Garfield School District Re-2 Food Service Fund September 30, 2015 Quarterly Reporting

**PURPOSE:** This fund accounts for financial transactions related to the District's food service program. The District's food service program serves meals at all ten schools.

**REVENUES:** Revenue for the Food Service Fund is received through the following:

Student and Adult Meal Sales

Federal reimbursement for low income students

A la carte sales

Federal donated commodity program

State grants

Catering for internal entities

Meal prices for 2015-2016 are the same as the 2014-15 school year:

Elementary students	\$ 2.75
Middle school students	\$ 3.00
High school students	\$ 3.00
Adult	\$ 3.75
Breakfast	\$ 2.00

**EXPENDITURES:** Expenditures for this fund include costs associated with running the food service program.

#### SIGNIFICANT TRENDS & UNDERLYING ASSUMPTIONS:

For 2014-15, Colorado Department of Education mandated a change in the nature of the Food Service Fund from a Proprietary Fund to a Special Revenue Fund. This accounting shift causes the accounting method to shift from accrual basis to modified accrual basis of accounting. Therefore, inventory, fixed assets, and depreciation are no longer recorded in the Food Service Fund.

**GENERAL FUND TRANSFER:** There is no General Fund Transfer budgeted for 2014-15 or 2015-16. The general fund transfer used to be necessary due to the mill levy override increases for Coal Ridge High School and recurring staff raises from 2006. However, the Food Service Fund Balance can absorb the deficit for a few years. This approach will save the general fund \$191,668 for 2015-16. Eventually, as the Food Service Fund Balance is reduced, meal prices will need to be increased, or a fund transfer will need to be budgeted. As of 6/30/2015, the assigned portion of the fund balance totals \$606,437, and we are expecting to reduce that to \$300,000 instead of change lunch prices. The current 3-year projection shows that we will need to increase lunch prices or include a general fund transfer for 2016-2017.

## Garfield School District Re-2 Designated Purpose Grants Fund September 30, 2015 Quarterly Reporting

**PURPOSE:** A separate accounting is maintained for each federal, state, and local grant included in this fund. Each grant is restricted for a specified purpose by the grantor. The grantors require a detailed financial reporting for these grants.

**REVENUES:** The District receives grants from federal, state, and local sources to provide supplemental funding for District programs. Each grant is approved by the Board of Education. The budgeted grants included in the Grant Fund are listed below.

Grant Name	Grant Description
Title I A	Supplements instruction at elementary schools,
	including Highland, Wamsley, Elk Creek, and Graham
	Mesa, the highest poverty schools.
Title II (Teacher Quality)	Supports academic coaches and teacher training
Title III (ELL)	English language learners supplementary funds
Carl Perkins	Supports vocational programs at the High Schools
21st Century	Supplemental kindergarten and tutoring at Wamsley
Garfield County	Kathryn Senor Roof and Boiler projects
Aspen Foundation	English language learners and preschool grants
Investing in Innovation, SFA	Supports a district-wide reading coach
Verizon Innovative Learning	Integration of Technology pilot school - Riverside
Other	Other potential grants sought by the District

**EXPENDITURES:** All grant expenditures must be used in accordance with the conditions and requirements of each grant. The Colorado Department of Education has indicated there is a potential for reduction of Title grant funding from the initial allocation, due to potential federal budget cuts that is unknown at this time.

Garfield School District Re-2 Student Activity Fund September 30, 2015 Quarterly Reporting

**PURPOSE:** This fund is used to account for self-supporting student activities, and is not required by Colorado Revised Statutes.

**REVENUES:** The activities accounted for in this fund are supported by revenues from students, student participation fees, and other fundraising activities.

**EXPENDITURES:** Expenditures for this fund may include, but are not limited to, the following:

Athletic officials & equipment
Summer camps
Student council
Class activities and supplies
Yearbook
Field Trips and enrichment activities
Extracurricular clubs
Special Events

at each location based upon known fundraisers and past history, and is reviewed by the Finance Department. All fundraisers are approved by the Board individually. Principals submit all known fundraisers prior to the start of the school year, then can submit additional fundraisers in September. This process enables the Principal to prioritize fundraisers and evaluate the impact on businesses and the Community. Fundraisers can be submitted during the year if necessary. This fund has seen an increase in support from the local community since 2013-14, which is attributable to a slight improvement in the economy and strong community support for schools.

2015 - 16 budgeted revenues & expenditures are broken out by location as follows:

#### Garfield School District Re-2 Bond Redemption Fund September 30, 2015 Quarterly Reporting

**PURPOSE:** This fund is used to account for transactions related to Re-2's general obligation bonds and interest.

**REVENUES:** All revenue for this fund comes from property taxes. The projected assessed valuation for 2015-16 is the same as for 2014-15, at \$1,200,881,980. The actual assessed valuation totaled \$1,229,154,740, which required a mill of 7.318 mills for 2015-16. The actual 2015-16 represent a reduction in the bond redemption mill levy rate of .234 mills. The property tax collection rate is anticipated to be close to 100%.

**EXPENDITURES:** Expenditures for this fund include principal and interest payments for general obligation bonds due each fiscal year. Other expenditures include paying agent fees and arbitrage compliance fees. The general obligation bonds include the \$7,115,000 in general obligation refunding bonds dated November 22, 2005, the \$16,745,000 in general obligation bonds dated December 14, 2006, the \$9,505,000 in general obligation bonds dated January 30, 2007, the \$9,700,000 in general obligation bonds dated January 20, 2009, the \$16,065,000 in general obligation refunding bonds dated December 18, 2009, the \$13,865,000 in general obligation refunding bonds dated July 29, 2010, the \$17,195,000 in general obligation refunding bonds dated March 1, 2012, the \$20,805,000 in taxable and tax exempt general obligation refunding bonds dated January 15, 2013, the \$8,925,000 in general obligation refunding bonds dated March 6, 2014, and the \$8,820,000 in gneral obligation refunding bonds dated February 25, 2015. Outstanding debt as of June 30, 2015 is \$98,220,851.

Final maturity on outstanding debt is December 1, 2028. Garfield Re-2's annual debt service is as follows:

Fiscal			
Year			
Ending	Principal	Interest	Total
2016	5,575,851	3,302,605	8,878,456
2017	5,705,000	3,091,696	8,796,696
2018	5,915,000	2,902,459	8,817,459
2019	6,115,000	2,746,495	8,861,495
2020	6,265,000	2,595,881	8,860,881
2021-2025	34,920,000	9,251,806	44,171,806
2026-2029	33,725,000	2,413,936	36,138,936
TOTAL	\$ 98,220,851	\$ 26,304,878	\$ 124,525,729

The District's legal debt ceiling is calculated as 20 percent of assessed valuation. Legal debt margin subtracts outstanding debt from the legal debt ceiling. The legal debt margin is estimated as follows for the upcoming budget year:

Actual assessed valuation	\$ 1,229,154,740
Multiplied by limitation percentage	20%
Legal debt ceiling	\$ 245,830,948
Less: outstanding bonded debt	\$ (98,220,851)
Legal debt margin	\$ 147,610,097

**SIGNIFICANT TRENDS & UNDERLYING ASSUMPTIONS:** The District has completed seven bond refundings since 2009. The reason for the bond refundings is to reduce the cost to taxpayers through lowering the interest rate on the bonds. From these refundings, the district will save about \$500,000 per year in bond repayment costs. Existing debt levels will cost taxpayers between \$8.9 million and \$9.3 million per year until fiscal year 2029. The effect of the existing debt level on future construction and bond elections depends on the assessed valuation fluctuation each year. At the budgeted assessed valuation, there is enough budgeted assessed valuation to allow the District to request a bond election from voters should the need arise.

#### Garfield School District Re-2 Capital Projects Fund September 30, 2015 Quarterly Reporting

**PURPOSE:** This fund is used to account for acquisitions of capital items, including buses, construction of new facilities, renovations or improvements to existing facilities, large furniture orders, and other equipment. The Board approves an allocation to the Capital Projects Fund annually.

To determine the Capital Projects Fund budget each year, the Director of Maintenance works with the administration for each department to outline anticipated future capital needs.

The capital needs are prioritized based upon when the capital need is required, and the impact to safety, etc. The Superintendent and Director of Finance recommend the amount of funding available for Capital Projects Fund, and a recommended budget is given to the Board of Education, who modifies which capital projects are approved for the ensuing fiscal year. The Capital Projects list recommended by administration for 2015-16 totals \$8,911,599, with only \$1,112,293 approved.

**REVENUES:** All revenue for this fund comes from a general fund transfer that is restricted for capital purchases by the Board of Education. The budgeted amount of projects for 2015-16 will not sustain the District's buildings or equipment at their current level. The District is currently utilizing software to assist in capturing "deferred maintenance costs", which are costs we should be paying for building repair that we cannot afford. The District has included an additional analysis, showing estimated upkeep and equipment replacement costs, for the next 15 years, which is included on the next page of this report. This analysis shows that an increase in Capital Projects Fund allocation will be required over time to maintain the current buildings and equipment. Five years ago, the State of Colorado reviewed the structural integrity of schools state-wide and the State determined that Re-2's buildings did not have major problems at that time.

**EXPENDITURES:** Expenditures for this fund include acquisition of capital items, including buses, maintenance vehicles, construction of new facilities, renovations or improvements to existing facilities, large furniture orders, and technology equipment. Expenditures also include lease purchase payments on the following leases for the following amounts:

	FY 2015-16	
	Total Lease	Total Duration
Description of Lease & Start Date	Payment	of Lease
Three Modulars - FY 2014-15 (RMS)	41,203	3 years
One Modular - FY 2014-15 (RIV)	10,740	3 years

The capital improvements outlined for the 2015-16 Capital Projects budget will not affect the District's current or future operating budgets beyond the initial costs of the capital items. The recurring expenditures included in the Capital Projects budget include technology & computer replacement cycles totaling \$368,850, and food service replacements totaling \$12,000. We currently own about 40 buses district-wide, so the replacement cycle should also include 2 - 3 buses budgeted annually. Smaller vehicle and maintenance vehicle fleets have 38 vehicles currently that have not been on a replacement cycle due to budget cuts. In the future, we will need to add these vehicles to our replacement cycle at the rate of at least 2 vehicles per year.

**SIGNIFICANT TRENDS & UNDERLYING ASSUMPTIONS:** Since 2010, which marked the completion of the 2006 Bond construction, Garfield Re-2 has been reasonably up-to-date on capital needs for the District. However, in 2012-13, the Capital Projects budget was reduced by about \$500,000 compared to what is needed to maintain the buildings and our normal replacement cycles for equipment, buses, and technology. This reduction was due to budget cuts that year. Starting in 2013-14, the Director of Maintenance and Director of Finance developed a way to track deferred maintenance, which is a measurement to show how well our buildings are being maintained. The purpose is to assure that our capital needs can be weighed against

other budgetary requirements in the District, to give the Board and Administration an understanding of the potential cost of capital projects in the future for planning and prioritizing budget needs effectively.

Below is a summary of the estimated capital needs based upon normal replacement cycles for each category. Note that based upon needs estimated over the next fifteen years, our Capital Projects requirements will increase as our buildings age. The current estimated replacement cost for all buildings and equipment totals over \$200 million. At that amount, the District would need to spend \$5 million per year to keep up with depreciation on the buildings and equipment.

NOTE A: Deferred Capital Projects is an estimate of the cost of the items that we should have replaced or maintained but have not due to financial constraints. Deferred projects is calculated as known deferred items plus a software generated estimate of the cost to maintain buildings and systems based upon average useful life. Deferred projects do not apply to technology.

NOTE B: Assumes \$150,000 per year for years 2 - 15 in additional building requests, based upon past history. The Deferred column includes all current requests.

NOTE C: Infrastructure includes all capital needs outside of buildings, such as parking lots.

NOTE D: Modernizations include requested items that are a necessity for the school.

Garfield School District Re-2
Pupil Activity Agency Fund
September 30, 2015 Quarterly Reporting

**PURPOSE:** This fund is used to account for transactions and assets held by the District acting as an agent for school-sponsored student organizations and activities. These clubs and organizations exist with the explicit approval of, and are subject to revocation by, the District's Board of Education. This fund is self-supporting, and does not receive any direct or indirect District support. This fund is required because we hold funds in trust for parent organizations approved by the Board.

**REVENUES:** The activities accounted for in this fund are supported by revenues raised by parent organizations that have been approved as internal organizations that we keep the records for, regional extracurricular meets, fundraising activities, and donations.

2015-16 budgeted revenues are broken out by location as follows:

•	
Highland Elementary	15,500
Graham Mesa Elementary	350
Wamsley Elementary	7,200
Cactus Valley Elementary	500
Kathryn Senor Elementary	32,100
Elk Creek Elementary	25,675
Riverside	28,000
Rifle Middle School	3,000
Rifle High School	830
Coal Ridge High School	600
Transportation/Maint.	800
TOTAL REVENUES	114,555

**EXPENDITURES:** Expenditures for this fund include extracurricular student activities, instructional supplementation, and faculty fund expenditures.

by each location based upon known fundraisers and past history, and is reviewed by the Finance Department. All fundraisers are approved by the Board individually. Principals submit all known fundraisers prior to the start of the school year, then can submit additional fundraisers in September. This process enables the Principal to prioritize fundraisers and evaluate the impact on businesses and the community. Fundraisers can be submitted during the year if necessary.

**NOTE:** The schools that have a parent organization in district include Wamsley, Highland, Kathryn Senor, Elk Creek Elementary, and Riverside Middle School. All other schools have parent organizations that operate independently of Garfield Re-2. Most of the schools also have a faculty courtesy account that is included in this fund.
