South Washington County Schools District 833 Title I Programming 2023-2024

Title I, Part A of the Elementary and Secondary Act (ESEA), provides financial assistance to local education agencies (LEAs) and schools, with high numbers or percentages of children from low-income families, in order to assist schools in ensuring that all children meet challenging academic standards.

Districts or schools accepting Title I funds are required to provide all children with fair, equitable and significant educational opportunities in order to obtain a high-quality education and to reach--at a minimum--proficiency on challenging state academic standards and assessments. Title I programs utilize highly qualified staff who implement instructional strategies based on scientifically based research and which are supported by organized and effective parental involvement.

The South Washington County Schools focus Title I programming to the three highest poverty schools in District 833. Funds are used to target students who are academically at-risk in grades kindergarten through 2nd grade in the areas of reading and math. District 833 Title I funds also support programming and assistance to students experiencing homelessness and or foster care. Contact District 833 Title I Coordinator Rich Romano at 651-425-4303 for more information.
