A Guide To Industry Certification, Credentials Licensure & Verified Credits

This booklet is designed to help guide you in the selection of Career and Technical Education courses that will allow your child to earn the Career and Technical Education Seal for their diploma, and/or a State Board of Education approved Industry Certification, and/or a professional license from the Commonwealth of Virginia.

For a complete list of CTE approved course sequences, please refer to the Henry County High School Program of Studies, or see your guidance counselor. Listed in this booklet are only those CTE courses that lead to an industry certification, credential or licensure.

The Commonwealth of Virginia has provided funding for reimbursement of the school division for students who take an industry certification exam, licensure exam, or National Competency Testing Institute (NOCTI) Test approved by the Virginia Department of Education.

<i>National Career Readiness Certificate</i>	<i>13</i>

The Henry County School Board does not unlawfully discriminate on the basis of age, sex, race, color, religion, disability, or national origin in its employment practices or educational programs and activities.

The Director of Special Education is designated as coordinator for non-discrimination for access to and with implementation of programs under Section 504 and the Americans Disabilities Act. The Human Resources Administrator is designated as coordinator for non-discrimination regarding personnel matters under section 504 and the American with Disabilities Act. Specific complaints of alleged discrimination under Title VI of the Civil Rights Acts should be referred to Mr. Matthew Woods, Director of Student Services.

Criteria for Earning *Student-Selected Verified Credit*

Student-selected verified credit will be awarded for credential examinations that meet all of the following criteria:

1. Industry certification or licensure examinations that are approved to satisfy the requirements for the Board of Education's Career and Technical Education Seal and/or the Board of Education's Seal of Advanced Mathematics and Technology will satisfy requirements for student-selected verified credits.
2. ***Teacher Certification Requirements:*** For students eligible to receive student-selected verified credits, their teacher must be certified by the issuing organization relative to the industry certification or licensure. In the case of a CTE program area where there are potentially multiple certifications, the teacher must be certified in at least one industry certification that is related to the course and/or course sequence. ***Exception:*** No teacher certification requirement exists for the award of verified credits to students passing a selected NOCTI assessment or an examination in the Pre-Professional Certification program from the American Association of Family and Consumer Sciences (AAFCS) related to their CTE program.
3. A standard credit may not be verified more than once.

One student-selected verified credit will be awarded for passing each certification or licensure examination or occupational competency assessment that meets all of the above criteria if the student earns only one standard unit of credit in the career and technical education concentration or specialization.

Two student-selected verified credits will be awarded for passing each certification or licensure examination or occupational competency assessment that satisfies all of the above criteria if the student:

1. Meets the CTE concentration or specialization course requirements for program completion, ***and***
2. Earns at least two standard units of credit in the CTE concentration or specialization.

Earning the *Career and Technical Education Seal*

To earn a Career and Technical Education Seal, a student must:

1. fulfill the requirements for either a standard or advanced diploma, **and**
 2. complete a prescribed sequence of courses in a CTE concentration or specialization, **and**
 3. maintain a ***B*** or better average in CTE courses, **or**
 4. pass an exam that confers certification from a recognized industry, trade, or professional association, **or**
 5. acquire a professional license in a career and technical field.
-

Earning the *Board of Education's Advanced Mathematics & Technology Seal*

The Board of Education's Advanced Mathematics & Technology Seal is awarded to students who:

1. earn either a Standard or Advanced Studies Diploma **and** satisfy all of the mathematics requirements for the Advanced Studies Diploma (four units of credit including: Algebra II; two verified units of credit) with a ***B*** average or better; **and either**
2. pass an examination in a career and technical education field that confers certification from a recognized industry, or trade or professional association, **or**
3. acquire a professional license in career and technical education field from the Commonwealth of Virginia, **or**
4. pass an examination approved by the board that confers college-level credit in a technology or computer science are
