August 2, 2023

Dear Mount Olive Families,

Your child recently participated in the LinkIt! ***New Jersey Student Learning Standards Benchmarking Assessment*** for ELA and Math. Unlike traditional tests that measure mastery of concepts and skills after students have received instruction, the **LinkIt! Benchmarks** provide immediate feedback and serve as an assessment **FOR** learning, not **OF** learning. The assessment is given in three rounds in fall, winter, and spring (Forms A, B, and C). Your child most recently participated in Form C in June.

The LinkIt! benchmark results and other assessment data about your child's academic performance inform individual student goals and help teachers strategically differentiate instruction. These assessments measure your child's growth on specific grade-level standards throughout the year. We encourage you to discuss the report with your child, highlighting areas of strength and identifying areas of potential growth.

In order to access your child's Form C LinkIt! results, please log into <https://mtoliveboe.linkit.com/parent>. The user name is your email, and the password is the same that you used to access the results in the fall. [Please click on this link to assist you in viewing your child's results in the portal.](#) If you do not recall your password [click on this link](#) for directions.

All new families this year in Mount Olive were registered in the LinkIt! Parent Portal and were sent an email. If you haven't yet registered, you will need to visit <https://mtoliveboe.linkit.com/Parent> to complete the signup process.

Should you have any questions about the report generated in the Parent Portal or how the information is used, please contact me directly for assistance.

If you need technical support, please email Carissa Caliguirri at linkit@motsd.org.

Sincerely,

Matt Robinson
Acting Assistant Superintendent
