discussed.
  - e. A good faith effort shall be made to consider the wishes of the professional employee.
  - f. Within ten (10) school days of such meeting, the Superintendent shall notify the professional employee involved and the School Board of his/her decision.

- 25.5** As soon as practicable, and no later than the last two weeks of school, the appropriate administrator shall notify individual professional employees of their tentative assignments for the ensuing year.
- 25.6** In order to assure that pupils are taught by professional employees working within their areas of competence, professional employees will not generally be assigned outside the scope of their teaching certificates and/or their major or minor fields of study.
- 25.7** Notice of all open certified positions in the Inter-Lakes School District shall be posted in the schools and on the district website. The posting notice shall set forth the qualifications for the position. Individuals interested in applying for the position shall do so in the manner prescribed in the notice, within five (5) days, after the date of the notice. No permanent appointment to a position shall be made, until five (5) days after notice has been issued. Any professional employee who applies for a position will:
- a. Receive notice of receipt of his/her application.
  - b. Receive notice of the decision on his/her application.

## **Article 26. Grievance Procedures**

- 26.1** Definition: A "grievance" shall mean an alleged violation, misinterpretation or misapplication with respect to one or more professional employees of any provision of the collective bargaining agreement. See RSA 273-A:1(V).
- 26.2** Purpose: The purpose of this procedure is to secure, at the lowest possible administrative level, equitable solutions to the problems which may, from time to time, arise affecting the welfare and/or working conditions of the professional employees. Both parties agree that these procedures will be kept informal and confidential at any level of the procedure.
- 26.3** A grievance to be considered under this procedure must be initiated by the professional employee, the Association or the School Board within ten (10) school days of its known occurrence. The professional employee will present the grievance to the administrator whose action is the subject of the grievance during non-instructional time with the objective of resolving the matter informally. If the grievance is not resolved through this informal process, the professional employee may proceed to Level 1 by submitting the grievance in writing to the Administrator within ten (10) school days of the informal meeting. The Administrator shall provide a copy to the Association building representative.
- 26.4** Procedure: If a grievance concerns another professional employee, that professional employee must be notified in writing that action is being taken. After the informal meeting, all grievances and decisions on all levels must be in writing. It is understood that all professional employees shall, at the discretion of the School Board, with full salary during and notwithstanding the pendency of any grievance, continue to observe all assignments and applicable rules and regulations of the School Board until such grievance and any effect thereof shall have been fully determined. Should a

grievance extend beyond the school year, the procedure shall continue as prescribed. It is the intent of the parties to proceed to resolution of grievances in an expeditious manner.

- 26.4.1** Grievances submitted by the Association shall be filed at the appropriate level. Grievances initiated by the School Board, or its designee, shall be submitted in writing to the President of the Association. The Association shall advise the School Board of its position in writing within ten (10) school days. Disputes not resolved in this manner shall be submitted directly to Level Four.
- 26.5** The grievant may be represented at all levels of the grievance procedure, at his/her option, by himself/herself or by his/her chosen representative, or by a representative selected by the Association. The Association shall have the right to be present and participate at all levels of the grievance procedure and shall receive a copy of all decisions rendered.
- 26.6** Level One: The Administrator shall respond in writing to all parties involved within ten (10) days of receipt of the written grievance.
- 26.7** Level Two: If the grievance is not resolved at Level One, it must be submitted in writing within ten (10) days to the Superintendent. The Superintendent, the aggrieved professional employee and/or his/her chosen representative shall meet within a reasonable time in an attempt to resolve the matter and the Superintendent shall render his/her decision, in writing, to the aggrieved and the Association within ten (10) days.
- 26.8** Level Three: If the grievance is not resolved at Level Two, the professional employee shall have the right to file said grievance with the Secretary of the School Board within ten (10) days of the decision rendered in Level Two. The School Board shall conduct a grievance meeting within a reasonable time in an attempt to resolve the matter, and the School Board shall render its decision, in writing, to the aggrieved professional employee and the Association within ten (10) days.
- 26.9** Level Four: If not resolved at Level Three, the grievance may be submitted to binding arbitration or to the New Hampshire Courts. The aggrieved, through an election of forum, must choose (in writing) either arbitration or the Courts (and in doing so is then precluded from attempting to follow the second route also). If the grievance is submitted to arbitration, the following procedure shall apply. The School Board shall be notified in writing within ten (10) days after the date of its decision that the grievance is being submitted for arbitration. The following procedure shall be used to secure the services of an arbitrator:
- 26.9.1** The parties will attempt to agree upon a mutually satisfactory third party to serve as arbitrator. If no agreement is reached within ten (10) days, the Public Employee Labor Relations Board (PELRB) will be notified and requested to submit a roster of persons qualified to function as arbitrator.
- 26.9.2** If the parties are unable to determine within ten (10) days of receipt of the list, a mutually satisfactory arbitrator, the PELRB may be requested by either party to designate an arbitrator.

- 26.9.3** The arbitrator shall limit him/herself to the issues submitted to him/her. The arbitrator shall be bound by, and must comply with, all of the terms of this Agreement. The arbitrator shall have no power to add to, delete from, or modify in any way any of the provisions of this Agreement. The decision of the arbitrator shall be binding.
- 26.9.4** The School Board, the aggrieved, and the Association shall receive copies of the arbitrator's report. This shall be accomplished within thirty (30) calendar days of the completion of the arbitrator's hearing.
- 26.9.5** The costs for the services of the arbitrator, including per diem expenses, if any, and actual and necessary travel, subsistence expenses, and the cost of the hearing room shall be borne equally by the School Board and the Association. Any other expenses incurred shall be paid by the party incurring the same.
- 26.10** All interested parties shall have the right to be represented by counsel of their own choosing, to present such witnesses and documentary evidence as may be pertinent, and to cross examine witnesses offered by other parties.
- 26.11** All parties shall be afforded the opportunity for oral arguments and shall be permitted to file written briefs. Copies of all briefs, notices and requests shall be furnished to the opposing parties.
- 26.12** Any and all deadlines set forth in this Article may be extended by mutual agreement of the parties. Any step of the grievance process may be waived by mutual agreement of the parties. The grievance shall be considered resolved if one of the parties involved has not responded before the time period for appealing has passed.
- 26.13** Documents, communications, or records concerning the processing of a grievance shall not be placed in a professional employee's personnel file, except as mutually agreed by the parties; nor forwarded to any prospective employer of the grievant, nor shall such documents be revealed or the grievance(s) be alluded to in any communication between the administration and said prospective employer. There shall be no retaliation in any form taken against a professional employee for filing a grievance.

**Article 27. Miscellaneous**

**27.1 Tuition Free for Non-Resident Professional Employee Children**

## **Definitions & Descriptions**

### **New to District Teachers:**

- If employed as a teacher by a school district in the State of NH prior to July 1, 2011 for three (3) consecutive years, the Teacher will be a New to District Teacher in Inter-Lakes for three (3) years.
- If employed as a teacher by a school district in the State of NH after July 1, 2011 for five (5) consecutive years, the Teacher will be a New to District Teacher in Inter-Lakes for five (5) years.

### **Experienced District Teacher:**

A teacher who has been successfully and consecutively employed as a teacher by the Inter-Lakes School District beyond the required years as a New to District Teacher.

### **Direct Assistance Plan:**

If an Experienced District Teacher's performance has shown a need for improvement, the Administration shall provide direct assistance including specific recommendations to help the Experienced District Teacher improve; this assistance and recommendations will be written as a Direct Assistance Plan. A reasonable time for improvement will be given.

### **Professional Growth Plan:**

All Teachers will develop a Professional Growth Plan. The Professional Growth Plan timeline is based on the individual Teacher's professional license/certification cycle (e.g. three (3) year license/certification Professional Growth Plan every three (3) years). If changes are desired/needed prior to the completion of a cycle, revisions may be made and approved. The Professional Growth Plan is completed using the established School District Guidelines for Professional Growth Plans and requires final approval from the assigned Administrator. New to District Teachers must submit Professional Growth Plans must be submitted for approval no later than September 30 of the start of the new license/certification cycle. New to District Teachers must submit Professional Growth Plans for approval no later than September 30 of first year of hire. In the case of a Teacher hired after the start of the school year, the Teacher will have thirty (30) days from the start date to submit a Professional Growth Plan for approval. Experienced District Teachers will submit Professional Growth Plans for approval no later than September 30 of the start of the new license/certification cycle.

### **District Rubrics for Teacher Performance:**

Performance rubrics have been established and are adapted from The Framework for Teaching by the Danielson Group. The performance rubrics are broken down by domains; within each domain are components. In addition to the performance rubrics, the School District has developed a non-comprehensive list of examples for each of the component areas in the various domains.

### **Formal Observation:**

Formal observations are completed a minimum of five (5) times and a maximum of ten (10) times. If additional formal observations are needed due to performance concerns, the Administration will communicate this in writing to a New to District Teacher and to an Experienced District Teacher. New to District Teachers will be formally observed and evaluated each year the Teacher is New to District; Experienced District Teachers are formally

observed and evaluated on a three (3) year cycle. Formal observations will be conducted using a “mini-observation” model which means an Administrator will observe classroom performance for approximately ten (10) minutes per “mini-observation”. Formal observations will focus on two domain areas: Learning Environment and Instruction. Each “mini-observation” will be unannounced. Following a “mini-observation” the Administrator will provide the Teacher with a summary of the “mini-observation”; if there are concerns noted, the Administrator will schedule a meeting with the Teacher to review and the Teacher at the completion of the meeting will sign the “mini-observation summary”. If there are no concerns, the Teacher will be asked to sign and return the “mini-observation” summary. Observation summaries are included in the Teacher’s Personnel File and used as part of the evaluation summary. Formal observations are to be completed by March 1 of the evaluation year.

**Informal Observation:**

Informal observations by the Administration occur on a regular and ongoing basis in and outside of the evaluation cycle. If during informal observations, the Administration observes concerns relative to a Teacher’s performance, the Administration will address the concerns with the Teacher by scheduling a meeting to discuss the concerns; following the meeting the Administration will provide written follow-up. Performance observed during informal observations may be included in the formal evaluation of the Teacher.

**Artifacts:**

In order to have a body of evidence to evaluate performance areas outlined in the domain area Planning & Preparation, artifacts will be collected throughout the evaluation period. Professional time will be designed to support the collection of artifacts for the focused component identified for the school year. New to District Teachers will collect and share the focused component artifacts for the school year; Experienced District Teachers will collect and share artifacts for the focused component for each school year of the three (3) year evaluation cycle. The Teacher will share the collection of artifacts with the assigned Administrator by February 1 of the evaluation year. The focused component area and associated school year is identified below.

School Year	2022/2023	2023/2024	2024/2025	2025/2026	2026/2027	2027/2028
<b>Focused Component Area</b>	1a: Demonstrating Knowledge of content and pedagogy	1b: Knowing and valuing learners	1c: Designing coherent instruction	1d: Designing and analyzing assessments	1e: Engaging in reflective practice	1a: Demonstrating Knowledge of content and pedagogy

**Evaluation Summary/Cycle:**

A summary of overall performance will be provided by March 15<sup>th</sup> of the evaluation year. This summary will be recorded on the Inter-Lakes Professional Employee Evaluation Form. New to District Teachers will be formally observed and evaluated each year the Teacher is New to District; Experienced District Teachers are formally observed and evaluated on a three (3) year cycle. Overall performance includes the time since the previous evaluation year.
