

Technology equipment, the Internet, and digital learning provide vast, diverse and unique resources that can be used to transform learning. Our goal in providing these resources to teachers, staff and students is to provide a unique and personalized learning experience in the Thomas County School System. By promoting quality instruction while using digital tools, educational excellence can be achieved. This Acceptable Use Policy applies to all students and staff of the Thomas County School System.

In the schools, student access to and use of the Internet will be under teacher direction and monitored as any other classroom activity. The use of technology equipment and digital tools in the Thomas County School System is a privilege that requires all users to act responsibly. All users are accountable for any violations of this Internet Acceptable Use Policy.

As required by the Children's Internet Protection Act, Thomas County Schools has an Internet filtering system in place to protect the students in our schools. The filtering system blocks unacceptable sites that fall into the following categories: violence, pornography, weapons, drugs, chat, free email, hate/discrimination, etc. However, it is impossible to control all materials on a global network and an industrious user may discover inappropriate information. The school system cannot completely prevent the possibility that some users may access material that is not consistent with the educational mission, goals, and policies of the school system. Violations of the Internet Acceptable Use Policy may result in disciplinary action.

It is the belief of the board that the Internet's advantages far outweigh its disadvantages. The Thomas County Board of Education views information gathered from the Internet in the same manner as reference materials identified by the schools. Specifically, the system supports resources that will enhance the learning environment with directed guidance from the faculty and staff. Exploration of resources, by both teachers and students, within the confines of this Acceptable Use Policy, is encouraged.

All students in Thomas County Schools will receive age-appropriate curriculum and instruction regarding safe and appropriate online behavior including, but not limited to, electronic interactions with others on social networking sites and in chat rooms; behaviors that may constitute cyberbullying; and how to respond when subjected to cyberbullying.

### **Guidelines for Internet Usage**

- Internet use must be in support of education and research consistent with classroom curriculum.
- Use of the Internet must be consistent with the rules appropriate to any network being used or accessed.
- Unauthorized use of copyrighted material is prohibited, including accessing and/or downloading pirated music, movies, and television shows.
- Threatening or obscene materials are prohibited.
- Distribution of material protected by trade secret is prohibited.
- Product advertisement or political lobbying is prohibited.
- Commercial activities are not acceptable.
- Non-instructional games are prohibited on school computers.
- Staff and students shall not download software from home or unauthorized programs from the Internet.
- The use of proxy sites and/or VPN services to access Internet sites which are blocked by Thomas County Schools is prohibited.
- Nothing should be posted on the Internet that would be inappropriate for parents, teachers, students, etc. to read. The Internet is a public forum. Any blog post or

social networking post, including photographs, which are posted on the Internet are there permanently. Any post that is deleted may be cached in a search engine, school system server, or Internet archive. Internet posts that are a violation of this Acceptable Use Policy may result in disciplinary action.

- Faculty, staff, and students should refrain from the use of personal social networking sites including, but not limited to, Twitter, Facebook, Instagram, Snapchat, TikTok, Yik Yak or Tumblr during working and school hours.
- Faculty and staff should not post pictures of students or school activities to their personal social networking sites.

### **Privileges**

- Access to the Internet is not a right, but a privilege.
- Unacceptable and/or inappropriate usage will result in the cancellation of the user's network account and/or Google account.
- Administration will deem what is inappropriate use and the administration's decision is final.
- Administration reserves the right to regulate any particular use of computing resources.
- An administrator, faculty member, or staff member may request the denial, revocation, or suspension of specific user(s) account(s).
- Students may be issued electronic devices, such as Chromebooks, upon signing and returning a required parent and student agreement letter. Students are required to adhere to all policies set forth in the agreement notice and the Internet Acceptable Use Policy.

### **Appropriate Digital Citizenship**

- Use of profanity, vulgarities or other inappropriate language is prohibited.
- Users should not reveal their or anyone else's personal information including, but not limited to, home address, phone number, credit card number, Social Security number, or student identification number.
- The network should not be used in a way that would disrupt the use of the network by others.
- Illegal activities are strictly forbidden.
- Students should not use personal or school-issued devices or accounts in a way that would threaten, harass, abuse, intimidate, or embarrass others.
- The use of websites or other types of electronic communication to circulate gossip and rumors about staff or students is prohibited.
- The use of cameras, camera phones, or other camera devices to take or exchange threatening or potentially embarrassing photographs of staff or students is prohibited.

### **Security**

- Security problems should be reported to the system administrator immediately.
- Account passwords should be kept confidential.
- Users should use the network via the account assigned to them.
- Users must not interfere with or disrupt network users, services, traffic, or equipment. Disruptions include, but are not limited to, distribution of unsolicited advertising, downloading and/or streaming music or videos that slow the network,

propagation of computer viruses, and using a network to make unauthorized entry to any other machine accessible via a network.

- Attempts to log on as another user or log-in to any accounts belonging to another user will result in cancellation of privileges.
- Any user identified as a security risk or having a history of problems with other computer systems may be denied access.

### **Vandalism/Harassment**

- Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet or other networks. This includes, but is not limited to, creating and/or uploading computer viruses.
- Vandalism also includes the attempt to harm or destroy computer hardware and unauthorized installation of software.
- Students should carefully handle all technology equipment, including, but not limited to, iPads, Chromebooks, desktop computers, and all specialty equipment in labs or other specialized areas. For example, Chromebooks should be handled with two hands, should not be picked up by the screen, keys should remain intact, and all items should be removed from the Chromebook before the screen is closed.
- Users should report damages to the technology department in their schools and not attempt to make the repairs themselves. Applicable fees may be assessed for damages.
- Vandalism and/or harassment will result in the cancellation or revocation of the offender's privileges and disciplinary action will result.

### **Google Workspace for Education, Email, and Other Electronic Communication**

- Google Workspace for Education accounts are provided for all employees and students in grades K-12. Google Workspace for Education accounts include Gmail, Google Drive, Google Docs, Google Slides, Google Sheets, Google Classroom, etc. as a part of the tcjackets or bhknights domain.
- Google for Education accounts are provided for professional and academic purposes. These accounts should not be used for personal gain, personal business activities, or to solicit for non-school system business. Broadcasting of unsolicited messages is prohibited.
- All users, including students, should not use school-issued email accounts to sign up for personal accounts on websites, including, but not limited to, social media and gaming websites.
- All school-related business should be sent via the email account provided by Thomas County Schools. Personal email accounts should not be used for school-related business.
- All electronic communication created, sent, or received via the Thomas County Schools email system is property of Thomas County Schools. Employees and students shall not have any expectation of privacy regarding this information. The Board reserves the right, as deemed necessary, to access, read, review, monitor, and copy all messages and files on its computer system without notice. Thomas County Schools reserves the right to disclose text, video, audio, or image files to law enforcement agencies without the employee or student's consent.
- Student related messages should be guarded and protected in compliance with FERPA in order to protect the privacy of students. Employees must abide by copyright laws, ethics rules, and applicable state and federal laws.
- Email messages should only contain professional and appropriate language. Employees and students shall not send abusive, harassing, intimidating, threatening, discriminatory, or otherwise offensive messages.

- Thomas County Schools has a SPAM filter in place to prevent inappropriate email messages, viruses, malware, etc. However, this does not guarantee that this type of email message will not make it through and those who make use of electronic communication will occasionally receive messages that are found offensive or annoying. When this happens, the employee should delete the messages. The Thomas County School System is not responsible for the items employees or students may view via links to other web pages if the employee chooses to open and read these messages.
- Student Google email and Drive accounts are monitored for inappropriate usage through Gaggles.net. Browsing is filtered through onsite firewalls and GoGuardian. Inappropriate use of Google accounts is reported to school and system administrators and handled as a disciplinary violation.
- The use of school-issued Google accounts on personal/home devices will install extensions and/or apps for monitoring purposes for that account. School-issued student accounts are monitored on home and personal devices when students are logged in.
- Students should log out of school-issued Google accounts when not in use.

### **Electronic or Mobile Devices**

- Students in all schools have access to either iPads, Chromebooks, or desktop computers. However, the use of personal mobile devices may be necessary in some situations.
- The use of mobile devices by students will only be allowed in specific areas or classes per the direction of school staff.
- Devices are to be used only for school-related or school-approved activities.
- Teachers and staff reserve the right to check devices for inappropriate use or inappropriate material.
- The Thomas County School System is not responsible for lost or damaged devices.
- Cell phones and all device cameras are to be turned off and not used during any testing or examination period. During the testing session cell phones/camera phones are to be stored in a case, book bag, knapsack, or purse, and may not be placed on the table, desktop, or individual's lap. Staff members have the right to confiscate devices during testing.
- Students should not use their own data connection in order to access the Internet during the school day. Students shall access the Internet via the Thomas County Schools' wireless network only while on school grounds in order to insure their Internet connection is filtered through Thomas County Schools' filtering system as required by the Children's Internet Protection Act. Teachers and staff reserve the right to check an electronic or mobile device for proper connection. Students who do not follow this guideline may potentially lose the right to use their own electronic or mobile device while at school.
- Students may only access the Internet during class sessions for instructor authorized, class-related purposes, unless otherwise authorized by the school administration. It should be noted that the school controls the Internet connectivity in classrooms and may elect to "turn-off" the wireless network during class time or restrict student passwords for wireless connections.
- Electronic or mobile devices should not be used to video or take pictures of disruptive behavior such as fights or other class/school disruptions. The sharing or posting of such videos or pictures or any other inappropriate videos or pictures is prohibited and may result in disciplinary action. This activity is a violation of privacy under FERPA and, depending upon the severity, may be reported to law enforcement.

- Students who use their own personal devices to access their Google Workspace for Education accounts should realize that Google email and Drive account activity is monitored through Gaggle.net. Web browsing is filtered by an onsite firewall while on campus. Inappropriate usage or violations of the Internet Acceptable Use Policy are still applicable.

### **Penalties**

- Any user violating these provisions, applicable state and federal laws or posted classroom and district rules is subject to the loss of network privileges and other system disciplinary options, including criminal prosecution.
- School and system administrators will make the final determination as to what constitutes unacceptable use and their decision is final.

### **Disclaimers**

**The Thomas County School System makes no warranties of any kind, whether expressed or implied, for the service it is providing. The Thomas County School System will not be responsible for any damages a user may suffer, including loss of data, non-deliveries, mis-deliveries, or service interruptions caused by negligence or errors or omissions. The use of any information obtained via the Internet is at the user's own risk. The system will not be responsible for the accuracy or quality of information obtained through the Internet connection.**
